He explained that Ms. Thomas offered to fill the open position on the Subcommittee that was created when Michael Lewis’ Board term expired. The Chair stated that he appointed Ms. Thomas to the Subcommittee.

The Chair reminded members that, since this meeting is being held in a hybrid format, members must announce their names when they arrive, when they depart, and when speaking. In addition, he explained that making a motion will be assumed to be a vote for the proposal and that all votes will be taken by roll call. He stated that today’s meeting is
being recorded as part of the Department of State Treasurer’s initiative to increase government transparency.

**Ethics Awareness and Identification of Conflicts or Potential Conflicts of Interest**
The Chair asked, pursuant to the ethics rules, about subcommittee member conflicts of interest. No conflicts of interest were identified by the subcommittee members.

**2022 Audit Entrance Presentation for the NC 401(k) and NC 457 Plans**
The Chair recognized Mr. Thomas Rey, Jr., Partner, UHY, to present the audit plan for the NC 401(k) and NC 457 Plans (the Plans) (included in the Board’s materials). Mr. Rey introduced himself to the Subcommittee. He reviewed UHY’s background and industry experience, noting that the Governmental Retirement Plan Team is a specialized group, with over 20 years of experience providing audit and consulting services to governmental defined benefit and defined contribution retirement plans. The proposed UHY audit team for this engagement has worked on audits for over 30 state and local government retirement plans.

Mr. Rey reviewed the overall scope and methodology of UHY’s engagement with the North Carolina Supplemental Retirement Plans, which will include an opinion on the fair presentation of the financial statements and reasonable assurance as to whether the financial statements are free of material misstatements. He noted that UHY will validate the financial statements prepared by the staff of the Department of State Treasurer.

Mr. Rey explained the audit includes employer testing, which covers reviewing employer remittance of payroll, timeliness of remittances, and accuracy. Employer testing each year includes the 10 largest employers in the state, plus another 15 employers chosen at random on a rotating basis. He reviewed the four phases of the audit, which encompass planning and strategy, systems evaluation, testing and analysis, and reporting and follow-up. He commented that UHY will review key risk areas for defined contribution plans, including investments, contributions, distributions, and administrative expenses.

He also discussed fiduciary duties and responsibilities for trustees of defined contribution plans and confirmed that employer testing is on a rotating basis. UHY will ensure that employers chosen during approximately the last five years will not be chosen in this year’s audit.

In response to a question, Mr. Rey commented that he had worked for the Plans’ previous auditing firm and the methodology would be very similar, though they are always looking to improve and refine the processes.

He said that many large plans in the US do not have a finance staff and the financial statement preparation falls on the recordkeeper with assistance from the auditor.
