PREAMBLE

We, the people of the State of North Carolina, grateful to Almighty God, the Sovereign Ruler of Nations, for the preservation of the American Union and the existence of our civil, political and religious liberties, and acknowledging our dependence upon Him for the continuance of those blessings to us and our posterity, do, for the more certain security thereof and for the better government of this State, ordain and establish this Constitution.

ARTICLE I

DECLARATION OF RIGHTS

That the great, general, and essential principles of liberty and free government may be recognized and established, and that the relations of this State to the Union and government of the United States and those of the people of this State to the rest of the American people may be defined and affirmed, we do declare that:

§ 1. The equality and rights of persons.

We hold it to be self-evident that all persons are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, the enjoyment of the fruits of their own labor, and the pursuit of happiness.

History.

1969, c. 1258, s. 1.

§ 2. Sovereignty of the people.

All political power is vested in and derived from the people; all government of right originates from the people, is founded upon their will only, and is instituted solely for the good of the whole.

History.

1969, c. 1258, s. 1.

§ 3. Internal government of the State.

The people of this State have the inherent, sole, and exclusive right of regulating the internal government and police thereof, and of altering or abolishing their Constitution and form of government whenever it may be necessary to their safety and happiness; but every such right shall be exercised in pursuance of law and consistently with the Constitution of the United States.

History.

1969, c. 1258, s. 1.

§ 4. Secession prohibited.

This State shall ever remain a member of the American Union; the people thereof are part of the American Nation; there is no right on the part of this State to secede; and all attempts, from whatever source or upon whatever pretext, to dissolve this Union or to sever this Nation, shall be resisted with the whole power of the State.

History.

1969, c. 1258, s. 1.

§ 5. Allegiance to the United States.

Every citizen of this State owes paramount allegiance to the Constitution and government of the United States, and no law or ordinance of the State in contravention or subversion thereof can have any binding force.

History.

1969, c. 1258, s. 1.

§ 6. Separation of powers.

The legislative, executive, and supreme judicial powers of the State government shall be forever separate and distinct from each other.

History.

1969, c. 1258, s. 1.

§ 7. Suspending laws.

All power of suspending laws or the execution of laws by any authority, without the consent of the representatives of the people, is injurious to their rights and shall not be exercised.

History.

1969, c. 1258, s. 1.

§ 8. Representation and taxation.

The people of this State shall not be taxed or made subject to the payment of any impost or duty without the consent of themselves or their representatives in the General Assembly, freely given.

History.

1969, c. 1258, s. 1.

§ 9. Frequent elections.

For redress of grievances and for amending and strengthening the laws, elections shall be often held.

History.

§ 10. Free elections.

All elections shall be free.

History.

1969, c. 1258, s. 1.

History.

1969, c. 1258, s. 1.

§ 12. Right of assembly and petition.

The people have a right to assemble together to consult for their common good, to instruct their representatives, and to apply to the General Assembly for redress of grievances; but secret political societies are dangerous to the liberties of a free people and shall not be tolerated.

History.

1969, c. 1258, s. 1.

§ 13. Religious liberty.

All persons have a natural and inalienable right to worship Almighty God according to the dictates of their own consciences, and no human authority shall, in any case whatever, control or interfere with the rights of conscience.

History.

1969, c. 1258, s. 1.

§ 14. Freedom of speech and press.

Freedom of speech and of the press are two of the great bulwarks of liberty and therefore shall never be restrained, but every person shall be held responsible for their abuse.

History.

1969, c. 1258, s. 1.

§ 15. Education.

The people have a right to the privilege of education, and it is the duty of the State to guard and maintain that right.

History.

1969, c. 1258, s. 1.

§ 16. Ex post facto laws.

Retrospective laws, punishing acts committed before the existence of such laws and by them only declared criminal, are oppressive, unjust, and incompatible with liberty, and therefore no ex post facto law shall be enacted. No law taxing retrospectively sales, purchases, or other acts previously done shall be enacted.

History.

1969, c. 1258, s. 1.

§ 17. Slavery and involuntary servitude.

History.

1969, c. 1258, s. 1.

§ 18. Courts shall be open.

All courts shall be open; every person for an injury done him in his lands, goods, person, or reputation shall have remedy by due course of law; and right and justice shall be administered without favor, denial, or delay.

History.

1969, c. 1258, s. 1.

§ 19. Law of the land; equal protection of the laws.

No person shall be taken, imprisoned, or dispossessed of his freehold, liberties, or privileges, or outlawed, or exiled, or in any manner deprived of his life, liberty, or property, but by the law of the land. No person shall be denied the equal protection of the laws; nor shall any

person be subjected to discrimination by the State because of race, color, religion, or national origin.

History.

1969, c. 1258, s. 1.

§ 20. General warrants.

General warrants, whereby any officer or other person may be commanded to search suspected places without evidence of the act committed, or to seize any person or persons not named, whose offense is not particularly described and supported by evidence, are dangerous to liberty and shall not be granted.

History.

1969, c. 1258, s. 1.

§ 21. Inquiry into restraints on liberty.

Every person restrained of his liberty is entitled to a remedy to inquire into the lawfulness thereof, and to remove the restraint if unlawful, and that remedy shall not be denied or delayed. The privilege of the writ of habeas corpus shall not be suspended.

History.

1969, c. 1258, s. 1.

§ 22. Modes of prosecution.

Except in misdemeanor cases initiated in the District Court Division, no person shall be put to answer any criminal charge but by indictment, presentment, or impeachment. But any person, when represented by counsel, may, under such regulations as the General Assembly shall prescribe, waive indictment in noncapital cases.

History.

1969, c. 1258, s. 1.

§ 23. Rights of accused.

In all criminal prosecutions, every person charged with crime has the right to be informed of the accusation and to confront the accusers and witnesses with other testimony, and to have counsel for defense, and not be compelled to give self-incriminating evidence, or to pay costs, jail fees, or necessary witness fees of the defense, unless found guilty.

History.

1969, c. 1258, s. 1.

§ 24. Right of jury trial in criminal cases.

No person shall be convicted of any crime but by the unanimous

verdict of a jury in open court, except that a person accused of any criminal offense for which the State is not seeking a sentence of death in superior court may, in writing or on the record in the court and with the consent of the trial judge, waive jury trial, subject to procedures prescribed by the General Assembly. The General Assembly may, however, provide for other means of trial for misdemeanors, with the right of appeal for trial de novo.

No conviction of treason or attainder shall work corruption of blood or forfeiture.

History.

1969, c. 1258, s. 1.

§ 30. Militia and the right to bear arms.

A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed; and, as standing armies in time of peace are dangerous to liberty, they shall not be maintained, and the military shall be kept under strict subordination to, and governed by, the civil power. Nothing herein shall justify the practice of carrying concealed weapons, or prevent the General Assembly from enacting penal statutes against that practice.

History.

1969, c. 1258, s. 1.

§ 37. Rights of victims of crime.

(1) **Basic rights.**— Victims of crime or acts of delinquency shall be treated with dignity and respect by the criminal justice system.

(1a) **Enumerated rights.**— When the crime or act of delinquency is one against or involving the person of the victim or is equivalent to a felony property crime, the victim is entitled to the following rights:

- (a) The right upon request to reasonable, accurate, and timely notice of court proceedings of the accused.
- (a1) The right upon request to be present at court proceedings of the accused.
- (b) The right to be reasonably heard at any court proceeding involving the plea, conviction, adjudication, sentencing, or release of the accused.
- (c) The right to receive restitution in a reasonably timely manner, when ordered by the court.
- (d) The right to be given information about the crime or act of delinquency, how the criminal justice system works, the rights of victims, and the availability of services for victims.
- (e) The right upon request to receive information about the conviction, adjudication, or final disposition and sentence of the accused.
- (f) The right upon request to receive notification of escape, release, proposed parole or pardon of the accused, or notice of a reprieve or commutation of the accused's sentence.
- (g) The right to present the victim's views and concerns to the Governor or agency considering any action that could result in the release of the accused, prior to such action becoming effective.
- (h) The right to reasonably confer with the prosecution.

(1b) **Enforcement of rights.**— Except as otherwise provided herein, the General Assembly shall further provide, by general law, the procedure whereby a victim may assert the rights provided in

this section. The victim or, if the victim is a minor, is legally incapacitated, or deceased, a family member, guardian, or legal custodian may assert the rights provided in this section. The procedure shall be by motion to the court of jurisdiction within the same criminal or juvenile proceeding giving rise to the rights. The victim, family member, guardian, or legal custodian have the right to counsel at this hearing but do not have the right to counsel provided by the State. If the matter involves an allegation that the district attorney failed to comply with the rights of a victim when obligated to so do by law, the victim must first afford the district attorney with jurisdiction over the criminal action an opportunity to resolve any issue in a timely manner.

(2) **No money damages; other claims.**— Nothing in this section shall be construed as creating a claim for money damages, or any cause of action, against the State, a county, a municipality, or any of the agencies, instrumentalities, or officers and employees thereof.

(3) **No ground for relief in criminal case.**— The failure or inability of any person to provide a right or service provided under this section may not be used by a defendant in a criminal case, an inmate, or any other accused as a ground for relief in any trial, appeal, postconviction litigation, habeas corpus, civil action, or any similar criminal or civil proceeding. Nothing in this section shall be construed to provide grounds for a victim (i) to appeal any decision made in a criminal or juvenile proceeding; (ii) to challenge any verdict, sentence, or adjudication; (iii) to participate as a party in any proceeding; or (iv) to obtain confidential juvenile records.

(4) **No restriction of authority.**— Nothing in this section shall be construed to restrict the power of the district attorney, or the inherent authority of the court.

(5) **Implementation.**— The General Assembly may prescribe general laws to further define and implement this section.

(1) *Bills subject to veto by Governor; override of veto.*— Except as provided by subsections (2) through (6) of this section, all bills shall be read three times in each house and shall be signed by the presiding officer of each house before being presented to the Governor. If the Governor approves, the Governor shall sign it and it shall become a law; but if not, the Governor shall return it with objections, together with a veto message stating the reasons for such

objections, to that house in which it shall have originated, which shall enter the objections and veto message at large on its journal, and proceed to reconsider it. If after such reconsideration three-fifths of the members of that house present and voting shall agree to pass the bill, it shall be sent, together with the objections and veto message, to the other house, by which it shall likewise be reconsidered; and if approved by three-fifths of the members of that house present and voting, it shall become a law notwithstanding the objections of the Governor. In all such cases the votes of both houses shall be determined by yeas and nays, and the names of the members voting shall be entered on the journal of each house respectively.

(2) *Amendments to Constitution of North Carolina.*— Every bill proposing a new or revised Constitution or an amendment or amendments to this Constitution or calling a convention of the people of this State, and containing no other matter, shall be submitted to the qualified voters of this State after it shall have been read three times in each house and signed by the presiding officers of both houses.

(3) *Amendments to Constitution of the United States.*— Every bill approving an amendment to the Constitution of the United States, or applying for a convention to propose amendments to the Constitution of the United States, and containing no other matter, shall be read three times in each house before it becomes law, and shall be signed by the presiding officers of both houses.

- (a) In which the General Assembly makes an appointment or appointments to public office and which contains no other matter;
- (b) Revising the senate districts and the apportionment of Senators among those districts and containing no other matter;
- (c) Revising the representative districts and the apportionment of Representatives among those districts and containing no other matter; or

shall be read three times in each house before it becomes law and shall be signed by the presiding officers of both houses.

(6) *Local bills.*— Every bill that applies in fewer than 15 counties shall be read three times in each house before it becomes law and

shall be signed by the presiding officers of both houses. The exemption from veto by the Governor provided in this subsection does not apply if the bill, at the time it is signed by the presiding officers:

- (a) Would extend the application of a law signed by the presiding officers during that two year term of the General Assembly so that the law would apply in more than half the counties in the State, or
- (b) Would enact a law identical in effect to another law or laws signed by the presiding officers during that two year term of the General Assembly that the result of those laws taken together would be a law applying in more than half the counties in the State.

Notwithstanding any other language in this subsection, the exemption from veto provided by this subsection does not apply to any bill to enact a general law classified by population or other criteria, or to any bill that contains an appropriation from the State treasury.

(7) *Time for action by Governor; reconvening of session.*— If any bill shall not be returned by the Governor within 10 days after it shall have been presented to him, the same shall be a law in like manner as if he had signed it, unless the General Assembly shall have adjourned:

- (a) For more than 30 days jointly as provided under Section 20 of Article II of this Constitution; or
- (b) Sine die

in which case it shall become a law unless, within 30 days after such adjournment, it is returned by the Governor with objections and veto message to that house in which it shall have originated. When the General Assembly has adjourned sine die or for more than 30 days jointly as provided under Section 20 of Article II of this Constitution, the Governor shall reconvene that session as provided by Section 5(11) of Article III of this Constitution for reconsideration of the bill, and if the Governor does not reconvene the session, the bill shall become law on the fortieth day after such adjournment. Notwithstanding the previous sentence, if the Governor prior to reconvening the session receives written requests dated no earlier than 30 days after such adjournment, signed by a majority of the members of each house that a reconvened session to reconsider vetoed legislation is unnecessary, the Governor shall not reconvene the session for that purpose and any legislation vetoed in accordance with this section after adjournment shall not become law.

(8) *Return of bills after adjournment.*— For purposes of return of bills not approved by the Governor, each house shall designate an officer to receive returned bills during its adjournment.

§ 14. Project development financing.

Notwithstanding Section 4 of this Article, the General Assembly may enact general laws authorizing any county, city, or town to define territorial areas in the county, city, or town and borrow money to be used to finance public improvements associated with private development projects within the territorial areas, as provided in this section. The General Assembly shall set forth by statute the method for determining the size of the territorial area and the issuing unit. This method is conclusive. When a territorial area is defined pursuant to this section, the county shall determine the current assessed value of taxable real and personal property in the territorial area. Thereafter, property in the territorial area continues to be subject to taxation to the same extent and in like manner as property not in the territorial area, but the net proceeds of taxes levied on the excess, if any, of the assessed value of taxable real and personal property in the territorial area at the time the taxes are levied over the assessed value of taxable real and personal property in the territorial area at the time the territorial area was defined may be set aside. The instruments of indebtedness authorized by this section shall be secured by these set-aside proceeds. The General Assembly may authorize a county, city, or town issuing these instruments of indebtedness to pledge, as additional security, revenues available to the issuing unit from sources other than the issuing unit's exercise of its taxing power. As long as no revenues are pledged other than the set-aside proceeds authorized by this section and the revenues authorized in the preceding sentence, these instruments of indebtedness may be issued without approval by referendum. The county, city, or town may not pledge as security for these instruments of indebtedness any property tax revenues other than the set-aside proceeds authorized in this section, or in any other manner pledge its full faith and credit as security for these instruments of indebtedness unless a vote of the people is held as required by and in compliance with the requirements of Section 4 of this Article.

Notwithstanding the provisions of Section 2 of this Article, the General Assembly may enact general laws authorizing a county, city, or town that has defined a territorial area pursuant to this section to assess property within the territorial area at a minimum value if agreed to by the owner of the property, which agreed minimum value shall be binding on the current owner and any future owners as long as the defined territorial area is in effect.

In *Obergefell v. Hodges*, 135 S. Ct. 2584, 192 L. Ed. 2d 609, 2015 U.S. LEXIS 4250 (2015), the United States Supreme Court held that the Due Process and Equal Protection Clauses of the Fourteenth Amendment require a state to license a marriage between two people of the same sex and to recognize a marriage between two people of the same sex

licensed and performed out-of-state. For prior Fourth Circuit case law on this issue, see *Bostic v. Schaefer*, 760 F.3d 352 (4th Cir. 2014), cert. denied, 2014 U.S. LEXIS 6405 (2014), invalidating the Commonwealth of Virginia’s ban on same-sex marriage on due process and equal protection grounds.

Accordingly, Article XIV, Section 6 was held unconstitutional, though it remains in the N.C. Constitution (1971).

(c) A member who is totally and permanently disabled while in the discharge of the member's official duties as a result of bodily injuries sustained or as a result of extreme exercise or extreme activity experienced in the course and scope of those official duties and who leaves the fire or rescue squad service because of this disability shall be entitled to be paid from the fund a monthly benefit in an amount of one hundred seventy dollars (\$170.00) per month beginning the first month after the member's fifty-fifth birthday. All applications for disability are subject to the approval of the board who may appoint physicians to examine and evaluate the disabled member prior to approval of the application, and annually

The member shall upon attaining the age of 55 years be entitled to receive a pension as provided by this section. All applications for disability are subject to the approval of the board who may appoint physicians to examine and evaluate the disabled member prior to approval of the application and annually thereafter.

(d1) Benefits shall be paid in the following manner when a member is killed in the line of duty and the requirements of Article 12A of Chapter 143 of the General Statutes are met:

- (1) If the member had been receiving a monthly pension fund benefit prior to being killed in the line of duty, there shall be paid to the member's principal beneficiary, if only one principal beneficiary is eligible and has not accepted a return of contributions, an amount of one hundred seventy dollars (\$170.00) per month beginning the month following the member's month of death, payable until the beneficiary's death. If the member became a member prior to July 1, 2018, and had not designated a principal beneficiary prior to being killed in the line of duty, there shall be paid to the member's living spouse upon the spouse's application to the Board, an amount of one hundred seventy dollars (\$170.00) per month beginning the month following the member's month of death, payable until the spouse's death.
- (2) If the member had been receiving a monthly pension fund benefit prior to being killed in the line of duty and the beneficiary is not payable as described in subdivision (1) of this subsection, a lump sum payment equal to the difference between the amount paid into the member's separate account by or on behalf of the member and the amount received by the member as a pensioner will be paid to the eligible beneficiaries, or if there are no eligible beneficiaries, shall be paid to the member's estate.
- (3) If the member had not yet begun receiving a monthly benefit prior to being killed in the line of duty, there shall be paid to the member's principal beneficiary, if only one principal beneficiary is eligible and has not accepted a return of contributions, an amount of one hundred seventy dollars (\$170.00) per month beginning the month following the month the member would have attained age 55, or if the

member had already attained age 55, beginning the month following the member's month of death, payable until the beneficiary's death. If the member became a member prior to July 1, 2018, and had not designated a principal beneficiary prior to being killed in the line of duty, there shall be paid to the member's living spouse upon the spouse's application to the Board, an amount of one hundred seventy dollars (\$170.00) per month beginning the month following the month the member would have attained age 55, or if the member had attained age 55, beginning the month following the member's month of death, payable until the spouse's death.

- (4) If the member had not begun receiving a monthly benefit prior to being killed in the line of duty and the beneficiary is not payable as described in subdivision (3) of this subsection, a lump sum payment equal to the member's contributions will be paid to the eligible beneficiaries, or if there are no eligible beneficiaries, a return of the contributions shall be paid to the member's estate.

A beneficiary under this subsection shall not be required to make the monthly payment of ten dollars (\$10.00) as required by G.S. 58-86-35 and G.S. 58-86-40 after the member has been killed in the line of duty.

(d2) Repealed by Session Laws 2016-108, s. 1(f), effective July 1, 2018.

Any application to make monthly contributions under this section shall be subject to a finding of eligibility by the Board of Trustees upon application of the member.

(f) The pensions provided shall be in addition to all other pensions or benefits under any other statutes of the State of North Carolina or the United States, notwithstanding any exclusionary provisions of other pensions or retirement systems provided by law.

The General Assembly intends by this act to repeal all acts and provisions of acts that modify the application to particular cities and towns of Parts 2 and 3 of Article 4A of Chapter 160A of the General Statutes or that exempt particular cities or towns from the application of either or both of those two Parts. Therefore, all such acts and provisions of acts, even if not specifically listed and repealed in Sections 26 through 35.4 of this act, are repealed. The increase in monthly pension contributions from five dollars (\$5.00) to ten dollars (\$10.00) in G.S. 58-86-55 does not affect the amount of monthly contributions made prior to July 1, 1995."

Session Laws 1995, c. 507, s. 28.9, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 1995-97 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 1995-97 biennium."

Session Laws 2016-108, s. 1(e), as amended by Session Laws 2022-16, s. 6.1, made subsection (d1) of this section, as added by Session Laws 2016-108, s. 1(b), applicable to benefits paid when a member is killed in the line of duty on or after July 1, 2018. - (1) To any firefighter or rescue squad worker upon the attaining of the age of 55 years, who, for any reason, is not qualified to receive the monthly retirement pension and who was

enrolled as a member of the fund, an amount equal to the amount paid into the fund by him. This provision shall not be construed to preclude any active firefighter or rescue squad worker from completing the requisite number of years of active service after attaining the age of 55 years necessary to entitle the firefighter or rescue squad worker to the pension.

- (2) If any firefighter or rescue squad worker dies, except if the individual is killed in the line of duty, before attaining the age at which a pension is payable to the firefighter or rescue squad worker under the provisions of this Article, there shall be paid to the person or persons designated by the member, or if the member has not designated a beneficiary, to the surviving spouse of the deceased member, or if not survived by a designated beneficiary or spouse, to the deceased member's legal representative, an amount equal to the amount paid into the member's separate account by or on behalf of the said firefighter or rescue squad worker.

- (4) Any member who withdraws from the fund shall, upon proper application, be paid all moneys without accumulated earnings on the payments after the time they were made. A member may not purchase time under G.S. 58-86-45 for which he or she has received a refund.

§ 58-86-95. Leaves of absence; inactive membership.

(a) Any member who resigns as an eligible firefighter or an eligible rescue squad worker, whichever is applicable, may withdraw from the fund and seek a refund under G.S. 58-86-60 or take a leave of absence as provided by G.S. 58-86-95, or he or she will be considered an inactive member.

(b) In order to take a leave of absence, any member not on active military service must provide the office of the director with written notice that the member is taking a leave of absence. Any member not on active military service on leave of absence for more than five years in any six-year period shall be considered an inactive member.

(c) A member is not eligible for service credit for the time he or she

is on leave of absence and is not required to make monthly payments for that time. During the time a member is on leave of absence he or she is not eligible for benefits from the pension fund. A member who has taken a leave of absence may subsequently withdraw from the pension fund and seek a refund under G.S. 58-86-60. If a member dies while he or she is on leave of absence, the appropriate person or persons may seek a refund under G.S. 58-86-60.

(d) Any member not on active military service who does not make contributions for two consecutive years and has not taken a leave of absence shall be considered an inactive member.

(e) The director of the pension fund shall communicate annually with each eligible fire department and eligible rescue or emergency medical services squad and transmit a list of those persons on a leave of absence. (g) Members on active military service must notify the director prior to commencement of active military service and subsequent to return from active duty and shall be granted a leave of absence for the entire time of the military service.

(h) If a member who is in service and has not received 20 years of fully credited service in this System on December 1, 2013, is convicted of an offense listed in G.S. 58-86-100 for acts committed after December 1, 2013, then that member shall forfeit all benefits under this System, except for a return of member contributions. If a member who is in service and has not received 20 years of fully credited service in this System on December 1, 2013, is convicted of an offense listed in G.S. 58-86-100 for acts committed after December 1, 2013, then that member is not entitled to any fully credited service that accrued after December 1, 2013.

§ 58-86-100. Forfeiture of retirement benefits for certain felonies that would bring disrepute on a fire department or rescue squad.

(a) Except as provided in G.S. 58-86-95(h), the Board of Trustees shall not pay any retirement benefits or allowances, except for a return of member contributions, to any member who is convicted of

any felony under federal law or the laws of this State if all of the following apply:

- (1) The offense is committed while the member is not yet 55 years of age or has not yet received 20 years of fully credited service or while the member is 55 years of age or older and has 20 years of fully credited service but is still serving as a participant in an eligible fire department or eligible rescue squad.
- (2) The conduct resulting in the member's conviction is directly related to service as a firefighter or rescue squad worker and brings disrepute on a fire department or rescue squad.

(b) Subdivision (2) of subsection (a) of this section shall apply to felony convictions where the court finds under G.S. 15A-1340.16(d)(9a) or other applicable State or federal procedure that the offense is directly related to service as a firefighter or rescue squad worker.

(c) If a member or former member whose benefits under the System were forfeited under this section, except for the return of member contributions, subsequently receives an unconditional pardon of innocence or the conviction is vacated or set aside for any reason, then the member or former member may seek a reversal of the benefit forfeiture by presenting sufficient evidence to the State Treasurer. If the State Treasurer determines a reversal of the benefit forfeiture is appropriate, then all benefits will be restored upon repayment of all accumulated contributions. Repayment of all accumulated contributions that have been received by the individual under the forfeiture provisions of this section must be made in a total lump-sum payment. An individual receiving a reversal of benefit forfeiture must receive reinstatement of the service credit forfeited.

EMPLOYMENT BENEFITS.

§ 115C-341. Annuity contracts from local boards of education.

Notwithstanding the provisions of this Chapter for the adoption of State and local salary schedules for the pay of teachers, principals, superintendents, and other school employees, local boards of education may enter into annual contracts with any employee of such board which provide for a reduction in salary below the total established compensation or salary schedule for a term of one year. The local board of education shall use the funds derived from the reduction in the salary of the employee to purchase a nonforfeitable annuity contract for the benefit of said employee. An employee who has agreed to a salary reduction for this purpose shall not have the right to receive the amount of the salary reduction in cash or in any other way except the annuity contract. Funds used by the local boards of education for the purchase of an annuity contract shall not be in lieu of any amount earned by the employee before his election for a salary reduction has become effective.

The agreement for salary reductions referred to herein shall be effected under any necessary regulations and procedures adopted by the State Board of Education and on forms prepared by the State Board of Education.

Notwithstanding any other provisions of this section, the amount by which the salary of any employee is reduced pursuant to this section shall be included in computing and making payroll deductions for social security and retirement system purposes, and in computing and providing matching funds for retirement system purposes.

In lieu of the annuity contracts provided for under this section, interests in custodial accounts pursuant to Section 401(f), Section 403(b)(7), and related sections of the Internal Revenue Code of 1986 as amended may be purchased by local boards of education for the benefit of qualified employees under this section with the funds derived from the reduction in the salaries of such employees.

§ 115C-341.2. Department of State Treasurer sponsored 403(b) option.

(a) In addition to the opportunities for local boards of education to offer section 403(b) of the Internal Revenue Code of 1986 retirement annuities and/or mutual funds to their employees under G.S. 115C-341, the Department of State Treasurer may establish an approved third-party vendor of retirement offerings as described in section 403(b) of the Internal Revenue Code of 1986, as now and hereafter amended, pursuant to which employees of local school boards may enter into nonforfeitable 403(b) plan options by way of salary reduction through the auspices of the Department of State Treasurer. This statewide plan of 403(b) offerings shall be known as the "North Carolina Public School Teachers' and Professional Educators' Investment Plan." The vendor authorized under this section shall be selected by use of Supplemental Retirement Board of Trustees procurement procedures under Article 5 of Chapter 135 of the General Statutes, with the goal of attaining lower administrative fees and enhanced services for participants and employer compliance with applicable law and regulations. Eligible employees of local school boards shall all be allowed to use this vendor for the tax-deferred 403(b) option of their choice.

(b) The criteria in this subsection apply to the Department of State Treasurer's 403(b) offerings to employees of local school boards under this section.

- (1) Annuity contracts, trust accounts, and/or custodial accounts shall be administered by a qualified third-party administrator that shall, under written agreement with the Department of State Treasurer, provide custodial, record-keeping, and administrative services. The third-party administrator may also be the selected vendor for the North Carolina Public School Teachers' and Professional Educators' Investment Plan.

For employers choosing to participate in the North Carolina Public School Teachers' and Professional Educators' Investment Plan, the third-party administrator shall, at a minimum, provide the following:

- a. Maintain a written plan document.
- b. Review hardship withdrawal requests, loan requests, and other disbursements permitted under section 403(b) of the Internal Revenue Code of 1986.
- c. Maintain specimen salary reduction agreements for the employer and employees of that employer to initiate payroll deferrals.
- d. Monitor maximum contributions.
- e. Coordinate responses to the Internal Revenue Service in any case of an IRS audit.

- f. Generate educational communication materials to employees concerning the enrollment process, program eligibility, and investment options.
 - g. Maintain internal reports to ensure compliance with Section 403(b) of the Internal Revenue Code and Title 26 of the Code of Federal Regulations.
 - h. Provide compliance monitoring/oversight for all 403(b) plans established under G.S. 115C-341 within each participating local board of education plan by creating and establishing the necessary connections and processes with existing and future vendors.
 - i. Keep an updated schedule of vendor fees and commissions as to the Department's statewide plan of 403(b) offerings.
- (2) Governance and oversight of the North Carolina Public School Teachers' and Professional Educators' Investment Plan will be performed under Article 5 of Chapter 135 of the General Statutes by the Department of State Treasurer and the Supplemental Retirement Board of Trustees established pursuant to G.S. 135-96. Because of the administrative and record-keeping duties enumerated in subdivision (1) of this subsection, any existing vendor of a 403(b) with a participating employer must either agree to share data with the State's 403(b) vendor under this provision (so as to permit oversight over contribution limits, loans, and hardship withdrawals) or be directed by the participating employer to cease accepting new contributions, loans, and hardship withdrawals.
 - (3) Investment options shall be solely determined by the Department of State Treasurer and the Supplemental Retirement Board of Trustees consistent with section 403(b) of the Internal Revenue Code of 1986, as amended.
 - (4) Investment staff of the Department of State Treasurer may make recommendations to the State Treasurer and the Supplemental Retirement Board of Trustees as to appropriate investment options. Pursuant to G.S. 135-96, the State Treasurer and Board of Trustees shall have sole responsibility for the selection of the vendor, third-party administrator, providers of investment options, and any other service provider for the North Carolina Public School Teachers' and Professional Educators' Investment Plan.
 - (5) All contributions made in accordance with the provisions of section 403(b) of the Internal Revenue Code of 1986, as amended, and this section shall be remitted directly to the administrator and held by the administrator in a custodial account on behalf of each participating employee. Any investment gains or losses shall be credited to those ac-

counts. The forms of payment and disbursement procedures shall be consistent with those generally offered by similar annuity contracts, trust accounts, and custodial accounts and applicable federal and State statutes governing those contracts and accounts.

- (6) Any local board of education may elect to make contributions to the employee's account on behalf of the employee. The employer shall take whatever action is necessary to implement this section.
- (7) The design and administration of annuity contracts, trust accounts, and custodial accounts under this provision shall comply with all applicable provisions of the Internal Revenue Code of 1986, as amended.

(c) The administrative costs of the North Carolina Public School Teachers' and Professional Educators' Investment Plan may be charged to members or deducted from members' accounts in accordance with nondiscriminatory procedures established by the Department of State Treasurer and Board of Trustees.

(d) If the Department of State Treasurer and the Supplemental Retirement Board of Trustees elect to discontinue offering the North Carolina Public School Teachers' and Professional Educators' Investment Plan, participating local school boards that continue sponsoring their 403(b) plan shall designate another investment provider in their 403(b) plan to receive any assets remaining in their 403(b) plan upon the discontinuation of the North Carolina Public School Teachers' and Professional Educators' Investment Plan. In the event that a local school board fails to designate another investment provider, the Department of State Treasurer and the Supplemental Retirement Board of Trustees may transfer the remaining assets, on behalf of the local school board, to an individual retirement account selected in a vendor solicitation pursuant to subsection (e) of G.S. 135-96.

§ 120-4.12. Creditable service.

(a) Creditable service at retirement consists of the membership service rendered by the member of the Retirement System and any prior service purchased or granted by this Article.

(b) Membership Service means the number of years served as a

member of the General Assembly as of the establishment of the Retirement System and thereafter. One year of membership service is equal to 12 months for which a legislator received compensation.

(c) Prior service means:

- (1) The number of years a present member of the General Assembly served in the General Assembly prior to becoming a member of the Retirement System;
- (2) The number of years served by former members of the General Assembly who were vested in the Legislative Retirement Fund. One year of prior service is equal to 12 months for which a legislator received compensation.

(c1) Any member of the Retirement System who was a member of the General Assembly as of January 1985 may purchase prior service credit for the month of January 1985 based upon seven percent (7%) of the compensation received for that period.

(d) Any member of the Retirement System who has eight or more years of creditable service as a member of the General Assembly may purchase prior service credit for service in the Armed Forces of the United States at the same rates and conditions as set forth in G.S. 120-4.14 and G.S. 120-4.16; provided that credit is allowed only for the initial period of active duty in the Armed Forces of the United States up to the time the member was first eligible to be separated or released therefrom, and subsequent periods of such active duty as required by the Armed Forces of the United States up to the date of first eligibility for separation or release therefrom; and further provided that the member submits satisfactory evidence of the service claimed and that service credit be allowed only for the period of active service in the Armed Forces of the United States not creditable in any other retirement system, except the National Guard or any reserve component of the Armed Forces of the United States.

(e) Any member of the Retirement System who has five or more years of creditable service as a member of the General Assembly may purchase credit for service in the Armed Forces of the United States eligible under subsection (d) of this section by making a lump sum payment into the Annuity Savings Fund equal to the full actuarial cost as provided for in G.S. 135-4(m).

(f) If a member who has not vested in this System on July 1, 2007, is convicted of an offense listed in G.S. 120-4.33 for acts committed after July 1, 2007, then that member shall forfeit all benefits under this System. If a member who has vested in this System on July 1, 2007, is convicted of an offense listed in G.S. 120-4.33 for acts committed after July 1, 2007, then that member is not entitled to any creditable service that accrued after July 1, 2007, regardless of whether that creditable service was earned by virtue of membership in the System, accrued by conversion of sick leave at the point of the member's retirement, accrued by transfer of service from another

retirement system, purchased by the member in accordance with this Article, or accrued by any other means. No member shall forfeit any benefit or creditable service earned from a position not as a member of the General Assembly. For purposes of this subsection, creditable service attributable to the conversion of sick leave accrues in this System on the date of retirement, service transferred to this System from another system accrues in this System on the effective date of the transfer, and purchased service accrues in this System on the date of the purchase.

(g) If a member who is a present member of the General Assembly and who has not vested in this System on December 1, 2012, is convicted of an offense listed in G.S. 120-4.33A for acts committed after December 1, 2012, then that member shall forfeit all benefits under this System, except for a return of member contributions plus interest. If a member who is a present member of the General Assembly and has vested in this System on December 1, 2012, is convicted of an offense listed in G.S. 120-4.33A for acts committed after December 1, 2012, then that member is not entitled to any creditable service that accrued after December 1, 2012, regardless of whether that creditable service was earned by virtue of membership in the System, accrued by conversion of sick leave at the point of the member's retirement, accrued by transfer of service from another retirement system, purchased by the member in accordance with this Article, or accrued by any other means. For purposes of this subsection, creditable service attributable to the conversion of sick leave accrues in this System on the date of retirement, service transferred to this System from another system accrues in this System on the effective date of the transfer, and purchased service accrues in this System on the date of the purchase.

If the individual becomes a member afterwards, no credit shall be allowed for any service previously rendered except as provided in G.S. 120-4.14 and the payment shall be in full and complete discharge of any rights in or to any benefits otherwise payable under this Article. Upon receipt of proof satisfactory to the Board of Trustees of the death, prior to retirement, of a member or former member, there shall be paid to the person or persons the member or former member nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if the person or persons are living at the time of the member's death,

§ 120-4.26. Benefit payment options.

Any member may elect to receive his benefits in a retirement allowance payable throughout life, or he may elect to receive the actuarial equivalent of the retirement allowance in a reduced allowance payable throughout life under the provisions of one of the options set forth below. No election may be made after the first payment becomes due, or the first retirement check cashed, nor may an election be revoked or a nomination changed. The election of Option 2 or Option 3 or the nomination of the person thereunder shall be revoked if the person nominated dies prior to the date the first payment becomes normally due or until the first retirement check has been cashed. The election may be revoked by the member prior to the date the first payment becomes normally due or until his first retirement check has been cashed. Provided, however, in the event a member has elected Option 2 or Option 3 and nominated his or her spouse to receive a retirement allowance upon the member's death, and the spouse predeceases the member after the first payment becomes normally due or the first retirement check has been cashed, if the member remarries he or she may nominate a new spouse to receive the retirement allowance under the previously elected option, within 90 days of the remarriage. The new nomination shall be effective on the first day of the month in which it is made and shall provide for a retirement allowance computed to be the actuarial equivalent of the retirement allowance in effect immediately prior to the effective date of the new nomination. Any member having elected Options 2 or 3 and nominated his or her spouse to receive a retirement allowance upon the member's death may, after divorce from his or her spouse, revoke the nomination and elect a new option, effective on the first day of the month in which the new option is elected, providing for a retirement allowance computed to be the actuarial equivalent to the retirement allowance in effect immediately prior to the effective date of the new option.

Option 1. For Members Retiring Prior to July 1, 1993. — If a member dies within 10 years from his retirement date, an amount equal to his accumulated contributions at retirement, less one-one hundred twentieth ($\frac{1}{120}$) for each month for which he has received a retirement allowance payment, shall be paid to his legal representative or to the person he nominates by written designation acknowledged and filed with the Board of Trustees;

Option 2. — Upon his death, his reduced retirement allowance shall be continued throughout the life of and paid to the person he nominates by written designation duly acknowledged and filed with the Board of Trustees at the time of his retirement. If the person selected is other than his spouse, the reduced retirement allowance payable to the member shall not be less than one half of the retirement allowance without optional modification which would otherwise be payable to him; or

Option 3. — Upon his death, one half of his reduced retirement allowance shall be continued throughout the life of and paid to the person he nominates by written designation duly acknowledged and filed with the Board of Trustees at the time of his retirement.

§ 120-4.27. Death benefit.

The designated beneficiary of a member who dies while in service after completing one year of creditable service shall receive a lump-sum payment of an amount equal to the deceased member's highest annual salary, to a maximum of fifteen thousand dollars (\$15,000). For purposes of this death benefit "in service" means currently serving as a member of the North Carolina General Assembly. "In service" also means service in the Uniformed Services, as that term is defined in section 4303(16) of the Uniformed Services Employment and Reemployment Rights Act, Public Law 103-353, if that service begins during the member's term of office. If the participant does not return immediately after that service to employment with a covered employer in this System, then the participant shall be deemed "in service" until the date on which the participant was first eligible to be separated or released from his or her involuntary military service.

The death benefit provided by this section shall be designated a group life insurance benefit payable under an employee welfare benefit plan that is separate and apart from the Retirement System but under which the members of the Retirement System shall participate and be eligible for group life insurance benefits. The Board of Trustees is authorized to provide the death benefit in the form of group life insurance either by purchasing a contract or contracts of group life insurance with any life insurance company or companies licensed and authorized to transact business in the State of North Carolina for the purpose of insuring the lives of qualified members in service, or by establishing or affiliating with a separate trust fund.

This death benefit shall be a lump-sum payment in the amount of five thousand dollars (\$5,000) upon the completion of twenty-four months of contributions required under this subsection. Should death occur before the completion of twenty-four months of contributions required under this subsection, the deceased retired mem-

ber's surviving spouse or legal representative if not survived by a spouse shall be paid the sum of the retired member's contributions required by this subsection plus interest to be determined by the Board of Trustees.

Upon receipt of proof, satisfactory to the Board of Trustees, of the death of a retired member of the Retirement System or Retirement Fund on or after January 1, 1999, but before July 1, 2004, there shall be paid a death benefit to the surviving spouse of a deceased retired member, or to the deceased retired member's legal representative if not survived by a spouse; provided the retired member has elected, when first eligible, to make, and has continuously made, in advance of his death required contributions as determined by the Retirement System on a fully contributory basis, through retirement allowance deductions or other methods adopted by the Retirement System, to a group death benefit trust fund administered by the Board of Trustees separate and apart from the Retirement System's Annuity Savings Fund and Pension Accumulation Fund. This death benefit shall be a lump-sum payment in the amount of six thousand dollars (\$6,000) upon the completion of 24 months of contributions required under this subsection. Should death occur before the completion of 24 months of contributions required under this subsection, the deceased retired member's surviving spouse or legal representative if not survived by a spouse shall be paid the sum of the retired member's contributions required by this subsection plus interest to be determined by the Board of Trustees.

Upon receipt of proof, satisfactory to the Board of Trustees, of the death of a retired member of the Retirement System or Retirement Fund on or after July 1, 2004, but before July 1, 2007, there shall be paid a death benefit to the surviving spouse of a deceased retired member, or to the deceased retired member's legal representative if not survived by a spouse; provided the retired member has elected, when first eligible, to make, and has continuously made, in advance of his death required contributions as determined by the Retirement System on a fully contributory basis, through retirement allowance deductions or other methods adopted by the Retirement System, to a group death benefit trust fund administered by the Board of Trustees separate and apart from the Retirement System's Annuity Savings Fund and Pension Accumulation Fund. This death benefit shall be a lump-sum payment in the amount of nine thousand dollars (\$9,000) upon the completion of 24 months of contributions required under this subsection. Should death occur before the completion of 24 months of contributions required under this subsection, the deceased retired member's surviving spouse or legal representative if not survived by a spouse shall be paid the sum of the retired member's contributions required by this subsection plus interest to be determined by the Board of Trustees.

Upon receipt of proof, satisfactory to the Board of Trustees, of the death of a retired member of the Retirement System or Retirement

Fund on or after July 1, 2007, but before January 1, 2015, there shall be paid a death benefit to the surviving spouse of a deceased retired member, or to the deceased retired member's legal representative if not survived by a spouse; provided the retired member has elected, when first eligible, to make, and has continuously made, in advance of his death required contributions as determined by the Retirement System on a fully contributory basis, through retirement allowance deductions or other methods adopted by the Retirement System, to a group death benefit trust fund administered by the Board of Trustees separate and apart from the Retirement System's Annuity Savings Fund and Pension Accumulation Fund. This death benefit shall be a lump-sum payment in the amount of ten thousand dollars (\$10,000) upon the completion of 24 months of contributions required under this subsection. Should death occur before the completion of 24 months of contributions required under this subsection, the deceased retired member's surviving spouse or legal representative if not survived by a spouse shall be paid the sum of the retired member's contributions required by this subsection plus interest to be determined by the Board of Trustees.

Upon receipt of proof, satisfactory to the Board of Trustees, of the death of a retired member of the Retirement System or Retirement Fund on or after January 1, 2015, there shall be paid a death benefit to the person or persons designated by the member or, if the member has not designated a beneficiary, to the surviving spouse of the deceased retired member or, if not survived by a designated beneficiary or spouse, to the deceased retired member's legal representative; provided the retired member has elected, when first eligible, to make, and has continuously made, in advance of the member's death required contributions as determined by the Retirement System on a fully contributory basis, through retirement allowance deductions or other methods adopted by the Retirement System, to a group death benefit trust fund, the North Carolina Teachers' and State Employees' Benefit Trust, administered by the Board of Trustees separate and apart from the Retirement System's Annuity Savings Fund and Pension Accumulation Fund. Employer and non-employer contributions to the Benefit Trust and earnings on those contributions are irrevocable. The assets of the Benefit Trust are dedicated to providing benefits to members and beneficiaries in accordance with the Plan's benefit terms. The assets of the Benefit Trust are not subject to the claims of creditors of the employees and non-employees making contributions to the Benefit Trust, are not subject to the claims of any creditors of the Benefit Trust's trustees and administrators, and are not subject to the claims of creditors of members and beneficiaries. Benefit Trust assets may be used for reasonable expenses to administer benefits provided by the Fund as approved by the Board of Trustees.

§ 120-4.29. Exemption from garnishment, attachment.

Except for the applications of the provisions of G. S. 110-136, and in connection with a court-ordered equitable distribution under G.S. 50-20, the right of a person to a pension, annuity, or retirement allowance, to the return of contributions, or to the receipt of the pension, annuity or retirement allowance itself, any optional benefit or any other right accrued or accruing to any person under the provisions of this Article, and the moneys in the various funds created by this Article, are exempt from levy and sale, garnishment,

§ 120-4.31. Internal Revenue Code compliance.

(a) Notwithstanding any other provisions of law to the contrary, compensation for any calendar year after 1988 in which employee or employer contributions are made and for which annual compensation is used for computing any benefit under this Article shall not exceed the higher of two hundred thousand dollars (\$200,000) or the amount determined by the Commissioner of Internal Revenue as the limitation for calendar years after 1989; provided the imposition of the limitation shall not reduce a member's benefit below the amount determined as of December 31, 1988.

Effective January 1, 1996, the annual compensation of a member taken into account for determining all benefits provided under this Article shall not exceed one hundred fifty thousand dollars (\$150,000), as adjusted pursuant to section 401(a)(17)(B) of the Internal Revenue Code and any regulations issued under the Code. However, with respect to a person who became a member of the Retirement System prior to January 1, 1996, the imposition of this limitation on compensation shall not reduce the amount of compensation which may be taken into account for determining the benefits

of that member under this Article below the amount of compensation which would have been recognized under the provisions of this Article in effect on July 1, 1993.

Effective January 1, 2002, the annual compensation of a person, who became a member of the Retirement System on or after January 1, 1996, taken into account for determining all benefits accruing under this Article for any plan year after December 31, 2001, shall not exceed two hundred thousand dollars (\$200,000) or the amount otherwise set by the Internal Revenue Code or determined by the Commissioner of Internal Revenue as the limitation for calendar years after 2002.

All the provisions in this subsection have been enacted to make clear that the Plan shall not base contributions or Plan benefits on annual compensation in excess of the limits prescribed by Section 401(a)(17) of the Internal Revenue Code, as adjusted from time to time, subject to certain federal grandfathering rules.

(b) Notwithstanding any other provisions of law to the contrary, the annual benefit payable on behalf of a member shall, if necessary, be reduced to the extent required by Section 415(b) and with respect to calendar years commencing prior to January 1, 2000, Section 415(e) of the Internal Revenue Code, as adjusted by the Secretary of the Treasury or his delegate pursuant to Section 415(d) of the Code. If a member is a participant under any qualified defined contributions plan that is required to be taken into account for the purposes of the limitation contained in Section 415 of the Internal Revenue Code, the annual benefit payable under this Article shall be reduced to the extent required by Section 415(e) prior to making any reduction under the defined contribution plan provided by the employer. However, with respect to a member who has benefits accrued under this Article but whose benefit had not commenced as of December 31, 1999, the combined plan limitation contained in Section 415(e) of the Internal Revenue Code shall not be applied to such member for calendar years commencing on or after January 1, 2000.

(c) On and after September 8, 2009, and for all Plan years to which the minimum distribution rules of the Internal Revenue Code are applicable, with respect to any member who has terminated employment, the Plan shall comply with federal income tax minimum distribution rules by applying a reasonable and good faith interpretation to Section 401(a)(9) of the Internal Revenue Code.

(c1) A member who has contributions in this System and is not eligible for a retirement benefit as set forth in G.S. 120-4.21 shall be paid his or her contributions in a lump sum as provided in G.S. 120-4.25 by April 1 of the calendar year following the later of the calendar year in which the member (i) attains 72 years of age or (ii) has ceased to be a member of the General Assembly, except by death. If the member fails, following reasonable notification, to complete a

refund application by the required date, then the requirement that a refund application be completed shall be waived and the refund shall be paid without a refund application as a single lump-sum payment with applicable required North Carolina and federal income taxes withheld.

A member who has contributions in this System and is eligible for a retirement benefit as set forth in G.S. 120-4.21 shall begin to receive a monthly benefit no later than April 1 of the calendar year following the later of the calendar year in which the member (i) attains 72 years of age or (ii) has ceased to be a member of the General Assembly, except by death. If the member fails, following reasonable notification, to complete the retirement process as set forth under Chapter 120 of the General Statutes by the required beginning date, then the requirement that a retirement application and an election of payment plan form be completed shall be waived and the retirement allowance shall be paid as a single life annuity. The single life annuity shall be calculated and processed in accordance with G.S. 120-4.21.

For purposes of this subsection, a member shall not be considered to have ceased to be a member of the General Assembly if the member is actively contributing to the Teachers' and State Employees' Retirement System, Local Governmental Employees' Retirement System, or Consolidated Judicial Retirement System. A retirement benefit or lump-sum refund shall not be paid under this subsection if the member is actively contributing to the Teachers' and State Employees' Retirement System, Local Governmental Employees' Retirement System, or Consolidated Judicial Retirement System.

(d) This subsection applies to distributions and rollovers from the Plan. The Plan does not have mandatory distributions within the meaning of Section 401(a)(31) of the Internal Revenue Code. With respect to distributions from the Plan and notwithstanding any other provision of the Plan to the contrary that would otherwise limit a distributee's election under this Article, a distributee (including, after December 31, 2006, a non-spouse beneficiary if that non-spouse beneficiary elects a direct rollover only to an inherited traditional or Roth IRA as permitted under applicable federal law) may elect, at the time and in the manner prescribed by the Plan administrator, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover. As used in this subsection, an "eligible retirement plan" means an individual retirement account described in Section 408(a) of the Code, an individual retirement annuity described in Section 408(b) of the Code, an annuity plan described in Section 403(a) of the Code, on and after January 1, 2009, a Roth IRA, or a qualified trust described in Section 401(a) of the Code, that accepts the distributee's eligible rollover distribution. Effective on

and after January 1, 2002, an eligible retirement plan also means an annuity contract described in Section 403(b) of the Code and an eligible plan under Section 457(b) of the Code that is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into that plan from this Plan. As used in this subsection, a “direct rollover” is a payment by the Plan to the eligible retirement plan specified by the distributee. Provided, an eligible rollover distribution is any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution shall not include: any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee’s designated beneficiary, or for a specified period of 10 years or more; any distribution to the extent such distribution is required under section 401(a)(9) of the Code; and the portion of any distribution that is not includible in gross income (determined without regard to the exclusion for net realized appreciation with respect to employer securities). Effective as of January 1, 2002, and notwithstanding the exclusion of any after-tax portion from such a rollover distribution in the preceding sentence, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions that are not includible in gross income. That portion may be transferred, pursuant to applicable federal law, to an individual retirement account or annuity described in Section 408(a) or (b) of the Code, to a qualified defined benefit plan, or to a qualified defined contribution plan described in Section 401(a), 403(a), or 403(b) of the Code that agrees to separately account for amounts so transferred, including separately accounting for the portion of such distribution which is includible in gross income and the portion of such distribution which is not so includible. The definition of eligible retirement plan shall also apply in the case of a distribution to surviving spouse, or to a spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code, or a court-ordered equitable distribution of marital property, as provided under G.S. 50-20.1. Effective on and after January 1, 2007, notwithstanding any other provision of this subsection, a nonspouse beneficiary of a deceased member may elect, at the time and in the manner prescribed by the administrator of the Board of Trustees of this Retirement System, to directly roll over any portion of the beneficiary’s distribution from the Retirement System; however, such rollover shall conform with the provisions of section 402(c)(11) of the Code.

Editor's Note.

Session Laws 2020-48, s. 1.2(e), made the amendment of subsection (c1) of this section by Session Laws 2020-48, s. 1.2(d), effective January 1, 2021, and applicable to members on or after that date, and further provides: "If a member attains age 70 and one half years of age on or before December 31, 2019, then the statute that is in effect on the day the member attains age 70 and one half years of age will be applicable to that member."

Session Laws 2020-48, s. 6.1, is a severability clause.

Effect of Amendments.

Session Laws 2020-48, s. 1.2(d), in subsection (c1), in the first paragraph,

substituted "72 years" for "70 and one-half years" in the first sentence and deleted the last two sentences, which read: "For purposes of this subsection, a member shall not be considered to have ceased to be a member of the General Assembly if the member is actively contributing to the Teachers' and State Employees' Retirement System, Local Governmental Employees' Retirement System, or Consolidated Judicial Retirement System. A lump-sum refund shall not be paid under this subsection if the member is actively contributing to the Teachers' and State Employees' Retirement System, Local Governmental Employees' Retirement System, or Consolidated Judicial Retirement System.", substituted "72 years" for "70 and one-half years" in the first sentence of the second paragraph, inserted "or lump-sum refund" in the second sentence of the third paragraph, and made minor stylistic changes. For effective date and applicability, see editor's note.

§ 120-4.32. Deduction for payments allowed.

(a) Any beneficiary who is a member of a domiciled employees' or retirees' association that has at least 2,000 members, the majority of whom are active or retired employees of the State or public school employees, may authorize, in writing, the periodic deduction from the beneficiary's retirement benefits a designated lump sum to be paid to the employees' or retirees' association. The authorization shall remain in effect until revoked by the beneficiary. A plan of deductions pursuant to this section shall become void if the employees' or retirees' association engages in collective bargaining with the State, any political subdivision of the State, or any local school administrative unit.

(b) Any beneficiary eligible for coverage under the State Health Plan may also authorize, in writing, the monthly deduction from the beneficiary's retirement benefits of a designated lump sum to be paid to the State Health Plan for any dependent whom the beneficiary wishes to cover under the State Health Plan. In the event that the beneficiary's own State Health Plan coverage is contributory, in whole or in part, the beneficiary may also authorize a designated lump sum to be paid to the State Health Plan on behalf of the beneficiary. In addition, a beneficiary may similarly authorize the deduction for supplemental voluntary insurance benefits, provided that the deduction is authorized by the Department of State Treasurer and is payable to a company with which the Department of State Treasurer has or had an exclusive contractual relationship. Any such authorization shall remain in effect until revoked by the beneficiary.

- (1) The federal or State offense is committed while serving as a member of the General Assembly.
- (2) The conduct on which the federal or State offense is based is directly related to the member's service as a member of the General Assembly.

(b) The federal offenses covered by this section are as follows:

The Revisor may also recodify into the new Chapter 163A of the General Statutes other existing statutory laws relating to elections and ethics enforcement that are located elsewhere in the General Statutes as the Revisor deems appropriate." The Revisor was further authorized to make technical and conforming changes to catchlines, internal citations, and other references throughout the General Statutes to effectuate this recodification. Pursu-

ant to this authority, the Revisor substituted "Part 1 of Article 21 or Article 22 of Chapter 163A" for "Article 20 or 22 of Chapter 163" in subsection (c)(1); and substituted "Article 23 of Chapter 163A" for "Article 22A of Chapter 163" in subsection (c)(2)c.

COMMITTEES ON PENSIONS AND RETIREMENT.

§ 120-111.3. Analysis of legislation.

Every bill, which creates or modifies any provision for the retirement of public officers or public employees or for the payment of retirement benefits or of pensions to public officers or public employees, shall, upon introduction in either house of the General Assembly, be referred to the Committee on Pensions and Retirement of each house. When the bill is reported out of committee it shall be accompanied by a written report by the Committee on Pensions and Retirement containing, among other matters which the Committee deems relevant, the actuarial note required by Article 15 of Chapter 120 of the General Statutes, and pursuant to the Rules of the General Assembly, and an evaluation of the proposed legislation's actuarial soundness and adherence to sound retirement and pension policy. Any bill referred to the Committee on Pensions and Retirement cannot be further considered by that house until such bill has received a favorable report, a report without prejudice, or has been recalled from that committee.

Whenever a bill is considered by the Committee on Pensions and Retirement that proposes changes in the benefits of any State-administered retirement or pension plan to be financed by unencumbered actuarial experience gains generated either through a

change in actuarial assumptions adopted by the plan for the previous budget year or through a continuation of the actuarial assumptions adopted by the plan for the previous budget year, the Committee shall give equal consideration to the effects that such unencumbered actuarial gains would have upon annual employer or State contributions to the plan and to the amount by which the plan's unfunded accrued liabilities, if any, might be reduced. If such unencumbered actuarial experience gains could be used to modify annual employer or State contributions to the plan resulting in a corresponding effect upon State appropriations, the Committee on Pensions and Retirement shall, upon a favorable report, refer the bill to the Committee on Appropriations of the same house before the bill is considered by that house.

ARTICLE 15.**LEGISLATIVE ACTUARIAL NOTE ACT.****§ 120-114. Actuarial notes; Retirement System cost estimates.**

(a) Every bill, joint resolution, and simple or concurrent resolution introduced in the General Assembly proposing any change in the law relative to any State, municipal, or other retirement system, funded in whole or in part out of public funds, or any program of hospital, medical, disability, or related benefits provided for teachers and State employees, funded in whole or in part by State funds, shall have attached to it at the time of its consideration by any committee of either house of the General Assembly a brief explanatory statement or note which shall include a reliable estimate of the financial and actuarial effect of the proposed change in any such retirement system or program of hospital, medical, disability, or related benefits. This actuarial note shall be attached to the original of each proposed bill or resolution which is reported favorably by any committee of either house of the General Assembly, but shall be separate therefrom, shall be clearly designated as an actuarial note and shall not constitute a part of the law or other provisions or expression of legislative intent proposed by the bill or resolution.

(b) The author of each bill or resolution shall present a copy of the bill or resolution, with his request for an actuarial note, to the Fiscal Research Division which shall have the duty to prepare said actuarial note as promptly as possible. Actuarial notes shall be prepared and transmitted to the author or authors no later than two weeks after the request for the actuarial note is made, unless an extension of time is agreed to by the author or authors as being

necessary in preparation of the note. Any person who signs an actuarial note knowing it to contain false information shall be fined not more than five hundred dollars (\$500.00) or imprisoned not more than six months, or both.

(c) The author of each bill or resolution shall also present a copy of the bill or resolution to any actuary employed by the retirement system, or to any actuary employed by a program of hospital, medical, disability, or related benefits provided for teachers and State employees, affected by the bill or resolution in question. Actuarial notes shall be prepared and transmitted to the author or authors of the measure no later than two weeks after the request for the actuarial note is received, unless an extension of time is agreed to by the author or authors as being necessary in preparation of the note. Any person who signs an actuarial note knowing it to contain false information shall be fined not more than five hundred dollars (\$500.00) or imprisoned not more than six months, or both. The provisions of this subsection may be waived for any local government retirement or pension plans not administered by the State, and for any local government program of hospital, medical, disability, or related benefits for local government employees not administered by the State.

(d) The note shall be factual and shall, if possible, provide a reliable estimate of both the immediate effect and, if determinable or reasonably foreseeable, the long range fiscal and actuarial effect of the measure. If, after careful investigation, it is determined that no dollar estimate is possible, the note shall contain a statement to that effect, setting forth the reasons why no dollar estimate can be given. No comment or opinion shall be included in the actuarial note with regard to the merits of the measure for which the note is prepared. However, technical and mechanical defects may be noted.

(e) At any time any committee of either house reports any legislative instrument, to which an actuarial note or notes are attached at the time of committee consideration, with any amendment of such nature as would substantially affect the cost to or the revenues of any retirement system, or program of hospital, medical, disability, or related benefits for teachers and State employees, as stated in the actuarial note or notes attached to the measure at the time of such consideration, it shall be the responsibility of the chairman of the committee reporting such instrument to obtain from the Fiscal Research Division an actuarial note of the fiscal and actuarial effect of the change proposed by the amendment reported. Such actuarial note shall be attached to the report of the committee on the measure as a supplement thereto. A floor amendment to a bill or resolution to which an actuarial note was attached at the time of committee consideration of the bill or resolution shall not be in order, if the amendment affects the costs to or the revenues of a retirement system, or program of hospital, medical, disability, or

related benefits provided for teachers and State employees, unless the amendment is accompanied by an actuarial note, prepared by the Fiscal Research Division, as to the actuarial effect of the amendment.

(f) In addition to the other requirements of this section, if a bill or resolution contemplates removing a public agency as a participating employer from the Teachers' and State Employees' Retirement System or the Local Governmental Employees' Retirement System, the Fiscal Research Division shall obtain an estimate of cost of the withdrawal liability the agency would owe under procedures established by the Boards of Trustees of the Retirement Systems.

(g) In addition to the other requirements of this section, if a bill or resolution adds or modifies service purchase provisions, the Fiscal Research Division shall obtain an estimate of the cost impact of those provisions using the 30-year United States Treasury constant maturity and cost-of-living adjustment and salary increase assumptions consistent with that rate as of December of the year of the most recent actuarial valuation in addition to the cost of the provision using the valuation assumptions.

CHAPTER 127A.**MILITIA.****Article 3. National Guard.**

Section

127A-40. Pensions for the members of the North Carolina National Guard.

127A-40.1. North Carolina National Guard Pension Fund.

ARTICLE 3.**NATIONAL GUARD.****§ 127A-40. Pensions for the members of the North Carolina National Guard.**

(a) Every member and former member of the North Carolina National Guard who meets the requirements of this section shall receive, commencing at age 60, a pension of one hundred five dollars (\$105.00) per month for 20 years' creditable military service with an additional ten dollars and fifty cents (\$10.50) per month for each additional year of such service; provided, however, that the total pension shall not exceed two hundred ten dollars (\$210.00) per month. The requirements for a pension are that each member shall:

- (1) Have served and qualified for at least 20 years' creditable military service, including National Guard, reserve and active duty, under the same requirement specified for entitlement to retired pay for nonregular service under Chapter 67, Title 10, United States Code.
- (2) Have at least 15 years of the aforementioned service as a member of the North Carolina National Guard.
- (3) Have received an honorable discharge from the North Carolina National Guard.

(b) Payment to a retired member of the North Carolina National Guard under the provisions of this section will cease at the death of the individual and no payment will be made to beneficiaries or to the decedent's estate, except that the legal representative of a retired member who dies shall be entitled to a full check for the month in which the death occurred.

(c) No individual receiving retired pay as a result of length of service, age or physical disability retirement from any of the regular components of the Armed Forces of the United States will be eligible for benefits under this section.

(d) Nothing contained in this section shall preclude or in any way affect the benefits that an individual may be entitled to from State, federal or private retirement systems.

(e) Repealed by Session Laws 1989, c. 792, s. 2.3.

(f) The Board of Trustees of the Teachers' and State Employees' Retirement System shall administer the provisions of this section.

The Secretary of Public Safety shall determine the eligibility of North Carolina National Guard members for the benefits provided in this section and shall certify those eligible to the Board of Trustees. In addition, the Department of Public Safety shall, on and after July 1, 1983, provide the Board of Trustees with an annual census population, by age and the number of years of creditable service, for all former members of the North Carolina National Guard in receipt of a pension as well as for all active members of the North Carolina National Guard who are not in receipt of a pension and who have seven and more years of creditable service. The Department of Public Safety shall also provide the Board of Trustees an annual census population of all former members of the North Carolina National Guard who are not in receipt of a pension and who have 15 and more years of creditable service. The Department of State Treasurer shall make pension payments to those persons certified from the North Carolina National Guard Pension Fund.

(g) The provisions of this section shall apply to any member or former member of the North Carolina National Guard who is qualified for the above retirements with eligibility commencing at age 60 or July 1, 1974, whichever is the later date.

(h) If, for any reason, the North Carolina National Guard Pension Fund shall be insufficient to pay in full any pension benefits, or other charges, then all benefits or payments shall be reduced pro rata, for as long as the deficiency in amount exists. No claim shall accrue with respect to any amount by which a pension or benefit payment shall have been reduced.

(h1) Any member or former member of the North Carolina National Guard who is qualified for benefits under this section and who is a member of a domiciled employees' or retirees' association that has at least 2,000 members, the majority of whom are active or retired employees of the State or public school employees, may authorize, in writing, the periodic deduction from the member's retirement benefits a designated lump sum to be paid to the employees' or retirees' association. The authorization shall remain in effect until revoked by the member. A plan of deductions pursuant to this subsection shall become void if the employees' or retirees' association engages in collective bargaining with the State, any political subdivision of the State, or any local school administrative unit.

(i) Pensions for members of the North Carolina National Guard shall be subject to future legislative change or revision.

(j) Except for the applications of the provisions of G.S. 110-136, and in connection with a court-ordered equitable distribution under G.S. 50-20, the pensions provided are not subject to attachment, garnishments, or judgments against the member or former member of the National Guard entitled to them, nor are any rights in the fund or the pensions or benefits assignable. Notwithstanding any

provisions to the contrary, any overpayment of benefits or erroneous payment to a member in a State-administered retirement system, the Disability Salary Continuation Plan, or the Disability Income Plan of North Carolina, including any benefits paid to, or State Health Plan premiums or claims paid on behalf of, any member who is later determined to have been ineligible for those benefits or unentitled to those amounts, may be offset against any retirement allowance, return of contributions, or any other right accruing under this Article to the same person, the person's estate, or designated beneficiary.

Payout of vacation leave shall be included in "average final compensation" only if the payout is received by the member during the four consecutive calendar years of membership service producing the highest average annual compensation of the member.

 2. Conversion of additional benefits to salary (additional benefits such as health, life, or disability plans), so long as the benefits are other than mandated by State law or regulation;
 3. Payment of tax consequences for benefits provided by the employer so long as they constitute an adjustment or increase in salary and not a “reimbursement of expenses”;
 4. Payout of vacation leave so long as such payouts are permitted by applicable law and regulation;
 5. Employee contributions to eligible deferred compensation plans; and
 6. Effective July 1, 2009, payment of military differential wages.

authorized representatives who are assisting the Retirement Systems Division staff of records, activities, actions, or decisions by employers or other affiliated or associated entities having an impact on a Retirement System or benefits administered by the Board of Trustees. Notice, at minimum, shall consist of notification of the open enrollment period and the consequences of failure to respond within the specified time frames, informational materials explaining the benefit program and the associated costs, and a preprinted personalized enrollment application to facilitate the enrollment process indicating each individual retiree’s contribution rate. The contribution rate for retirees electing coverage during the open enrollment period shall be increased by eleven and one-tenth percent (11.1%) the rate established for retirees who elected coverage when first eligible, at retirement. Editor’s Note.

Subdivision (7a)a, (7a)b, and (7a)c designations were added by the Revisor of Statutes.

At the direction of the Revisor of Statutes, subdivisions (7b) and (7c), as enacted by Session Laws 2011-92, s. 1, were redesignated as subdivisions (11b) and (18a), respectively, and former subdivision (11b) was redesignated as subdivision (11c).

Session Laws 1999-167, which in ss. 1 and 2 added the second sentence of subsection (10), deleted the second sentence of subdivision (11) (which was subsequently reinserted by Session Laws 1999-456, s. 37), and added the last sentence of subdivision (11), provided in s. 3 that the Board of Trustees of the North Carolina Local Governmental Employees’ Retirement System through the Office of the Attorney General was to request a letter of determination or ruling from the Internal Revenue Service as to whether the status of the North Carolina Local Governmental Employees’ Retirement System as a governmental plan would be adversely affected by the participation of employees affected by this legislation. The request was to be made no later than 30 days after the effective date of the act, June 8, 1999, and fire departments affected by this legislation were to be eligible for participation in the North Carolina Local Governmental Employees’ Retirement System upon the first day of the calendar quarter following receipt of a favorable letter of determination or ruling. An unfavorable determination was received.

Session Laws 2009-378, s. 2, applicable to local government furloughs on and after January 1, 2009, and before July 1, 2010, provides: “Notwithstanding any other provision of law and upon the

one-time irrevocable election of the employer as defined in G.S. 128-21(11), a public employee on a furlough who is a member of the Local Governmental Employees' Retirement System administered by the Retirement Systems Division of the Department of State Treasurer shall be considered in active service during any period of furlough and shall be entitled to all of the same benefits to which the employee was entitled on the workday immediately preceding the furlough. The member shall suffer no diminution of retirement average final compensation based on being on furlough, and the retirement average final compensation shall be calculated based on the undiminished compensation. During a furlough period, the employer who opts for this provision shall pay both employee and employer contributions to the Retirement Systems Division on behalf of the furloughed employee as though the employee were in active service. Notwithstanding the definition of 'compensation' in G.S. 128-21(7a), any employer who elects to cover its furloughed employees through this provision shall be entitled to include earnings lost due to furloughs taken after January 1, 2009, and before July 1, 2009, in the reported compensation and contributions for either July or August, 2009. Any compensation and contributions lost due to furloughs must be reported to the Retirement Systems Division within 90 days of the beginning of the period in which the compensation and contributions will be included."

Session Laws 2011-92, s. 1, which added subdivisions (11b) and (18a), is applicable to beneficiaries of firefighters and rescue squad workers killed in the line of duty on or after July 1, 2011.

Session Laws 2011-144, s. 1, provides: "Johnston Memorial Hospital Authority may elect to discontinue its participation as an employer in the Local Governmental Employees' Retirement System as defined in G.S. 128-21 for any and all employees hired on or after October 1, 2011. Johnston Memorial Hospital Authority's Board of Trustees shall communicate their decision and provide to the Retirement Systems Division of the State Treasurer's Office copies of any Board action relating to this election. Johnston Memorial Hospital Authority will continue to report the payroll of employees and remit the employee and employer contributions on all employees employed as of September 30, 2011, until such time as none exist."

At the direction of the Revisor of Statutes, subdivision (5a) as added by Session Laws 2012-185, was redesignated as subdivision (4a) to maintain alphabetical order.

Subdivision (8a) as added by Session Laws 2014-97, s. 4(b), was redesignated as subdivision (7b) at the direction of the Revisor of Statutes to maintain alphabetical order.

At the direction of the Revisor of Statutes, subdivisions (10a)-(10c), as enacted by Session Laws 2015-164, s. 8, were redesignated as subdivisions (18a), (22b) and (22a), respectively, and former subdivision (18a) was redesignated as subdivision (18b).

At the direction of the Revisor of Statutes, in subdivision (18a), "subdivision (22b)" and "subdivision (22a)" were substituted for "subdivision (10b)" and "subdivision (10c)" respectively.

"(b) Whenever the medical board, as established under G.S. 128-28(l), 135-6(k), or 135-102(d), is required to make a determination or certification of eligibility for disability benefits, the Director of the Retirement Systems Division of the Department of State Treasurer, or the Director's designee, may make an interim determination or an interim certification that a member or beneficiary is eligible for disability benefits. The Director may not make a determination or certification that a member or beneficiary is not eligible for disability benefits.

"(c) The medical board shall review any interim determinations or interim certifications made in accordance with this section as soon as practicable and shall then make a final determination or final certification for disability benefits. If, subsequent to an interim determination or interim certification, the medical board makes a final determination that a member or beneficiary is not eligible for disability benefits, then any payment to that member or beneficiary shall cease and the determination shall be applied prospectively only so that the final deter-

mination will not require any refund by the member or beneficiary to the applicable retirement system or benefit plan for payments or benefits received during the interim period before the final determination is made.

“(d) This section is effective when it becomes law [May 4, 2020]. Subsection (b) of this section expires August 1, 2020. Discretionary Power to Participate in Retirement System. — Where a city has become an employer participating in the State Retirement System under authority conferred by this Article and by an act amending its charter, the repeal of the charter provision leaves its governing authorities with discretionary power to participate in the Retirement System under authority conferred by this Article, and mandamus will not lie to compel it to withdraw from the State Retirement System. *Laughinghouse v. City of New Bern*, 232 N.C. 596, 61 S.E.2d 802, 1950 N.C. LEXIS 600 (1950).

Credit Denied to a Self-Insured City for Disability Retirement Payments. — North Carolina Industrial Commission’s decision to deny a city credit for disability retirement payments that were made to an injured city em-

ployee from a public employee benefits program was not an abuse of discretion under G.S. 97-42 because the city and the employee jointly contributed to the plan, and competent evidence, in the form of testimony as to the funding of the disability benefits plan, existed to support the Commission’s findings of fact and conclusions of law. *Cox v. City of Winston-Salem*, 171 N.C. App. 112, 613 S.E.2d 746, 2005 N.C. App. LEXIS 1161 (2005).

Interest Accrual and Compounding. — Consistent with the purposes of G.S. 135-1(19) and subdivision (18) of this section, underpayments were found to accrue interest from the date they became due. Furthermore, court found that statutes entitled beneficiaries to interest, not only on the principle due, but also on the accrued or earned interest. *Faulkenbury v. Teachers’ & State Emples. Retirement Sys.*, 133 N.C. App. 587, 515 S.E.2d 743, 1999 N.C. App. LEXIS 615, writ denied, 351 N.C. 102, 540 S.E.2d 358, 1999 N.C. Actuarial Equivalent to Include Interest. — The actuarial value includes interest and there was no double recovery where the court was following

the definition of actuarial equivalent as prescribed by this section and included interest in the underpayment award. *Faulkenbury v. Teachers' & State Emps. Retirement Sys.*, 345 N.C. 683, 483 S.E.2d 422, 1997 N.C. LEXIS 188 (1997).

Postjudgment Interest Not Awardable Against State. — Retirees under the state and local government retirement system were not entitled to post-judgment interest on retroactive disability benefits, because the state retirement statutes contain no provision for the al-

lowance of such interest. *Faulkenbury v. Teachers' & State Employees' Retirement Sys.*, 132 N.C. App. 137, 510 S.E.2d 675, 1999 N.C. App. LEXIS 89 (1999).

Retirement Is Withdrawal Not Termination. — This statute explicitly defines retirement as a withdrawal from active service not as termination of employment. *Walker v. Board of Trustees*, 127 N.C. App. 156, 487 S.E.2d 839, 1997 N.C. App. LEXIS 764 (1997), *aff'd*, 348 N.C. 63, 499 S.E.2d 429, 1998 N.C. LEXIS 156 (1998).

§ 128-22. Name and date of establishment.

A Retirement System is hereby established and placed under the management of the Board of Trustees for the purpose of providing retirement allowances and other benefits under the provisions of this Article for employees of those counties, cities and towns or other eligible employers participating in the said Retirement System. Following the filing of the application as provided in G.S. 128-23(c), the Board shall set a date, effective the first day of a calendar quarter, not more than 90 days thereafter, as of which date participation of the employer may begin, which date shall be known as the date of participation for such employer: Provided, that in the judgment of the Board of Trustees an adequate number of persons have indicated their intention to participate; otherwise at such later date as the Board of Trustees may set.

This Retirement System is a governmental plan, within the meaning of Section 414(d) of the Internal Revenue Code. Therefore, the nondiscrimination rules of Sections 401(a)(5) and 401(a)(26) of the Code do not apply. This System shall have the power and privileges of a corporation and shall be known as the "North Carolina Local Governmental Employees' Retirement System," and by such name all of its business shall be transacted, all of its funds invested, and all of its cash and securities and other property held.

Consistent with Section 401(a)(1) of the Internal Revenue Code, all contributions from participating employers and participating employees to this Retirement System shall be made to funds held in trust through trust instruments that have the purposes of distributing trust principal and income to retired members and their beneficiaries and of paying other definitely determinable benefits under this Chapter, after meeting the necessary expenses of administering this Retirement System. Neither the trust corpus nor income from this trust can be used for purposes other than the exclusive benefit of members or their beneficiaries, except that employer contributions made to the trust under a good faith mistake of fact may be returned to an employer, where the refund can occur within less than one year after the mistaken contribution was made, consistent with the rule adopted by the Board of Trustees. The

Retirement System shall have a consolidated Plan document, consisting of Article V, Section 6(2) of the North Carolina Constitution, relevant statutory provisions in this Chapter, associated regulations in the North Carolina Administrative Code, substantive and procedural information on the official forms used by the Retirement System, and policies and minutes of the Board of Trustees.

The Local Governmental Employees'

§ 128-23. Acceptance by cities, towns and counties.

(a) Pursuant to the favorable vote of a majority of the employees of any incorporated city or town, the governing body may, by resolution legally adopted and approved by the Board of Trustees, elect to have its employees become eligible to participate in the Retirement System, and the said municipal governing body may make the necessary appropriation therefor and if necessary levy annually taxes for payment of the same.

(b) Pursuant to the favorable vote of a majority of the employees of the county, the board of commissioners of any county may, by resolution legally adopted and approved by the Board of Trustees, elect to have its employees become eligible to participate in the Retirement System. Each county is authorized to make appropriations for these purposes and to fund them by levy of property taxes as authorized by Article 7 of Chapter 153A of the General Statutes and by the allocation of other revenues whose use is not otherwise restricted by law.

(c) Any eligible employer desiring to participate in the Retirement System shall file with the Board of Trustees an application for participation under the conditions included in this Article on a form approved by the Board of Trustees. In such application the employer shall agree to make the contributions required of participating employers, to deduct from the salaries of employees who may become members the contributions required of members under this Article, and to transmit such contributions to the Board of Trustees. It shall also agree to make the employer's contributions for the participation in the Retirement System of all employees entering the service of the employer, after its participation begins, who shall become members.

(d) Such contributions as are made by employers shall be regarded as additions to the compensation of such employees as are members of the Retirement System and deducted therefrom for the purpose of making the employer's contribution, in addition to the deduction from the compensation of employees on account of member contributions.

(e) The agreement of such employer to contribute on account of its employees shall be irrevocable, but should an employer for any reason become financially unable to make the normal and accrued liability contributions payable on account of its employees, then such employer shall be deemed to be in temporary default. Such temporary default shall not relieve such employer from any liability for its contributions payable on account of its employees.

Notwithstanding anything to the contrary, the Retirement System shall not be liable for the payment of any pensions or other benefits on account of the employees or pensioners of any employer under this Article, for which reserves have not been previously created from funds contributed by such employer or its employees for such benefits.

(f) Effective January 1, 1955, there shall be three classes of employers to be designated Class A, Class B and Class C, respectively. Each employer whose date of participation occurs before July 1, 1951, shall be a Class A employer unless such an employer by written notice filed with the Board of Trustees on or before June 30, 1951, elected to be a Class B employer. Each employer whose date of participation occurs on or after July 1, 1951, but before January 1, 1955, shall be a Class A employer. Each employer whose date of participation occurs on or after January 1, 1955, shall be a Class C employer.

(g) Notwithstanding any other provisions of this Article, any employer who is not a participating employer and who employs law enforcement officers transferred from the Law Enforcement Officers' Retirement System to this Retirement System on January 1, 1986, or who employs law enforcement officers electing to become members of this Retirement System on and after January 1, 1986, shall be employers participating in this Retirement System as this participation pertains to their law enforcement officers. The election of membership in this Retirement System shall be at the sole discretion of law enforcement officers of participating employers described in this subsection.

(h) Notwithstanding any provision of this section, G.S. 128-21(11), or any other provision of law to the contrary, any board of alcoholic control that is not a participating employer in the Retirement System on June 30, 2021, is not eligible to participate in the Retirement System.

(i) Notwithstanding any provision of this section or G.S. 128-21(11), or any other provision of law to the contrary, any eligible employer that is not a taxing authority and is not a participating employer in the Retirement System on September 1, 2023, is not eligible to commence participation in the Retirement System without obtaining a surety as defined in rules adopted by the Board of Trustees. The rules adopted by the Board of Trustees shall address how an eligible employer that is not a taxing authority will cover a

withdrawal liability that could be incurred by the employer if the employer ceases participation in the Retirement System.

(d) Not later than May 15 of each calendar year, the Retirement Systems Division of the Department of State Treasurer shall notify all employers who were reported to the Board of Trustees as inactive employers. An employer reported as inactive may apply to extend its inactive period for up to one year by submitting to the Retirement System, on or before June 30 of the same calendar year, clear and convincing evidence satisfactory to the Retirement System of the

employer's intention to hire an employee in a position qualifying for membership service in the Retirement System.

(e) Not later than July 31 of each calendar year, the Board of Trustees shall determine whether to grant any applications to extend the period of an employer's inactive status.

(f) On October 1 of each calendar year, any employer included in the most recent report of inactive employers provided to the Board of Trustees that has not resumed reporting eligible employees and has not had its inactive status extended by the Board shall cease participation in the Retirement System according to the procedure and payment requirements of subsection (i) of G.S. 128-30, with a complete withdrawal date of October 1.

§ 128-24. Membership.

The membership of this Retirement System shall be composed as follows:

- (1) All employees entering or reentering the service of a participating employer after the date of participation in the Retirement System of the employer. On and after July 1, 1965, new extension service employees excluded from coverage under Title II of the Social Security Act in the employ of a county participating in the Local Governmental Employees' Retirement System are hereby excluded from participation in the Teachers' and State Employees' Retirement System to the extent of that part of their compensation derived from a county; provided that on and after July 1, 1965, new extension service employees excluded from coverage under Title II of the Social Security Act who are required to accept a federal Civil Service appointment may elect in writing on a form acceptable to the Retirement System, to be excluded from the Teachers' and State Employees' Retirement System and the local Retirement System. At such time as Cooperative Agricultural Extension Service Employees excluded from coverage under Title II of the Social Security Act become covered by Title II of the Social Security Act, such employees shall no longer be covered by the provisions of this section, provided no accrued rights of these employees under this section

prior to coverage by Title II of the Social Security Act shall be diminished.

- (1a) A member shall cease to be a member only if the member withdraws his or her accumulated contributions, or becomes a beneficiary, or dies.
- (1b) A participating employer is prohibited from imposing a waiting period on any employees who are otherwise eligible to become members of the Retirement System.
- (2) All persons who are employees of a participating county, city, or town except those who shall notify the Board of Trustees in writing, on or before 30 days following the date of participation in the Retirement System by such county, city or town: Provided, further, that employees of county social services and health departments whose compensation is derived from federal, State, and local funds may be members of the North Carolina Local Governmental Employees' Retirement System to the full extent of their compensation. Any member on or after July 1, 1969, and prior to January 1, 2023, may deposit in the annuity savings fund by a single payment the contributions plus interest which would have been credited to his account had he not signed a nonelection blank, and be entitled to such membership service credits and any prior service credits which became void upon execution of such nonelection blank; provided that the employer will pay the appropriate matching contributions.

On and after January 1, 2023, the member shall purchase this service by paying a lump sum amount to the annuity savings fund equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees upon the advice of the consulting actuary. Subject to the requirements of this subsection, an employer may pay all or part of the cost of a service purchase of a member in service. To the extent that the purchase is paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund. To the extent that the purchase is paid by the member, the cost paid by the member shall be credited to the member's annuity savings account provided, however, that an employer does not discriminate against any employed member or group of employed members in paying all or any part of the cost of the membership service.

- (3) Effective January 1, 1955, there shall be three classes of members, to be designated Class A, Class B and Class C respectively. Each member who is an employee of a Class A employer shall be a Class A member; each member who is an employee of a Class B employer shall be a Class B member; and each member who is an employee of a Class C employer shall be a Class C member.
- (3a) Repealed by Session Laws 1981 (Regular Session, 1982), c. 1396, s. 1.
- (4) The provisions of this subdivision (4) shall apply to any member whose retirement became effective prior to July 1, 1965, and became entitled to benefits hereunder in accordance with the provisions hereof. Such benefits shall be computed in accordance with the provisions of G.S. 128-27(b1) as in effect at the date of such separation from service.
 - a. Notwithstanding any other provision of this Chapter, any member who separates from service prior to the time he shall have attained the age of 60 years, or if a uniformed policeman or fireman prior to the time he shall have attained the age of 55 years, for any reason other than death or retirement for disability as provided in G.S. 128-27(c), after completing 20 or more years of creditable service, and who leaves his total accumulated contributions in the Retirement System, shall have the right to retire on a deferred retirement allowance upon the date he shall have attained the age of 60 years, or if a uniformed policeman or fireman upon the date he shall have attained the age of 55 years; provided that such member may retire only upon electronic submission or written application to the Board of Trustees setting forth at what time, not less than 30 days nor more than 120 days next following the date of filing such application, he desires to be retired. Such deferred retirement allowance shall be computed in accordance with the provisions of G.S. 128-27(b), paragraphs (1), (2) and (3).
 - b. In lieu of the benefits provided in paragraph a of this subdivision (4), any member who separates from service prior to the time he shall have attained the age of 60 years, or if a uniformed policeman or fireman prior to the time he shall have attained the age of 55 years, for any reason other than death or retirement for disability as provided in G.S. 128-27(c), after completing 30 or more years of creditable service, and who leaves his total accumulated contributions in the Retirement System, may elect to retire on an early

retirement allowance; provided that such a member may so retire only upon electronic submission or written application to the Board of Trustees setting forth at what time, not less than 30 days nor more than 120 days next following the date of filing such application, he desires to be retired; provided further that such application shall be duly filed within 60 days following the date of such separation. Such early retirement allowance so elected shall be the actuarial equivalent of the deferred retirement allowance otherwise payable at the attainment of age 60 years, or if a uniformed policeman or fireman at the attainment of age 55 years, upon proper application therefor.

- c. Should an employee who retired on an early or service retirement allowance be restored to service prior to the time he shall have attained the age of 62 years, or if a uniformed policeman or fireman prior to the time he shall have attained the age of 55 years, his allowance shall cease, he shall again become a member of the Retirement System, and he shall contribute thereafter at the uniform contribution rate for his class member. Upon his subsequent retirement, he shall be entitled to an allowance not less than the allowance described in 1 below reduced by the amount in 2 below.
 1. The allowance to which he would have been entitled if he were retiring for the first time, calculated on the basis of his total creditable service represented by the sum of his creditable service at the time of his first retirement, and his creditable service after he was restored to service.
 2. The actuarial equivalent of the retirement benefits he previously received.
 - d. Should an employee who retired on an early or service retirement allowance be restored to service after the attainment of the age of 62 years, his retirement allowance shall be reduced to the extent necessary (if any) so that the sum of the retirement allowance at the time of retirement and earnings from employment by a unit of the Retirement System for any year (beginning January 1 and ending December 31) will not exceed the member's compensation received for the 12 months of service prior to retirement. Provided, however, that under no circumstances will the member's retirement allowance be reduced below the amount of his annuity as defined in G.S. 128-21(3).
- (5) The provisions of this subdivision (5) shall apply to any member whose membership is terminated on or after July

1, 1965, and who becomes entitled to benefits hereunder in accordance with the provisions hereof.

- a. Notwithstanding any other provision of this Chapter, any member who separates from service prior to the attainment of the age of 60 years for any reason other than death or retirement for disability as provided in G.S. 128-27(c), after completing 15 or more years of creditable service, and who leaves his total accumulated contributions in said System shall have the right to retire on a deferred retirement allowance upon attaining the age of 60 years; provided that such member may retire only upon electronic submission or written application to the Board of Trustees setting forth at what time, not less than one day nor more than 120 days subsequent to the execution and filing thereof, he desires to be retired; and further provided that in the case of a member who so separates from service on or after July 1, 1967, the aforestated requirement of 15 or more years of creditable service shall be reduced to 12 or more years of creditable service; and further provided that in the case of a member who so separates from service on or after July 1, 1971, or whose account is active on July 1, 1971, the aforestated requirement of 12 or more years of creditable service shall be reduced to five or more years of creditable service. Such deferred retirement allowance shall be computed in accordance with the service retirement provisions of this Article pertaining to a member who is not a law enforcement officer or eligible former law enforcement officer.
- b. In lieu of the benefits provided in paragraph a of this subdivision, any member who separates from service prior to the attainment of the age of 60 years, for any reason other than death or retirement for disability as provided in G.S. 128-27(c), after completing 20 or more years of creditable service, and who leaves his total accumulated contributions in said System may elect to retire on an early retirement allowance upon attaining the age of 50 years or at any time thereafter; provided that such member may so retire only upon electronic submission or written application to the Board of Trustees setting forth at what time, not less than one day nor more than 120 days subsequent to the execution and filing thereof, he desires to be retired. Such early retirement allowance so elected shall be equal to the deferred retirement allowance otherwise payable at the attainment of the age of 60 years reduced by the percentage thereof indicated below.

- b1. In lieu of the benefits provided in paragraphs a and b of this subdivision, any member who is a law enforcement officer at the time of separation from service prior to the attainment of the age of 50 years, for any reason other than death or disability as provided in this Article, after completing 15 or more years of creditable service in this capacity immediately prior to separation from service, and who leaves his total accumulated contributions in this System, may elect to retire on a deferred early retirement allowance upon attaining the age of 50 years or at any time thereafter; provided, that the member may commence retirement only upon electronic submission or written application to the Board of Trustees setting forth at what time, as of the first day of a calendar month, not less than one day nor more than 120 days subsequent to the execution and filing thereof, he desires to commence retirement. The deferred early retirement allowance shall be computed in accordance with the service retirement provisions of this Article pertaining to law enforcement officers.
- b2. In lieu of the benefits provided in paragraphs a and b of this subdivision, any member who is a law enforcement officer at the time of separation from service prior to the attainment of the age of 55 years, for any reason other than death or disability as provided in this Article, after completing five or more years of creditable service in this capacity immediately prior to separation from service, and who leaves his total accumulated contributions in this System may elect to retire on a deferred service retirement allowance upon attaining the age of 55 years or at any time thereafter; provided, that the member may commence retirement only upon electronic submission or written application to the Board of Trustees setting forth at what time, as of the first day of a calendar month not less than one

day nor more than 120 days subsequent to the execution and filing thereof, he desires to commence retirement. The deferred service retirement allowance shall be computed in accordance with the service retirement provisions of this Article pertaining to law enforcement officers.

- b3. **Deferred retirement allowance of members retiring on or after July 1, 1995.** — In lieu of the benefits provided in paragraphs a. and b. of this subdivision, any member who separates from service prior to attainment of age 60 years, after completing 20 or more years of creditable service, and who leaves his total accumulated contributions in said System, may elect to retire on a deferred retirement allowance upon attaining the age of 50 years or any time thereafter; provided that such member may so retire only upon electronic submission or written application to the Board of Trustees setting forth at what time, not less than one day nor more than 120 days subsequent to the execution and filing thereof, he desires to be retired. Such deferred retirement allowance shall be computed in accordance with the service retirement provisions of this Article pertaining to a member who is not a law enforcement officer or an eligible former law enforcement officer.
- c. Should a beneficiary who retired on an early or service retirement allowance be reemployed by, or otherwise engaged to perform services for, an employer participating in the Retirement System on a part-time, temporary, interim, or on fee-for-service basis, whether contractual or otherwise, and if such beneficiary earns an amount during the 12-month period immediately following the effective date of retirement or in any calendar year which exceeds fifty percent (50%) of the reported compensation, excluding terminal payments, during the 12 months of service preceding the effective date of retirement, or twenty thousand dollars (\$20,000), whichever is greater, as hereinafter indexed, then the retirement allowance shall be suspended as of the first day of the month following the month in which the reemployment earnings exceed the amount above, for the balance of the calendar year, except when the reemployment earnings exceed the amount above in the month of December, in which case the retirement allowance shall not be suspended. The retirement allowance of the beneficiary shall be reinstated as of January 1 of each year following suspension. The

amount that may be earned before suspension shall be increased on January 1 of each year by the percentage change between the December Consumer Price Index in the year prior to retirement and the December Consumer Price Index in the year most recently ended, calculated to the nearest tenth of a percent ($\frac{1}{10}$ of 1%), provided that this percentage change is positive.

- c1. Within 90 days of the end of each month in which a beneficiary is reemployed under the provisions of sub-subdivision c. of this subdivision, each employer shall provide a report for that month on each reemployed beneficiary, including the terms of the reemployment, the date of the reemployment, and the amount of the monthly compensation. If the required report is not received within the required 90 days, the Board may do any or all the following:
 1. Assess the employer with a penalty of ten percent (10%) of the compensation of the unreported reemployed beneficiaries during the months for which the employer did not report the reemployed beneficiaries, with a minimum penalty of twenty-five dollars (\$25.00). If after being assessed a penalty, an employer provides clear and convincing evidence that the failure to report resulted from a lack of oversight or some other event beyond the employer's control and was not a deliberate attempt to omit the reporting of reemployed beneficiaries, the Board may reduce the penalty to not less than two percent (2%) of the compensation of the unreported reemployed beneficiaries during the months for which the employer failed to report, with a minimum penalty of twenty-five dollars (\$25.00).
 2. Require the employer to reimburse the Retirement System for any retirement allowance paid to the beneficiary during a period when the allowance would have been suspended under sub-subdivision c. of this subdivision had the report been received within the required 90 days.
 3. Require the employer to pay any amounts that the beneficiary would have been required to pay to the Retirement System under sub-subdivision e. of this subdivision had the report been received within the required 90 days.Upon receipt by the employer of notice that any payment is due to the Retirement System under this sub-subdivision, the employer shall remit the

payment of the amount due to the Retirement System, in one lump sum, no later than 90 days from the date of the notice.

If an employer is required to make payments to the Retirement System under sub-sub-subdivision 2. or sub-sub-subdivision 3. of this sub-subdivision, then (i) the beneficiary shall have no obligation to reimburse the Retirement System for related amounts under sub-subdivisions c. or e. of this subdivision, (ii) the provisions of G.S. 128-31(b) relating to offsetting overpayments against payments made from the Retirement System to the member or beneficiary shall not apply, (iii) the Retirement System shall have no duty under G.S. 143-64.80 to pursue repayment of overpayments from the beneficiary, (iv) the overpayments shall not be considered a debt of the beneficiary under Chapter 105A of the General Statutes, and (v) the beneficiary's effective date of retirement shall be adjusted if the adjustment is required under sub-subdivision e. of this subdivision.

- d. Should a beneficiary who retired on an early or service retirement allowance be restored to service as an employee, then the retirement allowance shall cease as of the first day of the month following the month in which the beneficiary is restored to service and the beneficiary shall become a member of the Retirement System and shall contribute thereafter as allowed by law at the uniform contribution payable by all members.

Upon his subsequent retirement, he shall be paid a retirement allowance determined as follows:

1. For a member who earns at least three years' membership service after restoration to service, the retirement allowance shall be computed on the basis of his compensation and service before and after the period of prior retirement without restriction; provided, that if the prior allowance was based on a social security leveling payment option, the allowance shall be adjusted actuarially for the difference between the amount received under the optional payment and what would have been paid if the retirement allowance had been paid without optional modification. In the alternative, the member may receive a refund of the member's accumulated contributions for the period of service after restoration to service in accordance with G.S. 128-27(f).
2. For a member who does not earn three years' membership service after restoration to service,

the retirement allowance shall be equal to the sum of the retirement allowance to which he would have been entitled had he not been restored to service, without modification of the election of an optional allowance previously made, and the retirement allowance that results from service earned since being restored to service; provided, that if the prior retirement allowance was based on a social security leveling payment option, the prior allowance shall be adjusted actuarially for the difference between the amount that would have been paid for each month had the payment not been suspended and what would have been paid if the retirement allowance had been paid without optional modification. In the alternative, the member may receive a refund of the member's accumulated contributions for the period of service after restoration to service in accordance with G.S. 128-27(f), or the member may allow this new account to remain inactive.

- e. Should a beneficiary who retired on an early or service retirement allowance under this Chapter be reemployed by, or otherwise engaged to perform services for, an employer participating in the Retirement System on a part-time, temporary, interim, or on a fee for service basis, whether contractual or otherwise at any time during the month immediately following the effective date of retirement, then the option of the two listed below that has the lesser financial impact on the member, as determined by the Retirement System, shall be applied:
 1. The member's retirement shall be deemed effective the month after the last month the member performed services for a participating employer, and the member shall repay all retirement benefits paid up to the deemed effective date, provided the member thereafter has satisfied the one-month separation required by G.S. 128-21(19).
 2. The member shall make a lump-sum payment to the Retirement System equal to three times the amount of compensation earned during the month immediately following the effective date of retirement.
- (5a) Notwithstanding the provisions of paragraphs c and d of the subdivision (5) to the contrary, a beneficiary who was a beneficiary retired on an early or service retirement with the Law Enforcement Officers' Retirement System at the

time of the transfer of law enforcement officers employed by a participating employer and beneficiaries last employed by a participating employer to this Retirement System on January 1, 1986, and who also was a contributing member of this Retirement System on January 1, 1986, shall continue to be paid his retirement allowance without restriction and may continue as a member of this Retirement System with all the rights and privileges appendant to membership. Any beneficiary who retired on an early or service retirement allowance as an employee of any participating employer under the Law Enforcement Officers' Retirement System and becomes employed as an employee by an employer participating in the Retirement System after January 1, 1986, becomes subject to the provisions of G.S. 128-24(5)c. and G.S. 128-24(5)d. on and after January 1, 1989.

- (6) Employees of a sending agency participating in an intergovernmental exchange of personnel under the provisions of Article 10 of Chapter 126 shall remain members entitled to all benefits of the System provided that the requirements of Article 10 of Chapter 126 are met; provided further, that a member may retain membership status while serving as an assigned employee or employee on leave under the provisions of Article 10 of Chapter 126 for purposes of receiving the death benefit regardless of whether he and his employer are contributing to his account during the exchange period except that no duplicate benefits shall be paid.

Session Laws 2016-56, s. 10, is a severability clause.

Editor's Note.

Former G.S. 128-25 pertained to membership in the state retirement system.

§ 128-26. Allowance for service.

(a) Each person who becomes a member during the first year of his or her employer's participation, if and only if that participation begins prior to November 1, 2015, and who was an employee of the same employer at any time during the year immediately preceding the date of participation, shall file a detailed statement of all service rendered by him or her to that employer prior to the date of participation for which he or she claims credit.

A participating employer may allow prior service credit to any of its employees on account of: their earlier service to the aforesaid employer; or, their earlier service to any other employer as the term employer is defined in G.S. 128-21(11); or, their earlier service to any state, territory, or other governmental subdivision of the United States other than this State.

A participating employer may allow prior service credit to any of its employees on account of service, as defined in G.S. 135-1(23), to the State of North Carolina to the extent of such service prior to the establishment of the Teachers' and State Employees' Retirement System on July 1, 1941; provided that employees allowed such prior service credit pay in a total lump sum an amount calculated on the basis of compensation the employee earned when the employee first entered membership and the employee contribution rate at that time together with interest thereon from year of first membership to year of payment shall be one half of the calculated cost.

(a1) With respect to a member retiring on or after July 1, 1967, the governing board of a participating unit may allow credit for any period of military service in the Armed Forces of the United States if the person returned to the service of the person's employer within two years after having been not dishonorably discharged, or becoming entitled to be discharged, released, or separated from such the Armed Forces of the United States; provided that, notwithstanding the above provisions, any member having credit for not less than 10 years of otherwise creditable service may be allowed credit for such military services which are not creditable in any other governmen-

tal retirement system; provided further, that a member will receive credit for military service under the provisions of this paragraph only if the member submits satisfactory evidence of the military service claimed and the participating unit of which the member is an employee agrees to grant credit for such military service prior to January 1, 1972.

A member retiring on or after July 1, 1971, who is not granted credit for military service under the provisions of the preceding paragraph will be allowed credit for any period of qualifying service in the Armed Forces of the United States, as defined for purposes of reemployment rights under federal law, provided that the member was an employee as defined in G.S. 128-21(10) at the time the member entered military service, and either (i) the returning member is in service, with the employer by whom the member was employed when the member entered military service, for a period of not less than 10 years after the member is separated or released from that military service under other than dishonorable conditions or (ii) the following conditions are met, in the conjunctive:

- (1) The member did not, prior to leaving for military service, provide clear written notice of an intent not to return to work after military service.
- (2) The member was discharged from uniformed service and returned from the leave of absence for uniformed service to membership service in this system within the time limit mandated by federal law for reporting back to work.
- (3) The period of uniformed service, for which additional service credit is sought, has been verified by suitable documentation and is not eligible for receipt of benefits under any other retirement system or pension plan.
- (4) All service credit forfeited by a refund pursuant to the provisions of G.S. 128-27(f) has been purchased.

The uniformed service credit allowed under this subsection shall be limited to a maximum of five years unless otherwise specifically exempted from that durational limitation by federal law. The salary or compensation of such an employee during the period of qualifying military service shall be deemed to be that salary or compensation the employee would have received but for the period of service had the employee remained continuously employed, if the determination of that salary or compensation is reasonably certain. If the determination of the salary or compensation is not reasonably certain, then it shall be deemed to be that employee's average rate of compensation during the 12-month period immediately preceding the period of service.

Pursuant to 38 U.S.C. § 4318(b)(1), when a member who has been on military leave returns to work consistent with the provisions of this subsection concerning return to service within two years after the member's earliest eligibility for separation or release from

military service, then the member's employer must remit to the System all the employer and employee contributions for the full period of that member's military service.

(b) In no case shall more than one year of service be creditable for all service in one calendar year.

(c), (d) Repealed by Session Laws 2020-29, s. 1(b), effective June 19, 2020.

(e) Creditable service at retirement on which the retirement allowance of a member shall be based shall consist of the membership service rendered by the member since he or she last became a member, and also if the member has a prior service certificate which is in full force and effect, the amount of the service certified on the prior service certificate; and if the member has sick leave standing to the member's credit upon retirement on or after July 1, 1971, one month of credit for each 20 days or portion thereof, but not less than one hour; sick leave shall not be counted in computing creditable service for the purpose of determining eligibility for disability retirement or for a vested deferred allowance. Creditable service for unused sick leave shall be allowed only for sick leave accrued monthly during employment under a duly adopted sick leave policy and for which the member may be able to take credits and be paid for sick leave without restriction. However, in no instance shall unused sick leave be credited to a member's account at retirement if the member's last day of actual service is more than 365 days prior to the effective date of the member's retirement. Days of sick leave standing to a member's credit at retirement shall be determined by dividing the member's total hours of sick leave at retirement by the hours per month such leave was awarded under the employer's duly adopted sick leave policy as the policy applied to the member when the leave was accrued.

(e1) On and after January 1, 1986, the creditable service of a member who was a member of the Law Enforcement Officers' Retirement System at the time of the transfer of law enforcement officers employed by participating employers from that System to this Retirement System and whose accumulated contributions are transferred from that System to this Retirement System, includes service that was creditable in the Law Enforcement Officers' Retirement System; and membership service with that System is membership service with this Retirement System; provided, notwithstanding any provisions of this Article to the contrary, any inchoate or accrued rights of such a member to purchase creditable service for military service, withdrawn service and prior service under the rules and regulations of the Law Enforcement Officers' Retirement System may not be diminished and may be purchased as creditable service with this Retirement System under the same conditions that would have otherwise applied.

(f) Repealed by Session Laws 2020-29, s. 1(b), effective June 19, 2020.

(g) During periods when a member is on leave of absence and is receiving less than his full compensation, he will be deemed to be in service only if he is contributing to the Retirement System as provided in G.S. 128-30(b)(4). If he is so contributing, the annual rate of compensation paid to such employee immediately before the leave of absence began will be deemed to be the actual compensation rate of the employee during the leave of absence.

(h) Repealed by Session Laws 2021-57, s. 2.4(a), effective July 1, 2022.

(h1) Prior to January 1, 2023, any member may purchase creditable service for service as a member of the General Assembly not otherwise creditable under this section, provided the service is not credited in the Legislative Retirement Fund nor the Legislative Retirement System, and further provided the member pays a lump sum amount equal to the full cost of the additional service credits calculated on the basis of the assumptions used for the purposes of the actuarial valuation of the System's liabilities, taking into account the additional retirement allowance arising on account of the additional service credits commencing at the earliest age at which a member could retire on an unreduced retirement allowance as determined by the Board of Trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the Board of Trustees. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

(h2) Notwithstanding any provision of this Chapter to the contrary on and after January 1, 2023, any member in service with five or more years of membership service may purchase creditable service for service as a member of the General Assembly not otherwise creditable under this section, provided the service is not credited in the Legislative Retirement Fund nor the Legislative Retirement System, by paying a total lump sum payment. The amount of creditable service purchased under this subsection may not exceed a total of five years. The member shall purchase this service by paying a lump sum amount to the Annuity Savings Fund equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees upon the advice of the consulting actuary. Subject to the requirements of this subsection, an employer

may pay all or part of the cost of a service purchase of a member in service. To the extent that the purchase is paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund. To the extent that the purchase is paid by the member, the cost paid by the member shall be credited to the member's annuity savings account.

(i) Notwithstanding any other provision of this Chapter, on or before December 31, 2021, any person who withdrew his or her contributions in accordance with the provisions of G.S. 128-27(f) or 135-5(f) or the rules and regulations of the Law Enforcement Officers' Retirement System and who subsequently returns to service may, upon completion of five years of prior and current membership service, repay in a total lump sum any and all of the accumulated contributions previously withdrawn with interest compounded annually at the rate of six and one-half percent (6.5%) for each calendar year from the year of withdrawal to the year of repayment plus a fee to cover expense of handling which shall be determined by the Board of Trustees, and receive credit for the service forfeited at time of withdrawal(s). These provisions shall apply equally to retired members who had attained five years of prior and current membership service prior to retirement. The retirement allowance of a retired member who restores service under this subsection shall be increased the month following the month payment is received. The increase in the retirement allowance shall be the difference between the initial retirement allowance, under any optional allowance elected at the time of retirement, and the amount of the retirement allowance, under any optional allowance elected at the time of retirement, to which the retired member would have been entitled had the service not been previously forfeited, adjusted by any increases in the retirement accrual rate occurring between the member's date of retirement and the date of payment. The increase in the retirement allowance shall not include any adjustment for cost-of-living increases granted since the date of retirement.

(i1) North Carolina Withdrawn Service Purchased On and After January 1, 2022.— Notwithstanding any other provision of this Article to the contrary, on and after January 1, 2022, any member who withdrew his or her contributions in accordance with the provisions of G.S. 128-27(f) or G.S. 135-5(f) or the rules of the Law Enforcement Officers' Retirement System, and who subsequently returns to service and completes five years of membership service upon that return, while in service may purchase an amount of creditable service totaling the amount of the membership service associated with the withdrawn contributions, provided that the total of the creditable service purchased under this subsection may not exceed a total of five years. The member shall purchase this service by paying a lump sum amount to the Annuity Savings Fund equal to

the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees upon the advice of the consulting actuary. The calculation of the amount payable shall also include an administrative fee to be set by the Board.

Subject to the requirements of this subsection, an employer may pay all or part of the cost of a service purchase of a member in service. To the extent that the purchase is paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund. To the extent that the purchase is paid by the member, the cost paid by the member shall be credited to the member's annuity savings account.

(j) Repealed by Session Laws 1987, c. 617, s. 3.

(j1) Notwithstanding any other provision of this Chapter, any member and any retired member as herein described may purchase creditable service for service in the Armed Forces of the United States, not otherwise allowed, by paying a total lump sum payment determined as follows:

- (1) For members who completed 10 years of membership service, and retired members who completed 10 years of membership service prior to retirement, and whose membership began on or prior to January 1, 1988, and who make such purchase within three years after first becoming eligible, the cost shall be an amount equal to the monthly compensation the member earned when the member first entered membership service times the employee contribution rate at that time times the months of service to be purchased multiplied by a factor equivalent to the investment return assumptions determined by the Board of Trustees, compounded annually, from the initial year of membership to the year of payment so as to equal one-half of the cost of allowing such service, plus an administrative fee to be set by the Board of Trustees.
- (2) For members who complete five years of membership service, and retired members who complete five years of membership service prior to retirement, and eligible members and retired members covered by paragraph (1) of this subdivision, whose membership began on or before January 1, 1988, but who did not or do not make such purchase within three years after first becoming eligible, the cost shall be an amount equal to the full liability of the service credits calculated on the basis of the assumptions used for

the purposes of the actuarial valuation of the System's liabilities and shall take into account the retirement allowance arising on account of the additional service credits commencing at the earliest age at which the member could retire on an unreduced allowance, as determined by the Board of Trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the Board of Trustees. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the term "full liability" includes assumed post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service retirement allowance.

Creditable service allowed under this subdivision shall be only for the initial period of "active duty", as defined in 38 U.S. Code Section 101(21), in the Armed Forces of the United States up to the date the member was first eligible to be separated and released and for subsequent periods of "active duty", as defined in 38 U.S. Code Section 101(21), as required by the Armed Forces of the United States up to the date of first eligibility for separation or release, but shall not include periods of active duty in the Armed Forces of the United States creditable in any other retirement system except the National Guard or any reserve component of the Armed Forces of the United States, and shall not include periods of "active duty for training", as defined in 38 U.S. Code Section 101(22), or periods of "inactive duty training", as defined in 38 U.S. Code Section 101(23), rendered in any reserve component of the Armed Forces of the United States. Provided, creditable service may be allowed only for active duty in the Armed Forces of the United States of a member that resulted in a general or honorable discharge from duty. The member shall submit satisfactory evidence of the service claimed. For purposes of this subsection, membership service may include any membership or prior service credits transferred to this Retirement System pursuant to G.S. 128-24.

(j2) Notwithstanding any other provision of this Chapter, on or before December 31, 2021, any member and any retired member as herein described may purchase creditable service previously rendered to the federal government or to any state, territory, or other governmental subdivision of the United States other than this State by paying a total lump-sum payment determined as follows:

- (1) For members who completed 10 years of prior and current membership service, and retired members who completed 10 years of prior and current membership service prior to retirement, and whose membership began on or before January 1, 1988, and who make such purchase within three years after first becoming eligible, the cost shall be an amount equal to the monthly compensation the member

earned when the member first entered membership service, times the employee contribution rate at that time, times the months of service to be purchased, times two, multiplied by a factor equivalent to the investment return assumptions determined by the Board of Trustees, compounded annually, from the initial year of membership to the year of payment so as to equal the full cost of allowing such service, plus an administrative fee to be set by the Board of Trustees.

- (2) For members who complete five years of prior and current membership service, and retired members who complete five years of prior and current membership service prior to retirement, and eligible members and retired members covered by subdivision (1) of this subsection, whose membership began on or before January 1, 1988, but who did not or do not make such purchase within three years after first becoming eligible, the cost shall be an amount equal to the full liability of the service credits calculated on the basis of the assumptions used for the purposes of the actuarial valuation of the System's liabilities and shall take into account the retirement allowance arising on account of the additional service credits commencing at the earliest age at which the member could retire on an unreduced allowance, as determined by the Board of Trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the Board of Trustees. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the term "full liability" includes assumed postretirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service retirement allowance. Notwithstanding the requirement of five years of current membership service, a member whose membership began prior to the service the member desires to purchase shall be eligible to purchase creditable service under this subdivision upon returning to service as an employee upon completion of a total of five years of membership service and upon completion of one year of current membership service.

Current membership service shall mean membership service earned since the service previously rendered to any state, territory, or other governmental subdivision of the United States other than this State. Creditable service under this subsection shall be allowed only at the rate of one year of out-of-state service for each year of service in this State, with a maximum allowable of 10 years of out-of-state service. Such service is limited to full-time service which would be allowable under the laws governing this System. Credit will be allowed only if no benefit is allowable in another public retirement system as a result of the service.

(j3) Notwithstanding any provision of this Article to the contrary, on and after January 1, 2022, any member in service with five or more years of membership service may purchase creditable service previously rendered to the federal government or to any state, territory, or other governmental subdivision of the United States other than this State by paying a total lump sum payment. The amount of creditable service purchased under this subsection may not exceed a total of five years. The member shall purchase this service by paying a lump sum amount to the Annuity Savings Fund equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees upon the advice of the consulting actuary. The increases as set by the Board of Trustees upon the advice of the consulting actuary shall also include an administrative fee to be set by the Board.

Creditable service under this subsection shall be allowed only at the rate of one year of out-of-state service for each year of membership service in this State, with a maximum allowable of five years of out-of-state service. Such service is limited to full-time service that would be allowable under the laws governing this Retirement System. Credit will be allowed only if no benefit is allowable in another public retirement system as a result of the service.

Subject to the requirements of this subsection, an employer may pay all or part of the cost of a service purchase of a member in service. To the extent that the purchase is paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund. To the extent that the purchase is paid by the member, the cost paid by the member shall be credited to the member's annuity savings account.

(k) Notwithstanding any language to the contrary of any provision of this section, or of any repealed provision of this section that was repealed with the inchoate and accrued rights preserved, all repayments and purchases of service credits, allowed under the provisions of this section or of any repealed provision of this section that was repealed with inchoate and accrued rights preserved, must be made within three years after the member first becomes eligible to make such repayments and purchases. Any member who does not repay or purchase service credits within said three years after first eligibility to make such repayments and purchases may, under the same conditions as are otherwise required, repay or purchase service credits provided that the repayment or purchase equals the full cost of the service credits calculated on the basis of the

assumptions used for purchases of the actuarial valuation of the System's liabilities and shall take into account the additional retirement allowance arising on account of such additional service credit commencing at the earliest age at which such member could retire on an unreduced retirement allowance as determined by the Board of Trustees upon the advice of the consulting actuary. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance. Notwithstanding the foregoing, on and after January 1, 2003, the provisions of this subsection shall not apply to the repayment of contributions withdrawn pursuant to subsection (i) of this section.

(l) Notwithstanding any other provision of this Chapter, any member may purchase creditable service for periods of employer approved leaves of absence when in receipt of benefits under the North Carolina Workers' Compensation Act. This service shall be purchased by paying a cost calculated in the following manner:

(1) **Leaves of Absence Terminated Prior to July 1, 1983.** —

The cost to a member whose employer approved leave of absence, when in receipt of benefits under the North Carolina Workers' Compensation Act, terminated upon return to service prior to July 1, 1983, shall be a lump sum amount payable to the Annuity Savings Fund equal to the full liability of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the system's liabilities, and shall take into account the retirement allowance arising on account of the additional service credit commencing at the earliest age at which the member could retire on an unreduced retirement allowance, as determined by the board of trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the Board of Trustees. Notwithstanding the foregoing provisions of this subdivision that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

(2) **Leaves of Absence Terminating On and After July 1, 1983.** — The cost to a member whose employer approved leave of absence, when in receipt of benefits under the North Carolina Workers' Compensation Act, terminates on and after July 1, 1983, shall be a lump sum amount due and payable to the Annuity Savings Fund within six months

from end of the leave of absence equal to the total employee and employer percentage rates of contribution in effect at the time of purchase and based on the annual rate of compensation of the member immediately prior to the leave of absence; Provided, however, the cost to a member whose amount due is not paid within six months from the end of the leave of absence shall be the amount due plus one percent (1%) per month penalty for each month or fraction thereof the payment is made beyond the six-month period.

Whenever the creditable service purchased pursuant to this subsection is for a period that occurs during the four consecutive calendar years that would have produced the highest average annual compensation pursuant to G.S. 128-21(5) had the member not been on leave of absence without pay, then the compensation that the member would have received during the purchased period shall be included in calculating the member's average final compensation. In such cases, the compensation that the member would have received during the purchased period shall be based on the annual rate of compensation of the member immediately prior to the leave of absence.

In the case of a law enforcement officer electing to purchase service under this section who is in receipt of benefits under the North Carolina Workers' Compensation Act due to serious bodily injury suffered in the line of duty as a result of an intentional or unlawful act of another, as certified by the head of the employing law enforcement agency, and whose approved leave of absence terminates on or before a return to service on and after August 1, 2006, the employer percentage rate of contribution payable under subdivision (2) of this subsection shall be made by the employer that granted the leave of absence. The cost to the law enforcement officer shall be reduced by the amount paid by the employer. For purposes of this subsection, "serious bodily injury" means bodily injury that creates a substantial risk of death, or that causes serious permanent disfigurement, coma, a permanent or protracted condition that causes extreme pain, or permanent or protracted loss or impairment of the function of any bodily member or organ, or that results in prolonged hospitalization.

Nothing in this subsection prevents an employer from voluntarily paying all or a part of the employee portion of the total cost of the service credit purchased, and the employer does not discriminate against any eligible law enforcement officer in this subsection employed by the employer by paying that portion of cost. To the extent paid by the employer, the employee portion paid by the employer shall be credited to the Pension Accumulation Fund; to the extent paid by the member, the employee portion paid by the member shall be credited to the member's annuity savings account. A member shall pay any part of the employee portion of the total cost not paid by the employer.

(m) **Omitted Membership Service.** — A member who had service as an employee as defined in G.S. 135-1(10) and G.S. 128-21(10) or as a teacher as defined in G.S. 135-1(25) and who was omitted from contributing membership through error may be allowed membership service, after submitting clear and convincing evidence of the error, as follows:

- (1) within 90 days of the omission, by the payment of employee and employer contributions that would have been paid; or
- (2) after 90 days and prior to three years of the omission, by the payment of the employee and employer contributions that would have been paid plus interest compounded annually at a rate equal to the greater of the average yield on the pension accumulation fund for the preceding calendar year or the actuarial investment rate-of-return assumption, as adopted by the Board of Trustees; or
- (3) after three years of the omission, by the payment of an amount equal to the full cost of the service credits calculated on the basis of the assumptions used for the purposes of the actuarial valuation of the System's liabilities, and shall take into account the additional retirement allowance arising on account of such additional service credit commencing at the earliest age at which a member could retire on an unreduced retirement allowance, as determined by the Board of Trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the Board of Trustees. Notwithstanding the foregoing provisions of this subdivision that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

Nothing contained in this subsection shall prevent an employer or member from paying all or a part of the cost of the omitted membership service; and to the extent paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund; and to the extent paid by the member, the cost paid by the members shall be credited to the member's annuity savings account; provided, however, an employer does not discriminate against any member or group of members in his employ in paying all or any part of the cost of the omitted membership service. In the event an employer pays all or a part of the full actuarial cost as determined in subdivision (3) of this subsection, the employer may, at its option, pay such amount either in a lump sum or by increasing its "accrued liability contribution" for the remainder of its accrued liability period. In the event an employer has satisfied its accrued liability contribution, the employer may amortize its portion of the full

actuarial cost over a period not to exceed ten years. The expense of making an actuarial valuation to determine the accrued liability contribution or the additional accrued liability contribution, required to amortize the portion of the full actuarial cost paid by the employer, shall be paid by the employer in a lump sum at the time of the actuarial valuation.

(n) Repealed by Session Laws 2002-153, s. 3, effective January 1, 2003.

(o) Repealed by Session Laws 2021-57, s. 2.4(a), effective July 1, 2022.

(p) Repealed by Session Laws 2020-29, s. 1(b), effective June 19, 2020.

(p1) **Part-Time Service Credit.**— Notwithstanding any other provision of this Article to the contrary, any member in service with five or more years of membership service may purchase service previously rendered as a part-time teacher or employee of an employer, as defined in G.S. 135-1(11) or G.S. 128-21(11), except the following service may not be purchased:

- (1) Part-time service rendered as a bus driver to a public school while a full-time high school student.
- (2) Temporary or part-time service rendered while a full-time student in pursuit of a degree or diploma in a degree-granting program, unless that service was rendered on a permanent part-time basis and required at least 20 hours of service per week.

Payment for service purchased under this subsection shall be made in a single lump sum in an amount calculated by applying the ratio of actual gross compensation earned as a part-time employee to the gross compensation that would have been earned as a full-time employee to the period of service rendered in months. The member shall purchase this service by paying a lump sum amount to the Annuity Savings Fund equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees upon the advice of the consulting actuary. The calculation of the amount payable shall also include an administrative fee to be set by the Board.

The Board of Trustees shall adopt rules regarding how much service in any year, as based on compensation, is equivalent to one year of service in proportion to earnable compensation, but in no case shall more than one year of service be creditable for all service in one year. Service rendered for the regular school year in any district shall be equivalent to one year of service.

Subject to the requirements of this subsection, an employer may pay all or part of the cost of a service purchase of a member in service. To the extent that the purchase is paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund. To the extent that the purchase is paid by the member, the cost paid by the member shall be credited to the member's annuity savings account.

(q) Credit at Full Cost for Probationary Employment Purchased On or Before December 31, 2021.— Notwithstanding any other provision of this Chapter, on or before December 31, 2021, a member may purchase creditable service, prior to retirement, for employment with an employer as defined in this Article when considered to be in a probationary or employer imposed waiting period status and thereby not regularly employed, between date of employment and date of membership service with the retirement system, provided that the employer or former employer of such a member has revoked this probationary employment or waiting period policy.

Provided, the member shall purchase this service by making a lump sum amount payable to the Annuity Savings Fund equal to the full liability of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the liabilities of the retirement system, and the calculation of the amount payable shall take into account the retirement allowance arising on account of the additional service credit commencing at the earliest age at which the member could retire on an unreduced retirement allowance, as determined by the Board of Trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the Board of Trustees. In no instance shall the amount payable be less than the contributions a member would have made during the employment plus four percent (4%) interest compounded annually.

Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the terms “full cost”, “full liability”, and “full actuarial cost” include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

Nothing contained in this subsection shall prevent an employer or member from paying all or a part of the cost of the probationary employment; and to the extent paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund; and to the extent paid by the member, the cost paid by the member shall be credited to the member's annuity savings account; provided, however, an employer does not discriminate against any member or group of members in its current employ in paying all or any part of the cost of the probationary employment. In the event an employer

pays all or a part of the full actuarial cost, the employer may, at its option, pay such amount either in a lump sum or by increasing its “accrued liability contribution” for the remainder of its accrued liability period. In the event an employer has satisfied its accrued liability contribution, the employer may amortize its portion of the full actuarial cost over a period not to exceed 10 years. The expense of making an actuarial valuation to determine the accrued liability contribution or the additional accrued liability contribution, required to amortize the portion of the full actuarial cost paid by the employer, shall be paid by the employer in a lump sum at the time of the actuarial valuation.

(q1) Credit at Full Cost for Probationary Employment Purchased On or After January 1, 2022.— Notwithstanding any other provision of this Chapter, on and after January 1, 2022, a member in service with five or more years of service may purchase creditable service for employment with an employer as defined in this Article when considered to be in a probationary or employer-imposed waiting period status and thereby not regularly employed between date of employment and date of membership service with the retirement system. The amount of creditable service purchased under this subsection may not exceed five years.

The member shall purchase this service by paying a lump sum amount to the Annuity Savings Fund equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees upon the advice of the consulting actuary. The increases as set by the Board of Trustees upon the advice of the consulting actuary shall also include an administrative fee to be set by the Board.

Subject to the requirements of this subsection, an employer may pay all or part of the cost of a service purchase of a member in service. To the extent that the purchase is paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund. To the extent that the purchase is paid by the member, the cost paid by the member shall be credited to the member’s annuity savings account.

(r) Credit at Full Cost for Temporary Government Employment.— Notwithstanding any other provisions of this Chapter, any member in service with five or more years of membership service may purchase creditable service for government employment when classified as a temporary employee subject to all the following conditions:

- (1) The member was employed by an employer as defined in G.S. 128-21(11) or G.S. 135-1(11).
- (2) The member's temporary employment met all other requirements of G.S. 128-21(10), or G.S. 135-1(10) or (25).
- (3) The member has completed five years or more of membership service.
- (4) The member has acquired from the employer such certifications of temporary employment as are required by the Board of Trustees.

The amount of creditable service purchased under this subsection may not exceed a total of five years. A member shall purchase this service by making a lump sum payment into the Annuity Savings Fund equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees upon the advice of the consulting actuary. The calculation of the amount payable shall also include an administrative fee to be set by the Board.

Subject to the requirements of this subsection, an employer may pay all or part of the cost of a service purchase of a member in service. To the extent that the purchase is paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund. To the extent that the purchase is paid by the member, the cost paid by the member shall be credited to the member's annuity savings account.

(s) Credit at Full Cost for Employment Not Otherwise Creditable.— Notwithstanding any other provisions of this Chapter, any member in service with five or more years of membership service may purchase creditable service for any employment as an employee, as defined in G.S. 128-21(10), of a local government employer not creditable in any other retirement system or plan, provided that the employer is, at the time of purchase, a participating employer in the Retirement System but was not a participating employer in the Retirement System at the time the service was rendered by the member. The amount of creditable service purchased under this subsection may not exceed a total of five years. A member shall purchase this service by making a lump sum payment into the Annuity Savings Fund equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on

an unreduced retirement allowance and (ii) assumed annual post-retirement allowance increases as set by the Board of Trustees upon the advice of the consulting actuary. The calculation of the amount payable shall also include an administrative fee to be set by the Board.

Subject to the requirements of this subsection, an employer may pay all or part of the cost of a service purchase of a member in service. To the extent that the purchase is paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund. To the extent that the purchase is paid by the member, the cost paid by the member shall be credited to the member's annuity savings account.

(t) Purchase of Service Credits Through Rollover Contributions From Certain Other Plans. — Notwithstanding any other provision of this Article, and without regard to any limitations on contributions otherwise set forth in this Article, a member, who is eligible to restore or purchase membership or creditable service pursuant to the provisions of G.S. 128-26, may, subject to such rules and regulations established by the Board of Trustees, purchase such service credits through rollover contributions to the Annuity Savings Fund from (i) an annuity contract described in Section 403(b) of the Internal Revenue Code, (ii) an eligible plan under Section 457(b) of the Internal Revenue Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state, (iii) an individual retirement account or annuity described in Section 408(a) or 408(b) of the Internal Revenue Code that is eligible to be rolled over and would otherwise be includible in gross income, or (iv) a qualified plan described in Section 401(a) or 403(a) of the Internal Revenue Code. Notwithstanding the foregoing, the Retirement System shall not accept any amount as a rollover contribution unless such amount is eligible to be rolled over to a qualified trust in accordance with applicable law and the member provides evidence satisfactory to the Retirement System that such amount qualifies for rollover treatment. Unless received by the Retirement System in the form of a direct rollover, the rollover contribution must be paid to the Retirement System on or before the 60th day after the date it was received by the member.

Purchase of Service Credits Through Plan-to-Plan Transfers. — Notwithstanding any other provision of this Article, and without regard to any limitations on contributions otherwise set forth in this Article, a member, who is eligible to restore or purchase membership or creditable service pursuant to the provisions of G.S. 128-26, may, subject to such rules and regulations established by the Board of Trustees, purchase such service credits through a direct transfer to the Annuity Savings Fund of funds from (i) an annuity contract described in Section 403(b) of the Internal Revenue Code or

(ii) an eligible plan under Section 457(b) of the Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state.

(u) **Purchase of Service Credits Through Plan-to-Plan Transfers.** — Notwithstanding any other provision of this Article, and without regard to any limitations on contributions otherwise set forth in this Article, a member, who is eligible to restore or purchase membership or creditable service pursuant to the provisions of G.S. 128-26, may, subject to such rules and regulations established by the Board of Trustees, purchase such service credits through a direct transfer to the Annuity Savings Fund of funds from (i) the Supplemental Retirement Income Plans A, B, or C of North Carolina or (ii) any other defined contribution plan qualified under Section 401(a) of the Internal Revenue Code which is maintained by the State of North Carolina, a political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state.

(u1) Expired.

(v) **Retroactive Membership Service.** — A member who is reinstated to service as an employee as defined in G.S. 128-21(10) retroactively to the date of prior involuntary termination with back pay and associated benefits may be allowed membership service, after submitting clear and convincing evidence of the reinstatement, payment of back pay, and restoration of associated benefits, as follows:

- (1) When the reinstatement to service is by court order and is:
 - a. Within 90 days of the involuntary termination, by the payment of employee and employer contributions that would have been paid; or
 - b. After 90 days of the involuntary termination, by the payment of the employee and employer contributions that would have been paid plus interest compounded annually at a rate equal to the greater of the average yield on the pension accumulation fund for the preceding calendar year or the actuarial investment rate-of-return assumption, as adopted by the Board of Trustees.
- (2) When the reinstatement to service is by settlement agreement voluntarily entered into by the affected parties, by the payment of a lump-sum amount. The member shall purchase this service by paying a lump sum amount to the annuity savings fund equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement

allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees upon the advice of the consulting actuary. The calculation of the amount payable shall also include an administrative fee to be set by the Board.

Subject to the requirements of this subsection, an employer may pay all or part of the cost of a service purchase of a member in service. To the extent that the purchase is paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund. To the extent the purchase is paid by the member, the cost paid by the member shall be credited to the member's annuity savings account; provided, however, that an employer does not discriminate against any employed member or group of employed members in paying all or any part of the cost of the retroactive membership service.

In the event a member received a return of accumulated contributions subsequent to an involuntary termination as provided in G.S. 128-27(f), the member may redeposit, within 90 days after reinstatement retroactive to the date of prior involuntary termination, in the annuity savings fund by single payment, an amount equal to the total amount the member previously withdrew plus regular interest and restore the creditable service forfeited upon receiving the return of accumulated contributions.

(w) If a member who is an elected government official and has not vested in this System on July 1, 2007, is convicted of an offense listed in G.S. 128-38.4 for acts committed after July 1, 2007, then that member shall forfeit all benefits under this System, except for a return of member contributions plus interest. If a member who is an elected government official and has vested in this System on July 1, 2007, is convicted of an offense listed in G.S. 128-38.4 for acts committed after July 1, 2007, then that member is not entitled to any creditable service that accrued after July 1, 2007, regardless of whether that creditable service was earned by virtue of membership in the System, accrued by conversion of sick leave at the point of the member's retirement, accrued by transfer of service from another retirement system, purchased by the member in accordance with this Article, or accrued by any other means. No member shall forfeit any benefit or creditable service earned from a position not as an elected government official. For purposes of this subsection, creditable service attributable to the conversion of sick leave accrues in this System on the date of retirement, service transferred to this System from another system accrues in this System on the effective date of the transfer, and purchased service accrues in this System on the date of the purchase.

(x) If a member who is in service and has not vested in this System on December 1, 2012, is convicted of an offense listed in G.S. 128-38.4A for acts committed after December 1, 2012, then that

member shall forfeit all benefits under this System, except for a return of member contributions plus interest. If a member who is in service and has vested in this System on December 1, 2012, is convicted of an offense listed in G.S. 128-38.4A for acts committed after December 1, 2012, then that member is not entitled to any creditable service that accrued after December 1, 2012, regardless of whether that creditable service was earned by virtue of membership in the System, accrued by conversion of sick leave at the point of the member's retirement, accrued by transfer of service from another retirement system, purchased by the member in accordance with this Article, or accrued by any other means. For purposes of this subsection, creditable service attributable to the conversion of sick leave accrues in this System on the date of retirement, service transferred to this System from another system accrues in this System on the effective date of the transfer, and purchased service accrues in this System on the date of the purchase.

(y) **Contribution-Based Benefit Cap Purchase Provision.** — If a member's retirement allowance is subject to an adjustment pursuant to the contribution-based benefit cap established in G.S. 128-27(a3), except as otherwise provided under this subsection, the retirement system shall notify the member and the member's employer that the member's retirement allowance has been capped. The retirement system shall compute and notify the member and the member's employer of the total additional amount the member would need to contribute in order to make the member not subject to the contribution-based benefit cap. This total additional amount shall be the actuarial equivalent of a single life annuity adjusted for the age of the member at the time of retirement, or when appropriate, the age at the time of the member's death that would have had to have been purchased to increase the member's benefit to the pre-cap level. If the member's employer did not report to the retirement system any compensation paid to the member during the period used to compute the member's average final compensation, the retirement system shall not notify the member's employer, but instead shall notify the employer or employers who reported compensation during the member's average final compensation period, with the notification for each such employer specifying that employer's share of the amount that would have had to have been purchased to increase the member's benefit to the pre-cap level, allocated proportionally to each employer based on the total amount of compensation to the member that each employer reported during the period used to compute the member's average final compensation. Except as otherwise provided in this subsection, the member shall have until 90 days after notification regarding this additional amount or until 90 days after the effective date of retirement, whichever is later, to submit a lump sum payment to the annuity savings fund in order for the retirement system to restore the

retirement allowance to the uncapped amount. Nothing contained in this subsection shall prevent an employer or former employer from paying all or part of the cost of the amount necessary to restore the member's retirement allowance to the pre-cap amount. Notwithstanding the requirement that the payment be made as a lump sum, and notwithstanding Chapter 150B of the General Statutes, the retirement system may allow an employer or former employer of a member who became a member before January 1, 2015, or who has not earned at least five years of membership service in the retirement system after January 1, 2015, to pay the additional amount required in this subsection over an extended period using one of the following three options:

- (1) **Option one.** — An installment payment plan ending no more than 15 months after the retirement of the member.
- (2) **Option two.** — An installment payment plan beginning no less than 90 days after the retirement of the member and ending no more than 27 months after the retirement of the member. Interest shall be assessed on the principal amount of the contribution-based benefit cap liability owed and applied to any installment payment plan term exceeding 12 months at a rate corresponding with the interest rate assumption based on the most recent actuarial valuation approved by the Board of Trustees.
- (3) **Option three.** — An adjustment to the required employer contribution rate for the employer as provided in G.S. 128-30(d)(4b).

Payment under the selected option must be completed regardless of whether the member continues to receive a recurring monthly retirement benefit through the end of the extended payment period. An employer's continuing compliance with a payment option selected from the three options above will be deemed payment of the employer's additional contribution required by this subsection for purposes of G.S. 128-30(b)(3).

Editor's Note.

Session Laws 1987, c. 617, s. 3 directed the deletion of the last paragraph of subsection (j). However, subsection (j) only contained one paragraph. Thus it would appear that the intent of the act was to delete all of subsection (j).

Session Laws 1987, c. 617, s. 5 provided, *inter alia*: "For the purposes of Section 3 of this act, members of the Retirement System who are members before January 1, 1988, shall retain all rights and privileges to purchase military and out-of-state service credits under the same conditions that existed prior to the effective date of that section."

Session Laws 1987, c. 617, s. 3, effective January 1, 1988, deleted the last paragraph of subsection (a), which, as amended by c. 617, ss. 1 and 4, read:

"Notwithstanding any other provision of this Chapter, members not otherwise allowed service credit for service in the armed forces of the United States may, upon completion of 10 years of prior and current membership service, purchase such service credit by paying in a total lump sum an amount, based on the compensation the member earned when he first entered membership and the employee contribution rate at that time, with sufficient interest added thereto so as to equal one half the cost of allowing such service, plus a fee to cover expense of handling payment to be determined by the Board of Trustees and assessed the member at the time of payment; provided that credit will be allowed only for the initial period of active duty in the armed forces of the United States up to the time the member was first eligible to be separated or released therefrom, and subsequent periods of such active duty as required by the armed forces of the United States up to the date of first eligibility for separation or release therefrom; and further provided that the member submit satisfactory evidence of the service claimed and that service credit be allowed only for that period of active service in the armed forces of the United States not creditable in any other retirement system, except the national guard or any reserve component of the armed forces of the United States. These provisions shall apply equally to retired members who had attained 10 years of prior and current membership service prior to retirement. Cost as used in this subsection shall mean the amount of money required to provide additional retirement benefits based on service credit

allowed at the time any adjustment to the service credit of a member is made."

Session Laws 1987, c. 617, s. 3, effective January 1, 1988, also deleted subsection (j), which, as amended by c. 617, ss. 2 and 4, read:

"(j) Notwithstanding any other provision of this Chapter, any member may, upon completion of 10 years of prior and current membership service, purchase credit for service previously rendered to any state, territory or other governmental subdivision of the United States other than this State at the rate of one year of out-of-state service for each two years of service in this State with a maximum allowable of 10 years of out-of-state service. Such service is limited to full-time service which would be allowable under the laws governing this System. Credit will be allowed only if no benefit is allowable in another public retirement system as the result of the service. Payment shall be permitted only on a total lump sum an amount, based on the compensation the member earned when he first entered membership and the employee contribution rate at that time and shall be equal to the full cost of providing credit for such service plus a fee to cover expense of handling which shall be determined by the Board of Trustees. These provisions shall apply equally to retired members who had attained 10 years of prior and current membership service prior to retirement. Cost as used in this subsection shall mean the amount of money required to provide additional retirement benefits based on service credit allowed at the time any adjustment to the service credit of an individual is made."

Session Laws 2002-71, which added subsections (t) and (u), in s. 9, provides, in part, that s. 3 of the act becomes effective January 1, 2003, except that G.S. 128-26(u), as enacted by s. 3, becomes effective the later of January 1, 2003, or the date upon which the Department of State Treasurer receives a ruling from the Internal Revenue Service approving the direct transfers provided for in that subsection. The Revisor of Statutes is informed that a favorable letter of determination has been received.

Session Laws 2006-29, s. 1, which amended subdivision (1)(2), is effective August 1, 2006, and applicable to members who return to service from an approved leave of absence on or after that date.

Session Laws 2009-392 added subsection (u1) to this section, and in s. 2

provided: “This act becomes effective July 1, 2009, and applies to nonqualified employment with an economic development organization performed on or before December 31, 2009. This act expires December 31, 2009, provided that any inchoate rights that may accrue to a member under this act shall not be diminished.”

Session Laws 2020-29, s. 1(k), provides: “For all service purchases that are required to have been made by December 31, 2021, the Retirement Systems Division of the Department of State Treasurer shall accept and process all service purchase request forms that are received by the Retirement Systems Division on or before December 31, 2021.”

Session Laws 2020-29, s. 10, is a severability clause.

Session Laws 2020-48, s. 6.1, is a severability clause.

Effect of Amendments.

Session Laws 2020-29, s. 1(b), effective June 19, 2020, rewrote the section.

Session Laws 2020-48, s. 4.4(c), (d), effective June 26, 2020, in subsections (w) and (x), added “regardless of whether that creditable service was earned by virtue of membership in the System, accrued by conversion of sick leave at the point of the member’s retirement, accrued by transfer of service from another retirement system, purchased by the member in accordance with this Article, or accrued by any other means” at the end of the second sentence, and added the last sentence.

Session Laws 2021-57, s. 2.4(a), effective July 1, 2022, deleted subsections (h) and (o).

Session Laws 2022-16, s. 2.2, effective July 1, 2022, substituted “credited” for “created” in the first sentence of subsection (h2).

CASE NOTES

“Creditable Service.” — Superior court erred in granting partial summary judgment awarding a sheriff a special separation allowance for 36 years of creditable service through two North Carolina retirement systems, state and local, because the sheriff was not a member of the state system when he retired where, prior to his retirement from the sheriff’s department, he began receiving retirement benefits from that system, and the sheriff was only entitled to credit for his 12 years of service under the local system where the county never issued the sheriff a prior service certificate, the sheriff never transferred membership of his state service to the local system, and the county never gave the sheriff credit for prior service. *Lovin v. Cherokee Cnty.*, 248 N.C. App. 527, 789 S.E.2d 869, 2016 N.C. App. LEXIS 818 (2016).

Forfeiture of Sick Leave. — Respondent was only able to convert her unused sick leave into creditable service time upon her retirement effective April

2017, and her retirement occurred after the effective forfeiture date of December 2012 in G.S.128-38.4A; respondent forfeited all 2.5833 years of creditable service converted from unused sick leave, not just the 1.25 years of creditable service forfeited after December 2012. *N.C. Dep’t of State Treasurer v. Riddick*, 274 N.C. App. 183, 852 S.E.2d 376, 2020 N.C. App. LEXIS 776 (2020).

Forfeiture of Vested Service. — Respondent worked for the North Carolina Department of Natural and Cultural Resources in an unelected position, and this vested and earned her creditable time in the retirement system, which she was allowed to transfer to another retirement system; respondent could not forfeit vested service she had already accrued as an unelected state official prior to her criminal acts. *N.C. Dep’t of State Treasurer v. Riddick*, 274 N.C. App. 183, 852 S.E.2d 376, 2020 N.C. App. LEXIS 776 (2020).

OPINIONS OF ATTORNEY GENERAL

The purchase of prior credit service for the period of July 10, 1984 and the enrollment in November, 1984 of several public safety officers would not give those officers five years’ service standing

to their credit as of August 12, 1989; therefore, they would not thereby have a right to receive their retirement benefits tax-free. See Opinion of Attorney General to Mr. Ralph D. Karpinos, Town

Attorney, Town of Chapel Hill, 2000 N.C.
AG LEXIS 12 (10/2/2000).

§ 128-26A. Reciprocity of creditable service with other State-administered retirement systems.

(a) Only for the purpose of determining eligibility for benefits accruing under this Article, creditable service standing to the credit of a member of the Legislative Retirement System, Consolidated Judicial Retirement System, or the Teachers' and State Employees' Retirement System shall be added to the creditable service standing to the credit of a member of this System; provided, that in the event a person is a retired member of any of the foregoing retirement systems, such creditable service standing to the credit of the retired member prior to retirement shall be likewise counted. In no instance shall service credits maintained in the aforementioned retirement systems be added to the creditable service in this System for application of this System's benefit accrual rate in computing a service retirement benefit unless specifically authorized by this Article.

(b) A person who was a former member of this System and who has forfeited his creditable service in this System by receiving a return of contributions and who has creditable service in the Legislative Retirement System, Consolidated Judicial Retirement System, or the Teachers' and State Employees' Retirement System may count such creditable service for the purpose of restoring the creditable service forfeited in this System under the terms and conditions as set forth in this Article and reestablish membership in this System.

(c) Creditable service under this section shall not be counted twice for the same period of time whether earned as a member, purchased, or granted as prior service credits.

History.

1989 (Reg. Sess., 1990), c. 1066, s.
35(b).

§ 128-27. Benefits.

(a) Service Retirement Benefits. —

- (1) Any member may retire upon electronic submission or written application to the Board of Trustees setting forth at what time, as of the first day of a calendar month, not less than one day nor more than 120 days subsequent to the execution and filing thereof, he desires to be retired: Provided, that the said member at the time so specified for his retirement shall have attained the age of 60 years and have at least five years of creditable service or shall have completed 30 years of creditable service, or if a firefighter or

rescue squad worker, he shall have attained the age of 55 years and have at least five years of creditable service.

- (2) Repealed by Session Laws 1983 (Regular Session, 1984), c. 1019, s. 1.
- (3) Repealed by Session Laws 1971, c. 325, s. 12.
- (4) Any member who was in service October 8, 1981, who had attained 60 years of age, may retire upon electronic submission or written application to the Board of Trustees setting forth at what time, as of the first day of a calendar month, not less than one day nor more than 120 days subsequent to the execution and filing thereof, he desires to be retired.
- (5) Any member who is a law enforcement officer and who (i) attains age 50 and completes 15 or more years of creditable service in this capacity, or (ii) attains age 55 and completes five or more years of creditable service in this capacity, or (iii) who has completed 25 years of creditable service with a minimum of 15 years of creditable service in a law enforcement capacity may retire upon electronic submission or written application to the Board of Trustees setting forth at what time, as of the first day of a calendar month, not less than one day nor more than 120 days subsequent to the execution and filing thereof, the member desires to be retired; provided, also, any member who has met the conditions required by this subdivision but does not retire, and later becomes an employee other than as a law enforcement officer, continues to have the right to commence retirement.

(a1) **Early Service Retirement Benefits.** — Any member may retire and receive a reduced retirement allowance upon electronic submission or written application to the Board of Trustees setting forth at what time, as of the first day of a calendar month, not less than one day nor more than 120 days subsequent to the execution and filing thereof, he desires to be retired: Provided, that the said member at the time so specified for his retirement shall have attained the age of 50 years and have at least 20 years of creditable service.

(a2) **Discontinued Service Retirement Allowance.** — A member whose employment with a participating employer is involuntarily terminated as a result of a termination event as defined in this subsection may be allowed a discontinued service retirement allowance, provided that the discontinued service retirement allowance is approved by the terminated member's participating employer, and provided that reemployment with that participating employer is not available to the member at the time of the termination event. For purposes of this section, "termination event" means termination of employment as a result of (i) the participating employer's cessation

of operations; (ii) the participating employer's dissolution; (iii) the merger of a participating employer with and into an unrelated entity, other than another participating employer; (iv) the acquisition of the participating employer by an unrelated entity, other than another participating employer; or (v) the determination by the participating employer that a reduction in force will accomplish economies in the participating employer's budget resulting from either the elimination of a job and its responsibilities or from lack of funds to support the job. Final action approving the discontinued service retirement allowance for a terminated member by the member's participating employer shall be taken in an open meeting.

Upon the occurrence of a termination event, and subject to the provisions of this subsection, an unreduced discontinued service retirement allowance, not otherwise allowed under this Chapter, may be approved for terminated members with 20 or more years of creditable service who are at least 55 years of age. Alternatively, upon the occurrence of a termination event, a discontinued service retirement allowance, not otherwise allowed under this Chapter, may be approved for terminated members with 20 or more years of creditable service who are at least 50 years of age, reduced by one-fourth of one percent ($\frac{1}{4}$ of 1%) for each month that retirement precedes the member's fifty-fifth birthday.

In cases in which a discontinued service retirement allowance is approved, the terminated member's employer shall be responsible for making a lump-sum payment to the Retirement System's Board of Trustees equal to the actuarial present value of the additional liabilities imposed upon the Retirement System, to be determined by the Retirement System's consulting actuary, as a result of the discontinued service retirement allowance, plus an administrative fee to be determined by the Board of Trustees. An employer shall not discriminate against any member or group of members employed by the employer in the approval or disapproval of a discontinued service retirement allowance.

(a3) **Anti-Pension-Spiking Contribution-Based Benefit Cap.** — Notwithstanding any other provision of this section, every service retirement allowance provided under this section for members who retire on or after January 1, 2015, is subject to adjustment pursuant to a contribution-based benefit cap under this subsection. The Board of Trustees shall adopt a contribution-based benefit cap factor recommended by the actuary, based upon actual experience, such that no more than three-quarters of one percent (0.75%) of retirement allowances are expected to be capped. The Board of Trustees shall modify such factors every five years, as shall be deemed necessary, based upon the five-year experience study as required by G.S. 128-28(o).

Prior to establishing a service retirement allowance under this section, the Board shall:

- (1) Determine an amount equal to the member's accumulated contributions as required under G.S. 128-30(b)(1) for all years during which the member earned membership service, other than service earned through armed service credit under G.S. 128-26(a1) or G.S. 128-26(j1), used in the calculation of the retirement allowance that the member would receive under this section.
- (2) Determine the amount of a single life annuity that is the actuarial equivalent of the amount determined under subdivision (1) of this subsection, adjusted for the age of the member at the time of retirement or, when appropriate, the age at the time of the member's death.
- (3) Multiply the annuity amount determined under subdivision (2) of this subsection by the contribution-based benefit cap factor.
- (4) Determine the amount of the retirement allowance that results from the member's membership service, to which the member would be entitled but for the adjustment under this subsection. This amount shall be calculated in the same manner as the member's service retirement allowance, with the following exceptions: The applicable percentage of the member's average final compensation shall be multiplied by the number of years of membership service, rather than the number of years of creditable service; the amount shall include the effect of any percentage reduction that applies to the member's service retirement allowance by virtue of the member's age or amount of creditable service as of the service retirement date; and the amount shall not be adjusted for an optional allowance elected under subsection (g) of this section.

The product of the multiplication in subdivision (3) of this subsection is the member's contribution-based benefit cap. If the amount determined under subdivision (4) of this subsection exceeds the member's contribution-based benefit cap, the member's retirement allowance shall be reduced by an amount equal to the difference between the contribution-based benefit cap and the amount determined under subdivision (4) of this subsection.

Notwithstanding the foregoing, the retirement allowance of a member with an average final compensation of less than one hundred thousand dollars (\$100,000), as hereinafter indexed, shall not be subject to the contribution-based benefit cap. The minimum average final compensation necessary for a retirement allowance to be subject to the contribution-based benefit cap shall be increased on January 1 each year by the percent change between the June Consumer Price Index in the year prior to retirement and the June Consumer Price Index in the fiscal year most recently ended, calculated to the nearest tenth of a percent (0.1%), provided that this percent change is positive.

Notwithstanding the foregoing, the retirement allowance of a member who became a member before January 1, 2015, or who has not earned at least five years of membership service in the Retirement System after January 1, 2015, shall not be reduced; however, the member's last employer, or if the member's last employer did not report to the retirement system any compensation paid to the member during the period used to compute the member's average final compensation, the member's employer or employers who reported compensation to the member during such period, shall be required to make an additional contribution as specified in G.S. 128-30(g)(2)b., if applicable.

(b) Service Retirement Allowance of Persons Retiring on or after July 1, 1959, but prior to July 1, 1965. — Upon retirement from service on or after July 1, 1959, but prior to July 1, 1965, a member shall receive a service retirement allowance which shall consist of:

- (1) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of his retirement; and
- (2) A pension equal to the annuity allowable at the age of 65 years or at his retirement age, whichever is the earlier, on the basis of contributions made prior to such earlier age; and
- (3) If he has a prior service certificate in full force and effect, an additional pension which shall be equal to the annuity which would have been provided at the age of 65 years, or at the earlier age of retirement if prior thereto, by twice the contributions which he would have made during such period of service had the System been in operation and he contributed thereunder at the rate of
 - a. Six and twenty-five hundredths percent (6.25%) of his compensation if such certificate is a Class A certificate, or
 - b. Five percent (5%) of his compensation if such certificate is a Class B certificate, or
 - c. Four percent (4%) of his compensation if such certificate is a Class C certificate.

(b1) Service Retirement Allowances of Persons Retiring on or after July 1, 1965, but prior to July 1, 1967. — Upon retirement from service on or after July 1, 1965, but prior to July 1, 1967, a member shall receive a service retirement allowance which shall consist of:

- (1) If the member's service retirement date occurs on or after his sixty-fifth birthday, such allowance shall be equal to the sum of (i) one percent (1%) of the portion of his average final compensation not in excess of forty-eight hundred dollars (\$4,800), plus one and one-half percent (1½%) of the portion

of such compensation in excess of forty-eight hundred dollars (\$4,800) multiplied by the number of years of his creditable service rendered prior to January 1, 1966, and (ii) one percent (1%) of the portion of his average final compensation not in excess of forty-eight hundred dollars (\$4,800), plus one and one-half percent (1½%) of the portion of such compensation in excess of fifty-six hundred dollars (\$5,600), multiplied by the number of years of his creditable service rendered after January 1, 1966.

- (2a) If the member's service retirement date occurs on or after his sixtieth birthday but before his sixty-fifth birthday, his service retirement allowance shall be computed as in (1) above but shall be reduced by five twelfths of one percent ($\frac{5}{12}$ of 1%) thereof for each month by which his retirement date precedes the first day of the month coincident with or next following his sixty-fifth birthday.
- (2b) If the member's service retirement date occurs before his sixtieth birthday, his service retirement allowance shall be the actuarial equivalent of the allowance payable at the age of 60 years as computed in (2a) above.
- (3) Notwithstanding the foregoing provisions, any member whose creditable service commenced prior to July 1, 1965, and uniformed policemen or firemen not covered under the Social Security Act employed thereafter, shall receive not less than the benefit provided by G.S. 128-27(b).

(b2) Service Retirement Allowances of Persons Retiring on or after July 1, 1967, but prior to July 1, 1969. — Upon retirement from service on or after July 1, 1967, but prior to July 1, 1969, a member shall receive a service retirement allowance which shall consist of:

- (1) If the member's service retirement date occurs on or after his sixty-fifth birthday, such allowance shall be equal to one and one-quarter percent (1¼%) of the portion of his average final compensation not in excess of five thousand six hundred dollars (\$5,600) plus one and one-half percent (1½%) of the portion of such compensation in excess of five thousand six hundred dollars (\$5,600), multiplied by the number of years of his creditable service.
- (2a) If the member's service retirement date occurs before his sixty-fifth birthday, his service retirement allowance shall be computed as in (1) above, but shall be reduced by one third of one percent ($\frac{1}{3}$ of 1%) thereof for each month by which his retirement date precedes the first day of the month coincident with or next following his sixty-fifth birthday.
- (2b) If the member's service retirement date occurs before his sixtieth birthday, his service retirement allowance shall be

the actuarial equivalent of the allowance payable at the age of 60 years as computed in (2a) above.

- (3) Notwithstanding the foregoing provision, any member whose creditable service commenced prior to July 1, 1965, and policemen or firemen not covered under the Social Security Act employed thereafter, shall receive not less than the benefits provided by G.S. 128-27(b).

(b3) Service Retirement Allowances of Persons Retiring on or after July 1, 1969, but prior to July 1, 1973. — Upon retirement from service on or after July 1, 1969, but prior to July 1, 1973, a member shall receive a service retirement allowance which shall consist of:

- (1) If the member's service retirement date occurs on or after his sixty-fifth birthday, regardless of his years of creditable service, or on or after his sixty-second birthday and the completion of 30 years of creditable service, such allowance shall be equal to one and one-quarter percent ($1\frac{1}{4}\%$) of the portion of his average final compensation not in excess of fifty-six hundred dollars (\$5,600) plus one and one-half percent ($1\frac{1}{2}\%$) of the portion of such compensation in excess of fifty-six hundred dollars (\$5,600), multiplied by the number of years of his creditable service.
- (2a) If the member's service retirement date occurs before his sixty-fifth birthday and prior to his completion of 30 or more years of creditable service, his service retirement allowance shall be computed as in (1) above, but shall be reduced by one quarter of one percent ($\frac{1}{4}$ of 1%) thereof for each month by which his retirement date precedes the first day of the month coincident with or next following his sixty-fifth birthday.
- (2b) If the member's service retirement date occurs before his sixtieth birthday and prior to his completion of 30 or more years of creditable service, his service retirement allowance shall be the actuarial equivalent of the allowance payable at the age of 60 years as computed in (2a) above.
- (3a) If the member's service retirement date occurs before his sixty-second birthday but on or after his sixtieth birthday and on or after completion of 30 or more years of creditable service, his service retirement allowance shall be computed as in (1) above, but shall be reduced by one quarter of one percent ($\frac{1}{4}$ of 1%) thereof for each month by which his retirement date precedes the first day of the month coincident with or next following his sixty-second birthday.
- (3b) If the member's service retirement date occurs before his sixtieth birthday but on or after completion of 30 or more years of creditable service, his service retirement allowance shall be the actuarial equivalent of the allowance payable at the age of 60 years as computed in (3a) above.

- (4) Notwithstanding the foregoing provisions, any member whose creditable service commenced prior to July 1, 1965, and uniformed policemen or firemen not covered under the Social Security Act employed thereafter, shall receive not less than the benefits provided by G.S. 128-27(b).

(b4) Service Retirement Allowances of Members Retiring on or after July 1, 1973, but prior to July 1, 1976. — Upon retirement from service, in accordance with subsection (a) above, on or after July 1, 1973, but prior to July 1, 1976, a member shall receive a service retirement allowance computed as follows:

- (1) If the member's service retirement date occurs on or after his sixty-fifth birthday, regardless of his years of creditable service, or after the completion of 30 years of creditable service, such allowance shall be equal to one and one-quarter percent ($1\frac{1}{4}\%$) of the portion of his average final compensation not in excess of fifty-six hundred dollars (\$5,600) plus one and one-half percent ($1\frac{1}{2}\%$) of the portion of such compensation in excess of fifty-six hundred dollars (\$5,600), multiplied by the number of years of his creditable service.
- (2a) If the member's service retirement date occurs on or after his sixtieth birthday but before his sixty-fifth birthday and prior to his completion of 30 or more years of creditable service, his service retirement allowance shall be computed as in (1) above, but shall be reduced by one quarter of one percent ($\frac{1}{4}$ of 1%) thereof for each month by which his retirement date precedes the first day of the month coincident with or next following his sixty-fifth birthday.

Provided further, that the Medical Board shall not certify any member as disabled who:

- (1) Applies for disability retirement based upon a mental or physical incapacity which existed when the member first established membership in the system; or
- (2) Is in receipt of any payments on account of the same disability which existed when the member first established membership in the system.

The Board of Trustees shall require each employee upon enrolling in the retirement system to provide information on the membership application concerning any mental or physical incapacities existing at the time the member enrolls.

Notwithstanding the requirement of five or more years of creditable service to the contrary, a member who is a law enforcement officer, an eligible firefighter as defined in G.S. 58-86-2, or an eligible rescue squad worker as defined in G.S. 58-86-2, and becomes incapacitated for duty as the natural and proximate result of

The allowance on account of disability retirement benefits to the beneficiary shall be retroactive to the effective date of early or service retirement.

Notwithstanding the foregoing, effective April 1, 1991, the surviving designated beneficiary of a deceased member who met all other requirements for disability retirement benefits, except whose death occurred before the first day of the calendar month in which the member's disability retirement allowance was to be due and payable, may elect to receive the reduced retirement allowance provided by a one hundred percent (100%) joint and survivor payment option in lieu of a return of accumulated contributions, provided the following conditions apply:

Supplemental disability benefits heretofore provided are hereby made a permanent part of disability benefits after age 65, and shall not be discontinued at age 65.

(d1) Allowance on Disability Retirement of Persons Retiring on or after July 1, 1965, but prior to July 1, 1969. — Upon

- (1) Such allowance shall be equal to the service retirement allowance which would have been payable had he continued in service without further change in compensation, to the age of 60 years, minus the actuarial equivalent of the contributions he would have made during such continued service.
- (2) Notwithstanding the foregoing provisions, any member whose creditable service commenced prior to July 1, 1965, and uniformed policemen or firemen not covered under the Social Security Act employed thereafter, shall receive not less than the benefit provided by G.S. 128-27(d).

- (1) Such allowance shall be equal to the service retirement allowance which would have been payable had he continued in service without further change in compensation to the age of 65 years, minus the actuarial equivalent of the contributions he would have made during such continued service.
- (2) Notwithstanding the foregoing provisions, any member whose creditable service commenced prior to July 1, 1965, and uniformed policemen or firemen not covered under the Social Security Act employed thereafter, shall receive not less than the benefit provided by G.S. 128-27(d).

(d3) Allowance on Disability Retirement of Persons Retiring on or after July 1, 1971, but prior to July 1, 1982. — Upon retirement for disability, in accordance with subsection (c) of this section on or after July 1, 1971, but prior to July 1, 1982, a member shall receive a service retirement allowance if he has attained the age of 65 years; otherwise he shall receive a disability retirement allowance which shall be computed as follows:

- (1) Such allowance shall be equal to a service retirement allowance calculated on the basis of the member's average final compensation prior to his disability retirement and the creditable service he would have had at the age of 65 years if he had continued in service.
- (2) Notwithstanding the foregoing provisions,

- a. Any member whose creditable service commenced prior to July 1, 1971, shall receive not less than the benefit provided by G.S. 128-27(d2);
- b. The amount of disability allowance payable from the reserve funds of the Retirement System to any member retiring on or after July 1, 1974, who is eligible for and in receipt of a disability benefit under the Social Security Act shall be seventy percent (70%) of the amount calculated under a above, and the balance shall be provided by the employer from time to time during each year in such amounts as may be required to cover such payments as current disbursements; and
- c. The amount of disability allowance payable to any member retiring on or after July 1, 1974, who is not eligible for and in receipt of a disability benefit under the Social Security Act shall not be payable from the reserve funds of the Retirement System but shall be provided by the employer from time to time during each year in such amounts as may be required to cover such payments as current disbursements.

(d4) **Allowance on Disability Retirement of Persons Retiring on or after July 1, 1982.** — Upon retirement for disability, in accordance with subsection (c) of this section on or after July 1, 1982, a member shall receive a service retirement allowance if he has qualified for an unreduced service retirement allowance; otherwise the allowance shall be equal to a service retirement allowance calculated on the member's average final compensation prior to his disability retirement and the creditable service he would have had had he continued in service until the earliest date on which he would have qualified for an unreduced service retirement allowance.

(e) **Reexamination of Beneficiaries Retired on Account of Disability.** — Once each year during the first five years following retirement of a member on a disability allowance, and once in every three-year period thereafter, the Board of Trustees may, and upon his application shall, require any disability beneficiary who has not yet attained the age of 60 years to undergo a medical examination, such examination to be made at the place of residence of said beneficiary or other place mutually agreed upon, by the physician or physicians designated by the Board of Trustees. Should any disability beneficiary who has not yet attained the age of 60 years refuse to submit to at least one medical examination in any such year by a physician or physicians designated by the Board of Trustees, his allowance may be discontinued until his withdrawal of such refusal, and should his refusal continue for one year, all his rights in and to his pension may be revoked by the Board of Trustees. [The following provisions apply:]

- (1) The Board of Trustees shall determine whether a disability beneficiary is engaged in or is able to engage in a gainful

occupation paying more than the difference, as hereinafter indexed, between his disability retirement allowance and the gross compensation earned as an employee during the 12 consecutive months in the final 48 months of service prior to retirement producing the highest gross compensation excluding any compensation received on account of termination. If the disability beneficiary is earning or is able to earn more than the difference, the portion of his disability retirement allowance not provided by his contributions shall be reduced to an amount which, together with the portion of the disability retirement allowance provided by his contributions and the amount earnable by him shall equal the amount of his gross compensation prior to retirement. This difference shall be increased on January 1 each year by the percentage change between the December Consumer Price Index in the year prior to retirement and the December Consumer Price Index in the year most recently ended, calculated to the nearest tenth of a percent ($\frac{1}{10}$ of 1%), provided that this percentage change is positive. Should the earning capacity of the disability beneficiary later change, the portion of his disability retirement allowance not provided by his contributions may be further modified. In lieu of the reductions on account of a disability beneficiary earning more than the aforesaid difference, he may elect to convert his disability retirement allowance to a service retirement allowance calculated on the basis of his average final compensation and creditable service at the time of disability retirement and his age at the time of conversion to service retirement. This election is irrevocable.

The provisions of this subdivision shall not apply to beneficiaries of the Law Enforcement Officers' Retirement System transferred to this Retirement System who commenced retirement on and before July 1, 1981.

- (2) Should a disability beneficiary under the age of 62 years be restored to active service at a compensation not less than his average final compensation, his retirement allowance shall cease, he shall again become a member of the Retirement System and he shall contribute thereafter at the contribution rate which is applicable during his subsequent membership service. Any prior service certificate on the basis of which his service was computed at the time of his retirement shall be restored to full force and effect, and in addition, upon his subsequent retirement he shall be credited with all his service as a member, but should he be restored to active service on or after the attainment of the age of 50 years his pension upon subsequent retirement

shall not exceed the sum of the pension which he was receiving immediately prior to his last restoration after June 30, 1951, and the pension that he would have received on account of his service since such last restoration had he entered service at that time as a new entrant.

- (3) Notwithstanding the foregoing, a member retired on a disability retirement allowance who is restored to service and subsequently retires on or after July 1, 1971, shall be entitled to an allowance not less than the allowance prescribed in a below reduced by the amount in b below.
 - a. The allowance to which he would have been entitled if he were retiring for the first time, calculated on the basis of his total creditable service represented by the sum of his creditable service at the time of his first retirement and his creditable service after he was restored to service.
 - b. The actuarial equivalent of the retirement benefits he previously received.
- (3a) Notwithstanding the foregoing, should a beneficiary who retired on a disability retirement allowance be restored to service as an employee, then the retirement allowance shall cease as of the first day of the month following the month in which the beneficiary is restored to service and the beneficiary shall become a member of the Retirement System and shall contribute thereafter as allowed by law at the uniform contribution payable by all members. Upon the subsequent retirement of the beneficiary, he shall be entitled to an allowance to which he would have been entitled if he were retiring for the first time, calculated on the basis of his total creditable service represented by the sum of his creditable service at the time of his first retirement and his creditable service after he was restored to service. Provided, however, any election of an optional allowance cannot be changed unless the member subsequently completes three years of membership service after being restored to service.
- (4) As a condition to the receipt of the disability retirement allowance provided for in subsections (d) through (d4) of this section each member retired on a disability retirement allowance shall, on or before April 15 of each calendar year, provide the Board of Trustees with a statement of his or her income received as compensation for services, including fees, commissions or similar items, and income received from business, for the previous calendar year. Such statement shall be filed on a form as required by the Board of Trustees. The benefit payable to a beneficiary who does not or refuses to provide the information requested within 120 days after such request shall not be paid a benefit until the

information so requested is provided, and should such refusal or failure to provide such information continue for 180 days after such request, the right of a beneficiary to a benefit under the Article may be terminated.

The Director of the State Retirement Systems shall contact any State or federal agency which can provide information to substantiate the statement required to be submitted by this subdivision and may enter into agreements for the exchange of information.

- (5) Notwithstanding any other provisions of this Article to the contrary, a beneficiary who was a beneficiary retired on a disability retirement with the Law Enforcement Officers' Retirement System at the time of the transfer of law enforcement officers employed by a participating employer and beneficiaries last employed by a participating employer to this Retirement System and who also was a contributing member of this Retirement System at that time, shall continue to be paid his retirement allowance without restriction and may continue as a member of this Retirement System with all the rights and privileges appendant to membership. Any beneficiary who retired on a disability retirement allowance as an employee of any participating employer under the Law Enforcement Officers' Retirement System and becomes employed as an employee other than as a law enforcement officer by an employer participating in the Retirement System after the aforementioned transfer shall continue to be paid his retirement allowance without restriction and may continue as a member of this Retirement System with all the rights and privileges appendant to membership until January 1, 1989, at which time his retirement allowance shall cease and his subsequent retirement shall be determined in accordance with the preceding subdivision (3a) of this section. Any beneficiary as hereinbefore described who becomes employed as a law enforcement officer by an employer participating in the Retirement System shall cease to be a beneficiary and shall immediately commence membership and his subsequent retirement shall be determined in accordance with subdivision (3a) of this section.
- (6) Notwithstanding any other provision to the contrary, a beneficiary in receipt of a disability retirement allowance until the earliest date on which he would have qualified for an unreduced service retirement allowance shall thereafter
 - (i) not be subject to further reexaminations as to disability,
 - (ii) not be subject to any reduction in allowance on account of being engaged in a gainful occupation other than with an employer participating in the Retirement System, and
 - (iii)

be considered a beneficiary in receipt of a service retirement allowance. Provided, however, a beneficiary in receipt of a disability retirement allowance whose allowance is reduced on account of reexamination as to disability or to ability to engage in a gainful occupation prior to the date on which he would have qualified for an unreduced service retirement allowance shall have only the right to elect to convert to an early or service retirement allowance as permitted under subdivision (1) above.

(f) **Return of Accumulated Contributions.** — Should a member cease to be an employee except by death or retirement under the provisions of this Chapter, the member shall upon submission of an application be paid, not earlier than 60 days from the date of termination of service, the member's contributions and the accumulated regular interest thereon, provided that the member has not in the meantime returned to service. Upon payment of such sum his or her membership in the System shall cease and, if he or she thereafter again becomes a member, no credit shall be allowed for any service previously rendered except as provided in G.S. 128-26; and such payment shall be in full and complete discharge of any rights in or to any benefits otherwise payable hereunder. Upon receipt of proof satisfactory to the Board of Trustees of the death, prior to retirement, of a member or former member there shall be paid to such person or persons as the member or former member shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the member's death, otherwise to the member's legal representatives, the amount of the member's accumulated contributions at the time of the member's death, unless the beneficiary elects to receive the alternate benefit under the provisions of (m) below. An extension service employee who made contributions to the Local Governmental Employees' Retirement System and the Teachers' and State Employees' Retirement System as a result of dual employment may not be paid his or her accumulated contributions unless the extension service employee is eligible to be paid his or her accumulated contributions in both systems for the same period of service.

Pursuant to the provisions of G.S. 135-56.2, a member who is also a member of the Consolidated Judicial Retirement System may irrevocably elect to transfer any accumulated contributions to the Consolidated Judicial Retirement System or to the Supplemental Retirement Income Plan and forfeit any rights in or to any benefits otherwise payable hereunder.

(f1) Notwithstanding the foregoing provisions, upon or after retirement any member who was a uniformed fireman and any surviving beneficiary of a member who was a uniformed fireman,

shall upon submission of an application, be paid the sum of accumulated contributions, with regular interest thereon, made under those provisions of G.S. 128-30(b)(1) that applied from July 1, 1965, through June 30, 1971, to the extent of the contributions required of the member that were in excess of the contributions required of other members of the Local Governmental Employees' Retirement System covered under the Social Security Act as was from time to time in effect; provided that, the return of contributions shall be payable only if the contributions did not increase the retirement allowance of the member or surviving beneficiary under the provisions of this Chapter.

(f2) Expired.

(g) **Election of Optional Allowance.** — With the provision that until the first payment on account of any benefit becomes normally due, or the member's first retirement check has been cashed, any member may elect to receive his or her benefits in a retirement allowance payable throughout life, or the member may elect to receive the actuarial equivalent of such retirement allowance, including any special retirement allowance, in a reduced allowance payable throughout life under the provisions of one of the Options set forth below. The election of Option 2, 3, or 6 or nomination of the person thereunder shall be revoked if such person nominated dies prior to the date the first payment becomes normally due or the first retirement check has been cashed. Such election may be revoked by the member prior to the date the first payment becomes normally due or the member's first retirement check has been cashed. Provided, however, in the event a member has elected Option 2, 3, or 5 and nominated his or her spouse to receive a retirement allowance upon the member's death, and the spouse predeceases the member after the first payment becomes normally due or the first retirement check has been cashed, if the member remarries he or she may request to nominate a new spouse to receive the retirement allowance under the previously elected option, within 90 days of the remarriage, and may nominate a new spouse to receive the retirement allowance under the previously elected option by written designation duly acknowledged and filed with the Board of Trustees within 120 days of the remarriage. The new nomination shall be effective on the first day of the month in which it is made and shall provide for a retirement allowance computed to be the actuarial equivalent of the retirement allowance in effect immediately prior to the effective date of the new nomination. Any member having elected Option 2, 3, 5, or 6 and nominated his or her spouse to receive a retirement allowance upon the member's death may, after divorce from his or her spouse, revoke the nomination and elect a new option, effective on the first day of the month in which the new option is elected, providing for a retirement allowance computed to be the actuarial equivalent of the retirement allowance in effect

immediately prior to the effective date of the new option. Except as provided in this section, the member may not change the member's retirement benefit option or the member's designated beneficiary for survivor benefits, if any, after the member has cashed the first retirement check or after the 25th day of the month following the month in which the first check is mailed, whichever comes first.

Option one.

(a) In the Case of a Member Who Retires prior to July 1, 1965. — If he dies before he has received in annuity payments the present value of his annuity as it was at the time of his retirement, the balance shall be paid to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees or, if none, to his legal representative.

(b) In the Case of a Member Who Retires on or after July 1, 1965, but prior to July 1, 1993. — If he dies within 10 years from his retirement date, an amount equal to his accumulated contributions at retirement, less one one-hundred-twentieth thereof for each month for which he has received a retirement allowance payment, shall be paid to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees or, if none, to his legal representative; or

Option two. Upon his death his reduced retirement allowance shall be continued throughout the life of and paid to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees at the time of his retirement, provided that if the person selected is other than his spouse the reduced retirement allowance payable to the member shall not be less than one half of the retirement allowance without optional modification which would otherwise be payable to him; or

Option three. Upon his death, one half of his reduced retirement allowance shall be continued throughout the life of, and paid to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees at the time of his retirement; or

Option four. Adjustment of Retirement Allowance for Social Security Benefits. — Until the first payment on account of any benefit becomes normally due, any member may elect to convert his benefit otherwise payable on his account after retirement into a retirement allowance of equivalent actuarial value of such amount that with his benefit under Title II of the Federal Social Security Act, he will receive, so far as possible, approximately the same amount per year before and after the earliest age at which he becomes eligible, effective as of the first of the month following the month of initial entitlement, upon application therefor, to receive a social security benefit.

Option five. For Members Retiring prior to July 1, 1993. — The member may elect to receive a reduced retirement allowance under the conditions of Option two or Option three, as provided for above, with the modification that if both he and the person nominated die within 10 years from his retirement date, an amount equal to his accumulated contributions at retirement, less 1/120th thereof for each month for which a retirement allowance has been paid, shall be paid to his legal representatives or to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees.

Option six. A member may elect either Option two or Option three with the added provision that in the event the designated beneficiary predeceases the member, the retirement allowance payable to the member after the designated beneficiary's death shall be equal to the retirement allowance which would have been payable had the member not elected the option.

Upon the death of a member after the effective date of a retirement for which the member has been approved and following receipt by the Board of Trustees of an election of benefits (Form 6-E or Form 7-E) but prior to the cashing of the first benefit check, the retirement benefit shall be payable as provided by the member's election of benefits under this subsection.

Upon the death of a member after the effective date of a retirement for which the member has been approved but prior to the receipt by the Board of Trustees of an election of benefits (Form 6-E or Form 7-E), properly acknowledged and filed by the member, the member's designated beneficiary for a return of accumulated contributions may elect to receive the benefit, if only one beneficiary is eligible to receive the return of accumulated contributions. If more than one beneficiary is eligible to receive the return of accumulated contributions, or if no beneficiary has been designated, the administrator or executor of the member's estate will select an option and name the beneficiary or beneficiaries.

(g1) In the event of the death of a retired member while in receipt of a retirement allowance under the provisions of this Article, there shall be paid to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, a death benefit equal to the excess, if any, of the accumulated contributions of the retiree at the date of retirement over the total of the retirement allowances paid prior to the death of the retiree. In the event that a retiree is receiving a Special Retirement Allowance under subsection (m1) of this section, there shall be paid to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board

of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, an additional death benefit equal to the excess, if any, of the employee voluntary contributions that were transferred from the Supplemental Retirement Income Plan of North Carolina or the North Carolina Public Employee Deferred Compensation Plan to this Retirement System over the total of the Special Retirement Allowances paid prior to the death of the retiree. For purposes of this paragraph, the term "accumulated contributions" excludes any amount transferred under subsection (m2) of this section.

In the event that a retirement allowance becomes payable to the designated survivor of a retired member under the provisions above and such retirement allowance to the survivor shall terminate upon the death of the survivor before the total of the retirement allowances paid to the retiree and the designated survivor combined equals the amount of the accumulated contributions of the retiree at the date of retirement, the excess, if any, of such accumulated contributions over the total of the retirement allowances paid to the retiree and the survivor combined shall be paid in a lump sum to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time such payment falls due, otherwise to the retiree's legal representative. For purposes of this paragraph, the term "accumulated contributions" includes amounts of employee voluntary contributions that were transferred from the Supplemental Retirement Income Plan of North Carolina to this Retirement System at retirement by eligible law enforcement officers.

In the event that a retirement allowance becomes payable to the principal beneficiary designated to receive a return of accumulated contributions pursuant to subsection (m) of this section and that beneficiary dies before the total of the retirement allowances paid equals the amount of the accumulated contributions of the member at the date of the member's death, the excess of those accumulated contributions over the total of the retirement allowances paid to the beneficiary shall be paid in a lump sum to the person or persons the member has designated as the contingent beneficiary for return of accumulated contributions, if the person or persons are living at the time the payment falls due, otherwise to the principal beneficiary's legal representative. For purposes of this paragraph, the term "accumulated contributions" includes amounts of employee voluntary contributions that were transferred from the Supplemental Retirement Income Plan of North Carolina to this Retirement System at retirement by eligible law enforcement officers.

In the event a retiree purchases creditable service as provided in G.S. 128-26, there shall be paid to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, an additional death benefit equal to the excess, if any, of the cost of the creditable service purchased less the administrative fee, if any, over the total of the increase in the retirement allowance attributable to the additional creditable service, paid from the month following the month in which payment was received to the death of the retiree.

In the event that a retirement allowance becomes payable to the designated survivor of a retired member under the provisions above, and such retirement allowance to the survivor shall terminate upon the death of the survivor before the total of the increase in the retirement allowance attributable to the additional creditable service paid to the retiree and the designated survivor combined equals the cost of the creditable service purchased less the administrative fee, the excess, if any, shall be paid in a lump sum to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time such payment falls due, otherwise to the retiree's legal representative.

In the event that a retiree dies without having designated a beneficiary to receive a benefit under the provisions of this subsection, any such benefit that becomes payable shall be paid to the member's estate.

(h) Until June 30, 1951, all benefits payable to or on account of any beneficiary retired before such date shall be computed on the basis of the provisions of Chapter 128 as they existed at the date of establishment of the Retirement System. On and after July 1, 1951, all such benefits shall be adjusted to take into account, under such rules as the Board of Trustees may adopt, the provisions of Chapter 128 and all amendments thereto in effect on July 1, 1951, and no further contributions on account of such adjustments shall be required of such beneficiaries. The Board of Trustees may authorize such transfers of reserves between the funds of the Retirement System as may be required on account of such adjustments.

(i) No action shall be commenced against the State or the Retirement System by any retired member or beneficiary respecting any deficiency in the payment of benefits more than three years after such deficient payment was made, and no action shall be commenced by the State or the Retirement System against any retired member or former member or beneficiary respecting any overpayment of benefits or contributions more than three years after such

overpayment was made. This subsection does not affect the right of the Retirement System to recoup overpaid benefits as provided in G.S. 128-31.

(j) **Increase in Benefits to Those Persons Who Were in Receipt of Benefits prior to July 1, 1967.** — From and after July 1, 1967, the monthly benefits, to or on account of persons who commenced receiving benefits from the System prior to July 1, 1967, shall be increased by a percentage thereof. Such percentage shall be determined in accordance with the following schedule:

Period in Which Benefits Commenced	Percentage
January 1, 1966, to June 30, 1967	5%
Year 1965	6%
Year 1964	7%
Year 1963	8%
Year 1962	9%
Year 1961	10%
Year 1960	11%
Year 1959	12%
Year 1958	13%
Year 1957	14%
Year 1956	15%
Year 1955	16%
Year 1954	17%
Year 1953	18%
Year 1952	19%
Year 1951	20%
Year 1950	21%
Year 1949	22%
Year 1948	23%
Year 1947	24%
Year 1946	25%

The minimum increase pursuant to this subsection (j) shall be five dollars (\$5.00) per month; provided that, if an optional benefit has been elected, said minimum shall be reduced actuarially as determined by the Board and shall be applicable to a retired member, if surviving, otherwise to his designated beneficiary under the option elected.

(k) **Post-Retirement Increases in Allowances.** — As of December 31, 1969, the ratio of the Consumer Price Index to such index one year earlier shall be determined. If such ratio indicates an increase that equals or exceeds three per centum (3%), each beneficiary receiving a retirement allowance as of December 31, 1968, shall be entitled to have his allowance increased three per centum (3%) effective July 1, 1970.

As of December 31, 1970, the ratio of the Consumer Price Index to such index one year earlier shall be determined. If such ratio

indicates an increase of at least one per centum (1%), each beneficiary on the retirement rolls as of July 1, 1970, shall be entitled to have his allowance increased effective July 1, 1971, as follows:

<i>Increase In Index</i>	<i>Increase In Allowance</i>
1.00 to 1.49%	1%
1.50 to 2.49%	2%
2.50 to 3.49%	3%
3.50% or more	4%

As of December 31, 1971, an increase in retirement allowances shall be calculated and made effective July 1, 1972, in the manner described in the preceding paragraph. As of December 31 of each year after 1971, the ratio (R) of the Consumer Price Index to such index one year earlier shall be determined, and each beneficiary on the retirement rolls as of July 1 of the year of determination shall be entitled to have his allowance increased effective on July 1 of the year following the year of determination by the same percentage of increase indicated by the ratio (R) calculated to the nearest tenth of one per centum ($\frac{1}{10}$ of 1%), but not more than four per centum (4%); provided that any such increase in allowances shall be contingent upon the total fund providing sufficient investment gains to cover the additional actuarial liabilities on account of such increase. The determination of whether there are sufficient investment gains to cover the possible postretirement increase in allowance shall reside exclusively within the discretion of the Board of Trustees and shall be informed by the findings within the annual actuarial valuation reports. In considering whether to grant a postretirement increase, the Board of Trustees shall take into account both the rate of inflation as determined by the Consumer Price Index and the record of investment gains or losses during the preceding three-year period.

The allowance of a surviving annuitant of a beneficiary whose allowance is increased under this subsection shall, when and if payable, be increased by the same per centum.

Any increase in allowance granted hereunder shall be permanent, irrespective of any subsequent decrease in the Consumer Price Index, and shall be included in determining any subsequent increase.

Notwithstanding the foregoing linkage between increases in the Consumer Price Index and correlative contingent increases in retirement benefits determined by the availability of sufficient investment gains to cover the additional actuarial liabilities arising from those increased benefits, the Board of Trustees, may in any year, considering an increase, if any, in the Consumer Price Index, fund a cost-of-living increase in a percentage amount, measured in tenths of one percent ($\frac{1}{10}$ of 1%), of up to four percent (4%), provided

that the Board may use only investment gains to fund such an increase.

For purposes of this subsection, Consumer Price Index shall mean the Consumer Price Index (all items — United States city average), as published by the United States Department of Labor, Bureau of Labor Statistics.

(k1) **Discretionary One-Time Pension Supplements.** — As of December 31 of each year after 2020, the ratio (R) of the Consumer Price Index to such index one year earlier shall be determined, and each beneficiary on the retirement rolls as of September 1 of the calendar year of determination shall be entitled to have a one-time pension supplement paid during October of the same calendar year; provided that any such one-time pension supplement shall be contingent upon a determination by the Board of Trustees under subsection (k) of this section that a permanent increase in benefits will not be paid during the same fiscal year as the one-time pension supplement, but the total fund is providing sufficient investment gains to cover the additional actuarial liabilities on account of such one-time pension supplement. The determination of whether there are sufficient investment gains to cover the one-time pension supplement shall reside exclusively within the discretion of the Board of Trustees and shall be informed by the findings within the annual actuarial valuation reports. In considering whether to grant a one-time pension supplement, the Board of Trustees shall take into account both the rate of inflation as determined by the Consumer Price Index and the record of investment gains or losses during the preceding three-year period. The amount of the one-time pension supplement shall be calculated as a percentage of the annual retirement allowance, where the percentage used is the ratio (R) calculated to the nearest tenth of one per centum ($\frac{1}{10}$ of 1%), but not more than four per centum (4%).

A surviving annuitant of a beneficiary shall be provided a one-time pension supplement under this subsection, when and if payable, calculated using the same per centum.

Any supplement granted under this subsection shall be a one-time pension supplement and not a permanent increase in benefits. If the beneficiary dies before payment of the one-time pension supplement is made, then the payment shall be payable to the member's estate or legal representative. No beneficiary shall be deemed to have acquired a vested or contractual right or entitlement to any future one-time pension supplement under this subsection.

(l) **Death Benefit Plan.** — The provisions of this subsection shall become effective for any employer only after an agreement to that effect has been executed by the employer and the Director of the Retirement System. There is hereby created a Group Life Insurance Plan (hereinafter called the "Plan") which is established as an employee welfare benefit plan that is separate and apart from the

Retirement System and under which the members of the Retirement System shall participate and be eligible for group life insurance benefits. The Plan shall be part of the North Carolina Teachers' and State Employees' Benefit Trust, as established under G.S. 135-7(g). All receipts, transfers, appropriations, contributions, investment earnings, and other income belonging to the Plan shall be deposited in the Benefit Trust. All benefits and expenses against the Plan shall be disbursed from the Benefit Trust. Employer and non-employer contributions to the Benefit Trust and earnings on those contributions are irrevocable. The assets of the Benefit Trust are dedicated to providing benefits to members and beneficiaries in accordance with the Plan's benefit terms. The assets of the Benefit Trust are not subject to the claims of creditors of the employees and non-employees making contributions to the Benefit Trust, are not subject to the claims of any creditors of the Benefit Trust's trustees and administrators, and are not subject to the claims of creditors of members and beneficiaries. Benefit Trust assets may be used for reasonable expenses to administer benefits provided by the Fund as approved by the Board of Trustees.

Upon receipt of proof, satisfactory to the Board of Trustees in their capacity as trustees under the Group Life Insurance Plan, of the death, in service, of a member who had completed at least one full calendar year of membership in the Retirement System, there shall be paid to such person as the member shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person is living at the time of the member's death, otherwise to the member's legal representatives, a death benefit. Such death benefit shall be equal to the greater of:

- (1) The compensation on which contributions were made by the member during the calendar year preceding the year in which his death occurs, or
- (2) The greatest compensation on which contributions were made by the member during a 12-month period of service within the 24-month period of service ending on the last day of the month preceding the month in which his last day of actual service occurs;
- (3) Repealed by Session Laws 1983 (Regular Session, 1984), c. 1049, s. 2;

subject to a minimum of twenty-five thousand dollars (\$25,000) and a maximum of fifty thousand dollars (\$50,000). Such death benefit shall be payable apart and separate from the payment of the member's accumulated contributions under the System on his death pursuant to the provisions of subsection (f) of this section. For the purpose of the Plan, a member shall be deemed to be in service at the date of his death if his death occurs within 180 days from the last day of his actual service.

The death benefit provided in this subsection shall not be payable, notwithstanding the member's compliance with all the conditions set forth in the preceding paragraph, if his death occurs

- (1) After June 30, 1969 and after he has attained age 70; or
- (2) After December 31, 1969 and after he has attained age 69;
or
- (3) After December 31, 1970 and after he has attained age 68;
or
- (4) After December 31, 1971 and after he has attained age 67;
or
- (5) After December 31, 1972 and after he has attained age 66;
or
- (6) After December 31, 1973 and after he has attained age 65;
or
- (7) After December 31, 1978, but before January 1, 1987, and after he has attained age 70.

Notwithstanding the above provisions, the death benefit shall be payable on account of the death of any member who died or dies on or after January 1, 1974, but before January 1, 1979, after attaining age 65, if he or she had not yet attained age 65, if he or she had not yet attained age 66, was at the time of death completing the work year for those individuals under specific contract, or during the fiscal year for those individuals not under specific contract, in which he or she attained age 65, and otherwise met all conditions for payment of the death benefit.

Notwithstanding the above provisions, the Board of Trustees may and is specifically authorized to provide the death benefit according to the terms and conditions otherwise appearing in this Plan in the form of group life insurance, either (i) by purchasing a contract or contracts of group life insurance with any life insurance company or companies licensed and authorized to transact business in this State for the purpose of insuring the lives of members in service, or (ii) by establishing a separate trust fund for such purpose. To that end the Board of Trustees is authorized, empowered and directed to investigate the desirability of utilizing group life insurance by either of the foregoing methods for the purpose of providing the death benefit. If a separate trust fund is established, it shall be operated in accordance with rules and regulations adopted by the Board of Trustees and all investment earnings on the trust fund shall be credited to such fund.

In administration of the death benefit the following shall apply:

- (1) For the purpose of determining eligibility only, in this subsection "calendar year" shall mean any period of 12 consecutive months. For all other purposes in this subsection "calendar year" shall mean the 12 months beginning January 1 and ending December 31.
- (2) Last day of actual service shall be:

- a. When employment has been terminated, the last day the member actually worked.
 - b. When employment has not been terminated, the date on which an absent member's sick and annual leave expire.
 - c. When a participant's employment is interrupted by reason of service in the Uniformed Services, as that term is defined in section 4303(16) of the Uniformed Services Employment and Reemployment Rights Act, Public Law 103-353, and the participant does not return immediately after that service to employment with a covered employer in this System, the date on which the participant was first eligible to be separated or released from his or her involuntary military service.
- (3) For a period when a member is on leave of absence, his status with respect to the death benefit will be determined by the provisions of G.S. 128-26(g).
 - (4) A member on leave of absence from his position as a local governmental employee for the purpose of serving as a member or officer of the General Assembly shall be deemed to be in service during sessions of the General Assembly and thereby covered by the provisions of the death benefit, if applicable. The amount of the death benefit for such member shall be the equivalent of the salary to which the member would have been entitled as a local governmental employee during the 12-month period immediately prior to the month in which death occurred, not to be less than twenty-five thousand dollars (\$25,000) nor to exceed fifty thousand dollars (\$50,000).

The provisions of the Retirement System pertaining to administration, G.S. 128-28, and management of funds, G.S. 128-29, are hereby made applicable to the Plan.

(1) Death Benefit Plan for Law Enforcement Officers. — Under all requirements and conditions as otherwise provided for in subsection (l), except for the requirement that the provisions are effective only after an agreement has been executed by the employer and the Director of the Retirement System, all law enforcement officers who are members of the Retirement System shall participate and be eligible for group life insurance benefits under the Plan, and employers shall fund the cost of these benefits.

(2) Death Benefit for Retired Members. — Upon receipt of proof, satisfactory to the Board of Trustees in its capacity under this subsection, of the death of a retired member of the Retirement System on or after July 1, 1988, but before January 1, 1999, there shall be paid a death benefit to the surviving spouse of the deceased retired member or to the deceased retired member's legal representative if not survived by a spouse; provided the retired member has

elected, when first eligible, to make, and has continuously made, in advance of his death required contributions as determined by the Board of Trustees on a fully contributory basis through retirement allowance deductions or other methods adopted by the Board of Trustees, to a group death benefit trust fund administered by the Board of Trustees separate and apart from the Retirement System's Annuity Savings Fund and Pension Accumulation Fund. This death benefit shall be a lump-sum payment in the amount of five thousand dollars (\$5,000) upon the completion of 24 months of contributions required under this subsection. Should death occur before the completion of 24 months of contributions required under this subsection, the deceased retired member's surviving spouse or legal representative if not survived by a spouse shall be paid the sum of the retired member's contributions required by this subsection plus interest to be determined by the Board of Trustees.

Employer and non-employer contributions to the Benefit Trust and earnings on those contributions are irrevocable. The assets of the Benefit Trust are dedicated to providing benefits to members and beneficiaries in accordance with the Plan's benefit terms. The assets of the Benefit Trust are not subject to the claims of creditors of the employees and non-employees making contributions to the Benefit Trust, are not subject to the claims of any creditors of the Benefit Trust's trustees and administrators, and are not subject to the claims of creditors of members and beneficiaries. Benefit Trust assets may be used for reasonable expenses to administer benefits provided by the Fund as approved by the Board of Trustees.

(m) **Survivor's Alternate Benefit.** — Upon the death of a member in service, the beneficiary designated to receive a return of accumulated contributions shall have the right to elect to receive in lieu thereof the reduced retirement allowance provided by Option two of subsection (g) above computed by assuming that the member had retired on the first day of the month following the date of the member's death, provided that all four of the following conditions apply:

- (1)a. The member had attained such age and/or creditable service to be eligible to commence retirement with an early or service retirement allowance, or
- b. The member had obtained 20 years of creditable service in which case the retirement allowance shall be computed in accordance with G.S. 128-27(b22)(1)c. or G.S. 128-27(b22)(2)c., notwithstanding the requirement of obtaining age 50, or
- b1. The member was a law enforcement officer who had obtained 15 years of service as a law enforcement officer and was killed in the line of duty, or the member was a firefighter or a rescue squad worker who had obtained 15 years of service as a firefighter or a rescue squad worker and was killed in the line of duty, in

which cases the retirement allowance shall be computed in accordance with G.S. 128-27(b22)(1)c., notwithstanding the requirement of obtaining age 50.

c. Repealed by Session Laws 2010-72, s. 2(b), effective July 1, 2010.

- (2) At the time of the member's death, one and only one beneficiary is eligible to receive a return of his accumulated contributions.
- (3) The member had not instructed the Board of Trustees in writing that he did not wish the provisions of this subsection apply.
- (4) The member had not commenced to receive a retirement allowance as provided under this Chapter.

For the purpose of this benefit, a member is considered to be in service at the date of his death if his death occurs within 180 days from the last day of his actual service. The last day of actual service shall be determined as provided in subsection (l) of this section. Upon the death of a member in service, the surviving spouse may make all purchases for creditable service as provided for under this Chapter for which the member had made application in writing prior to the date of death, provided that the date of death occurred prior to or within 60 days after notification of the cost to make the purchase.

For the purpose of calculating this benefit, any terminal payouts made after the date of death that meet the definition of compensation shall be credited to the month prior to the month of death. These terminal payouts do not include salary or wages paid for work performed during the month of death.

(m1) **Special Retirement Allowance for Law Enforcement Officers.** — Upon retirement, a member who is a law enforcement officer vested as of June 30, 2010, may elect to transfer any portion of his eligible accumulated contributions, not including any Roth after-tax contributions and the earnings thereon, from the Supplemental Retirement Income Plan of North Carolina to this Retirement System and receive, in addition to his basic service, early or disability retirement allowance, a special retirement allowance which shall be based upon his eligible accumulated account balance at the date of the transfer of the assets to this System. For the purpose of determining the special retirement allowance, the Board of Trustees shall adopt straight life annuity factors on the basis of mortality tables, such other tables as may be necessary and the interest assumption rate recommended by the actuary based upon actual experience including an assumed annual post-retirement allowance increase of four percent (4%). The Board of Trustees shall modify such factors every five years, as shall be deemed necessary, based upon the five year experience study as required by G.S. 128-28(o). Provided, however, a member who transfers his eligible

accumulated contributions from the Supplemental Retirement Income Plan of North Carolina shall be taxed for North Carolina State Income tax purposes on the special retirement allowance the same as if that special retirement allowance had been paid directly by the Supplemental Retirement Income Plan of North Carolina. The Local Governmental Employees' Retirement System shall be responsible to determine the taxable amount, if any, and report accordingly. For transfers made on or after July 1, 2022, if, subsequent to the member's election, the Board of Trustees determines that (i) the member was ineligible for the election or (ii) the election was impermissible for any reason under federal or State law, then no special retirement allowance shall be paid to the member pursuant to this subsection; the member shall return to the Retirement System any amount already paid from the Retirement System as a special retirement allowance; and the Retirement System shall return the transfer amount to the source of the transfer, including any earnings adjustment that may be required under federal law or Internal Revenue Service guidance. If the Retirement System is unable to return the amount to the account from which it originated, the member may designate another eligible account under the transferor plan or receive a lump sum distribution paid directly to the member if the member would otherwise be eligible for a distribution under the transferor plan at such time.

(m2) **Special Retirement Allowance.** — At any time coincident with or following retirement, a member may make a one-time, irrevocable election to transfer any portion of the member's eligible accumulated contributions, not including any Roth after-tax contributions and the earnings thereon, from the Supplemental Retirement Income Plan of North Carolina or the North Carolina Public Employee Deferred Compensation Plan to this Retirement System and receive, in addition to the member's basic service, early or disability retirement allowance, a special retirement allowance which shall be based upon the member's transferred balance.

A member who became a member of the Supplemental Retirement Income Plan prior to retirement and who remains a member of the Supplemental Retirement Income Plan may make a one-time, irrevocable election to transfer eligible balances, not including any Roth after-tax contributions and the earnings thereon, from any of the following plans to the Supplemental Retirement Income Plan, subject to the applicable requirements of the Supplemental Retirement Income Plan, and then through the Supplemental Retirement Income Plan to this Retirement System (i) a plan participating in the North Carolina Public School Teachers' and Professional Educators' Investment Plan; (ii) a plan described in section 403(b) of the Internal Revenue Code; (iii) a plan described in section 457(b) of the Internal Revenue Code that is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or

political subdivision of a state; (iv) an individual retirement account or annuity described in section 408(a) or section 408(b) of the Internal Revenue Code that is eligible to be rolled over and would otherwise be includible in gross income; or (v) a tax-qualified plan described in section 401(a) or section 403(a) of the Internal Revenue Code. In addition, any transfer under this subsection may be paid in whole or in part with employer contributions paid directly to this Retirement System at the time of transfer. For transfers made on or after July 1, 2022, if, subsequent to the member's election, the Board of Trustees determines that (i) the member was ineligible for the election or (ii) the election was impermissible for any reason under federal or State law, then no special retirement allowance shall be paid to the member pursuant to this subsection; the member shall return to the Retirement System any amount already paid from the Retirement System as a special retirement allowance; and the Retirement System shall return the transfer amount to the source of the transfer, including any earnings adjustment that may be required under federal law or Internal Revenue Service guidance. If the Retirement System is unable to return the amount to the account from which it originated, the member may designate another eligible account under the transferor plan or receive a lump sum distribution paid directly to the member if the member would otherwise be eligible for a distribution under the transferor plan at such time.

Notwithstanding anything to the contrary, a member may not transfer such amounts as will cause the member's retirement allowance under the System to exceed the amount allowable under G.S. 128-38.2(b). The Board of Trustees may establish a minimum amount that must be transferred if a transfer is elected. The member may elect a special retirement allowance with no postretirement increases or a special retirement allowance with annual postretirement increases equal to the annual increase in the U.S. Consumer Price Index. Postretirement increases on any other allowance will not apply to the special retirement allowance. The Board of Trustees shall provide educational materials to the members who apply for the transfer authorized by this section. Those materials shall describe the special retirement allowance and shall explain the relationship between the transferred balance and the monthly benefit and how the member's heirs may be impacted by the election to make this transfer and any costs and fees involved.

For the purpose of determining the special retirement allowance, the Board of Trustees shall adopt straight life annuity factors on the basis of yields on U.S. Treasury Bonds and mortality and such other tables as may be necessary based upon actual experience. A single set of mortality and such other tables will be used for all members, with factors differing only based on the age of the member and the election of postretirement increases. The Board of Trustees shall

modify the mortality and such other tables every five years, as shall be deemed necessary, based upon the five-year experience study as required by G.S. 128-28(o). Provided, however, a member who transfers the member's eligible accumulated contributions from an eligible retirement plan pursuant to this subsection to this Retirement System shall be taxed for North Carolina State Income Tax purposes on the special retirement allowance the same as if that special retirement allowance had been paid directly by the eligible plan or the plan through which the transfer was made, whichever is most favorable to the member. The Local Governmental Employees' Retirement System shall be responsible to determine the taxable amount, if any, and report accordingly.

The special retirement allowance shall continue for the life of the member and the beneficiary designated to receive a monthly survivorship benefit under Option 2, 3 or 6 as provided in G.S. 128-27(g), if any. The Board of Trustees, however, shall establish two payment options that guarantee payments as follows:

- (1) A member may elect to receive the special retirement allowance for life but with payments guaranteed for a number of months to be specified by the Board of Trustees. Under this plan, if the member dies before the expiration of the specified number of months, the special retirement allowance will continue to be paid to the member's designated beneficiary for the life of the beneficiary, if Option 2, 3 or 6 is selected. If the member's designated beneficiary under Option 2, 3 or 6 begins receiving monthly payments and dies before the specified number of monthly payments have been made in combination to the member and beneficiary, a one-time payment will be paid to the member's legal representatives equal to the initial monthly special retirement allowance, multiplied by the specified number of months, less the total of the monthly payments made to the member and beneficiary. If Option 2, 3 or 6 is not selected, and the member dies before the expiration of the specified number of months, the member's designated beneficiary will receive a one-time payment equal to the initial monthly special retirement allowance, multiplied by the specified number of months, less the total of the monthly payments made to the member.
- (2) A member may elect to receive the special retirement allowance for life but is guaranteed that the sum of the special allowance payments will equal the total of the transferred amount. Under this payment option, if the member dies before receiving the total transferred amount, the special retirement allowance will continue to be paid to the member's designated beneficiary for the life of the beneficiary, if Option 2, 3 or 6 is selected. If Option 2, 3 or

6 is not selected, the member's designated beneficiary or the member's estate shall be paid any remaining balance of the transferred amount.

The Supplemental Retirement Board of Trustees established under G.S. 135-96 may assess a one-time flat administrative fee not to exceed the actual cost of the administrative expenses relating to these transfers. An eligible plan shall not assess a fee specifically relating to a transfer of accumulated contributions authorized under this subsection. This provision shall not prohibit other fees that may be assessable under the plan. Each plan, contract, account, or annuity shall fully disclose to any member participating in a transfer under this subsection any surrender charges or other fees, and that disclosure shall be made contemporaneous with the initiation of the transfer by the member.

The General Assembly reserves the right to repeal or amend this subsection, but such repeal or amendment shall not affect any person who has already made the one-time election provided in this subsection.

(m3) A member who has contributions in this System and is not eligible for a retirement benefit as set forth in G.S. 128-27(a) or G.S. 128-27(a1) shall be paid his or her contributions in a lump sum as provided in G.S. 128-27(f) by April 1 of the calendar year following the later of the calendar year in which the member (i) attains 72 years of age or (ii) has ceased to be an employee except by death. If the member fails, following reasonable notification, to complete a refund application by the required date, then the requirement that a refund application be completed shall be waived and the refund shall be paid without a refund application as a single lump-sum payment with applicable required North Carolina and federal income taxes withheld.

A member who has contributions in this System and is eligible for a retirement benefit as set forth in G.S. 128-27(a) or G.S. 128-27(a1) shall begin to receive a monthly benefit no later than April 1 of the calendar year following the later of the calendar year in which the member (i) attains 72 years of age or (ii) has ceased to be an employee except by death. If the member fails, following reasonable notification, to complete the retirement process as set forth under Chapter 128 of the General Statutes by the required beginning date, then the requirement that a retirement application and an election of payment plan form be completed shall be waived and the retirement allowance shall be paid as a single life annuity. The single life annuity shall be calculated and processed in accordance with this section.

For purposes of this subsection, a member shall not be considered to have ceased to be an employee if the member is actively contributing to the Teachers' and State Employees' Retirement System, Consolidated Judicial Retirement System, or Legislative Retirement

ment System. A retirement benefit or lump-sum refund shall not be paid under this subsection if the member is actively contributing to the Teachers' and State Employees' Retirement System, Consolidated Judicial Retirement System, or Legislative Retirement System.

CASE NOTES

The relationship between public employees and the retirement system is one of contract. *Simpson v. North Carolina Local Gov't Employees' Retirement Sys.*, 88 N.C. App. 218, 363 S.E.2d 90, 1987 N.C. App. LEXIS 3470 (1987), *aff'd*, 323 N.C. 362, 372 S.E.2d 559, 1988 N.C. LEXIS 610 (1988).

Right of Employee to Rely on Retirement Plan. — A public employee has a right to expect that the retirement rights bargained for in exchange for his loyalty and continued services, continually promised him over many years, will not be removed or diminished. *Simpson v. Impairment of Rights by 1981 Amendment. — Rights arising under this Article were impaired inasmuch as plaintiff employees stood to suffer significant reductions in their retirement allowances as a result of the 1981 legislative amendment of this section adding subsection (d4), and where challenge thereto had been resolved below by grant of summary judgment in defendants' favor, but defendants' affidavit failed to demonstrate or reflect that the changes in question were reasonable and necessary to serve an important state interest, the case would be remanded for further proceedings. *Simpson v. North Carolina Local Gov't Employees' Retirement Sys.*, 88 N.C. App. 218, 363 S.E.2d 90, 1987 N.C. App. LEXIS 3470 (1987), *aff'd*, 323 N.C. 362, 372 S.E.2d 559, 1988 N.C. LEXIS 610 (1988).

Disability Benefits Classified as Separate Property. — The amount of plaintiffs' "disability retirement benefits" attributable to his physical disability was plaintiffs' separate property, under G.S. 50-20. *Johnson v. Johnson*, 117 N.C. App. 410, 450 S.E.2d 923, 1994 N.C. App. LEXIS 1266 (1994).

The statute of limitations in subsection (i) applied and allowed plaintiffs to pursue claims for underpayment of disability retirement benefits for three years before they commenced actions. *Faulkenbury v. Teachers' & State Emps. Retirement Sys.*, 345 N.C. 683, 483 S.E.2d 422, 1997 N.C. LEXIS 188 (1997).

Part-Time Status Did Not Equate to Retirement. — An employee of a local government employer who went to a part-time status did not "retire" when she changed jobs and lessened her hours and was not eligible to receive disability retirement benefits under G.S. 128-27. *Wallace v. Bd. of Trs., Local Gov't Emples. Ret. Sys.*, 145 N.C. App. 264, 550 S.E.2d 552, 2001 N.C. App. LEXIS 650 (2001).

Spouse Not Entitled to Death Benefit. — Where decedent died more than 180 days after she last earned a salary surviving spouse was not entitled to the death benefit. *Walker v. Board of Trustees*, 127 N.C. App. 156, 487 S.E.2d 839, 1997 N.C. App. LEXIS 764 (1997), *aff'd*, 348 N.C. 63, 499 S.E.2d 429, 1998 N.C. LEXIS 156 (1998).

Beneficiary of Government Employee Who Died After Retirement Was Not Entitled to Survivor's Alternate Benefit. — The Supreme Court of North Carolina, in a per curiam opinion, reversed the decision of the Court of Appeals in *Grooms v. Dep't of State Treasurer*, 144 N.C. App. 160, 550 S.E.2d 204 (2001), which held that the beneficiary of a county employee who died within 180 days of retirement was entitled to select the survivor's alternate benefit set forth in G.S. 128-27(m). In reversing, the Supreme Court noted its agreement with the reasoning of the dissenting opinion below, holding that the General Assembly did not intend for the alternate benefit provided by G.S. 128-27(m) to apply to the beneficiary of a government employee whose death occurred after his retirement. *Grooms v. State Dep't of Treasurer, Ret. Sys. Div.*, 354 N.C. 562, 556 S.E.2d 293, 2001 N.C. LEXIS 1223 (2001).

Reemployment By Local Government. — Retired city police officer lost his right to receive a separation allowance pursuant to G.S. 143-166.42 when he became reemployed by a county sheriff's office, which was a local government as defined by G.S. 143-166.41. *Campbell v. City of Laurinburg*, 168 N.C. App. 566, 608 S.E.2d 98, 2005 N.C. App. LEXIS 335 (2005).

Credit Denied to a Self-Insured City for Disability Retirement Payments. — North Carolina Industrial Commission's decision to deny a city credit for disability retirement payments that were made to an injured city employee from a public employee benefits program was not an abuse of discretion under G.S. 97-42 because the city and

the employee jointly contributed to the plan, and competent evidence, in the form of testimony as to the funding of the disability benefits plan, existed to support the Commission's findings of fact

and conclusions of law. *Cox v. City of Winston-Salem*, 171 N.C. App. 112, 613 S.E.2d 746, 2005 N.C. App. LEXIS 1161 (2005).

(d) **Compensation of Trustees.** — The trustees shall be paid during sessions of the Board at the prevailing rate established for members of State boards and commissions, and they shall be reimbursed for all necessary expenses that they incur through service on the Board.

(e) **Oath.** — Each trustee other than the ex officio members shall, within 10 days after his appointment, take an oath of office, that, so far as it devolves upon him, he will diligently and honestly administer the affairs of the said Board, and that he will not knowingly violate or willingly permit to be violated any of the provisions of law applicable to the Retirement System. Such oath shall be subscribed to by the member making it, and certified by the officer before whom it is taken, and immediately filed in the office of the Secretary of State: Provided, that where a local governmental official designated by the Governor has taken an oath of office in connection with the local governmental office that he holds, the oath for his local governmental office shall be deemed to be sufficient, and he shall not be required to take the oath hereinabove provided.

(f) **Voting Rights.** — Each trustee shall be entitled to one vote in the Board. A majority of affirmative votes in attendance shall be necessary for a decision by the trustees at any meeting of said Board. A vote may only be taken if at least seven members of the Board are in attendance, in person or by telephone, for the meeting at which a vote on a decision is taken.

(g) **Rules and Regulations.** — Subject to the limitations of this Article, the Board of Trustees shall, from time to time, establish

rules and regulations for the administration of the funds created by this Article and for the transaction of its business. The Board of Trustees shall also, from time to time, in its discretion, adopt rules and regulations to prevent injustices and inequalities which might otherwise arise in the administration of this Article.

(h) **Officers and Other Employees, Salaries and Expenses.**

— The State Treasurer shall be ex officio chair of the Board of Trustees and shall appoint a director. The Board of Trustees shall engage such actuarial and other service as shall be required to transact the business of the Retirement System. The compensation of all persons engaged by the Board of Trustees, and all other expenses of the Board necessary for the operation of the Retirement System, shall be paid at such rates and in such amounts as the Board of Trustees shall approve.

(i) **Actuarial Data.** — The Board of Trustees shall keep in convenient form such data as shall be necessary for actuarial valuation of the various funds of the Retirement System, and for checking the experience of the System.

It shall publish annually a report showing the fiscal transactions of the Retirement System for the preceding year, the amount of the accumulated cash and securities of the System, and the last balance sheet showing the financial condition of the System by means of an actuarial valuation of the assets and liabilities of the Retirement System. It shall also publish annually a report on supplemental insurance offerings that are made available to retirees and the extent to which retirees participate in those offerings.

(k) **Legal Adviser.** — The Attorney General shall be the legal adviser of the Board of Trustees.

(l) **Medical Board.** — The Board of Trustees shall designate a Medical Board to be composed of not less than three nor more than five physicians not eligible to participate in the Retirement System. The Board of Trustees may structure appointment requirements and term durations for those medical board members. If required, other physicians may be employed to report on special cases. The Medical Board shall arrange for and pass upon all medical examinations required under the provisions of this Chapter, and shall investigate all essential statements and certificates by or on behalf of a member in connection with an application for disability retirement, and shall report in writing to the Board of Trustees its conclusion and recommendations upon all the matters referred to it. A person serving on the medical board shall be immune individually from civil liability for monetary damages, except to the extent covered by insurance, for any act or failure to act arising out of that service, except where any of the following apply:

- (1) The person was not acting within the scope of that person's official duties.
- (2) The person was not acting in good faith.
- (3) The person committed gross negligence or willful or wanton misconduct that resulted in the damages or injury.
- (4) The person derived an improper financial benefit, either directly or indirectly, from the transaction.
- (5) The person incurred the liability from the operation of a motor vehicle.

(m) **Duties of Actuary.** — The Board of Trustees shall designate an actuary who shall be the technical adviser of the Board of Trustees on matters regarding the operation of the funds created by the provisions of this Chapter and shall perform such other duties as are required in connection therewith. The experience studies and all other actuarial calculations required by this Chapter, and all the assumptions used by the System's actuary, including mortality tables, interest rates, annuity factors, the contribution-based benefit cap factor, and employer contribution rates, shall be set out in the actuary's periodic reports, annual valuations of System assets, or other materials provided to the Board of Trustees. Notwithstanding Article 2A of Chapter 150B of the General Statutes, these materials, once accepted by the Board, shall be considered part of the Plan documentation governing this Retirement System and shall be effective the first day of the month following adoption unless a different date is specified in the adopting resolution. The effective date shall not retroactively affect a contribution rate. The Board's minutes relative to all actuarial assumptions used by the System shall also be considered part of the Plan documentation governing this Retirement System, with the result of precluding any employer discretion in the determination of benefits payable hereunder, consistent with Section 401(a)(25) of the Internal Revenue Code.

(n) Immediately after the establishment of the Retirement System the actuary shall make such investigation of the mortality, service and compensation experience of the members of the System as he shall recommend and the Board of Trustees shall authorize, and on the basis of such investigation he shall recommend for adoption by the Board of Trustees such tables and such rates as are required in subsection (o), paragraphs (1) and (2), of this section. The Board of Trustees shall adopt tables and certify rates, and as soon as practicable thereafter the actuary shall make a valuation based on such tables and rates of the assets and liabilities of the funds created by this Chapter.

(o) In the year 1945, and at least once in each five-year period thereafter, the actuary shall make an actuarial investigation into the mortality, service and compensation experience of the members and beneficiaries of the Retirement System and shall make a valuation of the assets and liabilities of the funds of the System.

Taking into account the result of such investigation and valuation, the Board of Trustees shall do all of the following:

- (1) Adopt any necessary mortality, service, or other tables and any necessary contribution-based benefit cap factors for the Retirement System.
- (2) Certify the rates of contributions payable by the participating units on account of new entrants at various ages.

In order to pay for the administration of this section, the Retirement Systems Division of the Department of State Treasurer may increase receipts from the retirement assets of the Retirement System or may pay the costs directly from the retirement assets.

(p) On the basis of the tables and interest assumption rate as adopted by the Board of Trustees, the actuary shall make an annual valuation of the assets and liabilities of the funds of the System created by this Chapter. The annual valuation shall include a supplementary section that provides an analysis of assets on a market basis using the 30-year treasury rate as of December 31 of the year of the valuation as the discount rate. In order to pay for the administration of this section, the Retirement Systems Division of the Department of State Treasurer may increase receipts from the retirement assets of the Retirement System or may pay the costs directly from the retirement assets.

(q) Notwithstanding any law, rule, regulation or policy to the contrary, any board, agency, department, institution or subdivision of the State maintaining lists of names and addresses in the administration of their programs may upon request provide to the Retirement System information limited to social security numbers, current name and addresses of persons identified by the System as members, beneficiaries, and beneficiaries of members of the System. The System shall use such information for the sole purpose of notifying members, beneficiaries, and beneficiaries of members of their rights to and accruals of benefits in the Retirement System. Any social security number, current name and address so obtained and any information concluded therefrom and the source thereof shall be treated as confidential and shall not be divulged by any employee of the Retirement System or of the Department of State Treasurer except as may be necessary to notify the member, beneficiary, or beneficiary of the member of their rights to and accruals of benefits in the Retirement System. Any person, officer, employee or former employee violating this provision shall be guilty of a Class 1 misdemeanor; and if such offending person be a public official or employee, he shall be dismissed from office or employment and shall not hold any public office or employment in this State for a period of five years thereafter.

(r) **Fraud Investigations and Compliance Investigations. — Access to Persons and Records.** — In the course of conducting a fraud investigation or compliance investigation, the Retirement

Systems Division, or authorized representatives who are assisting the Retirement Systems Division staff, shall:

- (1) Have ready access to persons and may examine and copy all books, records, reports, vouchers, correspondence, files, personnel files, investments, and any other documentation of any employer. The review of State tax returns shall be limited to matters of official business, and the Division's report shall not violate the confidentiality provisions of tax laws.
- (2) Have such access to persons, records, papers, reports, vouchers, correspondence, books, and any other documentation that is in the possession of any individual, private corporation, institution, association, board, or other organization which pertain to the following:
 - a. Amounts received pursuant to a grant or contract from the federal government, the State, or its political subdivisions.
 - b. Amounts received, disbursed, or otherwise handled on behalf of the federal government or the State.
- (3) Have the authority, and shall be provided with ready access, to examine and inspect all property, equipment, and facilities in the possession of any employer agency or any individual, private corporation, institution, association, board, or other organization that were furnished or otherwise provided through grant, contract, or any other type of funding by the employer agency.

With respect to the requirements of sub-subdivision (2)b. of this subsection, providers of social and medical services to a beneficiary shall make copies of records they maintain for services provided to a beneficiary available to the Retirement Systems Division, or to the authorized representatives who are assisting the Retirement Systems Division staff. Copies of the records of social and medical services provided to a beneficiary will permit verification of the health or other status of a beneficiary as required for the payment of benefits under Article 3 of this Chapter. The Retirement Systems Division, or authorized representatives who are assisting the Retirement Systems Division staff, shall request records in writing by providing the name of each beneficiary for whom records are sought, the purpose of the request, the statutory authority for the request, and a reasonable period of time for the production of record copies by the provider. A provider may charge, and the Retirement Systems Division, or authorized representatives who are assisting the Retirement Systems Division staff, shall, in accordance with G.S. 90-411, pay a reasonable fee to the provider for copies of the records provided in accordance with this subsection.

(s) Fraud Investigative Reports and Work Papers or Compliance Investigative Reports and Work Papers. — The Direc-

tor of the Retirement Systems Division shall maintain for 10 years a complete file of all fraud investigative reports, compliance investigative reports, and reports of other examinations, investigations, surveys, and reviews issued under the Director's authority. Fraud investigation work papers, compliance investigation work papers, and other evidence or related supportive material directly pertaining to the work of the Retirement Systems Division of the Department of State Treasurer shall be retained according to an agreement between the Director of Retirement and State Archives. To promote intergovernmental cooperation and avoid unnecessary duplication of fraud or compliance investigative effort, and notwithstanding local unit personnel policies to the contrary, pertinent work papers and other supportive material relating to issued fraud investigation reports or compliance investigative reports may be, at the discretion of the Director of Retirement and unless otherwise prohibited by law, made available for inspection by duly authorized representatives of the State and federal government who desire access to and inspection of such records in connection with some matter officially before them, including criminal investigations. Except as provided in this section, or upon an order issued in Wake County Superior Court upon 10 days' notice and hearing finding that access is necessary to a proper administration of justice, fraud or compliance investigation work papers and related supportive material shall be kept confidential, including any information developed as a part of the investigation.

(c) **Custodian of Funds.** — The State Treasurer shall be the custodian of the several funds and shall invest their assets in accordance with the provisions of G.S. 147-69.2 and 147-69.3. All payments from said funds shall be made by him only upon vouchers signed by two persons designated by the Board of Trustees. The

secretary of the Board of Trustees shall furnish said Board a surety bond in a company authorized to do business in North Carolina in such amount as shall be required by the Board, the premium to be paid from the expense fund.

(d) **Cash Deposits for Meeting Disbursements.** — For the purpose of meeting disbursements for pensions, annuities and other payments there may be kept available cash, not exceeding ten per centum (10%) of the total amount in the several funds of the Retirement System, on deposit in one or more banks or trust companies of the State of North Carolina, organized under the laws of the State of North Carolina, or of the United States: Provided, that the sum on deposit in any one bank or trust company shall not exceed twenty-five per centum (25%) of the paid up capital and surplus of such bank or trust company.

(e) **Selection of Depositories.** — The Board of Trustees shall select a bank or banks for the deposits of the funds and securities of the Retirement System in the same manner as such banks are selected by the Treasurer of the State of North Carolina. Such banks selected shall be required to conform to the law governing banks selected by the State. The funds and properties of the North Carolina Governmental Employees' Retirement System held in any bank of the State shall be safeguarded by a fidelity and surety bond, the amount to be determined by the Board of Trustees.

(f) **Immunity of Funds.** — Except as otherwise herein provided, no trustee and no employee of the Board of Trustees shall have any direct interest in the gains or profits of any investment made by the Board of Trustees, nor as such receive any pay or emolument for this service. No trustee or employee of the Board shall, directly or indirectly, for himself or as an agent in any manner use the same, except to make such current and necessary payments as are authorized by the Board of Trustees; nor shall any trustee or employee of the Board of Trustees become an endorser or surety or in any manner an obligor for moneys loaned or borrowed from the Board of Trustees.

(g) **Legislative Enactment Implementation Arrangement.** — The Legislative Enactment Implementation Arrangement (LEIA) is established effective October 1, 2017, and placed under the management of the Board of Trustees. The purpose of the LEIA is to provide for timely administrative implementation of legislative provisions regarding the retirement of, or payment of retirement benefits to, public officers or public employees. The LEIA shall have the following parameters:

- (1) **Administration.** — The LEIA shall be administered by the Board of Trustees, which shall compile and maintain all records necessary or appropriate for administration. The Board of Trustees shall have full discretionary authority to interpret, construe, and implement the LEIA and to adopt

such rules and regulations as may be necessary or desirable to implement the provisions of the LEIA.

- (2) **Funding of the LEIA.** — In the event that the General Assembly creates or modifies any provision for the retirement of, or payment of retirement benefits to, public officers or public employees that has a cost savings as measured by actuarial note required by Article 15 of Chapter 120 of the General Statutes, the Board of Trustees may direct up to one hundredth percent (0.01%) of the required contributions to fund the LEIA. These funds must be deposited in a separate fund from the fund into which regular employer contributions are deposited for the Retirement System. The Board of Trustees shall not direct any employer contributions into the LEIA after November 1, 2026.
- (3) **Allocation of LEIA funds.** — The Board of Trustees may allocate LEIA funds to the implementation of legislative provisions regarding the retirement of, or payment for retirement benefits to, public officers or public employees, subject to the following restrictions:
 - a. The Board of Trustees must identify individual implementation projects that will be paid for with LEIA funds. These implementation projects must be necessitated by a specific statute or session law that was enacted within five years of the allocation of the funds. The Board of Trustees must also identify the number of years for which each individual implementation project will be paid for with LEIA funds.
 - b. For implementation projects that will be paid for with LEIA funds for a period of one year or less, the Board of Trustees must determine that the cost savings from implementing the project is projected to be no less than half of the amount of LEIA funds utilized to pay for implementation.
 - c. For implementation projects that will be paid for with LEIA funds for a period of greater than one year, but not more than four years, the Board of Trustees must determine that the long-term cost savings from implementing the project is projected to be at least three times greater than the cost of implementation.
 - d. No implementation project shall be paid for with LEIA funds for a period of more than four years.
- (4) **Treatment of unused assets.** — Any assets of the LEIA not used to pay allowed administrative expenses for timely administrative implementation of legislative provisions shall be transferred to the Retirement System as an additional employer contribution.
- (5) **Reporting.** — The Department of State Treasurer shall report to the Board of Trustees, the Joint Legislative

Commission on Government Operations, and the Fiscal Research Division on or before August 1 of each year on the (i) amounts and sources of funds collected by year pursuant to this section and (ii) the amounts expended, the projects for which those funds were expended, and the current status of the projects. The Board of Trustees shall also post this report on its public Web site.

(a) Funds to Which Assets of Retirement System Credited.

— All of the assets of the Retirement System shall be credited according to the purpose for which they are held to one of three funds, namely, the annuity savings fund, the pension accumulation fund, and the expense fund.

(b) Annuity Savings Fund. — The annuity savings fund shall be a fund in which shall be accumulated contributions from the compensation of members to provide for their annuities. Contributions to and payments from the annuity savings fund shall be made as follows:

- (1) With respect to compensation paid on and after July 1, 1976, each participating employer shall deduct from the salary of each member on every payroll of the employer for every payroll period, six per centum (6%) of the compensation received by the member. Such rates shall apply uniformly to all members of the Retirement System, irrespective of class.
- (2) The deductions provided for herein shall be made notwithstanding that the minimum compensation provided for by

law for any member shall be reduced thereby. Every member shall be deemed to consent and agree to the deductions made and provided for herein and shall receipt for his full salary or compensation, and payment of salary or compensation less said deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by such person during the period covered by such payment, except as to the benefits provided under this Article. The employer shall certify to the Board of Trustees on each and every payroll or in such other manner as the Board of Trustees may prescribe, the amounts to be deducted; and each of said amounts shall be deducted, and when deducted shall be paid into said annuity savings fund, and shall be credited, together with regular interest thereon to the individual account of the member from whose compensation said deduction was made.

- (3) The accumulated contributions of a member drawn by him, or paid to his estate or to his designated beneficiary in event of his death as provided in this Article, shall be paid from the annuity savings fund. Upon the retirement of a member his accumulated contributions shall be transferred from the annuity savings fund to the annuity reserve fund.
- (4) The Board of Trustees may approve the purchase of creditable service by any member for leaves of absence or for interrupted service to an employer only for the purpose of acquiring knowledge, talents, or abilities and to increase the efficiency of service to the employer, subject to the provisions of this subdivision. A leave of absence or interrupted service may be approved for purchase under this subdivision for a period of employment as a teacher in a charter school. Any other leave of absence or interrupted service shall qualify for purchase under this subdivision only if (i) during the time of the leave or interrupted service the member is enrolled and participates in a full-time degree program at an accredited institution of higher education, (ii) the member is not paid compensation, other than a stipend resulting from participation in a full-time degree program, for the activity in which he or she is acquiring knowledge, talents, or abilities, and (iii) the service is not purchased for any month in which the member performed any services for any of the organizations listed in G.S. 135-27(a) or G.S. 135-27(f), or a successor to any of those organizations. Approval by the Board under this subdivision shall be made prior to the purchase of the creditable service, is limited to a career total of four years for each member, and may be obtained in the following manner:

- a. **Approved leave of absence.** — Where the employer grants an approved leave of absence, a member may make monthly contributions to the annuity savings fund on the basis of compensation the member was earning immediately prior to such leave of absence. The employer shall make monthly contributions equal to the normal and accrued liability contribution on such compensation or, in lieu thereof, the member may pay into the annuity savings fund monthly an amount equal to the employer's normal and accrued liability contribution when the policy of the employer is not to make such payment.
- b. **No educational leave policy.** — Where the employer has a policy of not granting educational leaves of absence or the member has unsuccessfully petitioned for leave of absence and the member has interrupted service for educational purposes, the member may make monthly contributions into the annuity savings fund in an amount equal to the employee contribution plus the employer normal and accrued liability contribution on the basis of the compensation the member was earning immediately prior to the interrupted service.
- c. **Educational program prior to July 1, 1981.** — Creditable service for leaves of absence or interrupted service for educational purposes prior to July 1, 1981, may be purchased by a member, before or after retirement, who returned as a contributing employee or teacher within 12 months after completing the educational program and completed 10 years of subsequent membership service, by making a lump sum payment into the annuity savings fund equal to the full cost of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the system's liabilities and shall take into account the retirement allowance arising on account of the additional service credit commencing at the earliest age at which the member could retire on an unreduced retirement allowance as determined by the board of trustees upon the advice of the consulting actuary, plus a fee to be determined by the board of trustees.

Payments required to be made by the member and/or the employer under subparagraphs a or b are due by the 15th of the month following the month for which the service credit is allowed and payments made after the due date shall be assessed a penalty, in lieu of interest, of one percent (1%) per month or fraction thereof the payment is

made beyond the due date; provided, that these payments shall be made prior to retirement and provided further, that if the member did not become a contributing member within 12 months after completing the educational program and failed to complete three years of subsequent membership service, except in the event of death or disability, any payment made by the member including penalty shall be refunded with regular interest thereon and the service credits cancelled prior to or at retirement.

(b1) **Pick Up of Employee Contributions.** — Anything within this section to the contrary notwithstanding, effective July 1, 1982, an employer, pursuant to the provisions of section 414(h)(2) of the Internal Revenue Code of 1954 as amended, may elect to pick up and pay the contributions which would be payable by the employees as members under subsection (b) of this section with respect to the service of employees after June 30, 1982.

The members' contributions picked up by an employer shall be designated for all purposes of the Retirement System as member contributions, except for the determination of tax upon a distribution from the System. These contributions shall be credited to the annuity savings fund and accumulated within the fund in a member's account which shall be separately established for the purpose of accounting for picked-up contributions.

Member contributions picked up by an employer shall be payable from the same source of funds used for the payment of compensation to a member. A deduction shall be made from a member's compensation equal to the amount of his contributions picked up by his employer. This deduction, however, shall not reduce his compensation as defined in subdivision (7a) of G.S. 128-21. Picked-up contributions shall be transmitted to the System monthly for the preceding month by means of a warrant drawn by the employer and payable to the Local Governmental Employees' Retirement System and shall be accompanied by a schedule of the picked-up contributions on such forms as may be prescribed. In the case of a failure to fulfill these conditions the provisions of subsection (g)(3) of this section shall apply.

(b2) **Retroactive Adjustment in Compensation or an Underreporting of Compensation.** — A member or beneficiary who is awarded backpay in cases of a denied promotional opportunity or wrongful demotion in which the aggrieved member or beneficiary is granted a promotion or a demotion is reversed retroactively, or in cases in which an employer errs in the reporting of compensation, including the employee and employer contributions, the member or beneficiary and employer may make employee and employer contributions on the retroactive or additional compensation after submitting clear and convincing evidence of the retroactive promotion or underreporting of compensation, as follows:

- (1) Within 90 days of the denial of the promotion or the error in reporting, by the payment of employee and employer contributions that would have been paid; or
- (2) After 90 days of the denial of the promotion or the error in reporting, by the payment of the employee and employer contributions that would have been paid plus interest compounded annually at a rate equal to the greater of the average yield on the pension accumulation fund for the preceding calendar year or the actuarial investment rate-of-return assumption, as adopted by the Board of Trustees.

For members or beneficiaries electing to make the employee contributions on the retroactive adjustment in compensation or on the underreported compensation, the member's or beneficiary's employer, which granted the retroactive promotion or erred in underreporting compensation and contributions, shall make the required employer contributions. Nothing contained in this subsection shall prevent an employer from paying all or a part of the interest assessed on the employee contributions; and to the extent paid by the employer, the interest paid by the employer shall be credited to the pension accumulation fund; provided, however, an employer does not discriminate against any member or beneficiary or group of members or beneficiaries in his employ in paying all or any part of the interest assessed on the employee contributions due.

In the event the retroactive adjustment in compensation or the underreported compensation is for a period that occurs during the four consecutive calendar years that would have produced the highest average annual compensation pursuant to G.S. 135-1(5), the compensation the member or beneficiary would have received during the period shall be included in calculating the member's or beneficiary's average final compensation only in the event the appropriate employee and employer contributions are paid on such compensation.

An employer error in underreporting compensation shall not include a retroactive increase in compensation that occurs during the four consecutive calendar years that would have produced the highest average annual compensation pursuant to G.S. 135-1(5), for reasons other than a wrongfully denied promotional opportunity or wrongful demotion where the member is promoted or the demotion is reversed retroactively.

(c) Repealed by Session Laws 2017-129, s. 2(g), effective June 30, 2017.

(d) **Pension Accumulation Fund.** — The pension accumulation fund shall be the fund in which shall be accumulated all reserves for the payment of all pensions and other benefits payable from contributions made by employers and from which shall be paid all pensions and other benefits on account of members with prior service credit. Contributions to and payments from the pension accumulation fund shall be made as follows:

- (1) Each participating employer shall pay to the pension accumulation fund monthly, or at such other intervals as may be agreed upon with the Board of Trustees, an amount equal to a certain percentage of the actual compensation of each member, to be known as the “normal contribution” and an additional amount equal to a percentage of the member’s actual compensation to be known as the “accrued liability contribution.” The rate per centum of such contributions shall be fixed on the basis of the liabilities of the Retirement System as shown by actuarial valuation and duly approved by the Board of Trustees, which shall be called the “actuarially determined employer contribution rate.”
- (2) Repealed by Session Laws 2017-129, s. 2(i), effective June 30, 2017.
- (2a) The actuarially determined employer contribution rate shall be calculated annually by the actuary using assumptions and a cost method approved by the Actuarial Standards Board of the American Academy of Actuaries and selected by the Board of Trustees.
- (3) The “past service liability contribution” shall be set for each employer on the basis of the prior service credits allowable to the employees thereof, who are entitled to prior service certificates, and shall be paid for a period of approximately 30 years, provided that the length of the period of payment for each employer after contributions begin shall be determined by the Board of Trustees as the result of actuarial valuations.
- (4) Upon the date of participation for each employer, the past service liability payable by such employer shall be set, by deducting from the present value of the total liability for all pensions payable on account of all members and pensioners of the System who became participants through service for such employer, the present value of the future normal contributions payable, and the amount of any assets resulting from any contributions previously made by such employer. Then the “past service liability contribution rate” for such employer shall be the per centum of the total annual compensation of all members employed by the employer which is estimated to extinguish the liability in 24 years.
- (4a) **(Effective July 1, 2022)** Notwithstanding Chapter 150B of the General Statutes, as of the beginning of the fiscal year following 90 days after the assessment of a contribution-based benefit cap liability that is not paid as a lump sum payment, the required employer contribution rate for an employer shall be adjusted to include an additional contribution amount equal to a rate per centum that is estimated to extinguish the contribution-based benefit cap

liability on an amortization schedule selected by the Board that has been applied to unfunded liabilities in the most recent actuarial valuation.

- (5) Notwithstanding Chapter 150B of the General Statutes, the total amount payable in each year to the pension accumulation fund shall not be less than the sum of the rate per centum known as the actuarially determined employer contribution rate and the past service liability contribution rate of the total earned compensation of all members during the preceding year as adjusted under a contribution rate policy adopted by the Board of Trustees and known as the “required employer contribution rate.” The Board of Trustees shall not adopt a contribution rate policy that results in a rate less than the normal contribution rate.
 - (6) Repealed by Session Laws 2017-129, s. 2(i), effective June 30, 2017.
 - (7) All pensions, and benefits in lieu thereof, with the exception of those payable on account of members who received no prior service allowance, payable from contributions of employers, shall be paid from the pension accumulation fund.
 - (8) Repealed by Session Laws 2017-129, s. 2(i), effective June 30, 2017.
 - (9) Notwithstanding Chapter 150B of the General Statutes and the foregoing provisions of this subsection, the actuary shall determine an additional “accrued liability contribution rate” and a “normal contribution rate” on account of the total earned compensation of each employer’s law enforcement officers each year, known as the “required employer contribution for law enforcement officers rate.” The required employer contribution for law enforcement officers rate may be adjusted under a contribution rate policy adopted by the Board of Trustees and added to the employers’ past service liability rate. The Board of Trustees shall not adopt a contribution rate policy that results in a rate less than the normal contribution rate.
 - (10) For fiscal years beginning subsequent to January 1, 2017, the sum of the “normal contribution” and the “accrued liability contribution” shall not be less than the employee contribution required under subsection (b) of this section.
- (e) Repealed by Session Laws 2017-129, s. 2(k), effective June 30, 2017.
- (f) **Expense Fund.** — The expense fund shall be the fund from which the expenses of the administration of the Retirement System shall be paid, exclusive of amounts payable as retirement allowances and as other benefits provided herein. Contribution shall be made to the expense fund as follows:
- (1) The Board of Trustees shall determine annually the amount required to defray such administrative expenses for the

ensuing fiscal year and shall adopt a budget in accordance therewith. The budget estimate of such expenses shall be paid to the expense fund from the pension accumulation fund.

- (2) For the purpose of organizing the Retirement System and establishing an office, the Board of Trustees may provide as a prerequisite to participation in the Retirement System that each participating employer or employee or both shall pay an additional contribution to the Retirement System for the expense fund not to exceed two dollars (\$2.00) for each employee, such contribution of the employee to be credited to his individual account in the annuity savings fund at such later time as the Board of Trustees shall determine, and/or the Board of Trustees may borrow such amounts as may be necessary to organize and establish the Retirement System.

(g) (Effective until July 1, 2022) Collection of Contributions. —

- (1) The collection of members' contributions shall be as follows:
 - a. Each employer shall cause to be deducted on each and every payroll of a member for each and every payroll subsequent to the date of participation in the Retirement System the contributions payable by such member as provided in this Article. Each employer shall certify to the treasurer of said employer on each and every payroll a statement as vouchers for the amount so deducted.
 - b. The treasurer of each employer on the authority from the employer shall make deductions from salaries of members as provided in this Article and shall transmit monthly, or at such time as the Board of Trustees shall designate, the amount specified to be deducted, to the secretary-treasurer of the Board of Trustees. The secretary-treasurer of the Board of Trustees after making a record of all such receipts shall deposit them in a bank or banks selected by said Board of Trustees for use according to the provisions of this Article.
- (2) The collections of employers' contributions shall be made as follows:
 - a. Upon the basis of each actuarial valuation provided herein the Board of Trustees shall annually prepare and certify to each employer a statement of the total amount necessary for the ensuing fiscal year to the pension accumulation fund as provided under subsection (d) of this section. Such employer contributions shall be transmitted to the secretary-treasurer of the Board of Trustees together with the employee deduc-

tions as provided under sub-subdivision b. of subdivision (1) of this subsection.

- b. Each employer shall transmit to the Retirement System on account of each member who retires on or after January 1, 2015, having earned his or her last month of membership service as an employee of that employer the lump sum payment, as calculated under G.S. 128-26(y) for inclusion in the Pension Accumulation Fund, that would have been necessary in order for the retirement system to restore the member's retirement allowance to the pre-cap amount. Employers are not required to make contributions on account of any retiree who became a member on or after January 1, 2015, and who earned at least five years of membership service in the Retirement System after January 1, 2015. The retirement allowance of a member with a final average compensation of more than one hundred thousand dollars (\$100,000), as hereinafter indexed, shall not be subject to the contribution-based benefit cap if the compensation was earned from multiple simultaneous employers, unless an employer's share of the average final compensation exceeds one hundred thousand dollars (\$100,000). An employer is not required to make contributions on account of any retiree whose final average compensation exceeds one hundred thousand dollars (\$100,000), as hereinafter indexed, based upon compensation earned from multiple simultaneous employers, unless that employer's share of the average final compensation exceeds one hundred thousand dollars (\$100,000), as provided and indexed under G.S. 128-27(a3).

Under such rules as the Board of Trustees shall adopt, the Retirement System shall report monthly to each employer a list of those members for whom the employer made a contribution to the Retirement System in the preceding month that are most likely to require an additional employer contribution should they elect to retire in the following 12 months, if applicable. Reports received under this section shall not be public records. Employers or former employers in receipt of a report under this section shall treat the report, and the information contained within that report, as confidential and as though it were still held by the Retirement System under G.S. 128-33.1.

- (3) In the event the employee or employer contributions required under this section are not received by the date set by the Board of Trustees and provided that a one-time excep-

tion has not been agreed upon in advance due to exigent circumstances, the Board shall assess the employer with a penalty, in lieu of interest, of 1% per month with a minimum penalty of twenty-five dollars (\$25.00). The Board may waive one penalty per employer every five years if the Board finds that the employer has consistently demonstrated good-faith efforts to comply with the set deadline. If within 90 days after request therefor by the Board any employer shall not have provided the System with the records and other information required hereunder or if the full accrued amount of the contributions provided for under this section due from members employed by an employer or from an employer shall not have been received by the System from the chief fiscal officer of such employer within 30 days after the last due date as herein provided, then, notwithstanding anything herein or in the provisions of any other law to the contrary, upon notification by the Board to the State Treasurer as to the default of such employer as herein provided, any distributions which might otherwise be made to such employer, or the municipality or county of which such employer is an integral part, from any funds of the State or any funds collected by the State shall be withheld from such employer until notice from the Board to the State Treasurer that such employer is no longer in default.

In the event that an employer fails to submit payment of any required contributions or payments to the Retirement Systems Division, other than the one percent (1%) payment provided for in the first paragraph of this subdivision, within 90 days after the date set by the Board of Trustees, the Board shall notify the State Treasurer of its intent to collect the delinquent contributions and other payments due to the Retirement Systems Division and request an interception of State appropriations due to the participating employer.

Except as provided in this subdivision, upon notification by the Board of Trustees to the State Treasurer and the Office of State Budget and Management as to the default of the employer, the Office of State Budget and Management shall withhold from any State appropriation due to that employer an amount equal to the sum of all delinquent contributions and other debts due to the Retirement Systems Division and shall transmit that amount to the Retirement Systems Division. For the purposes of this subsection, the date set by the Board of Trustees for payment of the contribution-based benefit cap liability shall be 12 months after the member's effective date of retire-

ment, or the first day of the month coincident with or next following six months after the date of the invoice, whichever is later.

- (4) In conjunction with the employee and employer contributions required under this section, the Board of Trustees shall direct employers to submit such information on a monthly basis as is necessary for proper administration of the Retirement System, actuarial valuation, and reporting under accounting standards set forth by the Governmental Accounting Standards Board of the Financial Accounting Foundation. Submission of such information by an employer to the Retirement System constitutes a certification of its accuracy.

(g) (Effective July 1, 2022) Collection of Contributions. —

- (1) The collection of members' contributions shall be as follows:
 - a. Each employer shall cause to be deducted on each and every payroll of a member for each and every payroll subsequent to the date of participation in the Retirement System the contributions payable by such member as provided in this Article. Each employer shall certify to the treasurer of said employer on each and every payroll a statement as vouchers for the amount so deducted.
 - b. The treasurer of each employer on the authority from the employer shall make deductions from salaries of members as provided in this Article and shall transmit monthly, or at such time as the Board of Trustees shall designate, the amount specified to be deducted, to the secretary-treasurer of the Board of Trustees. The secretary-treasurer of the Board of Trustees after making a record of all such receipts shall deposit them in a bank or banks selected by said Board of Trustees for use according to the provisions of this Article.
- (2) The collections of employers' contributions shall be made as follows:
 - a. Upon the basis of each actuarial valuation provided herein the Board of Trustees shall annually prepare and certify to each employer a statement of the total amount necessary for the ensuing fiscal year to the pension accumulation fund as provided under subsection (d) of this section. Such employer contributions shall be transmitted to the secretary-treasurer of the Board of Trustees together with the employee deductions as provided under sub-subdivision b. of subdivision (1) of this subsection.
 - b. Except as otherwise provided under this subdivision, each employer shall transmit to the Retirement Sys-

tem on account of each member who retires on or after January 1, 2015, having earned his or her last month of membership service as an employee of that employer the lump sum payment, as calculated under G.S. 128-26(y) for inclusion in the Pension Accumulation Fund, that would have been necessary in order for the retirement system to restore the member's retirement allowance to the pre-cap amount. If the employer associated with the member's last month of membership service did not report to the retirement system any compensation paid to the member during the period used to compute the member's average final compensation, that employer shall not transmit the lump sum payment described in this subdivision, but instead the employer or employers who reported compensation during the member's average final compensation period shall each transmit a lump sum payment equal to the employer's share of the total required lump sum payment, allocated proportionally to each employer based on the total amount of compensation to the member that each employer reported during the period used to compute the member's average final compensation. Employers are not required to make contributions on account of any retiree who became a member on or after January 1, 2015, and who earned at least five years of membership service in the Retirement System after January 1, 2015. The retirement allowance of a member with a final average compensation of more than one hundred thousand dollars (\$100,000), as hereinafter indexed, shall not be subject to the contribution-based benefit cap if the compensation was earned from multiple simultaneous employers, unless an employer's share of the average final compensation exceeds one hundred thousand dollars (\$100,000). An employer is not required to make contributions on account of any retiree whose final average compensation exceeds one hundred thousand dollars (\$100,000), as hereinafter indexed, based upon compensation earned from multiple simultaneous employers, unless that employer's share of the average final compensation exceeds one hundred thousand dollars (\$100,000), as provided and indexed under G.S. 128-27(a3).

Under such rules as the Board of Trustees shall adopt, the Retirement System shall report monthly to each employer a list of those members for whom the employer made a contribution to the Retirement System in the

preceding month that are most likely to require an additional employer contribution should they elect to retire in the following 12 months, if applicable. Reports received under this section shall not be public records. Employers or former employers in receipt of a report under this section shall treat the report, and the information contained within that report, as confidential and as though it were still held by the Retirement System under G.S. 128-33.1.

- (3) In the event the employee or employer contributions required under this section are not received by the date set by the Board of Trustees and provided that a one-time exception has not been agreed upon in advance due to exigent circumstances, the Board shall assess the employer with a penalty, in lieu of interest, of 1% per month with a minimum penalty of twenty-five dollars (\$25.00). The Board may waive one penalty per employer every five years if the Board finds that the employer has consistently demonstrated good-faith efforts to comply with the set deadline. If within 90 days after request therefor by the Board any employer shall not have provided the System with the records and other information required hereunder or if the full accrued amount of the contributions provided for under this section due from members employed by an employer or from an employer shall not have been received by the System from the chief fiscal officer of such employer within 30 days after the last due date as herein provided, then, notwithstanding anything herein or in the provisions of any other law to the contrary, upon notification by the Board to the State Treasurer as to the default of such employer as herein provided, any distributions which might otherwise be made to such employer, or the municipality or county of which such employer is an integral part, from any funds of the State or any funds collected by the State shall be withheld from such employer until notice from the Board to the State Treasurer that such employer is no longer in default.

In the event that an employer fails to submit payment of any required contributions or payments to the Retirement Systems Division, other than the one percent (1%) payment provided for in the first paragraph of this subdivision, within 90 days after the date set by the Board of Trustees, the Board shall notify the State Treasurer of its intent to collect the delinquent contributions and other payments due to the Retirement Systems Division and request an interception of State appropriations due to the participating employer.

Except as provided in this subdivision, upon notification by the Board of Trustees to the State Treasurer and the Office of State Budget and Management as to the default of the employer, the Office of State Budget and Management shall withhold from any State appropriation due to that employer an amount equal to the sum of all delinquent contributions and other debts due to the Retirement Systems Division and shall transmit that amount to the Retirement Systems Division. For the purposes of this subsection, the date set by the Board of Trustees for payment of the contribution-based benefit cap liability shall be 12 months after the member's effective date of retirement, or the first day of the month coincident with or next following six months after the date of the invoice, whichever is later.

- (4) In conjunction with the employee and employer contributions required under this section, the Board of Trustees shall direct employers to submit such information on a monthly basis as is necessary for proper administration of the Retirement System, actuarial valuation, and reporting under accounting standards set forth by the Governmental Accounting Standards Board of the Financial Accounting Foundation. Submission of such information by an employer to the Retirement System constitutes a certification of its accuracy.

(g1) **Felony Forfeiture Impact on Contribution-Based Benefit Cap.**— If an employer made contributions on account of a retiree subject to the contribution-based benefit cap under G.S. 135-8(f)(2)f. and that retiree later forfeits retirement benefits under G.S. 128-38.4, 128-38.3A, 135-18.10A, 135-18.30, 135-75.1, or 135-75.1A, then the Retirement Systems Division may provide a credit to the employer. This credit shall be calculated in an amount reflecting the impact of the forfeiture on the amount due under G.S. 128-26(y).

(h) **Merger of Annuity Reserve Fund, and Pension Reserve Fund into Pension Accumulation Fund.** — Notwithstanding the foregoing, effective at such date not later than December 31, 1959, as the Board of Trustees shall determine, the annuity reserve fund and the pension reserve fund shall be merged into and become a part of the pension accumulation fund, provided that such merger shall in no way adversely affect the rights of any members or retired members of the System and further provided the Board of Trustees shall be and hereby is authorized to make such changes in the accounting methods and procedures of the System from time to time as, in its opinion, are in the interest of sound and proper administration of the System.

(i) **Procedure and Payment to Cease Participation.** — Any employing unit that is allowed to cease participation in the Retire-

ment System by the General Assembly or by sale, dissolution, or otherwise changing to a business or legal form not eligible for participation as an employer in the Retirement System under federal law shall do the following:

- (1) The employer shall notify its employees and the Board of Trustees, in writing, of its action. A withdrawing employer shall be required to make a lump-sum withdrawal liability payment to the Board of Trustees as provided by this section.
- (2) Complete withdrawal by an employer shall be the first day of the month following the date the Board of Trustees receives the employer's written notification. However, the complete withdrawal date shall not occur before the withdrawal liability is determined, as provided in subdivision (5) of this subsection.
- (3) After complete withdrawal, all employees of the withdrawing employer shall be ineligible to accrue future benefits with the Retirement System due to employment with the withdrawing employer.
- (4) All active or inactive members of the employer shall be eligible for benefits accrued with the Retirement System up to the complete withdrawal date. However, no retirement allowance or return of accumulated contributions shall be paid until the member actually terminates employment and completely separates from active service with the withdrawing employer, and there is no intent or agreement, express or implied, to return to service with the withdrawing employer.
- (5) On the date of complete withdrawal, the withdrawal liability of an employer is the greater of one thousand dollars (\$1,000) or the amount determined by a. multiplied by the ratio of b. to c., as follows:
 - a. The excess of the actuarial present value of the vested accrued benefits of the Retirement System's members over the market value of its assets, both as of the date of the last actuarial valuation adopted by the Board of Trustees prior to the complete withdrawal date based on the plan provisions and actuarial assumptions used in the last actuarial valuation adopted by the Board of Trustees prior to the complete withdrawal date, except the interest rate assumption shall be reduced by an amount determined by the consulting actuary to reflect the increased investment, mortality, and other actuarial risk for the exiting agency's participants.
 - b. The total present value of accrued benefits of all active members of the withdrawing employer as of the last actuarial valuation adopted by the Board of Trustees prior to the complete withdrawal date.

- c. The total present value of accrued benefits of all active members of the Retirement System as of the last actuarial valuation adopted by the Board of Trustees prior to the complete withdrawal date.
- (6) The actuarial costs to determine the amount described in subdivision (5) of this subsection shall be paid by the withdrawing employer. An employer that does not pay the lump-sum withdrawal liability payment described in subdivision (5) of this subsection and the actuarial costs to determine this withdrawal liability within 90 days of the complete withdrawal date will continue to be a participating employer.
- (7) Upon the complete withdrawal of the employer, the Retirement System shall have no further legal obligation to the employer or its employees, nor shall the Retirement System be held accountable for the continued future accrual of any retirement benefit rights to which the employees may be entitled beyond the complete withdrawal date. Any litigation regarding the forfeiture of any benefits because of the employer's complete withdrawal from the Retirement System shall be the sole legal responsibility of the withdrawing employer, and the withdrawing employer shall indemnify and hold harmless the Retirement System, its Board of Trustees, its employees, and the State of North Carolina from any claims, losses, costs, damages, expenses, and liabilities, including, without limitation, court costs, and reasonable attorneys' fees asserted by any person or entity as a result of the employer's withdrawal from the Retirement System.
- (j) **Pension Spiking Report.** — Upon receipt of a report from the Retirement System generated pursuant to G.S. 128-30(g)(2)b., containing a list of employees for whom the employer made a contribution to the North Carolina Local Governmental Employees' Retirement System that is likely to require an additional employer contribution should the employee elect to retire in the following 12 months, the employer's chief financial officer shall transmit a copy of the report to the governing body of the employer, if the employer has a governing body. Reports received under this section shall not be public records. Employers and former employers in receipt of a report under this section shall treat the report, and the information contained within that report, as confidential and as though it were still held by the Retirement System under G.S. 128-33.1.

§ 128-31. Exemptions from execution; employing unit to offset amount owed by member or beneficiary.

(a) Except for the applications of the provisions of G.S. 110-136, and G.S. 110-136.3 et seq., and in connection with a court-ordered equitable distribution under G.S. 50-20, the right of a person to a pension, an annuity, or a retirement allowance, to the return of contributions, the pension, annuity or retirement allowance itself, any optional benefit or any other right accrued or accruing to any person under the provisions of this Article, and the moneys in the various funds created by this Article, are exempt from levy and sale, garnishment, attachment, or any other process whatsoever, and shall be unassignable except as in this Article specifically otherwise provided. Notwithstanding any provisions to the contrary, application for System approval of a domestic relations order dividing a person's interest under the Retirement System shall be accompanied by an order consistent with the system-designed template order provided on the System's Web site. Notwithstanding any provisions to the contrary, the Retirement System shall only make payment of a share of the member's retirement benefits to the member's former spouse based upon a domestic relations order, and the former spouse shall not be permitted to receive a share of the member's retirement benefits until the member begins to receive the benefits, consistent with the system-designed template order. Notwithstanding any provisions to the contrary, the former spouse shall not be entitled to any type or form of benefit or any option not otherwise available to the member. Notwithstanding any provisions to the contrary, for orders entered on or after January 1, 2015, payment to a member's former spouse pursuant to any such domestic relations order shall be limited to the lifetime of that former spouse and, upon the death of that former spouse, the former spouse's share shall revert to the member.

(b) Notwithstanding any provisions to the contrary, any overpayment of benefits or erroneous payments to a member in a State-administered retirement system, the Disability Salary Continuation Plan, or the Disability Income Plan of North Carolina, including any benefits paid to, or State Health Plan premiums or claims paid on behalf of, any member who is later determined to have been ineligible for those benefits or unentitled to those amounts, may be offset against any retirement allowance, return of contributions or any other right accruing under this Chapter to the same person, the person's estate, or designated beneficiary.

(c) Notwithstanding any provisions to the contrary, if the member or beneficiary is an employee of an employing unit of the State or any political subdivision of the State, then any overpayment of benefits or erroneous payments to, or on behalf of, the member or beneficiary shall be offset against the net wages of the employee. If

a member or beneficiary owes an amount to the Retirement System, has been notified of this amount in writing, and has not entered into a payment plan acceptable to the Retirement System, then the Retirement System shall notify the member or beneficiary's employer of the amount owed. Upon receipt of this notice from the Retirement System, the employer shall offset the amount owed against not less than ten percent (10%) of the net wages of the member or beneficiary until the Retirement System notifies the employer that the amount owed has been paid in full. The Retirement System's notice shall be prima facie evidence that the amount owed is valid and, notwithstanding any other provision of law to the contrary, the employer has no obligation to verify the amount owed. The employer shall provide no more than 30 days' but not less than 14 days' written notice to the member or beneficiary prior to beginning the offset. The employer shall remit all amounts offset under this subsection to the Retirement System in intervals corresponding with its regular pay periods. If an employer fails to adhere to the provisions of this section, then the Retirement System shall, after notice to the employer of its failure to cooperate, be entitled to seek recovery of any amounts due directly from the employer.

(d) Nothing in this section shall be construed to limit the Retirement System's ability to pursue alternative judicial remedies against a member or a beneficiary, including the pursuit of a judgment and lien against real property.

Any person who shall knowingly make any false statement or shall falsify or permit to be falsified any record or records of this Retirement System in any attempt to defraud such System as a result of such act shall be guilty of a Class 1 misdemeanor. Should any change or error in the records result in any member or beneficiary receiving from the Retirement System more or less than he would have been entitled to receive had their records been correct, the Board of Trustees shall correct such error, and as far as practicable, shall adjust the payment in such a manner that the actuarial equivalent of the benefit to which such member or beneficiary was correctly entitled shall be paid.

CASE NOTES

Legislative Intent. — This section shows the intent of the General Assembly to allow the courts to require that compensation paid for underpayment of a pension compensation be paid at the actuarial value. *Faulkenbury v. Teachers' & State Emps. Retirement Sys.*, 345 N.C. 683, 483 S.E.2d 422, 1997 N.C. LEXIS 188 (1997).

Calculation of Additional Benefit.

— The re-calculation of additional benefits owed to retirees did not mandate the use of a mortality factor, where the right to payments was not forfeited upon the death of a retiree but was passed to the retiree's survivors. *Faulkenbury v. Teachers' & State Employees' Retirement Sys.*, 132 N.C. App. 137, 510 S.E.2d 675, 1999 N.C. App. LEXIS 89 (1999).

§ 128-32.1. Failure to respond.

If a member fails to respond within 120 days after preliminary option figures and the Form 6-E or Form 7-E are transmitted to the member, or if a member fails to respond within 120 days after the effective date of retirement, whichever is later, the Form 6 or Form 7 shall be null and void; the retirement system shall not be liable for any benefits due on account of the voided application, and a new application must be filed establishing a subsequent effective date of retirement. If an applicant for disability retirement fails to furnish requested additional medical information within 90 days following such request, the application shall be declared null and void under the same conditions outlined above, unless the applicant is eligible for early or service retirement in which case the application shall be processed accordingly, using the same effective date as would have been used had the application for disability retirement been approved. The Director of the Retirement Systems Division, acting on behalf of the Board of Trustees, may extend the 120-day limitation provided for in this section when a member has suffered incapacitation such that a reasonable person would not have expected the member to be able to complete the required paperwork within the

regular deadline, or when an omission by the Retirement Systems Division prevents the member from having sufficient time to meet the regular deadline.

Editor's Note.

Session Laws 2016-108, s. 2(a), provides: "The February 5, 2008, Attorney General's advisory opinion entitled 'Advisory Opinion: Confidentiality of Retirement Benefit Information; Session Law 2007-508' concluded that information about retirement benefits was intended to be included among those records required to be maintained for public inspection by each department, agency, institution, commission, and bureau of the State and that as a result the Retirement Systems Division of the Department of

the State Treasurer makes that information available for public inspection and examination. The General Assembly finds that the interests of clarity require statutory language providing guidance to the Retirement Systems Division in determining and maintaining consistency as to what information should be made available about the retirement accounts of State and local employees."

(b) Any member of the Local Governmental Employees' Retirement System shall be entitled prior to his retirement to transfer to this Retirement System his credits for membership and prior service in the Teachers' and State Employees' Retirement System: Provided, the actual transfer of employment is made while he has an active account in the State System and such person shall request the State System to transfer his accumulated contributions, interest, and service credits to this Retirement System; provided further, the State System agrees to transfer to this Retirement System the amount of reserve held in the State System as the result of previous contributions of the employer on behalf of the transferring employee.

(c) Any member whose services are terminated for any reason other than retirement or death who becomes employed by an employer participating in the Teachers' and State Employees' Retirement System shall be entitled to transfer to the State System his credits for membership and prior service in this Retirement System in accordance with G.S. 135-18.1: Provided, the actual transfer of employment is made while he has an active account in this Retirement System and such persons shall request this Retirement System to transfer his accumulated contributions, interest, and service credits to the State System. When such request is made by a member who is entitled to make it and who becomes a member of the State System after July 1, 1969, this Retirement System will also transfer to the State System the amount of reserve held by this System as a result of previous contributions of the employer on behalf of the transferring employee.

(d) The accumulated contributions and creditable service of any member whose service as an employee has been or is terminated other than by retirement or death and who, while still a member of this Retirement System, became or becomes a member, as defined in G.S. 135-53(11), of the Consolidated Judicial Retirement System for a period of five or more years may, upon application of the member, be transferred from this Retirement System to the Consolidated Judicial Retirement System. In order to effect the transfer of a member's creditable service from the Local Governmental Employees' Retirement System to the Consolidated Judicial Retirement System, there shall be transferred from the Local Governmental Employees' Retirement System to the Consolidated Judicial Retirement System the sum of (i) the accumulated contributions of the member credited in the annuity savings fund and (ii) the amount of reserve held in the Local Governmental Employees' Retirement System as a result of previous contributions by the employer on behalf of the transferring member.

CASE NOTES

“Creditable Service.” — Superior court erred in granting partial summary judgment awarding a sheriff a special separation allowance for 36 years of creditable service through two North Carolina retirement systems, state and local, because the sheriff was not a member of the state system when he retired where, prior to his retirement from the sheriff’s department, he began receiving retirement benefits from that system, and the sheriff was only entitled to credit for his 12 years of service under the local system where the county never issued the sheriff a prior service certificate, the sheriff never transferred membership of his state service to the local system, and the county never gave the sheriff credit

for prior service. *Lovin v. Cherokee Cnty.*, 248 N.C. App. 527, 789 S.E.2d 869, 2016 N.C. App. LEXIS 818 (2016).

Forfeiture of Vested Service. — Respondent worked for the North Carolina Department of Natural and Cultural Resources in an unelected position, and this vested and earned her creditable time in the retirement system, which she was allowed to transfer to another retirement system; respondent could not forfeit vested service she had already accrued as an unelected state official prior to her criminal acts. *N.C. § 128-37.2. Continued membership for certain fire departments.

(a) In order to participate in the Local Governmental Employees' Retirement System after October 1, 2015, the charter or articles of incorporation of fire departments must include a provision that provides that the governing body of the local government entity that holds the contract with the highest dollar value to the fire department for provision of fire services shall have the authority to remove from office up to fifty percent (50%) plus one member of the Board of Trustees or Board of Directors of the fire department. Chapter 316 of the 1977 Session Laws added certain firemen and fire departments to the definitions of "employee"

History.

1987, c. 177, s. 1(a), (b).

Editor's Note.

Session Laws 1987, c. 177, s. 1(c) made this section effective upon the first day of the calendar month following the State's receipt of a favorable letter of determina-

tion or ruling from the Internal Revenue Service, United States Department of Treasury, that the Retirement Systems were qualified trusts under Section 401(a) of the Internal Revenue Code of 1954 as amended. A favorable letter was received prior to the enactment of Session Laws 1987, c. 177.

§ 128-38.2. Internal Revenue Code compliance.

(a) Notwithstanding any other provisions of law to the contrary, compensation for any calendar year after 1988 in which employee or employer contributions are made and for which annual compensation is used for computing any benefit under this Article shall not exceed the higher of two hundred thousand dollars (\$200,000) or the amount determined by the Commissioner of Internal Revenue as the limitation for calendar years after 1989; provided the imposition of the limitation shall not reduce a member's benefit below the amount determined as of December 31, 1988.

Effective January 1, 1996, the annual compensation of a member taken into account for determining all benefits provided under this Article shall not exceed one hundred fifty thousand dollars (\$150,000), as adjusted pursuant to section 401(a)(17)(B) of the Internal Revenue Code and any regulations issued under the Code. However, with respect to a person who became a member of the Retirement System prior to January 1, 1996, the imposition of this limitation on compensation shall not reduce the amount of compensation which may be taken into account for determining the benefits of that member under this Article below the amount of compensation which would have been recognized under the provisions of this Article in effect on July 1, 1993.

Effective January 1, 2002, the annual compensation of a person,

who became a member of the Retirement System on or after January 1, 1996, taken into account for determining all benefits accruing under this Article for any plan year after December 31, 2001, shall not exceed two hundred thousand dollars (\$200,000) or the amount otherwise set by the Internal Revenue Code or determined by the Commissioner of Internal Revenue as the limitation for calendar years after 2002.

All the provisions in this subsection have been enacted to make clear that the Plan shall not base contributions or Plan benefits on annual compensation in excess of the limits prescribed by Section 401(a)(17) of the Internal Revenue Code, as adjusted from time to time, subject to certain federal grandfathering rules.

(b) Notwithstanding any other provisions of law to the contrary, the annual benefit payable on behalf of a member shall, if necessary, be reduced to the extent required by Section 415(b) and with respect to calendar years commencing prior to January 1, 2000, Section 415(e) of the Internal Revenue Code, as adjusted by the Secretary of the Treasury or his delegate pursuant to Section 415(d) of the Code. If a member is a participant under any qualified defined contributions plan that is required to be taken into account for the purposes of the limitation contained in Section 415 of the Internal Revenue Code, the annual benefit payable under this Article shall be reduced to the extent required by Section 415(e) prior to making any reduction under the defined contribution plan provided by the employer. However, with respect to a member who has benefits accrued under this Article but whose benefit had not commenced as of December 31, 1999, the combined plan limitation contained in Section 415(e) of the Internal Revenue Code shall not be applied to such member for calendar years commencing on or after January 1, 2000.

(c) On and after September 8, 2009, and for all Plan years to which the minimum distribution rules of the Internal Revenue Code are applicable, with respect to any member who has terminated employment, the Plan shall comply with federal income tax minimum distribution rules by applying a reasonable and good faith interpretation to Section 401(a)(9) of the Internal Revenue Code.

(d) This subsection applies to distributions and rollovers from the Plan. The Plan does not have mandatory distributions within the meaning of Section 401(a)(31) of the Internal Revenue Code. With respect to distributions from the Plan and notwithstanding any other provision of the Plan to the contrary that would otherwise limit a distributee's election under this Article, a distributee (including, after December 31, 2006, a non-spouse beneficiary if that non-spouse beneficiary elects a direct rollover only to an inherited traditional or Roth IRA as permitted under applicable federal law) may elect, at the time and in the manner prescribed by the Plan administrator, to have any portion of an eligible rollover distribution

paid directly to an eligible retirement plan specified by the distributee in a direct rollover. As used in this subsection, an “eligible retirement plan” means an individual retirement account described in Section 408(a) of the Code, an individual retirement annuity described in Section 408(b) of the Code, an annuity plan described in Section 403(a) of the Code, on and after January 1, 2009, a Roth IRA, or a qualified trust described in Section 401(a) of the Code, that accepts the distributee’s eligible rollover distribution. Effective on and after January 1, 2002, an eligible retirement plan also means an annuity contract described in Section 403(b) of the Code and an eligible plan under Section 457(b) of the Code that is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into that plan from this Plan. As used in this subsection, a “direct rollover” is a payment by the Plan to the eligible retirement plan specified by the distributee. Provided, an eligible rollover distribution is any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution shall not include: any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee’s designated beneficiary, or for a specified period of 10 years or more; any distribution to the extent such distribution is required under section 401(a)(9) of the Code; and the portion of any distribution that is not includible in gross income (determined without regard to the exclusion for net realized appreciation with respect to employer securities). Effective as of January 1, 2002, and notwithstanding the exclusion of any after-tax portion from such a rollover distribution in the preceding sentence, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includible in gross income. That portion may be transferred, pursuant to applicable federal law, to an individual retirement account or annuity described in Section 408(a) or (b) of the Code, to a qualified defined benefit plan, or to a qualified defined contribution plan described in Section 401(a), 403(a), or 403(b) of the Code that agrees to separately account for amounts so transferred, including separately accounting for the portion of such distribution which is includible in gross income and the portion of such distribution which is not so includible. The definition of eligible retirement plan shall also apply in the case of a distribution to surviving spouse, or to a spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code, or a court-ordered equitable distribution of marital property, as provided under G.S. 50-20.1. Effective on and after January 1,

2007, notwithstanding any other provision of this subsection, a nonspouse beneficiary of a deceased member may elect, at the time and in the manner prescribed by the administrator of the Board of Trustees of this Retirement System, to directly roll over any portion of the beneficiary's distribution from the Retirement System; however, such rollover shall conform with the provisions of section 402(c)(11) of the Code.

§ 128-38.3. Deduction for payments allowed.

(a) Any beneficiary who is a member of a domiciled employees' or retirees' association that has at least 2,000 members, the majority of whom are active or retired employees of employers as defined in G.S. 128-21(11), may authorize, in writing, the periodic deduction from the beneficiary's retirement benefits a designated lump sum to be paid to the employees' or retirees' association. The authorization shall remain in effect until revoked by the beneficiary. A plan of deductions pursuant to this section shall become void if the employees' or retirees' association engages in collective bargaining with the State, any political subdivision of the State, or any local school administrative unit.

(b) Any beneficiary eligible for coverage under the State Health Plan may also authorize, in writing, the monthly deduction from the beneficiary's retirement benefits of a designated lump sum to be paid to the State Health Plan for any dependent whom the beneficiary wishes to cover under the State Health Plan. In the event that the beneficiary's own State Health Plan coverage is contributory, in whole or in part, the beneficiary may also authorize a designated lump sum to be paid to the State Health Plan on behalf of the beneficiary. In addition, a beneficiary may similarly authorize the deduction for supplemental voluntary insurance benefits, provided that the deduction is authorized by the Department of State Treasurer and is payable to a company with which the Department of State Treasurer has or had an exclusive contractual relationship. Any such authorization shall remain in effect until revoked by the beneficiary.

(c) For local employers who made arrangements with the Retirement System prior to January 1, 2017, any beneficiary who is a retiree from an employer in the Retirement System under this Article may authorize the periodic deduction from the beneficiary's retirement benefits as designated lump sum to be paid to the beneficiary's former employer for the purpose of providing health benefits. The authorization shall remain in effect until revoked by the beneficiary, and proof of the authorization must be available on request of the Department of the State Treasurer. The Department

of State Treasurer is prohibited from making any arrangements to deduct from a beneficiary's retirement benefits an amount to be paid to the beneficiary's former employer for the purpose of providing health benefits.

Re-recodification; Technical and Conforming Changes.

Session Laws 2017-6, s. 3, provides, in part: “The Revisor of Statutes shall recodify Chapter 138A of the General Statutes, Chapter 120C of the General Statutes, as well as Chapter 163 of the

General Statutes, as amended by this act, into a new Chapter 163A of the General Statutes to be entitled ‘Elections and Ethics Enforcement Act,’ as enacted by Section 4 of this act. The Revisor may also recodify into the new Chapter 163A of the General Statutes other existing statutory laws relating to elections and ethics enforcement that are located elsewhere in the General Statutes as the Revisor deems appropriate.” The Revisor

was further authorized to make additional technical and conforming changes to catchlines, internal citations, and other references throughout the General Statutes to effectuate this recodification. Pursuant to this authority, the Revisor of Statutes conformed references in subdivision subdivision (c)(1) and sub-subdivision (c)(2)c.

Session Laws 2018-146, ss. 3.1(a), (b), 6.1, repealed Session Laws 2017-6, s. 3, and authorized the Revisor of Statutes to re-recodify Chapter 163A into Chapters 163, 138A, and 120C and to revert the changes made by the Revisor pursuant to Session Laws 2017-6, s. 3. Pursuant to this authority, the Revisor of Statutes reverted the changes to references in subsection (c).

Editor's Note.

§ 128-38.4A. Forfeiture of retirement benefits for certain felonies related to employment or holding office.

(a) Except as provided in G.S. 128-26(x), the Board of Trustees shall not pay any retirement benefits or allowances, except for a return of member contributions plus interest, to any member who is convicted of any felony under federal law or the laws of this State if all of the following apply:

- (1) The offense is committed while the member is in service.
- (2) The conduct resulting in the member's conviction is directly related to the member's office or employment.

(b) Repealed by Session Laws 2020-48, s. 4.3(b), effective June 26, 2020.

If the State Treasurer determines a reversal of the benefit forfeiture is appropriate, then all benefits will be restored upon repayment of all accumulated contributions plus interest. Repayment of all accumulated contributions that have been received by the individual under the forfeiture provisions of this section must be made in a total lump-sum payment with interest compounded annually at a rate of six and one-half percent (6.5%) for each calendar year from the year of forfeiture to the year of repayment. As to forfeiture of retirement benefits under the Judicial Retirement Act for certain felonies related to employment or holding office, see G.S. 135-75.1A.

Editor's Note.

Session Laws 2012-193, s. 17, as amended by Session Laws 2013-284, s. 3, provides: "The State Treasurer shall negotiate a memorandum of agreement with the United States Attorneys for the Eastern, Middle, and Western Districts of North Carolina whereby the prosecutors will notify the State Treasurer of

convictions under G.S. 135-18.10A(b), 128-38.4A(b), 135-75.1A(b), 120-4.33A(b), 135-5.1(h), 135-5.4(h), and 58-86-100(b)."

Session Laws 2012-193, s. 18, made this section effective December 1, 2012, and applicable to offenses committed on or after that date.

Session Laws 2020-48, s. 6.1, is a severability clause.

Effect of Amendments.

Session Laws 2020-48, s. 4.3(b), effective June 26, 2020, repealed subsection (b), which formerly read: "Subdivision (2) of subsection (a) of this section shall apply to felony convictions where the court finds under G.S. 15A-1340.16(d)(9) or other applicable State or federal procedure that the member's conduct is directly related to the member's office or employment."

CASE NOTES

Constitutionality. — To remain eligible for retirement benefits, respondent agreed and bore a duty to faithfully execute the duties of her office and to account for all public funds entrusted to her, which she violated by pleading guilty to embezzlement; G.S. 128-38.4A does not unconstitutionally impair contracts under the Federal or State Constitutions. N.C. Dep't of State Treasurer v. Riddick, 274 N.C. App. 183, 852 S.E.2d 376, 2020 N.C. App. LEXIS 776 (2020).

Construction. — By pleading guilty, respondent admitted to embezzling public funds entrusted to her while serving as the register of deeds; G.S. 128-38.4A provides a disjunctive "or" and enables it to be invoked through state or federal procedure, which is provided for by the express elements of G.S. 14-92, and there are scenarios where an aggravating factor is not found or is omitted in a plea bargain. A valid forfeiture of future accruals occurred. N.C. Dep't of State Treasurer v. Riddick, 274 N.C. App. 183, 852 S.E.2d 376, 2020 N.C. App. LEXIS 776 (2020).

By enacting G.S. 161-50.4(c), which enumerated specific felonies to justify a forfeiture, the General Assembly did not invalidate or repeal the mechanism un-

der G.S. 128-38.4A for forfeiture. N.C. Dep't of State Treasurer v. Riddick, 274 N.C. App. 183, 852 S.E.2d 376, 2020 N.C. App. LEXIS 776 (2020).

Forfeiture of Accrued Time. — Respondent acquired contractual rights in the Local Governmental Employees' Retirement System when she vested in 2001; the statute was effective as of December 2012 and the Retirement System parties could not forfeit accredited and accrued service time prior to the enactment of the act. Respondent forfeited accrued time after 1 December 2012 when the statute became effective. N.C. Dep't of State Treasurer v. Riddick, 274 N.C. App. 183, 852 S.E.2d 376, 2020 N.C. App. LEXIS 776 (2020).

Forfeiture of Sick Leave. — Respondent was only able to convert her unused sick leave into creditable service time upon her retirement effective April 2017, and her retirement occurred after the effective forfeiture date of December 2012 in G.S.128-38.4A; respondent forfeited all 2.5833 years of creditable service converted from unused sick leave, not just the 1.25 years of creditable service forfeited after December 2012. N.C. Dep't of State Treasurer v. Riddick, 274 N.C. App. 183, 852 S.E.2d 376, 2020 N.C. App. LEXIS 776 (2020).

§ 128-38.4B. Prohibition on purchase of forfeited service.

Any member whose retirement benefits have been forfeited under G.S. 128-38.4 or G.S. 128-38.4A is prohibited from subsequently

purchasing or repurchasing either those forfeited benefits or any creditable membership service associated with those forfeited benefits and that service may not be used for the purposes of eligibility for benefits in any retirement system that provides reciprocal benefits.

Editor's Note.

The preamble and s. 1 of Session Laws 2018-52 provide: "Whereas, the employee benefit programs operated by the Department of State Treasurer are an intergenerational partnership between public employees and taxpayers of the State, it is incumbent upon the administrators of those programs to provide for Financial Accountability, Integrity, and Recovery of assets (FAIRness); and

"Whereas, taxpayers should expect FAIRness in these employee benefit programs, and the Department of State Treasurer should be provided all tools necessary to promote that goal; and

"Whereas, public employees who are participants in these employee benefit programs by virtue of deductions from compensation should also expect FAIR-

ness as a baseline in the operation of these programs; and

"Whereas, future generations of North Carolinians benefit from fiscally responsible management provided by FAIRness of these employee benefit programs by the current generation; Now, therefore,

"Section 1. This act shall be known and cited as the 'Financial Accountability, Integrity, and Recovery Act of 2018'."

§ 128-38.5. Improper receipt of decedent's retirement allowance.

A person is guilty of a Class 1 misdemeanor if the person, with the intent to defraud, receives money as a result of cashing, depositing, or receiving a direct deposit of a decedent's retirement allowance and the person (i) knows that he or she is not entitled to the decedent's retirement allowance, (ii) receives the benefit at least two months after the date of the retiree's or beneficiary's death, and (iii) does not attempt to inform this Retirement System of the retiree's or beneficiary's death.

§ 128-38.6. Employee protection and remedies against unlawful retaliation for furnishing information to the Retirement Systems Division.

(a) In the absence of fraud or malice, no person who furnishes information to the staff of the Retirement Systems Division relating to the investigation of possible violations of retirement law shall be liable for damages in a civil action for any oral or written statement

made or any other action that is necessary to supply such information to the Division.

(b) Any employee of a participating local employer who is discharged, demoted, suspended, threatened, harassed, or in any other manner discriminated against in the terms and conditions of employment by the employee's employer because of lawful acts done by the employee in furtherance of the Retirement Systems Division's receipt of information concerning possible violations of retirement law, including cooperation with the Division's investigation of possible violations, shall be entitled to all relief necessary to make the employee whole. Relief shall include reinstatement with the same seniority status as the employee would have had but for the discrimination or retaliation by the employing unit, two times the amount of back pay, interest on the back pay, and compensation for any special damages sustained as a result of the discrimination or retaliation, including litigation costs and reasonable attorneys' fees. Reserved for future codification purposes.

§ 128-38.10. Qualified Excess Benefit Arrangement.

(a) The following words and phrases as used in this section, unless a different meaning is plainly required by the context, have the following meanings:

- (1) "Board of Trustees" means the Board of Trustees established by G.S. 128-28.
- (2) "Internal Revenue Code" means the Internal Revenue Code of 1986, as amended from time to time.
- (3) "Payee" means a retired member, or the survivor beneficiary of a member or retired member.
- (4) "Qualified Excess Benefit Arrangement" means the qualified excess benefit arrangement under section 415(m) of the Internal Revenue Code established under this Article.
- (5) "Retirement System" means the North Carolina Local Governmental Employees' Retirement System.

(b) The Qualified Excess Benefit Arrangement (QEBA) is established effective January 1, 2014, and placed under the management of the Board of Trustees. The purpose of the QEBA is solely to provide the part of a retirement allowance or benefit that would otherwise have been payable by the North Carolina Local Governmental Employees' Retirement System except for the limitations under section 415(b) of the Internal Revenue Code. The QEBA, as

set forth in this section, is intended to constitute a qualified governmental excess benefit arrangement under section 415(m) of the Internal Revenue Code.

(c) **Eligibility to Participate in the QEBA.** — Effective as of January 1, 2014, a payee shall participate in the QEBA for any calendar year, or portion of the calendar year, during which he or she receives a retirement allowance or benefit payment on and after January 1, 2014, from the North Carolina Local Governmental Employees' Retirement System that is reduced due to the application of the maximum benefit provisions of section 415(b) of the Internal Revenue Code. For purposes of the QEBA, a payee is a retired member or survivor beneficiary of a member or retired member who is receiving monthly retirement benefit payments from a Retirement System.

(d) **Supplemental Benefit Payable Under the QEBA.** — Effective January 1, 2014, a payee shall receive each month, commencing on and after January 1, 2014, a monthly supplemental benefit equal to the difference between the amount of that payee's monthly retirement benefit paid under the North Carolina Local Governmental Employees' Retirement System on and after January 1, 2014, and the amount that would have been payable to that payee from the North Carolina Local Governmental Employees' Retirement System in that month if not for the reduction due to the application of section 415(b) of the Internal Revenue Code. That supplemental benefit shall be computed and payable under the same terms, at the same time, and to the same person as the related benefit payable under the Retirement System. A payee cannot elect to defer the receipt of all or any part of the supplemental payments due under the QEBA. The supplemental benefit paid under this section shall be taxable under North Carolina law in the same manner as the benefit paid under the North Carolina Local Governmental Employees' Retirement System.

(d1) The last employer of a payee who retires on or after August 1, 2016, and who receives any supplemental benefit payment under this section shall be required to reimburse the QEBA in the amount of any supplemental benefit payment made to that payee. The reimbursement amount shall be calculated on an annual basis every calendar year. For purposes of calculating the reimbursement amount, the Board of Trustees may include a pro rata share of direct costs attributable to administration of the QEBA. The Fiscal Research Division of the General Assembly shall be required to review all reimbursement amounts prior to notifying an employer of the reimbursement amount owed.

The employer shall have 60 calendar days from the date of notification of the reimbursement amount owed to pay the amount in full or the employer shall be assessed a penalty, in lieu of interest, of one percent (1%) per month, or fraction thereof, that the payment is made beyond the due date.

(e) **Funding of the QEBA.** — The QEBA shall be unfunded within the meaning of federal tax laws. No payee contributions or deferrals, direct or indirect, by election or otherwise shall be made or allowed. The Board of Trustees, upon the recommendation of the actuary engaged by the Board of Trustees, shall determine the employer contributions required to pay the benefits due under the QEBA for each fiscal year. The required contributions shall be paid by all participating employers. The required contributions shall be deposited in a separate fund from the fund into which regular employer contributions are deposited for the underlying Retirement System. The benefit liability for the QEBA shall be determined each fiscal year and assets shall not be accumulated to pay benefits in future fiscal years.

(f) **Treatment of Unused Assets.** — Any assets of the QEBA plan not used to pay benefits in the current calendar year shall be used for payment of the administrative expenses of the QEBA for the current or future calendar years or shall be paid to the Retirement System as an additional employer contribution.

(g) **Assets Subject to Claims of Creditors.** — A payee, or a payee's beneficiary or heirs, shall have no right to, and shall have no property interest in, any assets held to support the liabilities created under this section. To the extent that any person acquires the right to receive benefits under the QEBA, that right shall be no greater than the right of any unsecured general creditor of the State of North Carolina or such other applicable employer under this section.

(h) **Administration.** — The QEBA shall be administered by the Board of Trustees, which shall compile and maintain all records necessary or appropriate for administration. The Board of Trustees shall have full discretionary authority to interpret, construe, and implement the QEBA and to adopt such rules and regulations as may be necessary or desirable to implement the provisions of the QEBA in accordance with section 415(m) of the Internal Revenue Code.

(i) **No Assignment.** — Except for the application of the provisions of G.S. 110-136 and G.S. 110-136.3, et seq., or in connection with a court-ordered equitable distribution under G.S. 50-20, any supplemental benefit under this section shall be exempt from levy and sale, garnishment, attachment, or any other process, and shall be unassignable except as specifically otherwise provided in this section.

(j) **Reservation of Power to Change.** — The General Assembly reserves the right at any time and, from time to time, to modify or amend, in whole or in part, any or all of the provisions of the QEBA. No member of the Retirement System and no beneficiary of such a member shall be deemed to have acquired any vested right to a supplemental payment under this section.

(k) **Sunset of Eligibility to Participate in the QEBA.** — No member of the North Carolina Local Governmental Employees' Retirement System who became a member of the Retirement System on or after January 1, 2015, shall be eligible to participate in the QEBA, and the Retirement System shall not pay any new member more retirement benefits than allowed under the limitations of section 415(b) of the Internal Revenue Code.

CASE NOTES

Actuarial Equivalent. — The actuarial value includes interest and there was no double recovery where the court was following the definition of actuarial equivalent as prescribed by this section and included interest in the underpayment award. *Faulkenbury v. Teachers’ & State Emps. Retirement Sys.*, 345 N.C. 683, 483 S.E.2d 422, 1997 N.C. LEXIS 188 (1997).

Retirement Law Is Valid. — It is the verdict of the General Assembly, embodied and expressed in this and the following sections, that the retirement plan has a definite relation to the just and efficient administration of the public school system which brings it within the scope of constitutional authority. Under the mandatory provisions of the retire-

ment law, the public policy thus expressed is applied to the entire public school system and its administration at the hands of every administrative unit within it. *Bridges v. City of Charlotte*, 221 N.C. 472, 20 S.E.2d 825, 1942 N.C. LEXIS 494 (1942).

The retirement law is sufficiently invested with a public purpose and is a constitutional and valid expression of the legislative will, both generally and in its application to the local administrative units with which it deals. *Bridges v. City of Charlotte*, 221 N.C. 472, 20 S.E.2d 825, 1942 N.C. LEXIS 494 (1942).

Allowances to which a member of the Teachers’ and State Employees’ Retirement System is entitled upon retirement constitute compensation for public ser-

VICES previously rendered and do not violate former N.C. Const., Art. I, § 32 (now N.C. Const., Art. I, § 16). *Harrill v. Teachers' & State Employees' Retirement Sys.*, 271 N.C. 357, 156 S.E.2d 702, 1967 N.C. LEXIS 1196 (1967).

The purpose of this and the following sections is to provide benefits on retirement for the teachers in the public school system of the State and for State employees. It is based not only upon the principle of justice to poorly paid State employees, but also upon the philosophy that a measure of freedom from apprehension of old age and disability will add to the immediate efficiency of those engaged in carrying on a work of first importance to society and the State. *Bridges v. City of Charlotte*, 221 N.C. 472, 20 S.E.2d 825, 1942 N.C. LEXIS 494 (1942); *Powell v. Board of Trustees*, 3 N.C. App. 39, 164 S.E.2d 80, 1968 N.C. App. LEXIS 782 (1968).

Under G.S. 135-2, the Retirement System for Teachers and State Employees was established for the purpose of providing retirement allowances and other benefits under the provisions of G.S. 135-1 et seq., for teachers and State employees of the State of North Carolina. *State Emples. Ass'n of N.C., Inc. v. State*, 154 N.C. App. 207, 573 S.E.2d 525, 2002 N.C. App. LEXIS 1451 (2002), rev'd, 357 N.C. 239, 580 S.E.2d 693, 2003 N.C. LEXIS 599 (2003).

The intent of this Chapter is not to exclude, but to include, State employees under an umbrella of protections designed to provide maximum security in their work environment and to afford a measure of freedom from apprehension of old age and disability. *Stanley v. Retirement & Health Benefits Div.*, 55 N.C. App. 588, 286 S.E.2d 643, 1982 N.C. App. LEXIS 2231 (1982).

The Teachers' and State Employees' Retirement System of North Carolina is an agency or instrumentality of the State. *Stanley v. Retirement & Health Benefits Div.*, 66 N.C. App. 122, 310 S.E.2d 637, 1984 N.C. App. LEXIS 2837 (1984).

Employee Status When Job Sharing. — Petitioner remained an "employee" under subsection (10) during the period of time when she participated in a job sharing program and was working full time and thus was entitled to credit for those years of service as reflected in her retirement records. *Wiebenson v. Board of Trustees*, 345 N.C. 734, 483 S.E.2d 153, 1997 N.C. LEXIS 183 (1997).

Transfer of Local Creditable Service to State System. — In determining the date of eligibility of state employee petitioner to purchase retirement credits under Teachers' and State Employees' Retirement System for time spent in the military service under repealed G.S. 135-4(f)(6), petitioner could not include service in the Local Governmental Employees' Retirement System. *Worrell v. North Carolina Dep't of State Treas.*, 333 N.C. 528, 427 S.E.2d 871, 1993 N.C. LEXIS 137 (1993).

Interest Accrual and Compounding. — Consistent with the purposes of subdivision (19) of this section and G.S. 128-21(18), underpayments were found to accrue interest from the date they became due. Furthermore, court found that statutes entitled beneficiaries to interest, not only on the principle due, but also on the accrued or earned interest. *Faulkenbury v. Teachers' & State Emples. Retirement Sys.*, 133 N.C. App. 587, 515 S.E.2d 743, 1999 N.C. App. LEXIS 615, writ denied, 351 N.C. 102, 540 S.E.2d 358, 1999 N.C. LEXIS 1035 (1999), cert. denied, 351 N.C. 102, 540 S.E.2d 358, 1999 N.C. LEXIS 1034 (1999).

Postjudgment Interest Not Awardable Against State. — Retirees under the state and local government retirement system were not entitled to postjudgment interest on retroactive disability benefits, because the state retirement statutes contain no provision for the allowance of such interest. *Faulkenbury v. Teachers' & State Employees' Retirement Sys.*, 132 N.C. App. 137, 510 S.E.2d 675, 1999 N.C. App. LEXIS 89 (1999).

Retiree Not Entitled to Tax-Free Pension. — Retiree was not entitled to a tax free pension because he withdrew his contributions to the Consolidated Judicial Retirement System and the Teachers' and State Employees Retirement System and left public employment before August 12, 1989, and thus he was not vested on that date; although the retiree later returned to public employment, became vested, and repaid the money he had previously withdrawn, when read together, G.S. 135-4 and G.S. 135-5 made clear that a member who left state service and withdrew contributions in the retirement system had no rights to any benefits within the system except for the right to repay previously withdrawn contributions as provided in G.S. 135-4. The repayment served only to increase the retiree's years of service creditable. *Cashwell v. Dep't of State Treasurer, Ret.*

Sys. Div., 196 N.C. App. 80, 675 S.E.2d 73, 2009 N.C. App. LEXIS 452 (2009).

OPINIONS OF ATTORNEY GENERAL

“Current benefits” includes the amount of accumulated leave time that a university employee has available for use at the time the inspection is requested. As such, G.S. 126-23 requires the university system to provide the accumulated leave time for employees. See opinion of Attorney General to Laura B. Luger, Vice President and General Counsel, The University of North Carolina, 2009 N.C. Op. Att’y Gen. 1 (06/15/09).

Leave time is a benefit required to be

kept open for public inspection in accordance with G.S. 126-23. Sick leave balances, vacation leave balances, bonus leave balances, and compensatory time accrued are therefore current benefits to university employees which should be made available for inspection and copying upon request. See opinion of Attorney General to Laura B. Luger, Vice President and General Counsel, The University of North Carolina, 2009 N.C. Op. Att’y Gen. 1 (06/15/09).

CASE NOTES

Actuarial Equivalent. — The actuarial value includes interest and there was no double recovery where the court was following the definition of actuarial equivalent as prescribed by this section and included interest in the underpayment award. *Faulkenbury v. Teachers' & State Emps. Retirement Sys.*, 345 N.C. 683, 483 S.E.2d 422, 1997 N.C. LEXIS 188 (1997).

Retirement Law Is Valid. — It is the verdict of the General Assembly, embodied and expressed in this and the following sections, that the retirement plan has a definite relation to the just and efficient administration of the public school system which brings it within the scope of constitutional authority. Under the mandatory provisions of the retirement law, the public policy thus expressed is applied to the entire public school system and its administration at the hands of every administrative unit within it. *Bridges v. City of Charlotte*, 221 N.C. 472, 20 S.E.2d 825, 1942 N.C. LEXIS 494 (1942).

The retirement law is sufficiently invested with a public purpose and is a constitutional and valid expression of the legislative will, both generally and in its application to the local administrative units with which it deals. *Bridges v. City of Charlotte*, 221 N.C. 472, 20 S.E.2d 825, 1942 N.C. LEXIS 494 (1942).

Allowances to which a member of the Teachers' and State Employees' Retirement System is entitled upon retirement constitute compensation for public services previously rendered and do not violate former N.C. Const., Art. I, § 32 (now N.C. Const., Art. I, § 16). *Harrill v. Teachers' & State Employees' Retirement Sys.*, 271 N.C. 357, 156 S.E.2d 702, 1967 N.C. LEXIS 1196 (1967).

The purpose of this and the following sections is to provide benefits on retirement for the teachers in the public school system of the State and for State employees. It is based not only upon the principle of justice to poorly paid State employees, but also upon the philosophy that a measure of freedom from apprehension of old age and disability will add to the immediate efficiency of those engaged in carrying on a work of first importance to society and the State. *Bridges v. City of Charlotte*, 221 N.C. 472, 20 S.E.2d 825, 1942 N.C. LEXIS 494 (1942); *Powell v. Board of Trustees*, 3 N.C. App. 39, 164 S.E.2d 80, 1968 N.C. App. LEXIS 782 (1968).

Under G.S. 135-2, the Retirement System for Teachers and State Employees was established for the purpose of providing retirement allowances and other benefits under the provisions of G.S. 135-1 et seq., for teachers and State employees of the State of North Carolina. *State Emples. Ass'n of N.C., Inc. v. State*, 154 N.C. App. 207, 573 S.E.2d 525, 2002 N.C. App. LEXIS 1451 (2002), rev'd, 357 N.C. 239, 580 S.E.2d 693, 2003 N.C. LEXIS 599 (2003).

The intent of this Chapter is not to exclude, but to include, State employees under an umbrella of protections designed to provide maximum security in their work environment and to afford a measure of freedom from apprehension of old age and disability. *Stanley v. Retirement & Health Benefits Div.*, 55 N.C. App. 588, 286 S.E.2d 643, 1982 N.C. App. LEXIS 2231 (1982).

The Teachers' and State Employees' Retirement System of North Carolina is an agency or instrumentality of the State. *Stanley v. Retirement & Health Benefits Div.*, 66 N.C.

App. 122, 310 S.E.2d 637, 1984 N.C. App. LEXIS 2837 (1984).

Employee Status When Job Sharing. — Petitioner remained an “employee” under subsection (10) during the period of time when she participated in a job sharing program and was working full time and thus was entitled to credit for those years of service as reflected in her retirement records. *Wiebenson v. Board of Trustees*, 345 N.C. 734, 483 S.E.2d 153, 1997 N.C. LEXIS 183 (1997).

Transfer of Local Creditable Service to State System. — In determining the date of eligibility of state employee petitioner to purchase retirement credits under Teachers’ and State Employees’ Retirement System for time spent in the military service under repealed G.S. 135-4(f)(6), petitioner could not include service in the Local Governmental Employees’ Retirement System. *Worrell v. North Carolina Dep’t of State Treas.*, 333 N.C. 528, 427 S.E.2d 871, 1993 N.C. LEXIS 137 (1993).

Interest Accrual and Compounding. — Consistent with the purposes of subdivision (19) of this section and G.S. 128-21(18), underpayments were found to accrue interest from the date they became due. Furthermore, court found that statutes entitled beneficiaries to interest, not only on the principle due, but also on the accrued or earned interest. *Faulkenbury v. Teachers’ & State Emples. Retirement Sys.*, 133 N.C. App. 587, 515 S.E.2d 743, 1999 N.C. App. LEXIS 615, writ denied, 351 N.C. 102,

540 S.E.2d 358, 1999 N.C. LEXIS 1035 (1999), cert. denied, 351 N.C. 102, 540 S.E.2d 358, 1999 N.C. LEXIS 1034 (1999).

Postjudgment Interest Not Awardable Against State. — Retirees under the state and local government retirement system were not entitled to post-judgment interest on retroactive disability benefits, because the state retirement statutes contain no provision for the allowance of such interest. *Faulkenbury v. Teachers’ & State Employees’ Retirement Sys.*, 132 N.C. App. 137, 510 S.E.2d 675, 1999 N.C. App. LEXIS 89 (1999).

Retiree Not Entitled to Tax-Free Pension. — Retiree was not entitled to a tax free pension because he withdrew his contributions to the Consolidated Judicial Retirement System and the Teachers’ and State Employees Retirement System and left public employment before August 12, 1989, and thus he was not vested on that date; although the retiree later returned to public employment, became vested, and repaid the money he had previously withdrawn, when read together, G.S. 135-4 and G.S. 135-5 made clear that a member who left state service and withdrew contributions in the retirement system had no rights to any benefits within the system except for the right to repay previously withdrawn contributions as provided in G.S. 135-4. The repayment served only to increase the retiree’s years of service creditable. *Cashwell v. Dep’t of State Treasurer, Ret. Sys. Div.*, 196 N.C. App. 80, 675 S.E.2d 73, 2009 N.C. App. LEXIS 452 (2009).

OPINIONS OF ATTORNEY GENERAL

“Current benefits” includes the amount of accumulated leave time that a university employee has available for use at the time the inspection is requested. As such, G.S. 126-23 requires the university system to provide the accumulated leave time for employees. See opinion of Attorney General to Laura B. Luger, Vice President and General Counsel, The University of North Carolina, 2009 N.C. Op. Att’y Gen. 1 (06/15/09).

Leave time is a benefit required to be

kept open for public inspection in accordance with G.S. 126-23. Sick leave balances, vacation leave balances, bonus leave balances, and compensatory time accrued are therefore current benefits to university employees which should be made available for inspection and copying upon request. See opinion of Attorney General to Laura B. Luger, Vice President and General Counsel, The University of North Carolina, 2009 N.C. Op. Att’y Gen. 1 (06/15/09).

§ 135-1.1. Licensing and examining boards.

(a) Any State board or agency charged with the duty of administering any law relating to the examination and licensing of persons to practice a profession, trade or occupation, in its discretion, may elect on or before July 1, 1983, by an appropriate resolution of said

board, to cause its employees so employed prior to July 1, 1983 to become members of the Teachers' and State Employees' Retirement System. Such Retirement System coverage shall be conditioned on such board's paying all of the employer's contributions or matching funds from funds of the board and on such board's collecting from its employees the employees' contributions, at such rates as may be fixed by law and by the regulations of the Board of Trustees of the Retirement System, all of such funds to be paid to the Retirement System and placed in the appropriate funds. Retroactive coverage of the employees of any such board may also be effected to the extent that such board requests provided the board pays all of the employer's contributions or matching funds necessary for such purpose and provided said board collects from its employees all employees' contributions necessary for such purpose, computed at such rates and in such amount as the Board of Trustees of the Retirement System determines, all of such funds to be paid to the Retirement System, together with such interest as may be due, and placed in the appropriate funds.

(b) Notwithstanding any other provision of this Chapter, any State board or agency charged with the duty of administering any law relating to the examination and licensing of persons to practice a profession, trade, or occupation, and who is subject to the provisions of the State Budget Act, Chapter 143C of the General Statutes, may make an irrevocable election by appropriate resolution of the board, on or before October 1, 2000, to become an employer in the Teachers' and State Employees' Retirement System. Retirement System coverage shall be conditioned on the board's payment of all of the employer's contributions or matching funds from funds of the board and on the board's collecting from its employees the employees' contributions, at such rates as may be fixed under G.S. 135-8, the Current Operations Appropriations Act, or any other applicable law, all of such funds to be paid to the Retirement System and placed in the appropriate funds. Any person who was an employee of the board on the date the board makes an irrevocable election to participate in the Retirement System may purchase creditable service for periods of employment with the board prior to the election, provided that (i) the person is a member in service and (ii) the purchase is made on or before December 31, 2021. The amount of creditable service purchased under this subsection may not exceed a total of five years. A member shall purchase this service by paying a lump sum amount to the Annuity Savings Fund equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the employee could retire on an unreduced retirement allowance and (ii)

assumed annual postretirement allowance increases as set by the Board of Trustees upon the advice of the consulting actuary. The increases as set by the Board of Trustees upon the advice of the consulting actuary shall also include an administrative fee to be set by the Board.

History.

1959, c. 1012; 1983, c. 412, s. 3; 2000-187, s. 1; 2006-203, s. 72; 2020-29, s. 1(c).

Editor's Note.

Session Laws 2006-203, s. 126, provides in part: "Prosecutions for offenses committed before the effective date of this act [July 1, 2007] are not abated or affected by this act, and the statutes that would be applicable but for this act remain applicable to those prosecutions."

Session Laws 2020-29, s. 1(k), provides: "For all service purchases that are required to have been made by December 31, 2021, the Retirement Systems Division of the Department of State Treasurer shall accept and process all service purchase request forms that are received by the Retirement Systems Division on or before December 31, 2021."

Session Laws 2020-29, s. 10, is a severability clause.

Effect of Amendments.

Session Laws 2020-29, s. 1(c), effective June 19, 2020, in subsection (b), substituted "under G.S. 135-8, the Current Operations Appropriations Act, or any other applicable law" for "by law and by

the rules of the Board of Trustees of the Retirement System" in the first sentence, substituted "election, provided that (i) the person is a member in service and (ii) the purchase is made on or before December 31, 2021" for "election by making a lump-sum payment equal to the full cost of the service credits calculated on the basis of the assumptions used for the purposes of the actuarial valuation of the system's liabilities, and shall take into account the additional retirement allowance arising on account of such additional service credit commencing at the earliest age at which a member could retire on an unreduced retirement allowance, as determined by the Board of Trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the Board of Trustees. Notwithstanding the foregoing provisions of this subdivision that provide for the purchase of service credits, the terms 'full cost', 'full liability', and 'full actuarial cost' include assumed annual postretirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance." and added the last two sentences.

OPINIONS OF ATTORNEY GENERAL

Those occupational licensing boards subject to the Personnel Act [North Carolina Human Resources Act], G.S. 126-1 et seq., and the Budget Act, G.S. 143-1 et seq., are also subject to G.S. 135-1.1, just as are the occupational licensing boards not subject to the Personnel and Budget Acts [North Carolina Human Resources and Budget Acts]. See opinion of Attorney General to Vicky Goudie, Executive Secretary, State Board of Cosmetology, 60 N.C. Op. Att'y Gen. 54 (1990).

An occupational licensing board, even one such as the Cosmetic Arts Board and several others subject to the Personnel and Budget Acts [North Carolina Human Resources and Budget Acts], is not entitled to have any of its employees, who were employed on or after July 1, 1983, covered by and participating in the Retirement System. See opinion of Attorney General to Vicky Goudie, Executive Secretary, State Board of Cosmetology, 60 N.C. Op. Att'y Gen. 54 (1990).

§ 135-2. Name and date of establishment.

A Retirement System is hereby established and placed under the management of the Board of Trustees for the purpose of providing retirement allowances and other benefits under the provisions of this Chapter for teachers and State employees of the State of North

Carolina. The Retirement System so created shall be established as of the first day of July, 1941.

This Retirement System is a governmental plan, within the meaning of Section 414(d) of the Internal Revenue Code. Therefore, the nondiscrimination rules of Sections 401(a)(5) and 401(a)(26) of the Code do not apply. This System shall have the power and privileges of a corporation and shall be known as the "Teachers' and State Employees' Retirement System of North Carolina," and by such name all of its business shall be transacted, all of its funds invested, and all of its cash and securities and other property held.

Consistent with Section 401(a)(1) of the Internal Revenue Code, all contributions from participating employers and participating employees to this Retirement System shall be made to funds held in trust through trust instruments that have the purposes of distributing trust principal and income to retired members and their beneficiaries and of paying other definitely determinable benefits under this Chapter, after meeting the necessary expenses of administering this Retirement System. Neither the trust corpus nor income from this trust can be used for purposes other than the exclusive benefit of members or their beneficiaries, except that employer contributions made to the trust under a good faith mistake of fact may be returned to an employer, where the refund can occur within less than one year after the mistaken contribution was made, consistent with the rule adopted by the Board of Trustees. The Retirement System shall have a consolidated Plan document, consisting of Article V, Section 6(2) of the North Carolina Constitution, relevant statutory provisions in this Chapter; associated regulations in the North Carolina Administrative Code, substantive and procedural information on the official forms used by the Retirement System, and policies and minutes of the Board of Trustees.

History.

1941, c. 25, s. 2; 2012-130, s. 7(c).

Retirement System was transferred to the Department of State Treasurer by G.S. 143A-34, enacted by Session Laws 1971, c. 864.

CASE NOTES

Teachers' and State Employees' Retirement System of North Carolina is an agency or instrumentality of the State. *Stanley v. Retirement &*

Health Benefits Div., 66 N.C. App. 122, 310 S.E.2d 637, 1984 N.C. App. LEXIS 2837 (1984).

§ 135-3. Membership.

The membership of this Retirement System shall be composed as follows:

- (1) All persons who shall become teachers or State employees after the date as of which the Retirement System is established. On and after July 1, 1947, membership in the

Retirement System shall begin 90 days after the election, appointment or employment of a “teacher or employee” as the terms are defined in this Chapter. On and after July 1, 1955, membership in the Retirement System shall begin immediately upon the election, appointment or employment of a “teacher or employee,” as the terms are defined in this Chapter. Under such rules and regulations as the Board of Trustees may establish and promulgate, Cooperative Agricultural Extension Service employees excluded from coverage under Title II of the Social Security Act may in the discretion of the governing authority of a county, become members of the Teachers’ and State Employees’ Retirement System to the extent of that part of their compensation derived from a county. On and after July 1, 1965, new extension service employees excluded from coverage under Title II of the Social Security Act in the employ of a county participating in the Local Governmental Employees’ Retirement System are hereby excluded from participation in the Teachers’ and State Employees’ Retirement System to the extent of that part of their compensation derived from a county; provided that on and after July 1, 1965, new extension service employees excluded from coverage under Title II of the Social Security Act who are required to accept a federal civil service appointment may elect in writing, on a form acceptable to the Retirement System, to be excluded from the Teachers’ and State Employees’ Retirement System and the Local Retirement System; provided further, that effective July 1, 1985, an extension service employee excluded from coverage under Title II of the Social Security Act who is employed in part by a county and who is compensated in whole by the Cooperative Agricultural Extension Service pursuant to a contract where the Cooperative Agricultural Extension Service is reimbursed by the county for the county’s share of the compensation shall participate exclusively in the Teachers’ and State Employees’ Retirement System to the extent of their full compensation. On or after July 1, 1979, upon election, appointment or employment, a legislative employee shall automatically become a member of the Teachers’ and State Employees’ Retirement System. At such time as Cooperative Agricultural Extension Service Employees excluded from coverage under Title II of the Social Security Act become covered by Title II of the Social Security Act, such employees shall no longer be covered by the provisions of this section, provided no accrued rights of these employees under this section prior to coverage by Title II of the Social Security Act shall be diminished.

- (2) Repealed by Session Laws 2012-130, s. 8, effective July 1, 2012.
- (3) A member shall cease to be a member only if the member withdraws his or her accumulated contributions, or becomes a beneficiary, or dies.
- (4) Notwithstanding any provisions contained in this section, any employee of the State of North Carolina who was taken over and required to perform services for the federal government, on a loan basis, and by virtue of an executive order of the President of the United States effective on or after January 1, 1942, and who on the effective date of such executive order was a member of the Retirement System and had not withdrawn all of his or her accumulated contributions, shall be deemed to be a member of the Retirement System during such period of federal service or employment by virtue of such executive order of the President of the United States. Any such employee who within a period of 12 months after the cessation of such federal service or employment, is again employed by the State or any employer as said term is defined in this Chapter, or within said period of 12 months engages in service or membership service, shall be permitted to resume active participation in the Retirement System and to resume his or her contributions as provided by this Chapter. If such member so elects, he or she may pay to the Board of Trustees for the benefit of the proper fund or account an amount equal to his or her accumulated contributions previously withdrawn with interest from date of withdrawal to time of payment and the accumulated contributions, with interest thereon, that such member would have made during such period of federal employment to the same extent as if such member had been in service or engaged in the membership service for the State or an employer as defined in this Chapter, which such payment of accumulated contributions shall be computed on the basis of the salary or earnable compensation received by such member on the effective date of such executive order.
- (5) Repealed by Session Laws 2012-130, s. 8, effective July 1, 2012.
- (6) Repealed by Session Laws 1981 (Regular Session, 1982), c. 1396, s. 1.
- (7) The provisions of this subdivision (7) shall apply to any member whose retirement became effective prior to July 1, 1963, and who became entitled to benefits hereunder in accordance with the provisions hereof. Such benefits shall be computed in accordance with the provisions of G.S. 135-5(b) as in effect at the date of such retirement.

- a. Notwithstanding any other provision of this Chapter, any member who separates from service prior to the attainment of the age of 60 years for any reason other than death or retirement for disability as provided in G.S. 135-5(d), after completing 20 or more years of creditable service, and who leaves his total accumulated contributions in said System shall have the right to retire on a deferred retirement allowance upon attaining the age of 60 years: Provided, that such member may retire only upon written application to the Board of Trustees setting forth at what time, not less than 30 days nor more than 90 days subsequent to the execution and filing thereof, he desires to be retired. Such deferred retirement allowance shall be computed in accordance with the provisions of G.S. 135-5(b), subdivisions (1), (2) and (3).
- b. In lieu of the benefits provided in paragraph a of this subdivision (7) any member who separates from service on or after July 1, 1951, and prior to the attainment of the age of 60 years, for any reason other than death or retirement for disability as provided in G.S. 135-5(d), after completing 30 or more years of creditable service, and who leaves his total accumulated contributions in said System, may elect to retire on an early retirement allowance; provided that such member may so retire only upon written application to the Board of Trustees setting forth at what time, not less than 30 days nor more than 90 days subsequent to the execution and filing thereof, he desires to be retired; provided further that such application shall be duly filed within 60 days following the date of such separation. Such early retirement allowance so elected shall be the actuarial equivalent of the deferred retirement allowance otherwise payable at the attainment of the age of 60 years upon proper application therefor.
- c. In lieu of the benefits provided in paragraph a of this subdivision (7), any member who separated from service before July 1, 1951, and prior to the age of 60 years for any reason other than death or retirement for disability as provided in G.S. 135-5(d), and who left his total accumulated contributions in said System, may elect to retire on an early retirement allowance; provided that such member may so retire only upon written application to the Board of Trustees setting forth at what time, subsequent to July 1, 1951, and not less than 30 days nor more than 90 days subsequent to the execution and filing thereof, he desires to be

retired; provided that such application shall be duly filed not later than August 31, 1951. Such early retirement allowance so elected shall be the actuarial equivalent of the deferred retirement allowance otherwise payable at the attainment of the age of 60 years upon proper application therefor.

- d. Should a teacher or employee who retired on an early or service retirement allowance be restored to service prior to the attainment of the age of 62 years, his allowance shall cease, he shall again become a member of the Retirement System, and he shall contribute thereafter at the uniform contribution rate payable by all members. Upon his subsequent retirement, he shall be entitled to the allowance described in 1 below reduced by the amount in 2 below.
 1. The allowance to which he would have been entitled if he were retiring for the first time, calculated on the basis of his total creditable service represented by the sum of his creditable service at the time of his first retirement, and his creditable service after he was restored to service.
 2. The actuarial equivalent of the retirement benefits he previously received.
 - e. Should a teacher or employee who retired on an early or service retirement allowance be restored to service after the attainment of the age of 62 years, his retirement allowance shall be reduced to the extent necessary (if any) so that the sum of the retirement allowance at the time of his retirement and earnings from employment by a unit of the Retirement System for any year (beginning January 1, and ending December 31) will not exceed the member's compensation received for the 12 months of service prior to retirement. Provided, however, that under no circumstances will the member's retirement allowance be reduced below the amount of his annuity as defined in G.S. 135-1(3).
- (8) The provisions of this subsection (8) [subdivision] shall apply to any member whose membership is terminated on or after July 1, 1963 and who becomes entitled to benefits hereunder in accordance with the provisions hereof:
- a. Notwithstanding any other provision of this Chapter, any member who separates from service prior to the attainment of the age of 60 years for any reason other than death or retirement for disability as provided in G.S. 135-5(c), after completing 15 or more years of creditable service, and who leaves his total accumulated contributions in said System shall have the right

to retire on a deferred retirement allowance upon attaining the age of 60 years; provided that such member may retire only upon electronic submission or written application to the Board of Trustees setting forth at what time, not less than one day nor more than 120 days subsequent to the execution and filing thereof, he desires to be retired; and further provided that in the case of a member who so separates from service on or after July 1, 1967, or whose account is active on July 1, 1967, or has not withdrawn his contributions, the aforestated requirement of 15 or more years of creditable service shall be reduced to 12 or more years of creditable service; and further provided that in the case of a member who so separates from service on or after July 1, 1971, or whose account is active on July 1, 1971, the aforestated requirement of 12 or more years of creditable service shall be reduced to five or more years of creditable service. Such deferred retirement allowance shall be computed in accordance with the service retirement provisions of this Article pertaining to a member who is not a law enforcement officer or an eligible former law enforcement officer. Notwithstanding the foregoing, any member whose services as a teacher or employee are terminated for any reason other than retirement, who becomes employed by a nonprofit, nonsectarian private school in North Carolina below the college level within one year after such teacher or employee has ceased to be a teacher or employee, may elect to leave his total accumulated contributions in the Teachers' and State Employees' Retirement System during the period he is in the employment of such employer; provided that he files notice thereof in writing with the Board of Trustees of the Retirement System within five years after separation from service as a public school teacher or State employee; such member shall be deemed to have met the requirements of the above provisions of this subdivision upon attainment of age 60 while in such employment provided that he is otherwise vested.

- b. In lieu of the benefits provided in paragraph a of this subdivision (8), any member who separates from service prior to the attainment of the age of 60 years, for any reason other than death or retirement for disability as provided in G.S. 135-5(c), after completing 20 or more years of creditable service, and who leaves his total accumulated contributions in said System, may elect to retire on an early retirement allowance upon

attaining the age of 50 years or at any time thereafter; provided that such member may so retire only upon electronic submission or written application to the Board of Trustees setting forth at what time, not less than one day nor more than 120 days subsequent to the execution and filing thereof, he desires to be retired. Such early retirement allowance so elected shall be equal to the deferred retirement allowance otherwise payable at the attainment of the age of 60 years reduced by the percentage thereof indicated below.

- b1. In lieu of the benefits provided in paragraphs a and b of this subdivision, any member who is a law-enforcement officer at the time of separation from service prior to the attainment of the age of 50 years, for any reason other than death or disability as provided in this Article, after completing 15 or more years of creditable service in this capacity immediately prior to separation from service, and who leaves his total accumulated contributions in this System may elect to retire on a deferred early retirement allowance upon attaining the age of 50 years or at any time thereafter; provided, that the member may commence retirement only upon electronic submission or written application to the Board of Trustees setting forth at what time, as of the first day of a calendar month, not less than one day nor more than 120 days subsequent to the execution and filing thereof, he desires to commence retirement. The deferred early retirement allowance shall be computed in accordance with the service retirement provisions of this Article pertaining to law-enforcement officers.
- b2. In lieu of the benefits provided in paragraphs a and b of this subdivision, any member who is a law-enforcement officer at the time of separation from service prior to the attainment of the age of 55 years, for any reason

other than death or disability as provided in this Article, after completing five or more years of creditable service in this capacity immediately prior to separation from service, and who leaves his total accumulated contributions in this System may elect to retire on a deferred early retirement allowance upon attaining the age of 55 years or at any time thereafter; provided, that the member may commence retirement only upon electronic submission or written application to the Board of Trustees setting forth at what time, as of the first day of a calendar month not less than one day nor more than 120 days subsequent to the execution and filing thereof, he desires to commence retirement. The deferred early retirement allowance shall be computed in accordance with the service retirement provisions of this Article pertaining to law-enforcement officers.

- b3. Vested deferred retirement allowance of members retiring on or after July 1, 1994. — In lieu of the benefits provided in paragraphs a. and b. of this subdivision, any member who separates from service prior to attainment of age 60 years, after completing 20 or more years of creditable service, and who leaves his total accumulated contributions in said System, may elect to retire on a deferred retirement allowance upon attaining the age of 50 years or any time thereafter; provided that such member may so retire only upon electronic submission or written application to the Board of Trustees setting forth at what time, not less than one day nor more than 120 days subsequent to the execution and filing thereof, he desires to be retired. Such deferred retirement allowance shall be computed in accordance with the service retirement provisions of this Article pertaining to a member who is not a law enforcement officer or an eligible former law enforcement officer.
- b4, b5. Repealed by Session Laws 2014-88, s. 3(a), effective July 30, 2014.
- c. Should a beneficiary who retired on an early or service retirement allowance under this Chapter be reemployed by, or otherwise engaged to perform services for, an employer participating in the Retirement System on a part time, temporary, interim, or on a fee for service basis, whether contractual or otherwise, except as provided in G.S. 120-32(1), and if such beneficiary earns an amount during the 12 month period immediately following the effective date of retirement or in

any calendar year which exceeds fifty percent (50%) of the reported compensation, excluding terminal payments, during the 12 months of service preceding the effective date of retirement, or twenty thousand dollars (\$20,000), whichever is greater, as hereinafter indexed, then the retirement allowance shall be suspended as of the first day of the month following the month in which the reemployment earnings exceed the amount above, for the balance of the calendar year, except when the reemployment earnings exceed the amount above in the month of December, in which case the retirement allowance shall not be suspended. The retirement allowance of the beneficiary shall be reinstated as of January 1 of each year following suspension. The amount that may be earned before suspension shall be increased on January 1 of each year by the percentage change between the December Consumer Price Index in the year prior to retirement and the December Consumer Price Index in the year most recently ended, calculated to the nearest tenth of a percent (1/10 of 1%), provided that this percentage change is positive.

- c1. Within 90 days of the end of each month in which a beneficiary is reemployed under the provisions of sub-subdivision c. of this subdivision, each employer shall provide a report for that month on each reemployed beneficiary, including the terms of the reemployment, the date of the reemployment, and the amount of the monthly compensation. If the required report is not received within the required 90 days, the Board may do any or [all] the following:
 1. Assess the employer with a penalty of ten percent (10%) of the compensation of the unreported reemployed beneficiaries during the months for which the employer did not report the reemployed beneficiaries, with a minimum penalty of twenty-five dollars (\$25.00). If after being assessed a penalty, an employer provides clear and convincing evidence that the failure to report resulted from a lack of oversight or some other event beyond the employer's control and was not a deliberate attempt to omit the reporting of reemployed beneficiaries, the Board may reduce the penalty to not less than two percent (2%) of the compensation of the unreported reemployed beneficiaries during the months for which the employer failed to report, with a minimum penalty of twenty five dollars (\$25.00).

2. Require the employer to reimburse the Retirement System for any retirement allowance paid to the beneficiary during a period when the allowance would have been suspended under sub-subdivision c. of this subdivision had the report been received within the required 90 days.
3. Require the employer to pay any amounts that the beneficiary would have been required to pay to the Retirement System under sub-subdivision f. of this subdivision had the report been received within the required 90 days.

Upon receipt by the employer of notice that any payment is due to the Retirement System under this sub-subdivision, the employer shall remit the payment of the amount due to the Retirement System, in one lump sum, no later than 90 days from the date of the notice.

If an employer is required to make payments to the Retirement System under sub-sub-subdivision 2. or sub-sub-subdivision 3. of this subdivision, then (i) the beneficiary shall have no obligation to reimburse the Retirement System for related amounts under sub-subdivisions c. or f. of this subdivision, (ii) the provisions of G.S. 135-9(b) relating to offsetting overpayments against payments made from the Retirement System to the member or beneficiary shall not apply, (iii) the Retirement System shall have no duty under G.S. 143-64.80 to pursue repayment of overpayments from the beneficiary, (iv) the overpayments shall not be considered a debt of the beneficiary under Chapter 105A of the General Statutes, and (v) the beneficiary's effective date of retirement shall be adjusted if the adjustment is required under sub-subdivision f. of this subdivision.

- d. Should a beneficiary who retired on an early or service retirement allowance under this Chapter be restored to service as an employee or teacher, then the retirement allowance shall cease as of the first of the month following the month in which the beneficiary is restored to service and the beneficiary shall become a member of the Retirement System and shall contribute thereafter as allowed by law at the uniform contribution payable by all members.

Upon his subsequent retirement, he shall be paid a retirement allowance determined as follows:

1. For a member who earns at least three years' membership service after restoration to service,

creditable service earned while in receipt of disability benefits under Article 6 of this Chapter shall count as membership service for this purpose only, and the retirement allowance shall be computed on the basis of his compensation and service before and after the period of prior retirement without restrictions; provided, that if the prior allowance was based on a social security leveling payment option, the allowance shall be adjusted actuarially for the difference between the amount received under the optional payment and what would have been paid if the retirement allowance had been paid without optional modification. In the alternative, the member may receive a refund of the member's accumulated contributions for the period of service after restoration to service in accordance with G.S. 135-5(f).

2. For a member who does not earn three years' membership service after restoration to service, the retirement allowance shall be equal to the sum of the retirement allowance to which he would have been entitled had he not been restored to service, without modification of the election of an optional allowance previously made, and the retirement allowance that results from service earned since being restored to service; provided, that if the prior retirement allowance was based on a social security leveling payment option, the prior allowance shall be adjusted actuarially for the difference between the amount that would have been paid for each month had the payment not been suspended and what would have been paid if the retirement allowance had been paid without optional modification. In the alternative, the member may receive a refund of the member's accumulated contributions for the period of service after restoration to service in accordance with G.S. 135-5(f), or the member may allow this new account to remain inactive.
- e. Any beneficiary who retired on an early or service retirement allowance as an employee of any State department, agency or institution under the Law Enforcement Officers' Retirement System and becomes employed as an employee by a State department, agency, or institution as an employer participating in the Retirement System shall become subject to the provisions of G.S. 135-3(8)c and G.S. 135-3(8)d on and after January 1, 1989.

- f. Should a beneficiary who retired on an early or service retirement allowance under this Chapter be reemployed by, or otherwise engaged to perform services for, an employer participating in the Retirement System on a part-time, temporary, interim, or on a fee for service basis, whether contractual or otherwise at any time during the six months immediately following the effective date of retirement, then the option of the two listed below that has the lesser financial impact on the member, as determined by the Retirement System, shall be applied:
 - 1. The member's retirement shall be deemed effective the month after the last month the member performed services for a participating employer, and the member shall repay all retirement benefits paid up to the deemed effective date, provided the member thereafter has satisfied the six-month separation required by G.S. 135-1(20).
 - 2. The member shall make a lump-sum payment to the Retirement System equal to three times the amount of compensation earned during the six months immediately following the effective date of retirement.

CASE NOTES

Constitutionality of Sub-Subdivision (8)d. — Because all retired officers and employees are subject to the provisions of sub-subdivision (8)d of this section, plaintiff retired judge was not treated differently than similarly situated persons, and the Retirement System's interpretation of sub-subdivision (8)d did not violate the Equal Protection Clause of either the United States or the North Carolina Constitution. *Wells v. Consolidated Judicial Retirement Sys.*, 136 N.C. App. 671, 526 S.E.2d 486, 2000 N.C. App. LEXIS 162 (2000), *aff'd*, 354 N.C. 313, 553 S.E.2d 877, 2001 N.C. LEXIS 1098 (2001).

Suspension of Benefits. — In case involving suspension of plaintiff retired judge's retirement benefits after he was appointed to another state office, where the prohibition contained in sub-subdivision (8)d of this section existed as former (8)c when plaintiff's rights vested in the Retirement System, the prohibition applied to plaintiff, and plaintiff's contract

under Chapter 135 provided that his benefits would cease if he returned to employment with the State of North Carolina following his retirement from the court. *Wells v. Consolidated Judicial Retirement Sys.*, 136 N.C. App. 671, 526 S.E.2d 486, 2000 N.C. App. LEXIS 162 (2000), *aff'd*, 354 N.C. 313, 553 S.E.2d 877, 2001 N.C. LEXIS 1098 (2001).

Suspension of the retirement benefits of a retired judge who was appointed to state utilities commission, while he served on that commission, was proper even though the statute authorizing the suspension of a retired judge's pension only spoke of suspending the benefits of a retired judge who returned to judicial service, because the broader provisions of G.S. 135-3(8)(c), disallowing continued receipt of benefits by a contributor to the Teachers' and State Employees' Retirement System of North Carolina, applied to the judge. *Wells v. Consol. Judicial Ret. Sys.*, 354 N.C. 313, 553 S.E.2d 877, 2001 N.C. LEXIS 1098 (2001).

OPINIONS OF ATTORNEY GENERAL

See opinion of Attorney General to Mr. J.E. Miller, Director, Teachers' and State Employees' Retirement System, 40 N.C. Op. Att'y Gen. 625 (1970).

When an employee, age 62, retires on July 1, 1959, and receives retirement benefits until July 1, 1964, at which time he reenters State employment, when that employee subsequently retires on July 1, 1969, he is entitled to the resumption of payment of his retirement benefits suspended while he was reem-

ployed, plus additional benefits based on a salary over the most recent 5 years' employment figured at the current formula rate. He is not entitled to benefits using the current formula and his total service recently plus that prior to his first retirement. Opinion of Attorney General to Mr. J.E. Miller, Director, Teachers' and State Employees' Retirement System, 40 N.C. Op. Att'y Gen. 623 (1969).

§§ 135-3.1, 135-3.2. (Repealed)

Repealed by Session Laws 1961, c. 516, s. 9.

§ 135-4. Creditable service.

(a) Repealed by Session Laws 2020-29, s. 1(a), effective June 19, 2020.

(b) In no case shall more than one year of service be creditable for all services in one year. Service rendered for the regular school year in any district shall be equivalent to one year's service. Service rendered by a school employee in a job-sharing position shall be credited at the rate of one-half year for each regular school year of employment.

(c) Repealed by Session Laws 2018-85, s. 7, effective June 25, 2018.

(d) Any member may, up to his date of retirement and within one year thereafter, request the Board of Trustees to modify or correct service credit that was earned prior to retirement.

(e) Creditable service at retirement on which the retirement allowance of a member shall be based shall consist of the membership service rendered by the member since he or she last became a member, and also if the member has a prior service certificate which is in full force and effect, the amount of service certified on the prior service certificate; and if the member has sick leave standing to the member's credit upon retirement on or after July 1, 1971, one month of credit for each 20 days or portion thereof, but not less than one hour; sick leave shall not be counted in computing creditable service for the purpose of determining eligibility for disability retirement or for a vested deferred allowance. Creditable service for unused sick leave shall be allowed only for sick leave accrued monthly during employment under a duly adopted sick leave policy and for which the member may be able to take credits and be paid for sick leave without restriction. However, in no instance shall unused sick leave be credited to a member's account at retirement if the member's last day of actual service is more than five years prior to the effective date of the member's retirement. Further, any agency with a sick leave policy that is more generous than that of all State agencies subject to the rules of the Office of State Human Resources shall proportionately adjust each of its retiring employees' sick leave balance to the balance that employee would have had under the rules of the Office of State Human Resources. Days of sick leave standing to a member's credit at retirement shall be determined by dividing the member's total hours of sick leave at retirement by the hours per month such leave was awarded under the employer's duly adopted sick leave policy as the policy applied to the member when the leave was accrued.

(e1) The creditable service of a member who was a member of the Law-Enforcement Officers' Retirement System at the time of the transfer of law-enforcement officers employed by the State from that System to this Retirement System and whose accumulated contributions are transferred from that System to this Retirement System, shall include service that was creditable in the Law-Enforcement Officers' Retirement System; and membership service with that System shall be membership service with this Retirement System; provided, notwithstanding any provision of this Article to the contrary, any inchoate or accrued rights of such a member to purchase creditable service for military service, withdrawn service and prior service under the rules and regulations of the Law-Enforcement Officers' Retirement System shall not be diminished and may be purchased as creditable service with this Retirement System under the same conditions which would have otherwise applied.

(f) **Armed Service Credit.** —

- (1) Teachers and other State employees who entered the Armed Forces of the United States on or after September 16, 1940, and prior to February 17, 1941, and who returned to the service of the State within a period of two years after they were first eligible to be separated or released from the Armed Forces of the United States under other than dishonorable conditions shall be entitled to full credit for all prior service. Pursuant to 38 U.S.C. § 4318(b)(1), when a member who has been on military leave returns to work consistent with the provisions of this subdivision, then the member's employer must remit to the System all the employer contributions for the full period of that member's military service.
- (2) Teachers and other State employees who entered the Armed Forces of the United States on or after September 16, 1940, and who returned to the service of the State prior to October 1, 1952, or who devote not less than 10 years of service to the State after they are separated or released from the Armed Forces of the United States under other than dishonorable conditions, shall be entitled to full credit for all prior service, and, in addition they shall receive membership service credit for the period of service in the Armed Forces of the United States up to the date they were first eligible to be separated or released therefrom, occurring after the date of establishment of the Retirement System.
- (3) Teachers and other State employees who enter the Armed Forces of the United States on or after July 1, 1950, or who engage in active military service on or after July 1, 1950, and who return to the service of the State within a period of two years after they are first eligible to be separated or released from such active military service under other than dishonorable conditions shall be entitled to full membership service credit for the period of such active service in the Armed Forces of the United States.
- (4) Under such rules as the Board of Trustees shall adopt, credit will be provided by the Retirement System with respect to each such teacher or other State employee in the amounts that he or she would have been paid during such service in the Armed Forces of the United States on the basis of his or her earnable compensation when such service commenced. Such contributions shall be credited to the individual account of the member in the annuity savings fund, in such manner as the Board of Trustees shall determine, but any such contributions so credited and any regular interest thereon shall be available to the member

only in the form of an annuity, or benefit in lieu thereof, upon the member's retirement on a service, disability or special retirement allowance; and in the event of cessation of membership or death prior thereto, any such contributions so credited and regular interest thereon shall not be payable to the member or on the member's account, but shall be transferred from the annuity savings fund to the pension accumulation fund. If any payments were made by a member on account of such service as provided by subdivision (5) of subsection (b) of G.S. 135-8, the Board of Trustees shall refund to or reimburse such member for such payments.

- (5) The provisions of this subsection shall also apply to members of the North Carolina National Guard with respect to teachers and State employees who are called into federal service or who are called into State service, to the extent that such persons fail to receive compensation for performance of the duties of their employment other than for service in the North Carolina National Guard.
- (6) Repealed by Session Laws 1981, c. 636, s. 1. For proviso as to inchoate or accrued rights, see Editor's note below.
- (7) Notwithstanding any other provision of this Chapter, any member and any retired member as herein described may purchase creditable service in the Armed Forces of the United States, not otherwise allowed, by paying a total lump sum payment determined as follows:
 - a. For members who completed 10 years of membership service, and retired members who completed 10 years of membership service prior to retirement, whose membership began on or prior to July 1, 1981, and who make this purchase within three years after first becoming eligible, the cost shall be an amount equal to the monthly compensation the member earned when the member first entered membership service times the employee contribution rate at that time times the months of service to be purchased, multiplied by a factor equivalent to the investment return assumptions determined by the Board of Trustees, compounded annually, from the initial year of membership to the year of payment so as to equal one-half of the cost of allowing this service, plus an administrative fee to be set by the Board of Trustees.
 - b. For members who complete five years of membership service, and retired members who complete five years of membership service prior to retirement, and eligible members and retired members covered by paragraph a. of this subdivision, whose membership began on or

before July 1, 1981, but who did not or do not make this purchase within three years after first becoming eligible, the cost shall be an amount equal to the full liability of the service credits calculated on the basis of the assumptions used for the purposes of the actuarial valuation of the System's liabilities and shall take into account the retirement allowance arising on account of the additional service credits commencing at the earliest age at which the member could retire on an unreduced allowance, as determined by the Board of Trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the Board of Trustees. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the term "full liability" includes assumed post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service retirement allowance.

Creditable service allowed under this subdivision shall be only for the initial period of "active duty", as defined in 38 U.S. Code Section 101(21), in the Armed Forces of the United States up to the date the member was first eligible to be separated and released and for subsequent periods of "active duty", as defined in 38 U.S. Code Section 101(21), as required by the Armed Forces of the United States up to the date of first eligibility for separation or release, but shall not include periods of active duty in the Armed Forces of the United States creditable in any other retirement system except the National Guard or any reserve component of the Armed Forces of the United States, and shall not include periods of "active duty for training", as defined in 38 U.S. Code Section 101(22), or periods of "inactive duty training", as defined in 38 U.S. Code Section 101(23), rendered in any reserve component of the Armed Forces of the United States. Provided, creditable service may be allowed only for active duty in the Armed Forces of the United States of a member that resulted in a general or honorable discharge from duty. The member shall submit satisfactory evidence of the service claimed. For purposes of this subsection, membership service may include any membership or prior service credits transferred to this Retirement System pursuant to G.S. 135-18.1.

(g) Teachers and other State employees who served in the uniformed services as defined in the Uniformed Services Employment and Reemployment Rights Act of 1994, 38 U.S.C. § 4303, who were not dishonorably discharged, and who returned to the service of the

State within a period of two years from date of discharge shall be credited with prior service for such period of service in the uniformed services for the maximum period that they are entitled to reemployment under the Uniformed Services Employment and Reemployment Rights Act of 1994, 38 U.S.C. § 4301, et seq., or other federal law, and the salary or compensation of such a teacher or State employee during that period of service is deemed to be that salary or compensation the employee would have received but for the period of service had the employee remained continuously employed, if the determination of that salary or compensation is reasonably certain. If the determination of the salary or compensation is not reasonably certain, then it is deemed to be that employee's average rate of compensation during the 12-month period immediately preceding the period of service. When a member who has served in the uniformed services returns to work in compliance with the conditions of this subsection, that member's employer shall remit to the System all employer and employee contributions for the full period of that member's military service.

(h) During periods when a member is on leave of absence and is receiving less than the member's full compensation, the member will be deemed to be in service only if the member is contributing to the Retirement System as provided in G.S. 135-8(b)(5). If the member is so contributing, the annual rate of compensation paid to such employee immediately before the leave of absence began will be deemed to be the actual compensation rate of the employee during the leave of absence.

(i) Repealed by Session Laws 2020-29, s. 1(a), effective June 19, 2020.

(j) Repealed by Session Laws 2021-57, s. 1.4(a), effective July 1, 2022.

(j1) Prior to January 1, 2023, any member may purchase creditable service for service as a member of the General Assembly not otherwise creditable under this section, provided the service is not credited in the Legislative Retirement Fund nor the Legislative Retirement System, and further provided the member pays a lump sum amount equal to the full cost of the additional service credits calculated on the basis of the assumptions used for the purposes of the actuarial valuation of the System's liabilities, taking into account the additional retirement allowance arising on account of the additional service credits commencing at the earliest age at which a member could retire on an unreduced retirement allowance as determined by the Board of Trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the Board of Trustees. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the

Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

(j2) Notwithstanding any provision of this Chapter to the contrary on and after January 1, 2023, any member in service with five or more years of membership service may purchase creditable service for service as a member of the General Assembly not otherwise creditable under this section, provided the service is not credited in the Legislative Retirement Fund nor the Legislative Retirement System, by paying a total lump sum payment. The amount of creditable service purchased under this subsection may not exceed a total of five years. The member shall purchase this service by paying a lump sum amount to the Annuity Savings Fund equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees upon the advice of the consulting actuary. Subject to the requirements of this subsection, an employer may pay all or part of the cost of a service purchase of a member in service. To the extent that the purchase is paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund. To the extent that the purchase is paid by the member, the cost paid by the member shall be credited to the member's annuity savings account. The creditable service of a member who was a member of the Local Governmental Employees' Retirement System, the Consolidated Judicial Retirement System, or the Legislative Retirement System, and whose accumulated contributions and reserves are transferred from that System to this System, includes service that was creditable in the Local Governmental Employees' Retirement System, the Consolidated Judicial Retirement System, or the Legislative Retirement System, and membership service with those Retirement Systems is membership service with this Retirement System.

(k) Repealed by Session Laws 2021-57, s. 1.4(a), effective July 1, 2022.

(k1) **North Carolina Withdrawn Service Purchased On and After January 1, 2022.** — Notwithstanding any other provision of this Chapter to the contrary, on and after January 1, 2022, any member who withdrew his or her contributions in accordance with the provisions of G.S. 127-27(f) or G.S. 135-5(f) or the rules and regulations of the Law Enforcement Officers' Retirement System, and who subsequently returns to service and completes five years of membership service upon that return, while in service may purchase an amount of creditable service totaling the amount of the

membership service associated with the withdrawn contributions, provided that the total of the creditable service purchased under this subsection may not exceed five years. The member shall purchase this service by paying a lump sum amount to the Annuity Savings Fund equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees upon the advice of the consulting actuary. The calculation of the amount payable shall also include an administrative fee to be set by the Board.

Subject to the requirements of this subsection, an employer may pay all or part of the cost of a service purchase of a member in service. To the extent that the purchase is paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund. To the extent that the purchase is paid by the member, the cost paid by the member shall be credited to the member's annuity savings account.

(l) Repealed by Session Laws 1981, c. 636, s. 1. For proviso as to inchoate or accrued rights, see Editor's note below.

(l1) Repealed by Session Laws 2021-57, s. 1.4(a), effective July 1, 2022.

(l2) Notwithstanding any provision of this Chapter to the contrary, on and after January 1, 2021, any member in service with five or more years of membership service may purchase creditable service previously rendered to the federal government or to any state, territory, or other governmental subdivision of the United States other than this State by paying a total lump sum payment. The amount of creditable service purchased under this subsection may not exceed a total of five years. The member shall purchase this service by paying a lump sum amount to the Annuity Savings Fund equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees upon the advice of the consulting actuary. The calculation of the amount payable shall also include an administrative fee to be set by the Board.

Creditable service under this subsection shall be allowed only at the rate of one year of out-of-state service for each year of membership service in this State, with a maximum allowable of five years of

out-of-state service. Such service is limited to full-time service that would be allowable under the laws governing this Retirement System. Credit will be allowed only if no benefit is allowable in another public retirement system as a result of the service.

Subject to the requirements of this subsection, an employer may pay all or part of the cost of a service purchase of a member in service. To the extent that the purchase is paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund. To the extent that the purchase is paid by the member, the cost paid by the member shall be credited to the member's annuity savings account.

(m) Notwithstanding any language to the contrary of any provision of this section, or of any repealed provision of this section that was repealed with the inchoate and accrued rights preserved, all repayments and purchases of service credits, allowed under the provisions of this section or of any repealed provision of this section that was repealed with inchoate and accrued rights preserved, must be made within three years after the member first becomes eligible to make such repayments and purchases. Any member who does not repay or purchase service credits within said three years after first eligibility to make such repayments and purchases may, under the same conditions as are otherwise required, repay or purchase service credits provided that the repayment or purchase equals the full cost of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the system's liabilities and shall take into account the additional retirement allowance arising on account of such additional service credit commencing at the earliest age at which such member could retire on an unreduced retirement allowance as determined by the Board of Trustees upon the advice of the consulting actuary. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance. Notwithstanding the foregoing, on and after July 1, 2001, the provisions of this subsection shall not apply to the repayment of contributions withdrawn pursuant to subsection (k) of this section.

(n) Repealed by Session Laws 1981, c. 636, s. 1. For proviso as to inchoate or accrued rights, see Editor's note below.

(o) Repealed by Session Laws 1981, c. 636, s. 1. For proviso as to inchoate or accrued rights, see Editor's note below.

(p) **Credit for prior temporary State employment.** — Notwithstanding any other provision of this Chapter, on or before December 31, 2021, a member may purchase service credit for temporary State employment upon completion of 10 years of membership service and subject to the condition that the member had

been classified as a temporary employee for more than three years. Each employer shall certify to the Board of Trustees that an employee is eligible to purchase this service credit prior to the member making payment. Payment for the service credit shall be in a single lump sum based upon the amount the member would have contributed if he had been properly classified as a permanent employee and been a member of this retirement system. Notwithstanding any provision of this Article to the contrary, any inchoate or accrued rights of such a member to purchase creditable service that existed before December 31, 2021, may not be diminished and may be purchased as creditable service with this Retirement System under the same conditions which would have otherwise applied.

(p1) Repealed by Session Laws 2020-29, s. 1(a), effective June 19, 2020.

(p2) **Part-Time Service Credit.** — Notwithstanding any other provision of this Chapter to the contrary, any member in service with five or more years of membership service may purchase service previously rendered as a part-time teacher or employee of an employer, as defined in G.S. 135-1(11) or G.S. 128-21(11), except the following service may not be purchased:

- (1) Part-time service rendered as a bus driver to a public school while a full-time high school student.
- (2) Temporary or part-time service rendered while a full-time student in pursuit of a degree or diploma in a degree-granting program, unless that service was rendered on a permanent part-time basis and required at least 20 hours of service per week.

Payment for service purchased under this subsection shall be made in a single lump sum in an amount calculated by applying the ratio of actual gross compensation earned as a part-time employee to the gross compensation that would have been earned as a full-time employee to the period of service rendered in months. The member shall purchase this service by paying a lump sum amount to the Annuity Savings Fund equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees upon the advice of the consulting actuary. The calculation of the amount payable shall also include an administrative fee to be set by the Board.

The Board of Trustees shall adopt rules regarding how much service in any year, as based on compensation, is equivalent to one year of service in proportion to earnable compensation, but in no case shall more than one year of service be creditable for all service

in one year. Service rendered for the regular school year in any district shall be equivalent to one year of service.

Subject to the requirements of this subsection, an employer may pay all or part of the cost of a service purchase of a member in service. To the extent that the purchase is paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund. To the extent that the purchase is paid by the member, the cost paid by the member shall be credited to the member's annuity savings account.

(q) Repealed by Session Laws 2020-29, s. 1(a), effective June 19, 2020.

(r) Notwithstanding any other provision of this Chapter, any member may purchase creditable service for periods of employer approved leaves of absence when in receipt of benefits under the North Carolina Workers' Compensation Act. This service shall be purchased by paying a cost calculated in the following manner:

(1) **Leaves of Absence Terminated Prior to July 1, 1983.** —

The cost to a member whose employer approved leave of absence, when in receipt of benefits under the North Carolina Workers' Compensation Act, terminated upon return to service prior to July 1, 1983, shall be a lump sum amount payable to the Annuity Savings Fund equal to the full liability of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the system's liabilities, and shall take into account the retirement allowance arising on account of the additional service credit commencing at the earliest age at which the member could retire on an unreduced retirement allowance, as determined by the board of trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the board of trustees. Notwithstanding the foregoing provisions of this subdivision that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

(2) **Leaves of Absence Terminating On and After July 1, 1983, but before January 1, 1988.** —

The cost to a member whose employer approved leave of absence, when in receipt of benefits under the North Carolina Workers' Compensation Act, terminates upon return to service on and after July 1, 1983, but before January 1, 1988, shall be a lump sum amount due and payable to the Annuity Savings Fund within six months from return to service equal to the total employee and employer percentage rates of contribution in effect at the time of purchase and based

on the annual rate of compensation of the member immediately prior to the leave of absence; Provided, however, the cost to a member whose amount due is not paid within six months from return to service shall be the amount due plus one percent (1%) per month penalty for each month or fraction thereof the payment is made beyond the six-month period.

- (3) **Leaves of Absence Terminating On and After January 1, 1988.** — The cost to a member whose employer approved leave of absence, when in receipt of benefits under the North Carolina Workers' Compensation Act, terminates on and after January 1, 1988, shall be due and payable to the Annuity Savings Fund within six months from end of the leave of absence and shall be a lump sum amount equal to the employee percentage rate of contribution in effect at the time of purchase applied to the annual rate of compensation of the member immediately prior to the leave of absence. For members electing to make this payment, the member's employer which granted the leave of absence, or the member's employer upon a return to service, or both, shall make a matching lump sum payment to the Pension Accumulation Fund within six months from the end of the leave of absence equal to the employer percentage rate of contribution in effect at the time of purchase applied to the annual rate of compensation of the member immediately prior to the leave of absence. Such purchases of creditable service are applicable only when members have membership service credits within 30 days prior to the leave of absence and within 12 months following the leave of absence and such membership service is creditable service at the time of purchase. Notwithstanding any other provision of this subdivision, the cost to a member and to a member's employer or former employer or both employers whose amount due is not paid within six months from return to service shall be the amount due plus one percent (1%) per month penalty for each month or fraction thereof that the payment is made after the six-month period.

A member who is in receipt of Workers' Compensation during the period for which he or she would have otherwise been eligible to receive short-term benefits as provided in G.S. 135-105 and who subsequently becomes a beneficiary in receipt of a benefit as provided in G.S. 135-106 may purchase creditable service for any period of employer approved leave of absence when in receipt of benefits under the North Carolina Workers' Compensation Act. The cost to purchase such creditable service shall be as determined above provided the amount due if not paid within six

months from the beginning of the long-term disability period as determined in G.S. 135-106 shall be the amount due plus one percent (1%) per month penalty for each month or fraction thereof that the payment is made after the six-month period.

Whenever the creditable service purchased pursuant to this subsection is for a period that occurs during the four consecutive calendar years that would have produced the highest average annual compensation pursuant to G.S. 135-1(5) had the member not been on leave of absence without pay, then the compensation that the member would have received during the purchased period shall be included in calculating the member's average final compensation. In such cases, the compensation that the member would have received during the purchased period shall be based on the annual rate of compensation of the member immediately prior to the leave of absence.

(s) **Credit at Full Cost for Temporary Employment.** — Any member in service with five or more years of membership service may purchase creditable service for State employment when classified as a temporary teacher or employee subject to all of the following conditions:

- (1) The member was employed by an employer as defined in G.S. 135-1(11) or G.S. 128-21(11).
- (2) The member's temporary employment met all other requirements of G.S. 135-1(10) or (25), or G.S. 128-21(10).
- (3) The member has completed five years or more of membership service.
- (4) The member has acquired from the employer such certifications of temporary employment as are required by the Board of Trustees.

The amount of creditable service purchased under this subsection may not exceed a total of five years. A member shall purchase this service by making a lump sum payment into the Annuity Savings Fund equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees upon the advice of the consulting actuary. The calculation of the amount payable shall also include an administrative fee to be set by the Board.

Subject to the requirements of this subsection, an employer may pay all or part of the cost of a service purchase of a member in service. To the extent that the purchase is paid by the employer, the

cost paid by the employer shall be credited to the pension accumulation fund. To the extent that the purchase is paid by the member, the cost paid by the member shall be credited to the member's annuity savings account.

(t), (u) Repealed by Session Laws 2020-29, s. 1(a), effective June 19, 2020.

(v) **Omitted Membership Service.** — A member who had service as an employee as defined in G.S. 135-1(10) and G.S. 128-21(10) or as a teacher as defined in G.S. 135-1(25) and who was omitted from contributing membership through error may be allowed membership service, after submitting clear and convincing evidence of the error, as follows:

- (1) Within 90 days of the omission, by the payment of employee and employer contributions that would have been paid; or
- (2) After 90 days and prior to three years of the omission, by the payment of the employee and employer contributions that would have been paid plus interest compounded annually at a rate equal to the greater of the average yield on the pension accumulation fund for the preceding calendar year or the actuarial investment rate-of-return assumption, as adopted by the Board of Trustees; or
- (3) After three years of the omission, by the payment of an amount equal to the full cost of the service credits calculated on the basis of the assumptions used for the purposes of the actuarial valuation of the system's liabilities, and shall take into account the additional retirement allowance arising on account of such additional service credit commencing at the earliest age at which a member could retire on an unreduced retirement allowance, as determined by the Board of Trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the Board of Trustees. Notwithstanding the foregoing provisions of this subdivision that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

Nothing contained in this subsection shall prevent an employer or member from paying all or a part of the cost of the omitted membership service; and to the extent paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund; and to the extent paid by the member, the cost paid by the members shall be credited to the member's annuity savings account; provided, however, an employer does not discriminate against any member or group of members in his employ in paying all or any part of the cost of the omitted membership service.

(w) Repealed by Session Laws 2021-57, s. 1.4(a), effective July 1, 2022.

(x) Repealed by Session Laws 2001-424, s. 32.32(c), effective July 1, 2001.

(y) A member who is a beneficiary of the Disability Income Plan provided for in Article 6 of this Chapter shall be granted creditable service for each month that the member is eligible for and for which a benefit is paid under the provisions of G.S. 135-105 and G.S. 135-106; provided, however, that in no instance shall a member be granted creditable service under this subsection if creditable service is earned or credited for the same month in this retirement system or any other retirement system administered by the State.

(z) **Credit at Full Cost for Leave Due to Extended Illness.** — Any member in service with five or more years of membership service may purchase creditable service for periods of interrupted service while on leave without pay status due to the member's illness or injury, excluding leave due to maternity, provided that any single such interrupted service shall have included such period of time during which the member failed to earn at least two months membership service, by making a lump sum amount payable to the Annuity Savings Fund equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees upon the advice of the consulting actuary. The calculation of the amount payable shall also include an administrative fee to be set by the Board. The amount of creditable service purchased under this subsection may not exceed a total of five years.

Subject to the requirements of this subsection, an employer may pay all or part of the cost of a service purchase of a member in service. To the extent that the purchase is paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund. To the extent that the purchase is paid by the member, the cost paid by the member shall be credited to the member's annuity savings account.

(aa) **Credit at Full Cost for Parental Leave, Pregnancy or Childbirth-Related Leave, or Certain Involuntary Furloughs.** — Notwithstanding other provisions of this Chapter, any member in service with five or more years of credited membership service may purchase creditable service for periods of service which were interrupted due to parental leave, pregnancy or childbirth, or involuntary administrative furlough due to a lack of funds to support the position by making a lump sum amount payable to the

Annuity Savings Fund equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees upon the advice of the consulting actuary. The calculation of the amount payable shall also include an administrative fee to be set by the Board. The amount of creditable service purchased under this subsection may not exceed a total of five years.

Subject to the requirements of this subsection, an employer may pay all or part of the cost of a service purchase of a member in service. To the extent that the purchase is paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund. To the extent that the purchase is paid by the member, the cost paid by the member shall be credited to the member's annuity savings account.

(bb) Repealed by Session Laws 2021-57, s. 1.4(a), effective July 1, 2022.

(bb1) Credit at Full Cost for Probationary Local Government Employment Purchased On and After January 1, 2022.

— Notwithstanding any other provision of this Chapter, on and after January 1, 2022, a member may purchase creditable service, prior to retirement, for employment with any local employer as defined in G.S. 128-21(11) when considered to be in a probationary or employer-imposed waiting period status, between the date of employment and the date of membership service with the Local Governmental Employees' Retirement System.

The member shall purchase this service by making a lump sum amount payable to the Annuity Savings Fund equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees upon the advice of the consulting actuary. The calculation of the amount payable shall also include an administrative fee to be set by the Board.

Subject to the requirements of this subsection, an employer may pay all or part of the cost of a service purchase of a member in service. To the extent that the purchase is paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund. To the extent that the purchase is paid by the member,

the cost paid by the member shall be credited to the member's annuity savings account.

(cc) Credit for Employment in a Charter School Operated by a Private Nonprofit Corporation or a Charter School Operated by a Municipality. — Prior to January 1, 2023, any member may purchase creditable service for any employment as an employee of a charter school operated by a private nonprofit corporation or a charter school operated by a municipality whose board of directors did not elect to participate in the Retirement System under G.S. 135-5.3 upon completion of five years of membership service by making a lump-sum payment into the Annuity Savings Fund. The payment by the member shall be equal to the full liability of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the Retirement System's liabilities, taking into account the additional retirement allowance arising on account of the additional service credits commencing at the earliest age at which the member could retire with an unreduced retirement allowance, as determined by the Board of Trustees upon the advice of the actuary plus an administrative expense fee to be determined by the Board of Trustees. Creditable service purchased under this subsection shall not exceed a total of five years. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual postretirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

(cc1) Notwithstanding any provision of this Chapter to the contrary, on and after January 1, 2023, any member in service with five or more years of membership service may purchase creditable service for any employment as an employee of a charter school operated by a private nonprofit corporation or a charter school operated by a municipality whose board of directors did not elect to participate in the Retirement System under G.S. 135-5.3 by paying a total lump sum payment. The amount of creditable service purchased under this subsection may not exceed a total of five years. The member shall purchase this service by paying a lump sum amount to the Annuity Savings Fund equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees upon the advice of the consulting actuary. Subject to the requirements of this subsection, an employer may pay all or part of

the cost of a service purchase of a member in service. To the extent that the purchase is paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund. To the extent that the purchase is paid by the member, the cost paid by the member shall be credited to the member's annuity savings account.

(dd) **Purchase of Service Credits Through Rollover Contributions From Certain Other Plans.** — Notwithstanding any other provision of this Article, and without regard to any limitations on contributions otherwise set forth in this Article, a member, who is eligible to restore or purchase membership or creditable service pursuant to the provisions of G.S. 135-4, may, subject to such rules and regulations established by the Board of Trustees, purchase such service credits through rollover contributions to the Annuity Savings Fund from (i) an annuity contract described in Section 403(b) of the Internal Revenue Code, (ii) an eligible plan under Section 457(b) of the Internal Revenue Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state, (iii) an individual retirement account or annuity described in Section 408(a) or 408(b) of the Internal Revenue Code that is eligible to be rolled over and would otherwise be includible in gross income, or (iv) a qualified plan described in Section 401(a) or 403(a) of the Internal Revenue Code. Notwithstanding the foregoing, the Retirement System shall not accept any amount as a rollover contribution unless such amount is eligible to be rolled over to a qualified trust in accordance with applicable law and the member provides evidence satisfactory to the Retirement System that such amount qualifies for rollover treatment. Unless received by the Retirement System in the form of a direct rollover, the rollover contribution must be paid to the Retirement System on or before the 60th day after the date it was received by the member.

Purchase of Service Credits Through Plan-to-Plan Transfers. — Notwithstanding any other provision of this Article, and without regard to any limitations on contributions otherwise set forth in this Article, a member, who is eligible to restore or purchase membership or creditable service pursuant to the provisions of G.S. 135-4, may, subject to such rules and regulations established by the Board of Trustees, purchase such service credits through a direct transfer to the Annuity Savings Fund of funds from (i) an annuity contract described in Section 403(b) of the Internal Revenue Code or (ii) an eligible plan under Section 457(b) of the Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state.

(ee) **Purchase of Service Credits Through Plan-to-Plan Transfers.** — Notwithstanding any other provision of this Article, and without regard to any limitations on contributions otherwise set forth in this Article, a member, who is eligible to restore or purchase

membership or creditable service pursuant to the provisions of G.S. 135-4, may, subject to such rules and regulations established by the Board of Trustees, purchase such service credits through a direct transfer to the Annuity Savings Fund of funds from (i) the Supplemental Retirement Income Plans A, B, or C of North Carolina or (ii) any other defined contribution plan qualified under Section 401(a) of the Internal Revenue Code which is maintained by the State of North Carolina, a political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state.

(ff) **Retroactive Membership Service.** — A member who is reinstated to service as an employee as defined in G.S. 135-1(10) or as a teacher as defined in G.S. 135-1(25) retroactively to the date of prior involuntary termination with back pay, as defined by the State Human Resources Commission, and associated benefits may be allowed membership service, after submitting clear and convincing evidence of the reinstatement, payment of back pay, and restoration of associated benefits, as follows:

- (1) When the reinstatement to service is by court order, final decision of an Administrative Law Judge, or with the approval of the Office of State Human Resources Director, and is:
 - a. Within 90 days of the involuntary termination, by the payment of employee and employer contributions that would have been paid; or
 - b. After 90 days of the involuntary termination, by the payment of the employee and employer contributions that would have been paid plus interest compounded annually at a rate equal to the greater of the average yield on the pension accumulation fund for the preceding calendar year or the actuarial investment rate-of-return assumption, as adopted by the Board of Trustees.
- (2) When the reinstatement to service is by settlement agreement voluntarily entered into by the affected parties, by the payment of a lump-sum amount. The member shall purchase this service by paying a lump sum amount to the annuity savings fund equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees upon the advice of the consulting actuary. The calculation of the amount payable shall also include an administrative fee to be set by the Board.

Subject to the requirements of this subsection, an employer may pay all or part of the cost of a service purchase of a member in service. To the extent that the purchase is paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund. To the extent the purchase is paid by the member, the cost paid by the member shall be credited to the member's annuity savings account; provided, however, that an employer does not discriminate against any employed member or group of employed members in paying all or any part of the cost of the retroactive membership service.

In the event a member received a return of accumulated contributions subsequent to an involuntary termination as provided in G.S. 135-5(f), the member may redeposit, within 90 days after reinstatement retroactive to the date of prior involuntary termination, in the annuity savings fund by single payment an amount equal to the total amount the member previously withdrew plus regular interest and restore the creditable service forfeited upon receiving the return of accumulated contributions.

(gg) If a member who is an elected government official and has not vested in this System on July 1, 2007, is convicted of an offense listed in G.S. 135-18.10 for acts committed after July 1, 2007, then that member shall forfeit all benefits under this System, except for a return of member contributions plus interest. If a member who is an elected government official and has vested in this System on July 1, 2007, is convicted of an offense listed in G.S. 135-18.10 for acts committed after July 1, 2007, then that member is not entitled to any creditable service that accrued after July 1, 2007, regardless of whether that creditable service was earned by virtue of membership in the System, accrued by conversion of sick leave at the point of the member's retirement, accrued by transfer of service from another retirement system, purchased by the member in accordance with this Chapter, or accrued by any other means. No member shall forfeit any benefit or creditable service earned from a position not as an elected government official. For purposes of this subsection, creditable service attributable to the conversion of sick leave accrues in this System on the date of retirement, service transferred to this System from another system accrues in this System on the effective date of the transfer, and purchased service accrues in this System on the date of the purchase.

(hh) **Credit at Full Cost for Service With The University of North Carolina During Which a Member Participated in the Optional Retirement Program.** — Notwithstanding any other provisions of this Chapter to the contrary, any member in service with five or more years of membership service may purchase creditable service for periods of employment with The University of North Carolina during which the member participated in the Optional Retirement Program as provided for in G.S. 135-5.1,

provided that the member is not receiving, and is not entitled to receive, any retirement benefits resulting from this employment. The amount of creditable service purchased under this subsection may not exceed a total of five years. The member shall purchase this service by making a lump-sum amount payable to the Annuity Savings Fund equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees upon the advice of the consulting actuary. The calculation of the amount payable shall also include an administrative fee to be set by the Board.

Subject to the requirements of this subsection, an employer may pay all or part of the cost of a service purchase of a member in service. To the extent that the purchase is paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund. To the extent that the purchase is paid by the member, the cost paid by the member shall be credited to the member's annuity savings account.

(ii) If a member who is in service and has not vested in this System on December 1, 2012, is convicted of an offense listed in G.S. 135-18.10A for acts committed after December 1, 2012, then that member shall forfeit all benefits under this System, except for a return of member contributions plus interest. If a member who is in service and has vested in this System on December 1, 2012, is convicted of an offense listed in G.S. 135-18.10A for acts committed after December 1, 2012, then that member is not entitled to any creditable service that accrued after December 1, 2012, regardless of whether that creditable service was earned by virtue of membership in the System, accrued by conversion of sick leave at the point of the member's retirement, accrued by transfer of service from another retirement system, purchased by the member in accordance with this Chapter, or accrued by any other means. For purposes of this subsection, creditable service attributable to the conversion of sick leave accrues in this System on the date of retirement, service transferred to this System from another system accrues in this System on the effective date of the transfer, and purchased service accrues in this System on the date of the purchase.

(jj) **Contribution-Based Benefit Cap Purchase Provision.** — If a member's retirement allowance is subject to an adjustment pursuant to the contribution-based benefit cap established in G.S. 135-5(a3), except as otherwise provided under this subsection, the retirement system shall notify the member and the member's employer that the member's retirement allowance has been capped.

The retirement system shall compute and notify the member and the member's employer of the total additional amount the member would need to contribute in order to make the member not subject to the contribution-based benefit cap. This total additional amount shall be the actuarial equivalent of a single life annuity adjusted for the age of the member at the time of retirement, or when appropriate, the age at the time of the member's death that would have had to have been purchased to increase the member's benefit to the pre-cap level. If the member's employer did not report to the retirement system any compensation paid to the member during the period used to compute the member's average final compensation, the retirement system shall not notify the member's employer, but instead shall notify the employer or employers who reported compensation during the member's average final compensation period, with the notification for each such employer specifying that employer's share of the amount that would have had to have been purchased to increase the member's benefit to the pre-cap level, allocated proportionally to each employer based on the total amount of compensation to the member that each employer reported during the period used to compute the member's average final compensation. Except as otherwise provided in this subsection, the member shall have until 90 days after notification regarding this additional amount or until 90 days after the effective date of retirement, whichever is later, to submit a lump sum payment to the annuity savings fund in order for the retirement system to restore the retirement allowance to the uncapped amount. Nothing contained in this subsection shall prevent an employer or former employer from paying all or part of the cost of the amount necessary to restore the member's retirement allowance to the pre-cap amount. Notwithstanding the requirement that the payment be made as a lump sum, and notwithstanding Chapter 150B of the General Statutes, the retirement system may allow an employer or former employer of a member who became a member before January 1, 2015, or who has not earned at least five years of membership service in the retirement system after January 1, 2015, to pay the additional amount required in this subsection over an extended period using one of the following three options:

- (1) **Option one.** — An installment payment plan ending no more than 15 months after the retirement of the member.
- (2) **Option two.** — An installment payment plan ending no more than 27 months after the retirement of the member. Interest shall be assessed on the principal amount of the contribution-based benefit cap liability owed and applied to any installment payment plan term exceeding 12 months at a rate corresponding with the interest rate assumption based on the most recent actuarial valuation approved by the Board of Trustees.

- (3) **Option three.** — An adjustment to the required employer contribution rate for the employer as provided in G.S. 135-8(f)(5).

Payment under the selected option must be completed regardless of whether the member continues to receive a recurring monthly retirement benefit through the end of the extended payment period. An employer's continuing compliance with a payment option selected from the three options above will be deemed payment of the employer's additional contribution required by this subsection for purposes of G.S. 135-8(f)(3).

Editor's Note.

Session Laws 1981, c. 636, s. 1, effective July 1, 1981, deleted subdivision (f)(6), which concerned purchase of service credit for service in the armed forces of the United States, subsection (l), which concerned purchase of credit for service to governmental entities, subsection (n), which defined "out-of-state service", and subsection (o), which concerned purchase of credit for time spent as a court reporter prior to establishment of the Uniform Court System, but provided that any inchoate or accrued rights of any member on July 1, 1981, shall not be diminished.

Prior to this amendment, subdivision (f)(6) and subsections (l), (n) and (o) read:

"(f)(6) Notwithstanding any other provision of this Chapter, teachers and other State employees not otherwise allowed service credit for service in the armed forces of the United States may, upon completion of 10 years of membership service, purchase such service credit by paying in a total lump sum an amount, based on the compensation the member earned when he first entered membership and the employee contribution rate at that time, with sufficient interest added thereto so as to equal one half the cost of allowing such service, plus a fee to cover expense of handling payment to be determined by the Board of Trustees and assessed the member at the time of payment; provided that credit will be allowed only for the initial period of active duty in the armed forces of the United States up to the time the member was first eligible to be separated or released therefrom, and subsequent periods of such active duty as required by the armed forces of the United States up to the date of first eligibility for separation

or release therefrom; and further provided that the member submit satisfactory evidence of the service claimed and that service credit be allowed only for that period of active service in the armed forces of the United States not creditable in any other retirement system, except the national guard or any reserve component of the armed forces of the United States. These provisions shall apply equally to retired members who had attained 10 years of membership service prior to retirement. Cost as used in this subsection shall mean the amount of money required to provide additional retirement benefits based on service credit allowed at the time any adjustment to the service credit of a member is made.

“(l) Notwithstanding any other provision of this Chapter, any member may, upon completion of 10 years of current membership service, purchase credit for service previously rendered to any state, territory or other governmental subdivision of the United States other than this State at the rate of one year of out-of-state service for each two years of service in this State with a maximum allowable of 10 years of out-of-state service. Such service is limited to full-time service which would be allowable under the laws governing this System. Credit will be allowed only if no benefit is allowable in another public retirement system as a result of the service. Payment shall be permitted only on a total lump sum, an amount based on the compensation the member earned when he first entered membership and the employee contribution rate at that time and shall be equal to the full cost of providing credit for such service plus a fee to cover expense of handling which shall be determined by the Board of Trustees. These provisions shall apply equally to retired members who had attained 10 years of membership service prior to retirement. Cost as used in this subsection shall mean the amount of money required to provide additional retirement benefits based on service credit allowed at the time any adjustment to the service credit of an individual is made.

“Notwithstanding the foregoing provisions, any member may, upon completion of 10 years of current membership service, purchase Federal School, Overseas Dependent Schools, or Military Dependent Schools service, or, while on an approved leave of absence from employment with the State of North Carolina, foreign service in the International Cooperation Administration or the Agency

for International Development upon the same terms as in the preceding paragraph for out-of-state service.

“(n) Wherever the terminology ‘out-of-state service,’ is used in this section, that terminology shall be interpreted to include the United States Public Health Service and time spent in the Merchant Marines while in the United States Naval Reserve.

“(o) Notwithstanding any other provision of this Chapter, a member who is presently a court reporter may buy in time spent serving as court reporter prior to the establishment of the Uniform Court System in 1968 by purchasing service credits, provided that the purchase payment equals the full cost of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the system’s liabilities. Account shall be taken of the additional retirement allowance arising on account of the additional service credit commencing at the earliest date of which the member could retire or of a reduced retirement allowance as determined by the Board of Trustees upon the advice of the consulting actuary.”

Session Laws 1991 (Reg. Sess., 1992), c. 1017, s. 2, which rewrote the first sentence of subsection (m), became effective on and after July 1, 1979.

Session Laws 2002-71, which added subsections (dd) and (ee) by s. 5, in s. 9, provides, in part, that s. 5 of the act becomes effective January 1, 2003, except that G.S. 135-4(ee), as enacted by s. 5, becomes effective the later of January 1, 2003, or the date upon which the Department of State Treasurer receives a ruling from the Internal Revenue Service approving the direct transfers provided for in that subsection. In these actions and proceedings, the renamed Commission, Director, or Office shall be substituted as a party upon proper application to the courts or other public bodies.”

Session Laws 2013-382, s. 9.3, provides: “Any business or other matter undertaken or commanded by the former State Personnel Commission, State Personnel Director, or Office of State Personnel regarding any State program, office, or contract or pertaining to or connected with their respective functions, powers, obligations, and duties that are pending on the date this act becomes effective [August 21, 2013] may be conducted and completed by the Commission, Director, or Office in the same manner and under the same terms and conditions and with the same effect as if conducted and com-

Prior to this amendment, subdivision (f)(6) and subsections (l), (n) and (o) read:

“(f)(6) Notwithstanding any other provision of this Chapter, teachers and other State employees not otherwise allowed service credit for service in the armed forces of the United States may, upon completion of 10 years of membership service, purchase such service credit by paying in a total lump sum an amount, based on the compensation the member earned when he first entered membership and the employee contribution rate at that time, with sufficient interest added thereto so as to equal one half the cost of allowing such service, plus a fee to cover expense of handling payment to be determined by the Board of Trustees and assessed the member at the time of payment; provided that credit will be allowed only for the initial period of active duty in the armed forces of the United States up to the time the member was first eligible to be separated or released therefrom, and subsequent periods of such active duty as required by the armed forces of the United States up to the date of first eligibility for separation or release therefrom; and further provided that the member submit satisfac-

CASE NOTES

The 1992 Amendment. — In 1992, the General Assembly revised subsection (m) of this section, to make it clear that its intention was that credits for military service had to be purchased within three

years of the date a member first becomes eligible to do so. *Osborne v. Consolidated Judicial Retirement Sys.*, 333 N.C. 246, 424 S.E.2d 115, 1993 N.C. LEXIS 15 (1993).

Rule Making. — Retirement Systems Division of the Department of State Treasurer erred in invoicing a school employee or school board for contributions to the employee's retirement fund pursuant to a statutory cap factor because the factor was a rule not properly adopted pursuant to the Administrative Procedure Act. *Cabarrus Cty. Bd. of Educ. v. Dep't of State Treasurer*, 261 N.C. App. 325, 821 S.E.2d 196, 2018 N.C. App. LEXIS 948 (2018), *aff'd*, 374 N.C. 3, 839 S.E.2d 814, 2020 N.C. LEXIS 270 (2020).

Employee Held Not in Service for Death Benefit Purposes. — Where employee did not contribute to the Retirement System after being placed on leave without pay, the possible extension provided by this section for plan members who contribute while on leave of absence did not apply. Therefore, employee's death occurred more than 90 days after his last day of actual service, and he was not in service at the time of his death and thus, his beneficiary is not eligible for the death benefit. *Garrett v. Teachers' & State Employees' Retirement Sys. ex rel. Board of Trustees*, 91 N.C. App. 409, 371 S.E.2d 776, 1988 N.C. App. LEXIS 876 (1988).

Job Sharing Employee. — Petitioner remained an "employee" under

G.S. 135-1(10) during the period of time when she participated in a job sharing program and was working full time and thus was entitled to credit for those years of service as reflected in her retirement records. *Wiebenson v. Board of Trustees*, 345 N.C. 734, 483 S.E.2d 153, 1997 N.C. LEXIS 183 (1997).

Retiree Not Entitled to Tax-Free Pension. — Retiree was not entitled to a tax free pension because he withdrew his contributions to the Consolidated Judicial Retirement System and the Teachers' and State Employees Retirement System and left public employment before August 12, 1989, and thus he was not vested on that date; although the retiree later returned to public employment, became vested, and repaid the money he had previously withdrawn, when read together, G.S. 135-4 and G.S. 135-5 made clear that a member who left state service and withdrew contributions in the retirement system had no rights to any benefits within the system except for the right to repay previously withdrawn contributions as provided in G.S. 135-4. The repayment served only to increase the retiree's years of service creditable. *Cashwell v. Dep't of State Treasurer, Ret. Sys. Div.*, 196 N.C. App. 80, 675 S.E.2d 73, 2009 N.C. App. LEXIS 452 (2009).

When an employee, age 62, retires on July 1, 1959, and receives retirement benefits until July 1, 1964, at which time he reenters State employment, when that employee subsequently retires on July 1, 1969, he is entitled to the resumption of payment of his retirement benefits suspended while he was reemployed, plus additional benefits based on a salary over the most recent 5 years'

employment figured at the current formula rate. He is not entitled to benefits using the current formula and his total service recently plus that prior to his first retirement. - (1) Any member may retire upon electronic submission or written application to the Board of Trustees setting forth at what time, as of the first day of a calendar month, not less than one day nor more than 120 days subsequent to the execution of and filing thereof, he desires to be retired: Provided, that the said member at the time so specified for his retirement shall have attained the age of 60 years and have at least five years of membership service or shall have completed 30 years of creditable service.
- (1a) Repealed by Session Laws 2014-88, s. 3(b), effective July 30, 2014.

- (3) Any member who was in service October 8, 1981, who had attained 60 years of age, may retire upon electronic submission or written application to the Board of Trustees setting forth at what time, as of the first day of a calendar month, not less than one day nor more than 120 days subsequent to the execution and filing thereof, he desires to be retired.
- (4) Any member who is a law-enforcement officer and who (i) attains age 50 and completes 15 or more years of creditable service in this capacity, (ii) attains age 55 and completes five or more years of creditable service in this capacity, or (iii) has completed 25 years of creditable service with a minimum of 15 years of creditable service in a law enforcement capacity may retire upon electronic submission or written application to the Board of Trustees setting forth at what time, as of the first day of a calendar month, not less than one day nor more than 120 days subsequent to the

execution and filing thereof, the member desires to be retired; Provided, also, any member who has met the conditions herein required but does not retire, and later becomes a teacher or an employee other than as a law-enforcement officer shall continue to have the right to commence retirement.

(4a) Repealed by Session Laws 2014-88, s. 3(b), effective July 30, 2014.

(5) Any member who is eligible for and is being paid a benefit under the Disability Income Plan as provided in G.S. 135-105 or G.S. 135-106 shall be deemed a member in service and may not retire under the provisions of this section. Any member who has made electronic submission or written application for long-term or extended short-term benefits under the Disability Income Plan as provided in G.S. 135-105 or G.S. 135-106, and who has been rejected by the Plan's Medical Board for a long-term or extended short-term benefit shall have 90 days from the date of notification of the rejection to convert his application to an early or service retirement application, provided that the member meets the eligibility requirements, effective the first day of the month following the month in which short-term disability benefits ended or the first day of the month following the month in which any salary continuation as may be provided in G.S. 135-104 ended, whichever is later.

(a1) **Early Service Retirement Benefits.** — Any member may retire and receive a reduced retirement allowance upon electronic submission or written application to the Board of Trustees setting forth at what time, as of the first day of a calendar month, not less than one day nor more than 120 days subsequent to the execution of and filing thereof, he desires to be retired: Provided, that the said member at the time so specified for his retirement shall have attained the age of 50 years and have at least 20 years of creditable service.

(a2) Repealed by Session Laws 2014-88, s. 3(c), effective July 30, 2014.

(a3) **Anti-Pension-Spiking Contribution-Based Benefit Cap.** — Notwithstanding any other provision of this section, every service retirement allowance provided under this section for members who retire on or after January 1, 2015, is subject to adjustment pursuant to a contribution-based benefit cap under this subsection. The Board of Trustees shall adopt a contribution-based benefit cap factor recommended by the actuary, based upon actual experience, such that no more than three-quarters of one percent (0.75%) of retirement allowances are expected to be capped. The Board of Trustees shall modify such factors every five years, as shall be

deemed necessary, based upon the five-year experience study as required by G.S. 135-6(n). Prior to establishing a service retirement allowance under this section, the Board shall:

- (1) Determine an amount equal to the member's accumulated contributions as required under G.S. 135-8(b)(1) for all years during which the member earned membership service, other than service earned through armed service credit under G.S. 135-4(f) or G.S. 135-4(g), used in the calculation of the retirement allowance that the member would receive under this section.
- (2) Determine the amount of a single life annuity that is the actuarial equivalent of the amount determined under subdivision (1) of this subsection, adjusted for the age of the member at the time of retirement or, when appropriate, the age at the time of the member's death.
- (3) Multiply the annuity amount determined under subdivision (2) of this subsection by the contribution-based benefit cap factor.
- (4) Determine the amount of the retirement allowance that results from the member's membership service, to which the member would be entitled but for the adjustment under this subsection. The amount shall be calculated in the same manner as the member's service retirement allowance, with the following exceptions: The applicable percentage of the member's average final compensation shall be multiplied by the number of years of membership service, rather than the number of years of creditable service; the amount shall include the effect of any percentage reduction that applies to the member's service retirement allowance by virtue of the member's age or amount of creditable service as of the service retirement date; and the amount shall not be adjusted for an optional allowance elected under subsection (g) of this section.

The product of the multiplication in subdivision (3) of this subsection is the member's contribution-based benefit cap. If the amount determined under subdivision (4) of this subsection exceeds the member's contribution-based benefit cap, the member's retirement allowance shall be reduced by an amount equal to the difference between the contribution-based benefit cap and the amount determined under subdivision (4) of this subsection.

Notwithstanding the foregoing, the retirement allowance of a member with an average final compensation of less than one hundred thousand dollars (\$100,000), as hereinafter indexed, shall not be subject to the contribution-based benefit cap. The minimum average final compensation necessary for a retirement allowance to be subject to the contribution-based benefit cap shall be increased on January 1 each year by the percent change between the June

Consumer Price Index in the year prior to retirement and the June Consumer Price Index in the fiscal year most recently ended, calculated to the nearest tenth of a percent (0.1%), provided that this percent change is positive.

Notwithstanding the foregoing, the retirement allowance of a member who became a member before January 1, 2015, or who has not earned at least five years of membership service in the Retirement System after January 1, 2015, shall not be reduced; however, the member's last employer, or if the member's last employer did not report to the retirement system any compensation paid to the member during the period used to compute the member's average final compensation, the member's employer or employers who reported compensation to the member during such period, shall be required to make an additional contribution as specified in G.S. 135-8(f)(2)f., if applicable.

(b) **Service Retirement Allowances of Persons Retiring on or after July 1, 1959, but prior to July 1, 1963.** — Upon retirement from service on or after July 1, 1959, but prior to July 1, 1963, a member shall receive a service retirement allowance which shall consist of:

- (1) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of his retirement; and
- (2) A pension equal to the annuity allowable at the age of 65 years or at his retirement age, whichever is the earlier age, computed on the basis of contributions made prior to such earlier age; and
- (3) If he has a prior service certificate in full force and effect, an additional pension which shall be equal to the sum of:
 - a. The annuity which would have been provided at his retirement age by the contributions which he would have made during such prior service had the System been in operation and had he contributed thereunder at the rate of six and twenty-five hundredths per centum (6.25%) of his compensation; and
 - b. The pension which would have been provided on account of such contributions at age 65, or at his retirement age, whichever is the earlier age.

If the member has not less than 20 years of creditable service, he shall be entitled to a total retirement allowance of not less than seventy dollars (\$70.00) per month; provided that the computation shall be made prior to any reduction resulting from the selection of an optional allowance as provided by subsection (g) of this section.

(b1) **Service Retirement Allowances of Members Retiring on or after July 1, 1963, but prior to July 1, 1967.** — Upon retirement from service, in accordance with subsection (a) above, on or after July 1, 1963, but prior to July 1, 1967, a member shall receive a service retirement allowance computed as follows:

- (1) If the member's service retirement date occurs on or after his sixty-fifth birthday, such allowance shall be equal to the sum of (i) one percent (1%) of the portion of his average final compensation not in excess of forty-eight hundred dollars (\$4,800) plus one and one-half percent (1½%) of the portion of such compensation in excess of forty-eight hundred dollars (\$4,800), multiplied by the number of years of his creditable service rendered prior to January 1, 1966, and (ii) one percent (1%) of the portion of his average final compensation not in excess of fifty-six hundred dollars (\$5,600) plus one and one-half percent (1½%) of the portion of such compensation in excess of fifty-six hundred dollars (\$5,600), multiplied by the number of years of his creditable service rendered after January 1, 1966.
- (2) If the member's service retirement date occurs before his sixty-fifth birthday, his service retirement allowance shall be computed as in (1) above, but shall be reduced by five twelfths of one percent ($\frac{5}{12}$ of 1%) thereof for each month by which his retirement date precedes the first day of the month coincident with or next following his sixty-fifth birthday.
- (3) Notwithstanding the foregoing provisions, any member whose creditable service commenced prior to July 1, 1963, shall receive not less than the benefit provided by G.S. 135-5(b).

(b2) Service Retirement Allowance of Members Retiring on or after July 1, 1967, but prior to July 1, 1969. — Upon retirement from service in accordance with subsection (a) above, on or after July 1, 1967, but prior to July 1, 1969, a member shall receive a service retirement allowance computed as follows:

- (1) If the member's service retirement date occurs on or after his sixty-fifth birthday, such allowance shall be equal to one and one-quarter percent (1¼%) of the portion of his average final compensation not in excess of fifty-six hundred dollars (\$5,600) plus one and one-half percent (1½%) of the portion of such compensation in excess of fifty-six hundred dollars (\$5,600), multiplied by the number of years of his creditable service.
- (2) If the member's service retirement date occurs before his sixty-fifth birthday, his service retirement allowance shall be computed as in (1) above, but shall be reduced by one third of one percent ($\frac{1}{3}$ of 1%) thereof for each month by which his retirement date precedes the first day of the month coincident with or next following his sixty-fifth birthday.
- (3) Notwithstanding the foregoing provisions, any member whose creditable service commenced prior to July 1, 1963,

shall receive not less than the benefit provided by G.S. 135-5(b).

(b3) **Service Retirement Allowances of Members Retiring on or after July 1, 1969, but prior to July 1, 1973.** — Upon retirement from service, in accordance with subsection (a) above, on or after July 1, 1969, but prior to July 1, 1973, a member shall receive a service retirement allowance computed as follows:

- (1) If the member's service retirement date occurs on or after his sixty-fifth birthday, regardless of his years of creditable service, or on or after his sixty-second birthday and the completion of 30 years of creditable service, such allowance shall be equal to one and one-quarter percent ($1\frac{1}{4}\%$) of the portion of his average final compensation not in excess of fifty-six hundred dollars (\$5,600) plus one and one-half percent ($1\frac{1}{2}\%$) of the portion of such compensation in excess of fifty-six hundred dollars (\$5,600), multiplied by the number of years of his creditable service.
- (2) If the member's service retirement date occurs before his sixty-fifth birthday and prior to his completion of 30 or more years of creditable service, his service retirement allowance shall be computed as in (1) above, but shall be reduced by one quarter of one percent ($\frac{1}{4}$ of 1%) thereof for each month by which his retirement date precedes the first day of the month coincident with or next following his sixty-fifth birthday.
- (3) If the member's service retirement date occurs before his sixty-second birthday but on or after his completion of 30 or more years of creditable service, his service retirement allowance shall be computed as in (1) above, but shall be reduced by one quarter of one percent ($\frac{1}{4}$ of 1%) thereof for each month by which his retirement date precedes the first day of the month coincident with or next following his sixty-second birthday.

(b4) **Service Retirement Allowances of Members Retiring on or after July 1, 1973, but prior to July 1, 1975.** — Upon retirement from service, in accordance with subsection (a) above, on or after July 1, 1973, but prior to July 1, 1975, a member shall receive a service retirement allowance computed as follows:

(c) Disability Retirement Benefits of Members Leaving Service Prior to January 1, 1988. — The provisions of this subsection shall not be applicable to members in service on or after January 1, 1988. Upon the application of a member or of his employer, any member who has had five or more years of creditable service may be retired by the Board of Trustees, on the first day of any calendar month, not less than one day nor more than 120 days next following the date of filing such application, on a disability retirement allowance: Provided, that the medical board, after a medical examination of such member, shall certify that such member is mentally or physically incapacitated for the further performance of duty, that such incapacity was incurred at the time of active employment and has been continuous thereafter, that such incapacity is likely to be permanent, and that such member should be retired; Provided further the medical board shall determine if the member is able to engage in gainful employment and, if so, the member may still be retired and the disability retirement allowance as a result thereof shall be reduced as in subsection (e) below. Provided further, that the medical board shall not certify any member as disabled who:

- (1) Applies for disability retirement based upon a mental or physical incapacity which existed when the member first established membership in the system; or

- (2) Is in receipt of any payments on account of the same disability which existed when the member first established membership in the system.

The Board of Trustees shall require each employee upon enrolling in the retirement system to provide information on the membership application concerning any mental or physical incapacities existing at the time the member enrolls.

Supplemental disability benefits heretofore provided are hereby made a permanent part of disability benefits after age 65, and shall not be discontinued at age 65.

Notwithstanding the requirement of five or more years of creditable service to the contrary, a member who is a law-enforcement officer and who has had one year or more of creditable service and becomes incapacitated for duty as the natural and proximate result of an accident occurring while in the actual performance of duty, and meets all other requirements for disability retirement benefits, may be retired by the Board of Trustees on a disability retirement allowance.

Notwithstanding the foregoing to the contrary, any beneficiary who commenced retirement with an early or service retirement benefit has the right, within three years of his retirement, to convert to an allowance with disability retirement benefits without modification of any election of optional allowance previously made; provided, the beneficiary presents clear and convincing evidence that the beneficiary would have met all applicable requirements for disability retirement benefits while still in service as a member. The allowance on account of disability retirement benefits to the beneficiary shall be retroactive to the effective date of early or service retirement.

Notwithstanding the foregoing, the surviving designated beneficiary of a deceased member who met all other requirements for disability retirement benefits, except whose death occurred before the first day of the calendar month in which the member's disability retirement allowance was to be due and payable, may elect to receive the reduced retirement allowance provided by a one hundred percent (100%) joint and survivor payment option in lieu of a return of accumulated contributions, provided the following conditions apply:

- (1) At the time of the member's death, one and only one beneficiary is eligible to receive a return of accumulated contributions, and
- (2) The member had not instructed the Board of Trustees in writing that he did not wish the provision of this subsection to apply.

(d) **Allowance on Disability Retirement of Persons Retiring on or after July 1, 1959, but prior to July 1, 1963.** — Upon retirement for disability, in accordance with subsection (c) above, on

or after July 1, 1959, but prior to July 1, 1963, a member shall receive a service retirement allowance if he has attained the age of 60 years, otherwise he shall receive a disability retirement allowance which shall consist of:

- (1) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of retirement;
- (2) A pension equal to seventy-five per centum (75%) of the pension that would have been payable upon service retirement at the age of 65 years had the member continued in service to the age of 65 years without further change in compensation.

If the member has not less than 20 years of creditable service, he shall be entitled to a total retirement allowance of not less than seventy dollars (\$70.00) per month; provided, that the computation shall be made prior to any reduction resulting from an optional allowance as provided by subsection (g) of this section.

(d1) Allowance on Disability Retirement of Persons Retiring on or after July 1, 1963, but prior to July 1, 1969. — Upon retirement for disability, in accordance with subsection (c) above, on or after July 1, 1963, but prior to July 1, 1969, a member shall receive a service retirement allowance if he has attained the age of 60 years, otherwise he shall receive a disability retirement allowance which shall be computed as follows:

- (1) Such allowance shall be equal to the service retirement allowance which would have been payable had he continued in service without further change in compensation, to the age of 60 years, minus the actuarial equivalent to the contributions he would have made during such continued service.
- (2) Notwithstanding the foregoing provisions, any member whose creditable service commenced prior to July 1, 1963, shall receive not less than the benefit provided by G.S. 135-5(d).

(d2) Allowance on Disability Retirement of Persons Retiring on or after July 1, 1969, but prior to July 1, 1971. — Upon retirement for disability, in accordance with subsection (c) above, on or after July 1, 1969, but prior to July 1, 1971, a member shall receive a service retirement allowance if he has attained the age of 60 years, otherwise he shall receive a disability retirement allowance which shall be computed as follows:

- (1) Such allowance shall be equal to the service retirement allowance which would have been payable had he continued in service without further change in compensation to the age of 65 years, minus the actuarial equivalent of the contributions he would have made during such continued service.
- (2) Notwithstanding the foregoing provisions, any member whose creditable service commenced prior to July 1, 1963,

shall receive not less than the benefit provided by G.S. 135-5(d).

(d3) Allowance on Disability Retirement of Persons Retiring on or after July 1, 1971, but prior to July 1, 1982. — Upon retirement for disability, in accordance with subsection (c) of this section on or after July 1, 1971, but prior to July 1, 1982, a member shall receive a service retirement allowance if he has attained the age of 65 years; otherwise he shall receive a disability retirement allowance which shall be computed as follows:

- (1) Such allowance shall be equal to a service retirement allowance calculated on the basis of the member's average final compensation prior to his disability retirement and the creditable service he would have had at the age of 65 years if he had continued in service.
- (2) Notwithstanding the foregoing provisions,
 - a. Any member whose creditable service commenced prior to July 1, 1971, shall receive not less than the benefit provided by G.S. 135-5(d2);
 - b. The amount of disability allowance payable from the reserve funds of the Retirement System to any member retiring on or after July 1, 1974, who is eligible for and in receipt of a disability benefit under the Social Security Act shall be seventy percent (70%) of the amount calculated under a above, and the balance shall be provided by the employer from time to time during each year in such amounts as may be required to cover such payments as current disbursements; and
 - c. The amount of disability allowance payable to any member retiring on or after July 1, 1974, who is not eligible for and in receipt of a disability benefit under the Social Security Act shall not be payable from the reserve funds of the Retirement System but shall be provided by the employer from time to time during each year in such amounts as may be required to cover such payments as current disbursements.

(d4) Allowance on Disability Retirement of Persons Retiring on or after July 1, 1982, Who Left Service prior to January 1, 1988. — Upon retirement for disability, in accordance with subsection (c) of this section on or after July 1, 1982, a member who left service prior to January 1, 1988 shall receive a service retirement allowance if he has qualified for an unreduced service retirement allowance; otherwise the allowance shall be equal to a service retirement allowance calculated on the member's average final compensation prior to his disability retirement and the creditable service he would have had had he continued in service until the earliest date on which he would have qualified for an unreduced service retirement allowance.

(e) **Reexamination of Beneficiaries Retired for Disability.**

— The provisions of this subsection shall be applicable to members retired on a disability retirement allowance and shall not be applicable to members in service on or after January 1, 1988. Once each year during the first five years following retirement of a member on a disability retirement allowance, and once in every three-year period thereafter, the Board of Trustees may, and upon his application shall, require any disability beneficiary who has not yet attained the age of 60 years to undergo a medical examination, such examination to be made at the place of residence of said beneficiary or other place mutually agreed upon, by a physician or physicians designated by the Board of Trustees. Should any disability beneficiary who has not yet attained the age of 60 years refuse to submit to at least one medical examination in any such year by a physician or physicians designated by the Board of Trustees, his allowance may be discontinued until his withdrawal of such refusal, and should his refusal continue for one year all his rights in and to his pension may be revoked by the Board of Trustees.

- (1) The Board of Trustees shall determine whether a disability beneficiary is engaged in or is able to engage in a gainful occupation paying more than the difference, as hereinafter indexed, between his disability retirement allowance and the gross compensation earned as an employee during the 12 consecutive months of service in the final 48 months prior to retirement producing the highest gross compensation excluding any compensation received on account of termination. If the disability beneficiary is earning or is able to earn more than the difference, the portion of his disability retirement allowance not provided by his contributions shall be reduced to an amount which, together with the portion of the disability retirement allowance provided by his contributions and the amount earnable by him shall equal the amount of his gross compensation prior to retirement. This difference shall be increased on January 1 each year by the percentage change between the December Consumer Price Index in the year prior to retirement and the December Consumer Price Index in the year most recently ended, calculated to the nearest tenth of one percent ($\frac{1}{10}$ of 1%), provided that this percentage change is positive. Should the earning capacity of the disability beneficiary later change, the portion of his disability retirement allowance not provided by his contributions may be further modified. In lieu of the reductions on account of a disability beneficiary earning more than the aforesaid difference, he may elect to convert his disability retirement allowance to a service retirement allowance calculated on the basis of his average final compensation and creditable

service at the time of disability and his age at the time of conversion to service retirement. This election is irrevocable. Provided, the provisions of this subdivision shall not apply to beneficiaries of the Law-Enforcement Officers' Retirement System transferred to this Retirement System who commenced retirement on and before July 1, 1981.

- (2) Should a disability beneficiary under the age of 60 years be restored to active service at a compensation not less than his average final compensation, his retirement allowance shall cease, he shall again become a member of the Retirement System, and he shall contribute thereafter at the same rate he paid prior to disability; provided that, on and after July 1, 1971, if a disability beneficiary under the age of 62 years is restored to active service at a compensation not less than his average final compensation, his retirement allowance shall cease, he shall again become a member of the Retirement System, and he shall contribute thereafter at the uniform contribution rate payable by all members. Any such prior service certificate on the basis of which his service was computed at the time of his retirement shall be restored to full force and effect, and, in addition, upon his subsequent retirement he shall be credited with all his service as a member, but should he be restored to active service on or after the attainment of the age of 50 years his pension upon subsequent retirement shall not exceed the sum of the pension which he was receiving immediately prior to his last restoration and the pension that he would have received on account of his service since his last restoration had he entered service at the time as a new entrant.
- (3) Notwithstanding the foregoing, a member retired on a disability retirement allowance who is restored to service and subsequently retires on or after July 1, 1971, shall be entitled to an allowance not less than the allowance described in a. below reduced by the amount in b. below:
 - a. The allowance to which he would have been entitled if he were retiring for the first time, calculated on the basis of his total creditable service represented by the sum of his creditable service at the time of his first retirement and his creditable service after he was restored to service.
 - b. The actuarial equivalent of the retirement benefits he previously received.
- (3a) Notwithstanding the foregoing, should a beneficiary who retired on a disability retirement allowance be restored to service as an employee or teacher, then the retirement allowance shall cease as of the first day of the month

following the month in which the beneficiary is restored to service and the beneficiary shall become a member of the Retirement System and shall contribute thereafter as allowed by law at the uniform contribution payable by all members. Upon the subsequent retirement of the beneficiary, he shall be entitled to an allowance to which he would have been entitled if he were retiring for the first time, calculated on the basis of his total creditable service represented by the sum of his creditable service at the time of his first retirement and his creditable service after he was restored to service. Provided, however, any election of an optional allowance cannot be changed unless the member subsequently completes three years of membership service after being restored to service.

- (4) As a condition to the receipt of the disability retirement allowance provided for in G.S. 135-5(d), (d1), (d2) and (d3) each member retired on a disability retirement allowance shall, on or before April 15 of each calendar year, provide the Board of Trustees with a statement of his or her income received as compensation for services, including fees, commissions or similar items, and income received from business, for the previous calendar year. Such statement shall be filed on a form as required by the Board of Trustees. The benefit payable to a beneficiary who does not or refuses to provide the information requested within 60 days after such request shall not be paid a benefit until the information so requested is provided, and should such refusal or failure to provide such information continue for 240 days after such request, the right of a beneficiary to a benefit under the Article may be terminated.

The Director of the State Retirement System shall contact any State or federal agency which can provide information to substantiate the statement required to be submitted by this subdivision and may enter into agreements for the exchange of information.

- (5) Notwithstanding any other provisions of this Article to the contrary, a beneficiary who was a beneficiary retired on a disability retirement with the Law-Enforcement Officers' Retirement System at the time of the transfer of law-enforcement officers employed by a participating employer and beneficiaries last employed by a participating employer to this Retirement System and who also was a contributing member of this Retirement System at that time, shall continue to be paid his retirement allowance without restriction and may continue as a member of this Retirement System with all the rights and privileges appendant to membership. Any beneficiary who retired on a disability

retirement allowance as an employee of any participating employer under the Law-Enforcement Officers' Retirement System and becomes employed as an employee other than as a law-enforcement officer by an employer participating in the Retirement System after the aforementioned transfer shall continue to be paid his retirement allowance without restriction and may continue as a member of this Retirement System with all the rights and privileges appendant to membership until January 1, 1989, at which time his retirement allowance shall cease and his subsequent retirement shall be determined in accordance with the preceding subdivision (3a) of this subsection. Any beneficiary as hereinbefore described who becomes employed as a law-enforcement officer by an employer participating in the Retirement System shall cease to be a beneficiary and shall immediately commence membership and his subsequent retirement shall be determined in accordance with subdivision (3a) of this subsection.

- (6) Notwithstanding any other provision to the contrary, a beneficiary in receipt of a disability retirement allowance until the earliest date on which he would have qualified for an unreduced service retirement allowance shall thereafter
- (i) not be subject to further reexaminations as to disability,
 - (ii) not be subject to any reduction in allowance on account of being engaged in a gainful occupation other than with an employer participating in the Retirement System, and
 - (iii) be considered a beneficiary in receipt of a service retirement allowance. Provided, however, a beneficiary in receipt of a disability retirement allowance whose allowance is reduced on account of reexamination as to disability or to ability to engage in a gainful occupation prior to the date on which he would have qualified for an unreduced service retirement allowance shall have only the right to elect to convert to an early or service retirement allowance as permitted under subdivision (1) above.

(f) **Return of Accumulated Contributions.** — Should a member cease to be a teacher or State employee except by death or retirement under the provisions of this Chapter, the member shall upon submission of an application be paid, not earlier than 60 days from the date of termination of service, the member's contributions, and the accumulated regular interest thereon, provided that the member has not in the meantime returned to service. Upon payment of such sum his or her membership in the System shall cease and, if he or she thereafter again becomes a member, no credit shall be allowed for any service previously rendered except as provided in G.S. 135-4, and such payment shall be in full and complete discharge of any rights in or to any benefits otherwise payable

hereunder. Upon receipt of proof satisfactory to the Board of Trustees of the death, prior to retirement, of a member or former member there shall be paid to such person or persons as the member or former member shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the member's death, otherwise to the member's legal representatives, the amount of the member's accumulated contributions at the time of the member's death, unless the beneficiary elects to receive the alternate benefit under the provisions of (m) below. An extension service employee who made contributions to the Local Governmental Employees' Retirement System and the Teachers' and State Employees' Retirement System as a result of dual employment may not be paid his or her accumulated contributions unless the extension service employee is eligible to be paid his or her accumulated contributions in both systems for the same period of service.

Pursuant to the provisions of G.S. 135-56.2, a member who is also a member of the Consolidated Judicial Retirement System may irrevocably elect to transfer any accumulated contributions to the Consolidated Judicial Retirement System or to the Supplemental Retirement Income Plan and forfeit any rights in or to any benefits otherwise payable hereunder.

A member who is a participant or beneficiary of the Disability Income Plan of North Carolina as is provided in Article 6 of this Chapter shall not be paid a return of accumulated contributions, notwithstanding the member's status as an employee or teacher. Notwithstanding any other provision of law to the contrary, a member who is a beneficiary of the Disability Income Plan of North Carolina as provided in Article 6 of this Chapter and who is receiving disability benefits under the transition provisions as provided in G.S. 135-112, shall not be prohibited from receiving a return of accumulated contributions as provided in this subsection.

(f1) Expired.

(g) **(See Editor's note) Election of Optional Allowance.** — With the provision that until the first payment on account of any benefit becomes normally due, or the member's first retirement check has been cashed, any member may elect to receive his or her benefits in a retirement allowance payable throughout life, or the member may elect to receive the actuarial equivalent of such retirement allowance, including any special retirement allowance, in a reduced allowance payable throughout life under the provisions of one of the options set forth below. The election of Option 2, 3, or 6 or nomination of the person thereunder shall be revoked if such person nominated dies prior to the date the first payment becomes normally due or until the member's first retirement check has been cashed. Such election may be revoked by the member prior to the

date the first payment becomes normally due or until the member's first retirement check has been cashed. Provided, however, in the event a member has elected Option 2, 3, or 5 and nominated his or her spouse to receive a retirement allowance upon the member's death, and the spouse predeceases the member after the first payment becomes normally due or the first retirement check has been cashed, if the member remarries he or she may request to nominate a new spouse to receive the retirement allowance under the previously elected option, within 90 days of the remarriage, and may nominate a new spouse to receive the retirement allowance under the previously elected option by written designation duly acknowledged and filed with the Board of Trustees within 120 days of the remarriage. The new nomination shall be effective on the first day of the month in which it is made and shall provide for a retirement allowance computed to be the actuarial equivalent of the retirement allowance in effect immediately prior to the effective date of the new nomination. Any member having elected Option 2, 3, 5, or 6 and nominated his or her spouse to receive a retirement allowance upon the member's death may, after divorce from his or her spouse, revoke the nomination and elect a new option, effective on the first day of the month in which the new option is elected, providing for a retirement allowance computed to be the actuarial equivalent of the retirement allowance in effect immediately prior to the effective date of the new option. Except as provided in this section, the member may not change the member's retirement benefit option or the member's designated beneficiary for survivor benefits, if any, after the member has cashed the first retirement check or after the 25th day of the month following the month in which the first check is mailed, whichever comes first.

Option 1.(a) In the Case of a Member Who Retires prior to July 1, 1963. — If he dies before he has received in annuity payments the present value of his annuity as it was at the time of his retirement, the balance shall be paid to his legal representatives or to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees.

(b) In the Case of a Member Who Retires on or after July 1, 1963, but prior to July 1, 1993. — If he dies within 10 years from his retirement date, an amount equal to his accumulated contributions at retirement, less $\frac{1}{120}$ thereof for each month for which he has received a retirement allowance payment, shall be paid to his legal representatives or to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees; or

Option 2. Upon his death his reduced retirement allowance shall be continued throughout the life of and paid to such person as he

shall nominate by written designation duly acknowledged and filed with the Board of Trustees at the time of his retirement, provided that if the person selected is other than his spouse the reduced retirement allowance payable to the member shall not be less than one half of the retirement allowance without optional modification which would otherwise be payable to him; or

Option 3. Upon his death, one half of his reduced retirement allowance shall be continued throughout the life of, and paid to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees at the time of his retirement; or

Option 4. Adjustment of Retirement Allowance for Social Security Benefits. — Until the first payment on account of any benefit becomes normally due, any member may elect to convert his benefit otherwise payable on his account after retirement into a retirement allowance of equivalent actuarial value of such amount that with his benefit under Title II of the Federal Social Security Act, he will receive, so far as possible, approximately the same amount per year before and after the earliest age at which he becomes eligible, effective as of the first of the month following the month of initial entitlement, upon application therefor, to receive a social security benefit.

Option 5. For Members Retiring Prior to July 1, 1993. — The member may elect to receive a reduced retirement allowance under the conditions of Option 2 or Option 3, as provided for above, with the modification that if both he and the person nominated die within 10 years from his retirement date, an amount equal to his accumulated contributions at retirement, less $\frac{1}{120}$ thereof for each month for which a retirement allowance has been paid, shall be paid to his legal representatives or to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees.

Option 6. A member may elect either Option 2 or Option 3 with the added provision that in the event the designated beneficiary predeceases the member, the retirement allowance payable to the member after the designated beneficiary's death shall be equal to the retirement allowance which would have been payable had the member not elected the option.

Upon the death of a member after the effective date of a retirement for which the member has been approved and following receipt by the Board of Trustees of an election of benefits (Form 6-E or Form 7-E) but prior to the cashing of the first benefit check, the retirement benefit shall be payable as provided by the member's election of benefits under this subsection.

Upon the death of a member after the effective date of a retirement for which the member has been approved but prior to the receipt by the Board of Trustees of an election of benefits (Form 6-E

or Form 7-E), properly acknowledged and filed by the member, the member's designated beneficiary for a return of accumulated contributions may elect to receive the benefit, if only one beneficiary is eligible to receive the return of accumulated contributions. If more than one beneficiary is eligible to receive the return of accumulated contributions, or if no beneficiary has been designated, the administrator or executor of the member's estate will select an option and name the beneficiary or beneficiaries.

(g1) In the event of the death of a retired member while in receipt of a retirement allowance under the provisions of this Article, there shall be paid to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, a death benefit equal to the excess, if any, of the accumulated contributions of the retiree at the date of retirement over the total of the retirement allowances paid prior to the death of the retiree. In the event that a retiree is receiving a Special Retirement Allowance under subsection (m1) of this section, there shall be paid to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, an additional death benefit equal to the excess, if any, of the employee's voluntary contributions that were transferred from the Supplemental Retirement Income Plan of North Carolina or the North Carolina Public Employee Deferred Compensation Plan to this Retirement System over the total of the Special Retirement Allowances paid prior to the death of the retiree. For purposes of this paragraph, the term "accumulated contributions" excludes any amount transferred under subsection (m2) of this section.

In the event that a retirement allowance becomes payable to the designated survivor of a retired member under the provisions above and such retirement allowance to the survivor shall terminate upon the death of the survivor before the total of the retirement allowances paid to the retiree and the designated survivor combined equals the amount of the accumulated contributions of the retiree at the date of retirement, the excess, if any, of such accumulated contributions over the total of the retirement allowances paid to the retiree and the survivor combined shall be paid in a lump sum to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time such

payment falls due, otherwise to the retiree's legal representative. For purposes of this paragraph, the term "accumulated contributions" includes amounts of employee voluntary contributions that were transferred from the Supplemental Retirement Income Plan of North Carolina to this Retirement System at retirement by eligible law enforcement officers.

In the event that a retirement allowance becomes payable to the principal beneficiary designated to receive a return of accumulated contributions pursuant to subsection (m) of this section and that beneficiary dies before the total of the retirement allowances paid equals the amount of the accumulated contributions of the member at the date of the member's death, the excess of those accumulated contributions over the total of the retirement allowances paid to the beneficiary shall be paid in a lump sum to the person or persons the member has designated as the contingent beneficiary for return of accumulated contributions, if the person or persons are living at the time the payment falls due, otherwise to the principal beneficiary's legal representative. For purposes of this paragraph, the term "accumulated contributions" includes amounts of employee voluntary contributions that were transferred from the Supplemental Retirement Income Plan of North Carolina to this Retirement System at retirement by eligible law enforcement officers.

In the event a retiree purchases creditable service as provided in G.S. 135-4, there shall be paid to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, an additional death benefit equal to the excess, if any, of the cost of the creditable service purchased less the administrative fee, if any, over the total of the increase in the retirement allowance attributable to the additional creditable service, paid from the month following the month in which payment was received to the death of the retiree.

In the event that a retirement allowance becomes payable to the designated survivor of a retired member under the provisions above and such retirement allowance to the survivor shall terminate upon the death of the survivor before the total of the increase in the retirement allowance attributable to the additional creditable service paid to the retiree and the designated survivor combined equals the cost of the creditable service purchased less the administrative fee, the excess, if any, shall be paid in a lump sum to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time such payment falls due, otherwise to the retiree's legal representative.

In the event that a retiree dies without having designated a beneficiary to receive a benefit under the provisions of this subsection, any such benefit that becomes payable shall be paid to the member's estate.

(h) **Computation of Benefits Payable Prior or Subsequent to July 1, 1947.** — Prior to July 1, 1947, all benefits payable as of February 22, 1945, shall be computed on the basis of the provisions of Chapter 135 as they existed at the time of the retirement of such beneficiaries. On and after July 1, 1947, all benefits payable to, or on account of, such beneficiaries shall be adjusted to take into account, under such rule as the Board of Trustees may adopt, the provisions of this Article as if they had been in effect at the date of retirement, and no further contributions on account of such adjustment shall be required of such beneficiaries. The Board of Trustees may authorize such transfers of reserve between the funds of the Retirement System as may be required by the provisions of this subsection.

(i) **Restoration to Service of Certain Former Members.** — If a former member who ceased to be a member prior to July 1, 1949, for any reason other than retirement, again becomes a member and prior to July 1, 1951, redeposits in the annuity savings fund by a single payment the amount, if any, he previously withdrew therefrom, he shall, anything in this Chapter to the contrary, be entitled to any membership service credits he had when his membership ceased, and any prior service certificate which became void at the time his membership ceased shall be restored to full force and effect: Provided, that, for the purpose of computing the amount of any retirement allowance which may become payable to or on account of such member under the Retirement System, any amount redeposited as provided herein shall be deemed to represent contributions made by the member after July 1, 1947.

(j) Notwithstanding anything herein to the contrary, effective July 1, 1959, the following provisions shall apply with respect to any retirement allowance payments due after such date to any retired member who was retired prior to July 1, 1959, on a service or disability retirement allowance:

- (1) If such retired member has not made an election of an optional allowance in accordance with G.S. 135-5(g), the monthly retirement allowance payable to him from and after July 1, 1959, shall be equal to the allowance previously payable, increased by fifteen percent (15%) thereof, or by fifteen dollars (\$15.00), whichever is the lesser; provided that, if such member had rendered not less than 20 years of creditable service, the retirement allowance payable to him from and after July 1, 1959, shall be not less than seventy dollars (\$70.00) per month.
- (2) If such retired member has made an effective election of an optional allowance, the allowance payable to him from and

after July 1, 1959, shall be equal to the allowance previously payable under such election plus an increase which shall be computed in accordance with (1) above as if he had not made such an election; provided that such increase shall be payable only during the retired member's remaining life and no portion of such increase shall become payable to the beneficiary designated under the election.

(k) **Increase in Benefits to Those Persons Who Were in Receipt of Benefits prior to July 1, 1967.** — From and after July 1, 1967, the monthly benefits to or on account of persons who commenced receiving benefits from the System prior to July 1, 1967, shall be increased by a percentage thereof. Such percentage shall be determined in accordance with the following schedule:

Period in Which Benefits Commenced	Percentage
January 1, 1966, to June 30, 1967	5%
Year 1965	6%
Year 1964	7%
Year 1963	8%
and so on concluding with	
Year 1942	29%

The minimum increase pursuant to this subsection (k) shall be ten dollars (\$10.00) per month; provided that, if an optional benefit has been elected, said minimum shall be reduced actuarially as determined by the Board and shall be applicable to the retired member, if surviving, otherwise to his designated beneficiary under the option elected.

(l) **Death Benefit Plan.** — There is hereby created a Group Life Insurance Plan (hereinafter called the "Plan") which is established as an employee welfare benefit plan that is separate and apart from the Retirement System and under which the members of the Retirement System shall participate and be eligible for group life insurance benefits. The Plan shall be part of the North Carolina Teachers' and State Employees' Benefit Trust, as established under G.S. 135-7(g). All receipts, transfers, appropriations, contributions, investment earnings, and other income belonging to the Plan shall be deposited in the Benefit Trust. All benefits and expenses against the Plan shall be disbursed from the Benefit Trust. Employer and non-employer contributions to the Benefit Trust and earnings on those contributions are irrevocable. The assets of the Benefit Trust are dedicated to providing benefits to participants, surviving spouses, and the members' estates in accordance with the Plan's benefit terms. The assets of the Benefit Trust are not subject to the claims of creditors of the employees and non-employees making contributions to the Benefit Trust, are not subject to the claims of any creditors of the Benefit Trust's trustees and administrators, and

are not subject to the claims of creditors of members and beneficiaries. Benefit Trust assets may be used for reasonable expenses to administer benefits provided by the Fund as approved by the Board of Trustees.

Upon receipt of proof, satisfactory to the Board of Trustees in their capacity as trustees under the Group Life Insurance Plan, of the death, in service, of a member who had completed at least one full calendar year of membership in the Retirement System, there shall be paid to such person as the member shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person is living at the time of the member's death, otherwise to the member's legal representatives, a death benefit. Such death benefit shall be equal to the greater of:

- (1) The compensation on which contributions were made by the member during the calendar year preceding the year in which his death occurs, or
- (2) The greatest compensation on which contributions were made by the member during a 12-month period of service within the 24-month period of service ending on the last day of the month preceding the month in which his last day of actual service occurs;
- (3), (4) Repealed by Session Laws 1983 (Regular Session, 1984), c. 1049, s. 2.

subject to a minimum of twenty-five thousand dollars (\$25,000) and to a maximum of fifty thousand dollars (\$50,000). Such death benefit shall be payable apart and separate from the payment of the member's accumulated contributions under the System on his death pursuant to the provisions of subsection (f) of this section. For the purpose of the Plan, a member shall be deemed to be in service at the date of his death if his death occurs within 180 days from the last day of his actual service.

The death benefit provided in this subsection (*l*) shall not be payable, notwithstanding the member's compliance with all the conditions set forth in the preceding paragraph, if his death occurs

- (1) After December 31, 1968 and after he has attained age 70;
or
- (2) After December 31, 1969 and after he has attained age 69;
or
- (3) After December 31, 1970 and after he has attained age 68;
or
- (4) After December 31, 1971 and after he has attained age 67;
or
- (5) After December 31, 1972 and after he has attained age 66;
or
- (6) After December 31, 1973 and after he has attained age 65;
or

- (7) After December 31, 1978, but before January 1, 1987, and after he has attained age 70.

Notwithstanding the above provisions, the death benefit shall be payable on account of the death of any member who died or dies on or after January 1, 1974, but before January 1, 1979, after attaining age 65, if he or she had not yet attained age 65, if he or she had not yet attained age 66, was at the time of death completing the work year for those individuals under specific contract, or during the fiscal year for those individuals not under specific contract, in which he or she attained 65, and otherwise met all conditions for payment of the death benefit.

Notwithstanding the above provisions, the Board of Trustees may and is specifically authorized to provide the death benefit according to the terms and conditions otherwise appearing in this Plan in the form of group life insurance, either (i) by purchasing a contract or contracts of group life insurance with any life insurance company or companies licensed and authorized to transact business in this State for the purpose of insuring the lives of members in service, or (ii) by establishing a separate trust for such purpose. To that end the Board of Trustees is authorized, empowered and directed to investigate the desirability of utilizing group life insurance by either of the foregoing methods for the purpose of providing the death benefit. If a separate trust fund is established, it shall be operated in accordance with rules and regulations adopted by the Board of Trustees and all investment earnings on the trust fund shall be credited to such fund.

In administration of the death benefit the following shall apply:

- (1) For the purpose of determining eligibility only, in this subsection "calendar year" shall mean any period of 12 consecutive months or, if less, the period covered by an annual contract of employment. For all other purposes in this subsection "calendar year" shall mean the 12 months beginning January 1 and ending December 31.
- (2) Last day of actual service shall be:
 - a. When employment has been terminated, the last day the member actually worked.
 - b. When employment has not been terminated, the date on which an absent member's sick and annual leave expire, unless he is on approved leave of absence and is in service under the provisions of G.S. 135-4(h).
 - c. When a participant's employment is interrupted by reason of service in the Uniformed Services, as that term is defined in section 4303(16) of the Uniformed Services Employment and Reemployment Rights Act, Public Law 103-353, and the participant does not return immediately after that service to employment with a covered employer in this System, the date on which the

participant was first eligible to be separated or released from his or her involuntary military service.

- (3) For a period when a member is on leave of absence, his status with respect to the death benefit will be determined by the provisions of G.S. 135-4(h).
- (4) A member on leave of absence from his position as a teacher or State employee for the purpose of serving as a member or officer of the General Assembly shall be deemed to be in service during sessions of the General Assembly and thereby covered by the provisions of the death benefit. The amount of the death benefit for such member shall be the equivalent of the salary to which the member would have been entitled as a teacher or State employee during the 12-month period immediately prior to the month in which death occurred, not to be less than twenty-five thousand dollars (\$25,000) nor to exceed fifty thousand dollars (\$50,000).

The provisions of the Retirement System pertaining to Administration, G.S. 135-6, and management of funds, G.S. 135-7, are hereby made applicable to the Plan.

A member who is a beneficiary of the Disability Income Plan provided for in Article 6 of this Chapter, or a member who is in receipt of Workers' Compensation during the period for which he or she would have otherwise been eligible to receive short-term benefits or extended short-term benefits as provided in G.S. 135-105 and dies on or after 181 days from the last day of his or her actual service but prior to the date the benefits as provided in G.S. 135-105 would have ended, shall be eligible for group life insurance benefits as provided in this subsection, notwithstanding that the member is no longer an employee or teacher or that the member's death occurs after the eligibility period after active service. The basis of the death benefit payable hereunder shall be the higher of the death benefit computed as above or a death benefit based on compensation used in computing the benefit payable under G.S. 135-105 and G.S. 135-106, as may be adjusted for percentage post-disability increases, all subject to the maximum dollar limitation as provided above. A member in receipt of benefits from the Disability Income Plan under the provisions of G.S. 135-112 whose right to a benefit accrued under the former Disability Salary Continuation Plan shall not be covered under the provisions of this paragraph.

Upon receipt of proof, satisfactory to the Board of Trustees in its capacity under this subsection, of the death of a retired member of the Retirement System on or after July 1, 1988, but before January 1, 1999, there shall be paid a death benefit to the surviving spouse of the deceased retired member or to the deceased retired member's legal representative if not survived by a spouse; provided the retired member has elected, when first eligible, to make, and has continu-

ously made, in advance of his death required contributions as determined by the Board of Trustees on a fully contributory basis, through retirement allowance deductions or other methods adopted by the Board of Trustees, to a group death benefit trust fund administered by the Board of Trustees separate and apart from the Retirement System's Annuity Savings Fund and Pension Accumulation Fund. This death benefit shall be a lump-sum payment in the amount of five thousand dollars (\$5,000) upon the completion of twenty-four months of contributions required under this subsection. Should death occur before the completion of twenty-four months of contributions required under this subsection, the deceased retired member's surviving spouse or legal representative if not survived by a spouse shall be paid the sum of the retired member's contributions required by this subsection plus interest to be determined by the Board of Trustees.

Upon receipt of proof, satisfactory to the Board of Trustees in its capacity under this subsection, of the death of a retired member of the Retirement System on or after January 1, 1999, but before July 1, 2004, there shall be paid a death benefit to the surviving spouse of the deceased retired member or to the deceased retired member's legal representative if not survived by a spouse; provided the retired member has elected, when first eligible, to make, and has continuously made, in advance of his death required contributions as determined by the Board of Trustees on a fully contributory basis, through retirement allowance deductions or other methods adopted by the Board of Trustees, to a group death benefit trust fund administered by the Board of Trustees separate and apart from the Retirement System's Annuity Savings Fund and Pension Accumulation Fund. This death benefit shall be a lump-sum payment in the amount of six thousand dollars (\$6,000) upon the completion of 24 months of contributions required under this subsection. Should death occur before the completion of 24 months of contributions required under this subsection, the deceased retired member's surviving spouse or legal representative if not survived by a spouse shall be paid the sum of the retired member's contributions required by this subsection plus interest to be determined by the Board of Trustees.

Upon receipt of proof, satisfactory to the Board of Trustees in its capacity under this subsection, of the death of a retired member of the Retirement System on or after July 1, 2004, but before July 1, 2007, there shall be paid a death benefit to the surviving spouse of the deceased retired member or to the deceased retired member's legal representative if not survived by a spouse; provided the retired member has elected, when first eligible, to make, and has continuously made, in advance of his death required contributions as determined by the Board of Trustees on a fully contributory basis, through retirement allowance deductions or other methods adopted

by the Board of Trustees, to a group death benefit trust fund administered by the Board of Trustees Fund and Pension Accumulation Fund. This death benefit shall be a lump-sum payment in the amount of nine thousand dollars (\$9,000) upon the completion of 24 months of contributions required under this subsection. Should death occur before the completion of 24 months of contributions required under this subsection, the deceased retired member's surviving spouse or legal representative if not survived by a spouse shall be paid the sum of the retired member's contributions required by this subsection plus interest to be determined by the Board of Trustees.

Upon receipt of proof, satisfactory to the Board of Trustees in its capacity under this subsection, of the death of a retired member of the Retirement System on or after July 1, 2007, but before January 1, 2015, there shall be paid a death benefit to the surviving spouse of the deceased retired member or to the deceased retired member's legal representative if not survived by a spouse; provided the retired member has elected, when first eligible, to make, and has continuously made, in advance of his death required contributions as determined by the Board of Trustees on a fully contributory basis, through retirement allowance deductions or other methods adopted by the Board of Trustees, to a group death benefit trust fund administered by the Board of Trustees Fund and Pension Accumulation Fund. This death benefit shall be a lump-sum payment in the amount of ten thousand dollars (\$10,000) upon the completion of 24 months of contributions required under this subsection. Should death occur before the completion of 24 months of contributions required under this subsection, the deceased retired member's surviving spouse or legal representative if not survived by a spouse shall be paid the sum of the retired member's contributions required by this subsection plus interest to be determined by the Board of Trustees.

Upon receipt of proof, satisfactory to the Board of Trustees in its capacity under this subsection, of the death of a retired member of the Retirement System on or after January 1, 2015, there shall be paid a death benefit to the person or persons designated by the member or, if the member has not designated a beneficiary, to the surviving spouse of the deceased retired member or, if not survived by a designated beneficiary or spouse, to the deceased retired member's legal representative; provided the retired member has elected, when first eligible, to make, and has continuously made, in advance of the member's death required contributions as determined by the Board of Trustees on a fully contributory basis, through retirement allowance deductions or other methods adopted by the Board of Trustees, to a group death benefit trust fund, the North Carolina Teachers' and State Employees' Benefit Trust, administered by the Board of Trustees Fund and Pension Accumula-

tion Fund. Employer and non-employer contributions to the Benefit Trust and earnings on those contributions are irrevocable. The assets of the Benefit Trust are dedicated to providing benefits to participants, surviving spouses, and the members' estates in accordance with the Plan's benefit terms. The assets of the Benefit Trust are not subject to the claims of creditors of the employees and non-employees making contributions to the Benefit Trust, are not subject to the claims of any creditors of the Benefit Trust's trustees and administrators, and are not subject to the claims of creditors of members and beneficiaries. Benefit Trust assets may be used for reasonable expenses to administer benefits provided by the Fund as approved by the Board of Trustees. This death benefit shall be a lump-sum payment in the amount of ten thousand dollars (\$10,000) upon the completion of 24 months of contributions required under this subsection. Should death occur before the completion of 24 months of contributions required under this subsection, the deceased retired member's designated beneficiary or beneficiaries, or surviving spouse if there is no surviving beneficiary, or legal representative if not survived by a designated beneficiary or spouse, shall be paid the sum of the retired member's contributions required by this subsection plus interest to be determined by the Board of Trustees.

(l) **Reciprocity of Death Benefit Plan.** — Only for the purpose of determining eligibility for the death benefit provided for in subsection (l) of this section, membership service standing to the credit of a member of the Legislative Retirement System or the Consolidated Judicial Retirement System shall be added to the membership service standing to the credit of a member of the Teachers' and State Employees' Retirement System. However, in the event that a participant or beneficiary is a retired member of the Legislative Retirement System or the Consolidated Judicial Retirement System whose retirement benefit was suspended upon entrance into membership in the Teachers' and State Employees' Retirement System, such membership service standing to the credit of the retired member prior to retirement shall be likewise counted. Membership service under this section shall not be counted twice for the same period of time. In no event shall a death benefit provided for in G.S. 135-5(l) be paid if a death benefit is paid under G.S. 135-63.

(m) **Survivor's Alternate Benefit.** — Upon the death of a member in service, the beneficiary designated to receive a return of accumulated contributions shall have the right to elect to receive in lieu thereof the reduced retirement allowance provided by Option 2 of subsection (g) above computed by assuming that the member had retired on the first day of the month following the date of the member's death, provided that all four of the following conditions apply:

- (1)a. The member had attained such age and/or creditable service to be eligible to commence retirement with an early or service retirement allowance, or
 - b. The member had obtained 20 years of creditable service in which case the retirement allowance shall be computed in accordance with G.S. 135-5(b21)(1)c. or G.S. 135-5(b21)(2)c., notwithstanding the requirement of obtaining age 50, or
 - b1. The member was a law enforcement officer who had obtained 15 years of service as a law enforcement officer and was killed in the line of duty, in which case the retirement allowance shall be computed in accordance with G.S. 135-5(b21)(1)c., notwithstanding the requirement of obtaining age 50.
 - c. Repealed by Session Laws 2010-72, s. 2(a), effective July 1, 2010.
- (2) At the time of the member's death, one and only one beneficiary is eligible to receive a return of his accumulated contributions.
 - (3) The member had not instructed the Board of Trustees in writing that he did not wish the provisions of this subsection to apply.
 - (4) The member had not commenced to receive a retirement allowance as provided under this Chapter.

For the purpose of this benefit, a member is considered to be in service at the date of his death if his death occurs within 180 days from the last day of his actual service. The last day of actual service shall be determined as provided in subsection (l) of this section. Upon the death of a member in service, the surviving spouse may make all purchases for creditable service as provided for under this Chapter for which the member had made application in writing prior to the date of death, provided that the date of death occurred prior to or within 60 days after notification of the cost to make the purchase. The term "in service" as used in this subsection includes a member in receipt of a benefit under the Disability Income Plan as provided in Article 6 of this Chapter.

Notwithstanding the foregoing, a member who is in receipt of Workers' Compensation during the period for which the member would have otherwise been eligible to receive short-term benefits, as provided in G.S. 135-105, and who dies on or after 181 days from the last day of the member's actual service but on or before the date the benefits as provided in G.S. 135-105 would have ended, shall be considered in service at the time of the member's death for the purpose of this benefit.

For the purpose of calculating this benefit any terminal payouts made after the date of death that meet the definition of compensation shall be credited to the month prior to the month of death.

These terminal payouts do not include salary or wages paid for work performed during the month of death.

(m1) **Special Retirement Allowance for Law Enforcement Officers.** – Upon retirement, a member who is a law enforcement officer vested as of June 30, 2010, may elect to transfer any portion of his eligible accumulated contributions, not including any Roth after-tax contributions and the earnings thereon, from the Supplemental Retirement Income Plan of North Carolina to this Retirement System and receive, in addition to his basic service, early or disability retirement allowance, a special retirement allowance which shall be based upon his eligible accumulated account balance at the date of the transfer of the assets to this System. For the purpose of determining the special retirement allowance, the Board of Trustees shall adopt straight life annuity factors on the basis of mortality tables, such other tables as may be necessary and the interest assumption rate recommended by the actuary based upon actual experience including an assumed annual post-retirement allowance increase of four percent (4%). The Board of Trustees shall modify such factors every five years, as shall be deemed necessary, based upon the five year experience study as required by G.S. 135-6(n). Provided, however, a member, who transfers his eligible accumulated contributions from the Supplemental Retirement Income Plan of North Carolina, shall be taxed for North Carolina State Income tax purposes on the special retirement allowance the same as if that special retirement allowance had been paid directly by the Supplemental Retirement Income Plan of North Carolina. The Teachers' and State Employees' Retirement System shall be responsible to determine the taxable amount, if any, and report accordingly. For transfers made on or after July 1, 2022, if, subsequent to the member's election, the Board of Trustees determines that (i) the member was ineligible for the election or (ii) the election was impermissible for any reason under federal or State law, then no special retirement allowance shall be paid to the member pursuant to this subsection; the member shall return to the Retirement System any amount already paid from the Retirement System as a special retirement allowance; and the Retirement System shall return the transfer amount to the source of the transfer, including any earnings adjustment that may be required under federal law or Internal Revenue Service guidance. If the Retirement System is unable to return the amount to the account from which it originated, the member may designate another eligible account under the transferor plan or receive a lump sum distribution paid directly to the member if the member would otherwise be eligible for a distribution under the transferor plan at such time.

(m2) **Special Retirement Allowance.** — At any time coincident with or following retirement, a member may make a one-time, irrevocable election to transfer any portion of the member's eligible

accumulated contributions, not including any Roth after-tax contributions and the earnings thereon, from the Supplemental Retirement Income Plan of North Carolina or the North Carolina Public Employee Deferred Compensation Plan to this Retirement System and receive, in addition to the member's basic service, early or disability retirement allowance, a special retirement allowance which shall be based upon the member's transferred balance. For transfers made on or after July 1, 2022, if, subsequent to the member's election, the Board of Trustees determines that (i) the member was ineligible for the election or (ii) the election was impermissible for any reason under federal or State law, then no special retirement allowance shall be paid to the member pursuant to this subsection; the member shall return to the Retirement System any amount already paid from the Retirement System as a special retirement allowance; and the Retirement System shall return the transfer amount to the source of the transfer, including any earnings adjustment that may be required under federal law or Internal Revenue Service guidance. If the Retirement System is unable to return the amount to the account from which it originated, the member may designate another eligible account under the transferor plan or receive a lump sum distribution paid directly to the member if the member would otherwise be eligible for a distribution under the transferor plan at such time.

A member who became a member of the Supplemental Retirement Income Plan prior to retirement and who remains a member of the Supplemental Retirement Income Plan may make a one-time, irrevocable election to transfer eligible balances, not including any Roth after-tax contributions and the earnings thereon, from any of the following plans to the Supplemental Retirement Income Plan, subject to the applicable requirements of the Supplemental Retirement Income Plan, and then through the Supplemental Retirement Income Plan to this Retirement System: (i) a plan participating in the North Carolina Public School Teachers' and Professional Educators' Investment Plan; (ii) a plan described in section 403(b) of the Internal Revenue Code; (iii) a plan described in section 457(b) of the Internal Revenue Code that is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state; (iv) an individual retirement account or annuity described in section 408(a) or section 408(b) of the Internal Revenue Code that is eligible to be rolled over and would otherwise be includible in gross income; or (v) a tax-qualified plan described in section 401(a) or section 403(a) of the Internal Revenue Code. In addition, any transfer under this subsection may be paid in whole or in part with employer contributions paid directly to this Retirement System at the time of transfer.

Notwithstanding anything to the contrary, a member may not transfer such amounts as will cause the member's retirement

allowance under the System to exceed the amount allowable under G.S. 135-18.7(b). The Board of Trustees may establish a minimum amount that must be transferred if a transfer is elected. The member may elect a special retirement allowance with no postretirement increases or a special retirement allowance with annual postretirement increases equal to the annual increase in the U.S. Consumer Price Index. Postretirement increases on any other allowance will not apply to the special retirement allowance. The Board of Trustees shall provide educational materials to the members who apply for the transfer authorized by this section. Those materials shall describe the special retirement allowance and shall explain the relationship between the transferred balance and the monthly benefit and how the member's heirs may be impacted by the election to make this transfer and any costs and fees involved.

For the purpose of determining the special retirement allowance, the Board of Trustees shall adopt straight life annuity factors on the basis of yields on U.S. Treasury Bonds and mortality and such other tables as may be necessary based upon actual experience. A single set of mortality and such other tables will be used for all members, with factors differing only based on the age of the member and the election of postretirement increases. The Board of Trustees shall modify the mortality and such other tables every five years, as shall be deemed necessary, based upon the five-year experience study as required by G.S. 135-6(n). Provided, however, a member who transfers the member's eligible accumulated contributions from an eligible retirement plan pursuant to this subsection to this Retirement System shall be taxed for North Carolina State Income Tax purposes on the special retirement allowance the same as if that special retirement allowance had been paid directly by the eligible plan or the plan through which the transfer was made, whichever is most favorable to the member. The Teachers' and State Employees' Retirement System shall be responsible to determine the taxable amount, if any, and report accordingly.

The Supplemental Retirement Board of Trustees established under G.S. 135-96 may assess a one-time flat administrative fee not to exceed the actual cost of the administrative expenses relating to these transfers. An eligible plan shall not assess a fee specifically relating to a transfer of accumulated contributions authorized under this subsection. This provision shall not prohibit other fees that may be assessable under the plan. Each plan, contract, account, or annuity shall fully disclose to any member participating in a transfer under this subsection any surrender charges or other fees, and such disclosure shall be made contemporaneous with the initiation of the transfer by the member.

The special retirement allowance shall continue for the life of the member and the beneficiary designated to receive a monthly survivorship benefit under Option 2, 3 or 6 as provided in G.S. 135-5(g),

if any. The Board of Trustees, however, shall establish two payment options that guarantee payments as follows:

- (1) A member may elect to receive the special retirement allowance for life but with payments guaranteed for a number of months to be specified by the Board of Trustees. Under this plan, if the member dies before the expiration of the specified number of months, the special retirement allowance will continue to be paid to the member's designated beneficiary for the life of the beneficiary, if Option 2, 3 or 6 is selected. If the member's designated beneficiary under Option 2, 3 or 6 begins receiving monthly payments and dies before the specified number of monthly payments have been made in combination to the member and beneficiary, a one-time payment will be paid to the member's legal representatives equal to the initial monthly special retirement allowance, multiplied by the specified number of months, less the total of the monthly payments made to the member and beneficiary. If Option 2, 3 or 6 is not selected, and the member dies before the expiration of the specified number of months, the member's designated beneficiary will receive a one-time payment equal to the initial monthly special retirement allowance, multiplied by the specified number of months, less the total of the monthly payments made to the member.
- (2) A member may elect to receive the special retirement allowance for life but is guaranteed that the sum of the special allowance payments will equal the total of the transferred amount. Under this payment option, if the member dies before receiving the total transferred amount, the special retirement allowance will continue to be paid to the member's designated beneficiary for the life of the beneficiary, if Option 2, 3 or 6 is selected. If Option 2, 3 or 6 is not selected, the member's designated beneficiary or the member's estate shall be paid any remaining balance of the transferred amount.

The General Assembly reserves the right to repeal or amend this subsection, but such repeal or amendment shall not affect any person who has already made the one-time election provided in this subsection.

(m3) Repealed by Session Laws 2014-88, s. 3(g), effective July 30, 2014.

(m4) A member who has contributions in this System and is not eligible for a retirement benefit as set forth in G.S. 135-5(a) shall be paid his or her contributions in a lump sum as provided in G.S. 135-5(f) by April 1 of the calendar year following the later of the calendar year in which the member (i) attains 72 years of age or (ii) has ceased to be a teacher or State employee except by death. If the

member fails, following reasonable notification, to complete a refund application by the required date, then the requirement that a refund application be completed shall be waived and the refund shall be paid without a refund application as a single lump-sum payment with applicable required North Carolina and federal income taxes withheld.

A member who has contributions in this System and is eligible for a retirement benefit as set forth in G.S. 135-5(a) shall begin to receive a monthly benefit no later than April 1 of the calendar year following the later of the calendar year in which the member (i) attains 72 years of age or (ii) has ceased to be a teacher or State employee except by death. If the member fails, following reasonable notification, to complete the retirement process as set forth under Chapter 135 of the General Statutes by such required beginning date, then the requirement that a retirement application and an election of payment plan form be completed shall be waived and the retirement allowance shall be paid as a single life annuity. The single life annuity shall be calculated and processed in accordance with this section.

For purposes of this subsection, a member shall not be considered to have ceased to be a teacher or State employee if the member is actively contributing to the Consolidated Judicial Retirement System, Local Governmental Employees' Retirement System, or Legislative Retirement System. A retirement benefit or lump-sum refund shall not be paid under this subsection if the member is actively contributing to the Consolidated Judicial Retirement System, Local Governmental Employees' Retirement System, or Legislative Retirement System.

(n) No action shall be commenced against the State or the Retirement System by any retired member or beneficiary respecting any deficiency in the payment of benefits more than three years after such deficient payment was made, and no action shall be commenced by the State or the Retirement System against any retired member or former member or beneficiary respecting any overpayment of benefits or contributions more than three years after such overpayment was made. This subsection does not affect the right of the Retirement System to recoup overpaid benefits as provided in G.S. 135-9.

(o) **Post-Retirement Increases in Allowances.** — As of December 31, 1969, the ratio of the Consumer Price Index to such index one year earlier shall be determined. If such ratio indicates an increase that equals or exceeds three per centum (3%), each beneficiary receiving a retirement allowance as of December 31, 1968, shall be entitled to have his allowance increased three per centum (3%) effective July 1, 1970.

As of December 31, 1970, the ratio of the Consumer Price Index to such index one year earlier shall be determined. If such ratio

indicates an increase of at least one per centum (1%), each beneficiary on the retirement rolls as of July 1, 1970, shall be entitled to have his allowance increased effective July 1, 1971 as follows:

<i>Increase In Index</i>	<i>Increase In Allowance</i>
1.00 to 1.49%	1%
1.50 to 2.49%	2%
2.50 to 3.49%	3%
3.50% or more	4%

As of December 31, 1971, an increase in retirement allowances shall be calculated and made effective July 1, 1972, in the manner described in the preceding paragraph. As of December 31 of each year after 1971, the ratio (R) of the Consumer Price Index to such index one year earlier shall be determined, and each beneficiary on the retirement rolls as of July 1 of the year of determination shall be entitled to have his allowance increased effective on July 1 of the year following the year of determination by the same percentage of increase indicated by the ratio (R) calculated to the nearest tenth of one per centum, but not more than four per centum (4%); provided that any such increase in allowances shall become effective only if the additional liabilities on account of such increase do not require an increase in the total employer rate of contributions.

The allowance of a surviving annuitant of a beneficiary whose allowance is increased under this subsection shall, when and if payable, be increased by the same per centum.

Any increase in allowance granted hereunder shall be permanent, irrespective of any subsequent decrease in the Consumer Price Index, and shall be included in determining any subsequent increase.

For purposes of this subsection, Consumer Price Index shall mean the Consumer Price Index (all items — United States city average), as published by the United States Department of Labor, Bureau of Labor Statistics.

Notwithstanding the above paragraphs, retired members and beneficiaries may receive cost-of-living increases in retirement allowances if active members of the system receive across-the-board cost-of-living salary increases. Such increases in post-retirement allowances shall be comparable to cost-of-living salary increases for active members in light of the differences between the statutory payroll deductions for State retirement contributions, Social Security taxes, State income withholding taxes, and federal income withholding taxes required of each group. The increases for retired members shall include the cost-of-living increases provided in this section. The cost-of-living increases allowed retired and active members of the system shall be comparable when each group receives an increase that has the same relative impact upon the net disposable income of each group.

(p) **Increases in Benefits Paid in Respect to Members Retired prior to July 1, 1967.** — From and after July 1, 1971, the monthly benefits to or on account of persons who commenced receiving benefits prior to July 1, 1963, shall be increased by twenty percent (20%) thereof; the monthly benefits to or on account of persons who commenced receiving benefits after June 30, 1963 and before July 1, 1967, shall be increased by five percent (5%) thereof. Session Laws 2009-109, s. 1, which, in subsection (m), added subdivision b1. and made a minor punctuation change, was effective June 16, 2009, and applicable to beneficiaries of law enforcement officers killed in the line of duty on and after January 1, 2007.

Session Laws 2010-72, s. 10(a), effective July 1, 2010, amended the first sentence of subsection (m1) by inserting “any portion of” preceding “his eligible accumulated contributions.” Section 10(a) was subsequently repealed by Session Laws 2010-124, s. 6.1, effective January 1, 2011. Session Laws 2010-96, s. 40.7, amended Session Laws 2010-124, s. 6.1, by adding s. 6.1(b), which provided, in part, that s. 10(b) of Session Laws 2010-72 was repealed effective July 1, 2010. The result is that the amendment to subsection (m1) by Session Laws 2010-72, s. 10(a) never took effect.

Session Laws 2010-96, s. 40.7 was contingent upon House Bill 2066, 2009 Regular Session, becoming law. House Bill 2066 was enacted as Session Laws 2010-124.

Session Laws 2010-124, s. 7, provides in part: “Any beneficiary who retired prior to January 1, 2011, will not be allowed to make the one-time election until July 1, 2011. Any administrative fees accessed by the Boards of Trustees may be used to hire additional personnel to administer this act.”

The member shall suffer no diminution of retirement average final compensation based on being on furlough, and the retirement average final compensation shall be calculated based on the undiminished compensation. During a furlough period, the employer shall pay both employee and employer contributions to the Retirement Systems Division or ORP on behalf of the furloughed employee as though the employee were in active service.

“(2) A member of the State Health Plan for Teachers and State Employees shall be considered eligible for coverage under the Plan on the same basis as on the

Retirement System, Local Governmental Employees' Retirement System, or Legislative Retirement System. A lump-sum refund shall not be paid under this subsection if the member is actively contributing to the Consolidated Judicial Retirement System, Local Governmental Employees' Retirement System, or Legislative Retirement System.", substituted "this section" for "G.S. 135-5" in the last sentence of the second paragraph, added "or lump-sum refund" in the third paragraph, and made minor stylistic changes. CASE NOTES

Constitutionality. — Subsection (l) of this section, as in effect in 1974, was constitutional on its face. *Stanley v. Retirement & Health Benefits Div.*, 55 N.C. App. 588, 286 S.E.2d 643, 1982 N.C. App. LEXIS 2231 (1982).

Rule Making. — Retirement Systems Division of the Department of State Treasurer erred in invoicing a school employee or school board for contributions to the employee's retirement fund pursuant to a statutory cap factor because the factor was a rule not properly adopted pursuant to the Administrative Procedure Act. *Cabarrus Cty. Bd. of Educ. v. Dep't of State Treasurer*, 261 N.C. App. 325, 821 S.E.2d 196, 2018 N.C. App. LEXIS 948 (2018), *aff'd*, 374 N.C. 3, 839 S.E.2d 814, 2020 N.C. LEXIS 270 (2020).

General Assembly did not impliedly exempt the Board of Trustees from the necessity of compliance with APA's rule-making provisions in adopting a cap factor where G.S. 135-5(a3) and G.S. 135-6(l) could be harmonized, the adoption of a cap factor was not a ministerial act in which the Board did nothing more than ratify the actuary's recommendation, case law did not support such an implied exemption, and the public interests supported the Board of Education's contention that the cap factor should be established by using the APA's rulemaking provisions to ensure the opportunity for adequate public input before a decision

became final. *Cabarrus Cty. Bd. of Educ. v. Dep't of State Treasurer*, 374 N.C. 3, 839 S.E.2d 814, 2020 N.C. LEXIS 270 (2020).

Grant of Disability Retirement Benefits Terminated Status as "Career Teacher". — The granting of a career teacher's application for disability retirement benefits under the Teachers' and State Employees' Retirement System operated as an acceptance of her resignation by implication and terminated her status as a "career teacher" under former G.S. 115-142, since a finding that her disability was "likely to be permanent" was implicit in the granting of her application for disability retirement benefits and this finding rendered her status as a disabled retiree wholly inconsistent with her former status as a "career teacher". *Meachan v. Montgomery County Bd. of Educ.*, 47 N.C. App. 271, 267 S.E.2d 349, 1980 N.C. App. LEXIS 3087 (1980).

Employee's Retirement Benefits Did Not Vest Prior to Statute's Amendment. — State employee's G.S. 135-5(d4) claim failed as the employee's retirement benefits did not vest before the North Carolina legislature adopted a new policy under which disabled workers received disability benefits in lieu of retirement, which were offset by any payments received in the form of Social Security benefits. *Whisnant v. Teachers' & State Emples. Ret. Sys.*, 191 N.C. App.

233, 662 S.E.2d 573, 2008 N.C. App. LEXIS 1187 (2008), cert. denied, 555 U.S. 1174, 129 S. Ct. 1370, 173 L. Ed. 2d 591, 2009 U.S. LEXIS 1586 (2009).

Widow of a prison guard was not entitled to death benefits where the guard's last day of service was ruled to be the date his sick and annual leave expired, and not the date his position was vacated, and thus his death, which occurred more than 90 days after his last day of service, did not occur while "in service" within the meaning of the benefits provision. *Garrett v. Teachers' & State Employees' Retirement Sys. ex rel. Board of Trustees*, 91 N.C. App. 409, 371 S.E.2d 776, 1988 N.C. App. LEXIS 876 (1988).

Retiree Not Entitled to Tax-Free Pension. — Retiree was not entitled to a tax free pension because he withdrew his contributions to the Consolidated Judicial Retirement System and the Teachers' and State Employees Retirement System and left public employment before August 12, 1989, and thus he was not vested on that date; although the retiree later returned to public employment, became vested, and repaid the money he had previously withdrawn, when read together, G.S. 135-4 and G.S.

135-5 made clear that a member who left state service and withdrew contributions in the retirement system had no rights to any benefits within the system except for the right to repay previously withdrawn contributions as provided in G.S. 135-4. The repayment served only to increase the retiree's years of service creditable. *Cashwell v. Dep't of State Treasurer, Ret. Sys. Div.*, 196 N.C. App. 80, 675 S.E.2d 73, 2009 N.C. App. LEXIS 452 (2009).

Earliest Retirement Date. — In making an equitable distribution of the property of a former husband and former wife, the trial court properly determined a former husband's earliest retirement date for purposes of valuing his Teachers' and State Employees' Retirement System pension because G.S. 135-5(f) did not have to be used as the basis for calculating his "earliest retirement" date; the plain language of G.S. 135-5(f) allows for the return of accumulated contributions only if the State employee terminates his service with the State for reasons other than death or retirement. *Cochran v. Cochran*, 198 N.C. App. 224, 679 S.E.2d 469, 2009 N.C. App. LEXIS 1161 (2009), review denied, 363 N.C. 801, 690 S.E.2d 533, 2010 LEXIS 57 (2010).

- (2) The President and employees of The University of North Carolina who are appointed by the Board of Governors on recommendation of the President pursuant to G.S. 116-11(4), 116-11(5), and 116-14 or who are appointed by the Board of Trustees of a constituent institution of The University of North Carolina upon the recommendation of the Chancellor pursuant to G.S. 116-40.22(b);
- (3) Nonfaculty instructional and research staff who are exempt from the North Carolina Human Resources Act, as defined

- by the provisions of G.S. 126-5(c1)(8), and the faculty of the North Carolina School of Science and Mathematics; and
- (4) Field faculty of the Cooperative Agriculture Extension Service, and tenure track faculty in North Carolina State University agriculture research programs who are exempt from the North Carolina Human Resources Act and who are eligible for membership in the Teachers' and State Employees' Retirement System pursuant to G.S. 135-3(1), who in any of the cases described in this subsection (i) had been members of the Optional Retirement Program under the provisions of Chapter 338, Session Laws of 1971, immediately prior to July 1, 1985, or (ii) have sought membership as required in subsection (b), below. Under the Optional Retirement Program, the State and the participant shall contribute, to the extent authorized or required, toward the purchase of such contracts or deposited in such trust on the participant's behalf.
 - (5) Employees of The University of North Carolina Health Care System, subject to rules for eligibility and participation as may be adopted by the Board of Governors in the Optional Retirement Program plan document.
 - (6) Employees hired on or after January 1, 2013.
- (b) Participation in the Optional Retirement Program shall be governed as follows:
- (1) Those participating in the Optional Retirement Program immediately prior to July 1, 1985, under the provisions of Chapter 338, Session Laws of 1971, are deemed automatically enrolled in the Program as established by this section.
 - (2) Eligible employees initially appointed on or after July 1, 1985, shall at the same time of entering upon eligible employment elect (i) to join the Retirement System in accordance with the provisions of law applicable thereto or (ii) to participate in the Optional Retirement Program. This election shall be in writing and filed with the Retirement System and with the employing institution and shall be effective as of the date of entry into eligible service. For purposes of this provision, the Optional Retirement Program shall be permitted to file individual election forms with the Retirement System using electronic transmission.
 - (3) An election to participate in the Optional Retirement Program shall be irrevocable. An eligible employee failing to elect to participate in the Optional Retirement Program at the time of entry into eligible service shall automatically be enrolled as a member of the Retirement System.
 - (4) No election by an eligible employee of the Optional Retirement Program shall be effective unless it is accompanied by an appropriate application for the issuance of a contract or contracts or trust participation under the Program.

- (5) If any participant in the Optional Retirement Program having less than five years of total membership service under any combination of the Teachers' and State Employees' Retirement System, the Local Governmental Employees' Retirement System, the Consolidated Judicial Retirement System, or the Optional Retirement Program leaves the employ of The University of North Carolina and either retires or commences employment with an employer not having a retirement program with the same company underwriting the participant's annuity contract, regardless of whether the annuity contract is held by the participant, a trust, or the Retirement System, the participant's interest in the Optional Retirement Program attributable to contributions of The University of North Carolina shall be forfeited. Consistent with Section 401(a) of the Internal Revenue Code, no part of the corpus or income of the Optional Retirement Program, or any trust established under that Program, may be (within the taxable year or thereafter) used for purposes other than for the exclusive benefit of participants and their beneficiaries, except that contributions made under a good faith mistake of fact may be returned, consistent with the rules adopted by the University.

(c) Each employing institution shall contribute on behalf of each participant in the Optional Retirement Program an amount equal to a percentage of the participant's compensation as established from time to time by the General Assembly. Each participant shall contribute the amount which he or she would be required to contribute if a member of the Retirement System. Contributions authorized or required by the provisions of this subsection on behalf of each participant shall be made, consistent with Section 414(h) of the Internal Revenue Code, by salary reduction according to rules and regulations established by The University of North Carolina. Additional personal contributions may also be made by a participant by payroll deduction or salary reduction to an annuity or retirement income plan established pursuant to G.S. 116-17. Payment of contributions shall be made by the employing institution to the designated company or companies underwriting the annuities or the trustees for the benefit of each participant, and this employer contribution shall not be subject to any State tax if made under the Optional Retirement Program or, otherwise, by salary reduction.

(d) The Board of Governors of The University of North Carolina shall designate the company or companies from which contracts are to be purchased or the trustee responsible for the investment of contributions under the Optional Retirement Program, and shall approve the form and contents of such contracts or trust agreement. In making this designation and giving such approval, the Board shall give due consideration to the following:

- (1) The nature and extent of the rights and benefits to be provided by these contracts or trust agreement for participants and their beneficiaries;
- (2) The relation of these rights and benefits to the amount of contributions to be made;
- (3) The suitability of these rights and benefits to the needs of the participants and the interest of the institutions of The University of North Carolina in recruiting and retaining faculty in a national market; and
- (4) The ability of the designated company or companies underwriting the annuity contracts or trust agreement to provide these suitable rights and benefits under such contracts or trust agreement for these purposes.

Notwithstanding the provisions of this subsection, no contractual relationship established under the Optional Retirement Program pursuant to the authority granted by Chapter 338, Session Laws of 1971, is deemed terminated by the provisions of this section.

(e) The Board of Governors of The University of North Carolina may provide for the administration of the Optional Retirement Program and may perform or authorize the performance of all functions necessary for its administration.

(f) Any eligible employee electing to participate in the Optional Retirement Program is ineligible for membership in the Retirement System so long as he or she remains employed in any eligible position within The University of North Carolina, and, in this event, he or she shall continue to participate in the Optional Retirement Program.

(g) No retirement benefit, death benefit, or other benefit under the Optional Retirement Program shall be paid by the State of North Carolina, or The University of North Carolina, or the Board of Trustees of the Teachers' and State Employees' Retirement System with respect to any employee selecting and participating in the Optional Retirement Program or with respect to any beneficiary of that employee. Benefits shall be payable to participants or their beneficiaries only by the designated company in accordance with the terms of the contracts or trust agreement.

(h) The Board of Governors of The University of North Carolina shall ensure that the Optional Retirement Program contains benefit forfeiture provisions equivalent to those contained in G.S. 135-18.10A for University personnel who are eligible for membership in the Teachers' and State Employees' Retirement System and have elected participation in the Optional Retirement Program. Any funds forfeited shall be deposited in the Optional Retirement Program trust fund(s).

§ 135-5.3. Optional participation for charter schools operated by private nonprofit corporations or municipalities.

(a), (b) Repealed by Session Laws 2015-168, s. 1, effective January 1, 2016.

(b1) The board of directors of a charter school operated by a private nonprofit corporation or a charter school operated by a municipality that has received State Board of Education approval under G.S. 115C-218.5 may elect to become a participating employer in the Retirement System in accordance with this Article.

(b2) A charter school desiring to participate in the Retirement System shall file with the Board of Trustees an application for participation on a form approved by the Board of Trustees. In the application, the charter school shall agree to make the contributions required of participating employers, to deduct from the salaries of employees who may become members the contributions required of members under this Chapter, and to transmit the contributions to the Board of Trustees. The charter school shall also agree to make the employer's contributions for the participation in the Retirement System of all employees entering the service of the employer, after the charter school's participation begins, who shall become members.

(b3) A charter school seeking to become a participating employer in the Retirement System prior to the end of the second year of operation shall be granted provisional entry into the Retirement System for one year. In the event the employee or employer contributions required under G.S. 135-8(f) are not received by the date set by the Board of Trustees, the Board of Trustees may revoke the charter school's provisional entry into the Retirement System. The Board must notify a charter school in writing not less than 90 days prior to revoking a charter school's provisional entry into the Retirement System. One year after the charter school was granted provisional entry into the Retirement System, the charter school shall undergo an actuarial and financial review as required by the Board of Trustees.

(b4) A charter school seeking to become a participating employer in the Retirement System after the end of the initial year of operation but before the end of the second year of operation may undergo an actuarial and financial review as required by the Board of Trustees prior to entry into the Retirement System. A charter school seeking to become a participating employer in the Retirement System after the end of the second year of operation shall undergo an actuarial and financial review as required by the Board of Trustees prior to entry into the Retirement System.

(b5) The actuarial review will result in an estimate of the amount of the withdrawal liability that would be required under G.S.

135-8(i) to cease participation in the Retirement System after five years and the amount that would be required to cease participation after 10 years. The cost of this actuarial review shall be paid by the charter school and shall not exceed two thousand five hundred dollars (\$2,500). A charter school that was granted provisional entry into the Retirement System shall not be required to pay the cost of this actuarial review, and this cost may be classified as costs of administering investment programs under G.S. 147-69.3.

(b6) The financial review will be based on financial statements and independent audit reports or functionally equivalent reports submitted to the Board of Trustees by the charter school.

(b7) The Board of Trustees may grant final approval of the application if it finds the following:

- (1) The application meets the requirements set out in this Article.
- (2) All members of the board of directors of the charter school have signed a written statement acknowledging and accepting the estimate provided under subsection (b5) of this section and the provisions of G.S. 135-8(i).
- (3) The charter school has not been identified as continually low-performing by the State Board of Education as provided in G.S. 115C-218.94.
- (4) The charter school's most recent audited financial statements and independent audit report demonstrate that it is financially sound and can meet the financial obligations of participation in the Retirement System.

(b8) Upon acceptance by the Board of Trustees of the application to become a participating employer, the charter school shall be a fully participating employer in the Retirement System. The Board may make the final decision for acceptance of the application contingent upon the receipt of a financially sound independent audit report for the fiscal year ending prior to acceptance of the application.

(b9) For each charter school employee who is employed on or before the date the charter school is granted entry into the Retirement System, membership in the Retirement System is effective as of the date of entry. For each charter school employee who is employed after the date the charter school is granted entry into the Retirement System, membership in the Retirement System is effective as of the date of that employee's entry into eligible service. Provisional entry is considered entry into the Retirement System for the purpose of this subsection.

(c) A charter school board's election to become a participating employer in the Retirement System under this section shall require all eligible employees of the charter school to participate.

(d) No retirement benefit, death benefit, or other benefit payable under the Retirement System shall be paid by the State of North

Carolina or the Board of Trustees of the Teachers' and State Employees' Retirement System on account of employment with a charter school with respect to any employee, or with respect to any beneficiary of an employee, of a charter school that is not a participating employer in the Retirement System.

(e) The board of directors of each charter school shall notify each of its employees as to whether the board elected to become a participating employer in the Retirement System under this section. This notification shall be in writing and shall be provided within 30 days of the board's election or at the time an initial offer for employment is made, whichever occurs last. If the board did not elect to join the Retirement System, the notice shall include a statement that the employee shall have no legal recourse against the board or the State for any possible credit or reimbursement under the Retirement System. The employee shall provide written acknowledgment of the employee's receipt of the notification under this subsection.

(f) The board of directors of a charter school may elect to cease participation in the Retirement System for all of its employees by following the procedure in G.S. 135-8(i). Notwithstanding the requirement under G.S. 135-8(i)(6) that a charter school's withdrawal liability be paid in a lump sum, if the withdrawal liability of a charter school as calculated under G.S. 135-8(i)(5) is greater than two million dollars (\$2,000,000), the Board of Trustees may allow a charter school to pay the required lump sum amount on an installment payment plan that meets the following requirements:

- (1) Fifty percent (50%) of the withdrawal liability must be paid within 90 days of the complete withdrawal date.
- (2) The remaining fifty percent (50%) of the withdrawal liability shall be made in no greater than 36 equal monthly payments.

Notwithstanding G.S. 135-8(i)(2), the complete withdrawal by a charter school that is under an approved installment payment plan shall be the date of the Board of Trustees approval of the installment payment plan. All provisions of this Article relating to the complete withdrawal of an employer from the Retirement System shall be applicable to the charter school as of that date.

The Retirement System shall have a lien upon the real property of a charter school that has received approval under this subsection from the Board of Trustees to pay the lump sum amount required under G.S. 135-8(i)(6) on installment at the time that the installment agreement is entered into and in the amount of the total withdrawal liability owed by the charter school. This lien shall attach to the real property upon the approval of the installment payment plan by the Board of Trustees and shall be perfected upon filing in the office of the clerk of superior court in each county in which the real property is situated. The priority of the lien shall be

superior to all nongovernmental liens and rights, whether such liens and rights are prior or subsequent to the lien. The Retirement System may enforce the lien by judicial foreclosure as provided in Article 29A of Chapter 1 of the General Statutes.

§ 135-5.4. Optional retirement program for State-funded community colleges.

(a) An Optional Retirement Program provided for in this section is authorized and established and shall be implemented by the North Carolina Community Colleges System, ("System"). The Optional Retirement Program shall be underwritten by the purchase of

annuity contracts, which may be both fixed and variable contracts or a combination thereof, or financed through the establishment of a trust, for the benefit of the presidents of the community colleges all of whom are appointed after the implementation of the Program and who elect membership as required by subsection (b) of this section on or before June 30, 2018. Under the Optional Retirement Program, the State and the participant shall contribute, to the extent authorized or required, toward the purchase of such contracts or deposited in such trust on the participant's behalf.

(b) Participation in the Optional Retirement Program shall be governed as follows:

- (1) Employees initially appointed on or after the implementation of the Optional Retirement Program and on or before June 30, 2018, shall at the same time of entering upon eligible employment elect (i) to join the Retirement System in accordance with the provisions of law applicable thereto or (ii) to participate in the Optional Retirement Program. This election shall be in writing and filed with the Retirement System and with the employing institution and shall be effective as of the date of entry into eligible service.
- (2) An election to participate in the Optional Retirement Program shall be irrevocable. An eligible employee failing to elect to participate in the Optional Retirement Program at the time of entry into eligible service shall automatically be enrolled as a member of the Retirement System.
- (3) No election by an eligible employee of the Optional Retirement Program shall be effective unless it is accompanied by an appropriate application for the issuance of a contract or contracts or trust participation under the Program.
- (4) If any participant having less than five years coverage under the Optional Retirement Program leaves the employ of the System and either retires or commences employment with an employer not having a retirement program with the same company underwriting the participant's annuity contract, regardless of whether the annuity contract is held by the participant, a trust, or the Retirement System, the participant's interest in the Optional Retirement Program attributable to contributions of the employing institution shall be forfeited and shall either (i) be refunded to the employing institution and forthwith paid by it to the Retirement System and credited to the pension accumulation fund or (ii) be paid directly to the Retirement System and credited to the pension accumulation fund.

(c) Each employing institution shall contribute on behalf of each participant in the Optional Retirement Program an amount equal to a percentage of the participant's compensation as established from time to time by the General Assembly. Each participant shall

contribute the amount that he or she would be required to contribute if a member of the Retirement System. Contributions authorized or required by the provisions of this subsection on behalf of each participant shall be made, consistent with section 414(h) of the Internal Revenue Code, by salary reduction according to rules and regulations established by the employing institution. Additional personal contributions may also be made by a participant by payroll deduction or salary reduction to an annuity or retirement income plan established pursuant to G.S. 115D-25. Payment of contributions shall be made by the employing institution to the designated company or companies underwriting the annuities or the trustees for the benefit of each participant, and this employer contribution shall not be subject to any State tax if made under the Optional Retirement Program or, otherwise, by salary reduction.

(d) The System shall designate the company or companies from which contracts are to be purchased or the trustee responsible for the investment of contributions under the Optional Retirement Program and shall approve the form and contents of such contracts or trust agreement. In making this designation and giving such approval, the Board shall give due consideration to the following:

- (2) The relation of these rights and benefits to the amount of contributions to be made;
- (3) The suitability of these rights and benefits to the needs of the participants and the interest of the institutions of the System in recruiting and retaining faculty in a national and market;
- (4) The ability of the designated company or companies underwriting the annuity contracts or trust agreement to provide these suitable rights and benefits under such contracts or trust agreement for these purposes.

In lieu of such designation and in order to provide a more efficient, cost-effective, and flexible Program, the System may designate the company or companies designated for the Optional Retirement Program for State institutions of higher education as prescribed in G.S. 135-5.1(d).

Notwithstanding the provisions of this subsection, no contractual relationship established under the Optional Retirement Program pursuant to the authority granted by Chapter 338, Session Laws of 1971, is deemed terminated by the provisions of this section.

(e) The System or employing institution may provide for the administration of the Optional Retirement Program and may perform or authorize the performance of all functions necessary for its administration.

(f) Any eligible employee electing to participate in the Optional Retirement Program is ineligible for membership in the Retirement

System so long as he or she remains employed in any eligible position within the System, and, in this event, he or she shall continue to participate in the Optional Retirement Program.

(g) No retirement benefit, death benefit, or other benefit under the Optional Retirement Program shall be paid by the State of North Carolina, or the System, or the Board of Trustees of the Teachers' and State Employees' Retirement System with respect to any employee selecting and participating in the Optional Retirement Program or with respect to any beneficiary of that employee. Benefits shall be payable to participants or their beneficiaries only by the designated company in accordance with the terms of the contracts or trust agreement.

(h) The North Carolina Community College System shall ensure that the Optional Retirement Program for State-funded community colleges contains benefit forfeiture provisions equivalent to those contained in G.S. 135-18.10A for community college personnel eligible for membership in the Teachers' and State Employees' Retirement System and have elected participation in the Optional Retirement Program. Any funds forfeited shall be deposited in the Optional Retirement Program trust fund(s).

- (3) The employer makes a request in writing to the Retirement Systems Division of the Department of State Treasurer to be made inactive.

An employer reported as inactive may apply to extend its inactive period for up to one year by submitting to the Retirement System, on or before June 30 of the same calendar year, clear and convincing evidence satisfactory to the Retirement System of the employer's intention to hire an employee in a position qualifying for membership service in the Retirement System.

(e) Not later than July 31 of each calendar year, the Board of Trustees shall determine whether to grant any applications to extend the period of an employer's inactive status.

(e1) **Effect of Vote Related to Contributory Death Benefit.** — No decision of the Board related to the Contributory Death Benefit provided for under this Chapter, Chapter 120, or Chapter 127A of the General Statutes, shall take effect unless and until this same decision has been made and voted on by the Board of Trustees of the Local Governmental Employees Retirement System.

(f) **Rules and Regulations.** — Subject to the limitations of this Chapter, the Board of Trustees shall, from time to time, establish rules and regulations for the administration of the funds created by this Chapter and for the transaction of its business. It shall also publish annually a report on supplemental insurance offerings that are made available to retirees and the extent to which retirees participate in those offerings.

(j) **Legal Adviser.** — The Attorney General shall be the legal adviser of the Board of Trustees.

(k) **Medical Board.** — The Board of Trustees shall designate a medical board to be composed of not less than three nor more than five physicians not eligible to participate in the Retirement System. The Board of Trustees may structure appointment requirements and term durations for those medical board members. If required, other physicians may be employed to report on special cases. The medical board shall arrange for and pass upon all medical examinations required under the provisions of this Chapter, and shall investigate all essential statements and certificates by or on behalf of a member in connection with an application for disability retirement, and shall report in writing to the Board of Trustees its conclusion and recommendations upon all the matters referred to it. A person serving on the medical board shall be immune individually from civil liability for monetary damages, except to the extent covered by insurance, for any act or failure to act arising out of that service, except where any of the following apply:

- (1) The person was not acting within the scope of that person's official duties.
- (2) The person was not acting in good faith.
- (3) The person committed gross negligence or willful or wanton misconduct that resulted in the damages or injury.
- (4) The person derived an improper financial benefit, either directly or indirectly, from the transaction.

(l) **Duties of Actuary.** — The Board of Trustees shall designate an actuary who shall be the technical adviser of the Board of Trustees on matters regarding the operation of the funds created by the provisions of this Chapter and shall perform such other duties as are required in connection therewith. The experience studies and all other actuarial calculations required by this Chapter, and all the assumptions used by the System's actuary, including mortality tables, interest rates, annuity factors, the contribution-based benefit cap factor, and employer contribution rates, shall be set out in the actuary's periodic reports, annual valuations of System assets, or other materials provided to the Board of Trustees. Notwithstanding Article 2A of Chapter 150B of the General Statutes, these materials,

once accepted by the Board, shall be considered part of the Plan documentation governing this Retirement System and shall be effective the first day of the month following adoption unless a different date is specified in the adopting resolution. The effective date shall not retroactively affect a contribution rate. The Board's minutes relative to all actuarial assumptions used by the System shall also be considered part of the Plan documentation governing this Retirement System, with the result of precluding any employer discretion in the determination of benefits payable hereunder, consistent with Section 401(a)(25) of the Internal Revenue Code.

(m) Immediately after the establishment of the Retirement System the actuary shall make such investigation of the mortality, service and compensation experience of the members of the System as he shall recommend and the Board of Trustees shall authorize, and on the basis of such investigation he shall recommend for adoption by the Board of Trustees such tables and such rates as are required in subsection (n), subdivisions (1) and (2), of this section. The Board of Trustees shall adopt tables and certify rates, and as soon as practicable thereafter the actuary shall make a valuation based on such tables and rates of the assets and liabilities of the funds created by this Chapter.

(n) In 1943, and at least once in each five-year period thereafter, the actuary shall complete an actuarial experience review of the mortality, service and compensation experience of the members and beneficiaries of the Retirement System and shall make a valuation of the assets and liabilities of the funds of the System. Taking into account the result of the actuarial investigation and valuation, the Board of Trustees shall do all of the following:

- (1) Adopt any necessary mortality, service, or other tables and any necessary contribution-based benefit cap factors for the Retirement System.
- (2) Certify the rates of contributions payable by the State of North Carolina on account of new entrants at various ages.

In order to pay for the administration of this section, the Retirement Systems Division of the Department of State Treasurer may increase receipts from the retirement assets of the Retirement System or may pay the costs directly from the retirement assets.

(n1) Prior to undertaking each quinquennial actuarial experience review, as required by this section, the Board of Trustees shall provide the General Assembly and the Governor a report that includes all of the following, as these items apply to the Retirement System:

- (1) A description of, and the process used to determine, the investment return assumption utilized by the Board of Trustees when determining the contribution rates.
- (2) An estimate of the range of likely employer contributions over 20 years based on analysis that simulates the volatil-

ity of annual investment returns above and below the expected rate, applying methodology determined by the actuary.

- (3) Projections of assets, liabilities, pension debt, service costs, employee contributions, employer contributions, net amortization, benefit payments, payroll, and funded ratio for the Retirement System for each of the next 30 years based upon the then-current actuarial assumptions, including the assumed rate of return.
- (4) Projections of assets, liabilities, pension debt, service costs, employee contributions, employer contributions, net amortization, benefit payments, payroll, and funded ratio for the Retirement System assuming that investment returns are two and four percentage points lower than the assumed rate of return and that the State makes employer contributions meeting all of the following:
 - a. The contributions are based upon the then-current funding policy for the Retirement System.
 - b. The contributions are held constant at the levels calculated for subdivision (3) of this subsection.
 - c. The contributions never exceed fifteen percent (15%) of projected total revenue available for appropriation by the General Assembly.
- (5) Estimates for assets, liabilities, pension debt, service costs, employee contributions, employer contributions, net amortization, benefit payments, payroll, and funded ratio for the Retirement System, if there is a one-year loss on planned investments of twenty percent (20%) followed by a 20-year period of investment returns two percentage points below plan assumptions, with the following assumptions regarding contributions:
 - a. The contributions are based upon the then-current funding policy for the Retirement System.
 - b. The contributions are held constant at the levels calculated for subdivision (3) of this subsection.
 - c. The contributions never exceed fifteen percent (15%) of projected total revenue available for appropriation by the General Assembly.
- (6) The estimated actuarially accrued liability, the total plan normal cost for all benefit tiers if multiple tiers exist, and the employer normal cost for all benefit tiers if multiple tiers exist, calculated using all of the following:
 - a. A discount rate equal to the assumed rate of return. If the discount rate used by the Retirement System is different from the investment return assumption, then the report shall provide a calculation of actuarially accrued liability based upon a discount rate that is two

percent (2%) and four percent (4%) above and below the long-term rate of return actually used by the Board of Trustees.

- b. The 10-year average of the yield of 30-year treasury notes.
- (7) A description of the amortization period for any unfunded liabilities utilized by the Board of Trustees when determining the contribution rates.
- (8) A calculation of the contribution rates based on an amortization period equal to the estimated average remaining service periods of employees covered by the contributions.
- (9) A description of the interest assumption rate utilized by the Board of Trustees for reporting liabilities and the process used to determine that assumption.
- (10) The market value of the assets controlled by the Board of Trustees and an explanation of how the actuarial value assigned to those assets differs from the market value of those assets.
- (11) An assessment of how the changes of assumptions adopted by the Board of Trustees in the experience review affect any of the other results in the report.
- (12) Any additional information deemed useful by the Board of Trustees or the Investment Advisory Committee under G.S. 147-69.2 to evaluate or adjust the investment policy statement or to evaluate adherence to or risk associated with statutory constraints on investments.
- (13) Any additional information deemed useful by the Board to evaluate current or prospective funding or contribution policies.
- (n2) With regards to payment for the administration of subsections (n), (n1), and (o) of this section, the Retirement Systems Division of the Department of State Treasurer may increase receipts from the retirement assets of the corresponding retirement system or may pay the costs directly from the retirement assets.
- (o) On the basis of the tables and interest assumption rate as adopted by the Board of Trustees, the actuary shall make an annual valuation of the assets and liabilities of the funds of the System created by this Chapter. The annual valuation shall include a supplementary section that provides an analysis of assets on a market basis using the 30-year treasury rate as of December 31 of the year of the valuation as the discount rate. In order to pay for the administration of this section, the Retirement Systems Division of the Department of State Treasurer may increase receipts from the retirement assets of the Retirement System or may pay the costs directly from the retirement assets.
- (p) Notwithstanding any law, rule, regulation or policy to the contrary, any board, agency, department, institution or subdivision

of the State maintaining lists of names and addresses in the administration of their programs may upon request provide to the Retirement System information limited to social security numbers, current name and addresses of persons identified by the System as members, beneficiaries, and beneficiaries of members of the System. The System shall use such information for the sole purpose of notifying members, beneficiaries, and beneficiaries of members of their rights to and accruals of benefits in the Retirement System. Any social security number, current name and address so obtained and any information concluded therefrom and the source thereof shall be treated as confidential and shall not be divulged by any employee of the Retirement System or of the Department of State Treasurer except as may be necessary to notify the member, beneficiary, or beneficiary of the member of their rights to and accruals of benefits in the Retirement System. Any person, officer, employee or former employee violating this provision shall be guilty of a Class 1 misdemeanor; and if such offending person be a public official or employee, he shall be dismissed from office or employment and shall not hold any public office or employment in this State for a period of five years thereafter.

(q) Compliance Investigations and Fraud Investigations — Access to Persons and Records. — In the course of conducting a compliance investigation or a fraud investigation, the Retirement Systems Division, or authorized representatives who are assisting the Retirement Systems Division staff, shall:

- (1) Have ready access to persons and may examine and copy all books, records, reports, vouchers, correspondence, files, personnel files, investments, and any other documentation of any employer. The review of State tax returns shall be limited to matters of official business, and the Division's report shall not violate the confidentiality provisions of tax laws.
- (2) Have such access to persons, records, papers, reports, vouchers, correspondence, books, and any other documentation that is in the possession of any individual, private corporation, institution, association, board, or other organization that pertain to the following:
 - a. Amounts received pursuant to a grant or contract from the federal government, the State, or its political subdivisions.
 - b. Amounts received, disbursed, or otherwise handled on behalf of the federal government or the State.
- (3) Have the authority, and shall be provided with ready access, to examine and inspect all property, equipment, and facilities in the possession of any employer agency or any individual, private corporation, institution, association, board, or other organization that were furnished or other-

wise provided through grant, contract, or any other type of funding by the employer agency.

With respect to the requirements of sub-subdivision (2)b. of this subsection, providers of social and medical services to a beneficiary shall make copies of records they maintain for services provided to a beneficiary available to the Retirement Systems Division, or to the authorized representatives who are assisting the Retirement Systems Division staff. Copies of the records of social and medical services provided to a beneficiary will permit verification of the health or other status of a beneficiary as required for the payment of benefits under Article 1, Article 4, or Article 6 of this Chapter. The Retirement Systems Division, or authorized representatives who are assisting the Retirement Systems Division staff, shall request records in writing by providing the name of each beneficiary for whom records are sought, the purpose of the request, the statutory authority for the request, and a reasonable period of time for the production of record copies by the provider. A provider may charge, and the Retirement Systems Division, or authorized representatives who are assisting the Retirement Systems Division staff, shall, in accordance with G.S. 90-411, pay a reasonable fee to the provider for copies of the records provided in accordance with this subsection.

(r) Compliance or Fraud Investigative Reports and Work Papers. — The Director of the Retirement Systems Division shall maintain for 10 years a complete file of all compliance investigative reports, fraud investigative reports and reports of other examinations, investigations, surveys, and reviews issued under the Director's authority. Fraud or compliance investigation work papers and other evidence or related supportive material directly pertaining to the work of the Retirement Systems Division of the Department of State Treasurer shall be retained according to an agreement between the Director of Retirement and State Archives. To promote intergovernmental cooperation and avoid unnecessary duplication of fraud and compliance investigative efforts, and notwithstanding local unit personnel policies to the contrary, pertinent work papers and other supportive material relating to issued fraud or compliance investigation reports may be, at the discretion of the Director of Retirement and unless otherwise prohibited by law, made available for inspection by duly authorized representatives of the State and federal government who desire access to and inspection of such records in connection with some matter officially before them, including criminal investigations. Except as provided in this section, or upon an order issued in Wake County Superior Court upon 10 days' notice and hearing finding that access is necessary to a proper administration of justice, fraud and compliance investigation work papers and related supportive material shall be kept confidential, including any information developed as a part of the investigation.

(s) Fraud Reports May Be Anonymous. — The identity of any person reporting fraud, waste, and abuse to the Retirement Systems

Division shall be kept confidential and shall not be maintained as a public record within the meaning of G.S. 132-1.

(t) **Immunity.** — A person serving on the Teachers' and State Employees' Retirement System Board of Trustees shall be immune individually from civil liability for monetary damages, except to the extent covered by insurance, for any act or failure to act arising out of that service, except where any of the following apply:

- (1) The person was not acting within the scope of that person's official duties.
- (2) The person was not acting in good faith.
- (3) The person committed gross negligence or willful or wanton misconduct that resulted in the damages or injury.
- (4) The person derived an improper personal financial benefit, either directly or indirectly, from the transaction.
- (5) The person incurred the liability from the operation of a motor vehicle.

CASE NOTES

Rule Making. — Retirement Systems Division of the Department of State Treasurer (Division) erred in invoicing a school employee or school board for contributions to the employee’s retirement fund pursuant to a statutory cap factor because (1) the factor was a rule not properly adopted pursuant to the Administrative Procedure Act, and (2) the Division was a state agency not exempt from rule making requirements. *Cabarrus Cty. Bd. of Educ. v. Dep’t of State Treasurer*, 261 N.C. App. 325, 821 S.E.2d 196, 2018 N.C. App. LEXIS 948 (2018), *aff’d*, 374 N.C. 3, 839 S.E.2d 814, 2020 N.C. LEXIS 270 (2020).

General Assembly did not impliedly exempt the Board of Trustees from the necessity of compliance with APA’s rule-making provisions in adopting a cap factor where G.S. 135-5(a3) and G.S. 135-6(l) could be harmonized, the adoption of a cap factor was not a ministerial act in which the Board did nothing more than ratify the actuary’s recommendation, case law did not support such an implied exemption, and the public interests supported the Board of Education’s contention that the cap factor should be established by using the APA’s rulemaking provisions to ensure the opportunity for adequate public input before a decision became final. *Cabarrus Cty. Bd. of Educ. v. Dep’t of State Treasurer*, 374 N.C. 3, 839 S.E.2d 814, 2020 N.C. LEXIS 270 (2020).

Board Without Power to Waive Statutory Deadlines. — The Board of Trustees of the Retirement System does not have discretionary power to extend or waive statutory deadlines for the reinstatement of a withdrawn account or

for purchase of out-of-state service, since a waiver would not be a rule or regulation to prevent injustice and inequality across the board but simply a waiver in a specific instance. *In re Ford*, 52 N.C. App. 569, 279 S.E.2d 122, 1981 N.C. App. LEXIS 2448 (1981).

Board had Power to Waive Penalties. — Board’s practice of waiving penalties under circumstances where employers were not at fault for failing to remit employer contributions to the Retirement System was entirely consistent with the Board’s statutory discretion to adopt rules to prevent injustices under G.S. 135-6(f). Accordingly, the Treasurer and the Board were not required by G.S. 135-8(f)(3) to punish those employers whose employer contributions were not deposited in the Retirement System. *Stone v. State*, 191 N.C. App. 402, 664 S.E.2d 32, 2008 N.C. App. LEXIS 1485 (2008).

Actuarially Sound Manner is a Term in State Employees’ Retirement Contract. — Because state employees had a contractual right to the funding of the Retirement System in an actuarially sound manner, under G.S. 135-6(i) and (m)-(o), the right to have the Retirement System funded in an actuarially sound manner was a term or condition included in the employees’ retirement contracts. *Stone v. State*, 191 N.C. App. 402, 664 S.E.2d 32, 2008 N.C. App. LEXIS 1485 (2008).

Editor's Note.

Session Laws 2016-108, s. 2(a), provides: "The February 5, 2008, Attorney General's advisory opinion entitled 'Advisory Opinion: Confidentiality of Retirement Benefit Information; Session Law

2007-508' concluded that information about retirement benefits was intended to be included among those records required to be maintained for public inspection by each department, agency, institution, commission, and bureau of the State and that as a result the Retirement Systems Division of the Department of the State Treasurer makes that information available for public inspection and

examination. The General Assembly finds that the interests of clarity require statutory language providing guidance to the Retirement Systems Division in determining and maintaining consistency as to what information should be made available about the retirement accounts of State and local employees.”

(b) **Regular Interest Allowance.** — The Board of Trustees annually shall allow regular interest on the mean amount for the preceding year in each of the funds with the exception of the expense fund. The amounts so allowed shall be due and payable to said funds, and shall be annually credited thereto by the Board of Trustees from interest and other earnings on the moneys of the Retirement System. Any additional amount required to meet the interest on the funds of the Retirement System shall be paid from the pension accumulation fund, and any excess of earnings over such amount required shall be paid to the pension accumulation fund. Regular interest shall mean such per centum rate to be compounded annually as shall be determined by the Board of Trustees on the basis of the interest earnings of the System for the preceding year and of the probable earnings to be made, in the judgment of the Board, during the immediate future, such rate to be limited to a minimum of three per centum (3%) and a maximum of four per centum (4%), with the latter rate applicable during the first year of operation of the Retirement System.

necessary payments as are authorized by the Board of Trustees; nor shall any trustee or employee of the Board of Trustees become an endorser or surety or in any manner an obligor for moneys loaned or borrowed from the Board of Trustees.

(f) **Retiree Health Benefit Fund.** — It is the intent of the General Assembly that the Retiree Health Benefit Fund be a trust that provides an irrevocable source of funding to be used, to the extent the Fund's assets are sufficient, only for health benefits to retired and disabled employees and their applicable beneficiaries. - (3) Employer and non-employer contributions to the Fund and earnings on those contributions are irrevocable. The assets of the Fund are dedicated to providing health benefits to eligible Plan members in accordance with the Plan's benefit terms, as those terms may from time to time be amended. - (4) Fund assets may be used for reasonable expenses to administer benefits provided by the Fund, as approved by the Board of Trustees, including offsets to the State budget to the Retirement Systems Division for staff administration of benefits and costs to conduct required actuarial valuations of State-supported retired employees' health benefits under other post-employment benefit accounting standards set forth by the Governmental Accounting Standards Board of the Financial Accounting Foundation.

(g) It is the intent of the General Assembly that a master trust fund be created that provides an irrevocable source of funding to be used, to the extent the fund's assets are sufficient, only for death

benefits and disability benefits to the Plans' members, participants, and beneficiaries, pursuant to G.S. 120-4.27, G.S. 128-27(l), subsections (l2) through (l6) of G.S. 128-27, 135-5(l), 135-64(k), and 143-166.60. Accordingly, the following provisions apply to the Trust:

- (1) The following definitions apply in this subsection:
 - a. Beneficiaries. — Any person in receipt of, or eligible to receive, a benefit payable from the North Carolina Teachers' and State Employees' Benefit Trust pursuant to G.S. 120-4.27, subsections (l2) though (l6) of G.S. 128-27, 135-5(l), 135-64(k), and 143-166.60.

- (2) A trust fund, the North Carolina Teachers' and State Employees' Benefit Trust, is hereby created as a master trust to which all receipts, transfers, appropriations, contributions, investment earnings, and other income belonging to the Plans shall be deposited, and from which all benefits and expenses against the Plans shall be disbursed. The Boards of Trustees of the Teachers' and State Employees' Retirement System and the Local Governmental Employees' Retirement System shall be the trustee of the Trust. Within the Benefit Trust, the funds of the Plans shall be accounted for separately and not commingled. Assets of one plan cannot be used to pay for liabilities of another plan within the Trust.
- (3) Employer and non-employer contributions to the North Carolina Teachers' and State Employees' Benefit Trust and earnings on those contributions are irrevocable. The assets of the Trust are dedicated to providing benefits to members, participants, and beneficiaries in accordance with the Plans' benefit terms. The assets of the Trust are not subject to the claims of creditors of the employers and non-employers making contributions to the Trust, are not subject to the claims of any creditors of the Trust, trustees, and administrators, and are not subject to the claims of creditors of members, participants, and beneficiaries.

(h) Legislative Enactment Implementation Arrangement.

— The Legislative Enactment Implementation Arrangement (LEIA)

is established effective October 1, 2017, and placed under the management of the Board of Trustees. The purpose of the LEIA is to provide for timely administrative implementation of legislative provisions regarding the retirement of, or payment of retirement benefits to, public officers or public employees. The LEIA shall have the following parameters:

- (1) **Administration.** — The LEIA shall be administered by the Board of Trustees, which shall compile and maintain all records necessary or appropriate for administration. The Board of Trustees shall have full discretionary authority to interpret, construe, and implement the LEIA and to adopt such rules and regulations as may be necessary or desirable to implement the provisions of the LEIA.
- (2) **Funding of the LEIA.** — In the event that the General Assembly creates or modifies any provision for the retirement of, or payment of retirement benefits to, public officers or public employees that has a cost savings as measured by actuarial note required by Article 15 of Chapter 120 of the General Statutes, the Board of Trustees may direct up to one hundredth percent (0.01%) of the required contributions to fund the LEIA. These funds must be deposited in a separate fund from the fund into which regular employer contributions are deposited for the Retirement System. The Board of Trustees shall not direct any employer contributions into the LEIA after November 1, 2026.
- (3) **Allocation of LEIA funds.** — The Board of Trustees may allocate LEIA funds to the implementation of legislative provisions regarding the retirement of, or payment for retirement benefits to, public officers or public employees, subject to the following restrictions:
 - a. The Board of Trustees must identify individual implementation projects that will be paid for with LEIA funds. These implementation projects must be necessitated by a specific statute or session law that was enacted within five years of the allocation of the funds. The Board of Trustees must also identify the number of years for which each individual implementation project will be paid for with LEIA funds.
 - b. For implementation projects that will be paid for with LEIA funds for a period of one year or less, the Board of Trustees must determine that the cost savings from implementing the project is projected to be no less than half of the amount of LEIA funds utilized to pay for implementation.
 - c. For implementation projects that will be paid for with LEIA funds for a period of greater than one year, but not more than four years, the Board of Trustees must

determine that the long-term cost savings from implementing the project is projected to be at least three times greater than the cost of implementation.

d. No implementation project shall be paid for with LEIA funds for a period of more than four years.

(4) **Treatment of unused assets.** — Any assets of the LEIA not used to pay allowed administrative expenses for timely administrative implementation of legislative provisions shall be transferred to the Retirement System as an additional employer contribution.

(5) **Reporting.** — The Department of State Treasurer shall report to the Board of Trustees, the Joint Legislative Commission on Government Operations, and the Fiscal Research Division on or before August 1 of each year on the (i) amounts and sources of funds collected by year pursuant to this section and (ii) the amounts expended, the projects for which those funds were expended, and the current status of the projects. The Board of Trustees shall also post this report on its public Web site.

OPINIONS OF ATTORNEY GENERAL

North Carolina, 40 N.C. Op. Att'y Gen. 752 (1970).

§§ 135-7.1, 135-7.2. (Repealed)

Repealed by Session Laws 1979, c. 467, ss. 16, 17.

§ 135-8. Method of financing.

(a) **Funds to Which Assets of Retirement System Credited.** — All of the assets of the Retirement System shall be credited according to the purpose for which they are held to one of two funds, namely, the annuity savings fund and the pension accumulation fund.

(b) **Annuity Savings Fund.** — The annuity savings fund shall be a fund in which shall be accumulated contributions from the compensation of members to provide for their annuities. Contribu-

tions to any payments from the annuity savings fund shall be made as follows:

- (1) With respect to the period of service commencing on July 1, 1975, each participating employer shall deduct from the salary of each member on every payroll of the employer for every payroll period, six per centum (6%) of the compensation received by any member. Such rates shall apply uniformly to all members of the Retirement System, without regard to their coverage under the Social Security Act.
- (2) The deductions provided for herein shall be made notwithstanding that the minimum compensation provided for by law for any member shall be reduced thereby. Every member shall be deemed to consent and agree to the deductions made and provided for herein and shall receipt for his full salary or compensation, and payment of salary or compensation less said deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by such person during the period covered by such payment, except as to the benefits provided under this Chapter. The employer shall certify to the Board of Trustees on each and every payroll or in such other manner as the Board of Trustees may prescribe, the amounts to be deducted; and each of said amounts shall be deducted, and when deducted shall be paid into said annuity savings fund, and shall be credited, together with regular interest thereon, to the individual account of the member from whose compensation said deduction was made.
- (3) Each board of education of each county and each board of education of each city, and the employer in any department, agency or institution of the State, in which any teacher receives compensation from sources other than appropriations of the State of North Carolina shall deduct from the salaries of these teachers paid from sources other than State appropriations an amount equal to that deducted from the salaries of the teachers whose salaries are paid from State funds, and remit this amount to the State Retirement System. City boards of education and county boards of education in each and every county and city which has employees compensated from other than the State appropriation shall pay to the State Retirement System the same per centum of the compensation that the State of North Carolina pays and shall transmit same to the State Retirement System monthly: Provided, that for the purpose of enabling the boards of education to make such payment, the tax-levying authorities are hereby authorized, empowered and directed to provide the necessary funds therefor.

In case the salary is paid in part from State funds and in part from local funds, the local authorities shall not be relieved of providing and remitting the same per centum of the salary paid from local funds as is paid from State funds. In case the entire salary of any teacher, as defined in this Chapter, is paid from county or local funds, the county or city paying such salary shall provide and remit to the Retirement System the same per centum that would be required if the salary were provided by the State of North Carolina.

- (4) Repealed by Session Laws 2017-129, s. 2(e), effective June 30, 2017.
- (5) The Board of Trustees may approve the purchase of creditable service by any member for leaves of absence or for interrupted service to an employer only for the purpose of acquiring knowledge, talents, or abilities and to increase the efficiency of service to the employer, subject to the provisions of this subdivision. A leave of absence or interrupted service may be approved for purchase under this subdivision for a period of employment as a teacher in a charter school. Any other leave of absence or interrupted service shall qualify for purchase under this subdivision only if (i) during the time of the leave or interrupted service the member is enrolled and participates in a full time degree program at an accredited institution of higher education, (ii) the member is not paid compensation, other than a stipend resulting from participation in a full-time degree program, for the activity in which he or she is acquiring knowledge, talents, or abilities, and (iii) the service is not purchased for any month in which the member performed any services for any of the organizations listed in G.S. 135 27(a) or G.S. 135 27(f), or a successor to any of those organizations. Approval by the Board under this subdivision shall be made prior to the purchase of the creditable service, is limited to a career total of six years for each member, and may be obtained in the following manner:
 - a. **Approved leave of absence.** — Where the employer grants an approved leave of absence, a member may make monthly contributions to the annuity savings fund on the basis of compensation the member was earning immediately prior to such leave of absence. The employer shall make monthly contributions equal to the normal and accrued liability contribution on such compensation or, in lieu thereof, the member may pay into the annuity savings fund monthly an amount equal to the employer's normal and accrued liability

contribution when the policy of the employer is not to make such payment.

- b. **No educational leave policy.** — Where the employer has a policy of not granting educational leaves of absence or the member has unsuccessfully petitioned for leave of absence and the member has interrupted service for educational purposes, the member may make monthly contributions into the annuity savings fund in an amount equal to the employee contribution plus the employer normal and accrued liability contribution on the basis of the compensation the member was earning immediately prior to the interrupted service.
- c. **Educational program prior to July 1, 1981.** — Creditable service for leaves of absence or interrupted service for educational purposes prior to July 1, 1981, may be purchased by a member, before or after retirement, who returned as a contributing employee or teacher within 12 months after completing the educational program and completed 10 years of subsequent membership service, by making a lump sum payment into the annuity savings fund equal to the full cost of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the system's liabilities and shall take into account the retirement allowance arising on account of the additional service credit commencing at the earliest age at which the member could retire on an unreduced retirement allowance as determined by the Board of Trustees upon the advice of the consulting actuary, plus a fee to be determined by the Board of Trustees.
- d. Repealed by Session Laws 2016-82, s. 2, effective June 30, 2016.

Payments required to be made by the member, the employer, or both under subparagraphs a or b are due by the 15th of the month following the month for which the service credit is allowed and payments made after the due date shall be assessed a penalty, in lieu of interest, of one percent (1%) per month or fraction thereof the payment is made beyond the due date; provided, that these payments shall be made prior to retirement and provided further, that if the member did not become a contributing member within 12 months after completing the educational program and failed to complete three years of subsequent membership service, except in the event of death or disability, any payment made by the member including penalty shall be refunded with regular interest thereon and the service credits cancelled prior to or at retirement.

- (6) The contributions of a member, and such interest as may be allowed thereon, paid upon his death or withdrawn by him as provided in this Chapter, shall be paid from the annuity savings fund, and any balance of the accumulated contributions of such a member shall be transferred to the pension accumulation fund.

(b1) **Pick Up of Employee Contributions.** — Anything within this section to the contrary notwithstanding, effective July 1, 1982, an employer, pursuant to the provisions of section 414(h)(2) of the Internal Revenue Code of 1954 as amended, shall pick up and pay the contributions which would be payable by the employees as members under subsection (b) of this section with respect to the service of employees after June 30, 1982.

The members' contributions picked up by an employer shall be designated for all purposes of the Retirement System as member contributions, except for the determination of tax upon a distribution from the System. These contributions shall be credited to the annuity savings fund and accumulated within the fund in a member's account which shall be separately established for the purpose of accounting for picked-up contributions.

Member contributions picked up by an employer shall be payable from the same source of funds used for the payment of compensation to a member. A deduction shall be made from a member's compensation equal to the amount of his contributions picked up by his employer. This deduction, however, shall not reduce his compensation as defined in subdivision (7a) of G.S. 135-1. Picked up contributions shall be transmitted to the System monthly for the preceding month by means of a warrant drawn by the employer and payable to the Teachers' and State Employees' Retirement System and shall be accompanied by a schedule of the picked-up contributions on such forms as may be prescribed. In the case of a failure to fulfill these conditions, the provisions of subsection (f)(3) of this section shall apply.

The pick up of employee contributions by an employer as provided for hereunder shall be equally applicable to participant contributions required under the optional retirement program as specified in G.S. 135-5.1(c).

(b2) **Retroactive Adjustment in Compensation or an Underreporting of Compensation.** — A member or beneficiary who is awarded backpay in cases of a denied promotional opportunity or wrongful demotion in which the aggrieved member or beneficiary is granted a promotion or a demotion is reversed retroactively, or in cases in which an employer errs in the reporting of compensation, including the employee and employer contributions, the member or beneficiary and employer may make employee and employer contributions on the retroactive or additional compensation, after submitting clear and convincing evidence of the retroactive promotion or underreporting of compensation, as follows:

- (1) Within 90 days of the denial of the promotion or the error in reporting, by the payment of employee and employer contributions that would have been paid; or
- (2) After 90 days of the denial of the promotion or the error in reporting, by the payment of the employee and employer contributions that would have been paid plus interest compounded annually at a rate equal to the greater of the average yield on the pension accumulation fund for the preceding calendar year or the actuarial investment rate-of-return assumption, as adopted by the Board of Trustees.

For members or beneficiaries electing to make the employee contributions on the retroactive adjustment in compensation or on the underreported compensation, the member's or beneficiary's employer, which granted the retroactive promotion or erred in underreporting compensation and contributions, shall make the required employer contributions. Nothing contained in this subsection shall prevent an employer from paying all or a part of the interest assessed on the employee contributions; and to the extent paid by the employer, the interest paid by the employer shall be credited to the pension accumulation fund; provided, however, an employer does not discriminate against any member or beneficiary or group of members or beneficiaries in his employ in paying all or any part of the interest assessed on the employee contributions due.

In the event the retroactive adjustment in compensation or the underreported compensation is for a period that occurs during the four consecutive calendar years that would have produced the highest average annual compensation pursuant to G.S. 135-1(5) the compensation the member or beneficiary would have received during the period shall be included in calculating the member's or beneficiary's average final compensation only in the event the appropriate employee and employer contributions are paid on such compensation.

An employer error in underreporting compensation shall not include a retroactive increase in compensation that occurs during the four consecutive calendar years that would have produced the highest average annual compensation pursuant to G.S. 135-1(5) for reasons other than a wrongfully denied promotional opportunity or wrongful demotion where the member is promoted or the demotion is reversed retroactively.

(c) Repealed by Session Laws 2017-129, s. 2(f), effective June 30, 2017.

(d) **Pension Accumulation Fund.** — The pension accumulation fund shall be the fund in which shall be accumulated all reserves for the payment of all pensions and other benefits payable from contribution made by employers and from which shall be paid all pensions and other benefits on account of members with prior service credit. Contributions to and payments from the pension accumulation fund shall be made as follows:

- (1) On account of each member there shall be paid in the pension accumulation fund by employers an amount equal to a certain percentage of the actual compensation of each member to be known as the “normal contribution,” and an additional amount equal to a percentage of the member’s actual compensation to be known as the “accrued liability contribution.” The rate per centum of such contributions shall be fixed on the basis of the liabilities of the Retirement System as shown by actuarial valuation, duly approved by the Board of Trustees, and shall be called the “actuarially determined employer contribution rate.”
- (1a) For fiscal years beginning subsequent to January 1, 2017, the sum of the “normal contribution” and the “accrued liability contribution” shall not be less than the employee contribution required under subdivision (1) of subsection (b) of this section.
- (2) Repealed by Session Laws 2017-129, s. 2(h), effective June 30, 2017.
- (2a) The actuarially determined employer contribution rate shall be calculated annually by the actuary using assumptions and a cost method approved by the Actuarial Standards Board of the American Academy of Actuaries and selected by the Board of Trustees.
- (3) Repealed by Session Laws 2017-129, s. 2(h), effective June 30, 2017.
- (3a) Notwithstanding Chapter 150B of the General Statutes, the total amount payable in each year to the pension accumulation fund shall not be less than the sum of the rate per centum known as the actuarially determined employer contribution rate of the total earned compensation of all members during the preceding year as adjusted higher under a contribution rate policy adopted by the Board of Trustees and known as the “required employer contribution” rate. The Board of Trustees shall not adopt a contribution rate policy that results in a rate less than the normal contribution rate.
- (4) Repealed by Session Laws 2017-129, s. 2(h), effective June 30, 2017.
- (5) Repealed by Session Laws 2017-129, s. 2(h), effective June 30, 2017.
- (6) All pensions, and benefits in lieu thereof payable from contributions of employer shall be paid from the pension accumulation fund.
- (7) Repealed by Session Laws 2017-129, s. 2(h), effective June 30, 2017.
- (e) Repealed by Session Laws 2017-129, s. 2(j), effective June 30, 2017.

(f) **Collection of Contributions. —**

- (1) The collection of members' contributions shall be as follows:
 - a. Each employer shall cause to be deducted on each and every payroll of a member for each and every payroll subsequent to the date of establishment of the Retirement System the contributions payable by such member as provided in this Chapter, and the employer shall draw his warrant for the amount so deducted, payable to the Teachers' and State Employees' Retirement System of North Carolina, and shall transmit the same, together with schedule of the contributions, on such forms as prescribed.
- (2) The collection of employers' contributions shall be made as follows:
 - a. Upon the basis of each actuarial valuation provided herein there shall be prepared biennially and certified to the Department of Administration a statement of the total amount necessary for the ensuing biennium to the pension accumulation and expense funds, as provided under subsections (d) and (f) of this section, and these funds shall be handled and disbursed in accordance with the State Budget Act, Chapter 143C of the General Statutes.
 - b. Repealed by Session Laws 2017-129, s. 2(l), effective June 30, 2017.
 - c. Repealed by Session Laws 1993, c. 257, s. 13.
 - d. Each board of education in each county and each board of education in each city in which teachers or other employees of the schools receive compensation for services in the public schools from sources other than the appropriation of the State of North Carolina shall pay the Board of Trustees of the State Retirement System such rate of their respective salaries as are paid those of other employees.
 - e. Each employer shall transmit monthly to the State Retirement System on account of each employee, who is a member of this System, an amount sufficient to cover required employer contribution of each member employed by such employer for the preceding month.
 - f. Except as otherwise provided under this subdivision, each employer shall transmit to the Retirement System on account of each member who retires on or after January 1, 2015, having earned his or her last month of membership service as an employee of that employer the lump sum payment, as calculated under G.S. 135-4(jj) for inclusion in the Pension Accumulation Fund, that would have been necessary in order for the

retirement system to restore the member's retirement allowance to the pre cap amount. If the employer associated with the member's last month of membership service did not report to the retirement system any compensation paid to the member during the period used to compute the member's average final compensation, that employer shall not transmit the lump sum payment described in this subdivision, but instead the employer or employers who reported compensation during the member's average final compensation period shall each transmit a lump sum payment equal to the employer's share of the total required lump sum payment, allocated proportionally to each employer based on the total amount of compensation to the member that each employer reported during the period used to compute the member's average final compensation. Employers are not required to make contributions on account of any retiree who became a member on or after January 1, 2015, and who earned at least five years of membership service in the Retirement System after January 1, 2015. The retirement allowance of a member with a final average compensation of more than one hundred thousand dollars (\$100,000), as hereinafter indexed, shall not be subject to the contribution based benefit cap if the compensation was earned from multiple simultaneous employers, unless an employer's share of the average final compensation exceeds one hundred thousand dollars (\$100,000). An employer is not required to make contributions on account of any retiree whose final average compensation exceeds one hundred thousand dollars (\$100,000), as hereinafter indexed, based upon compensation earned from multiple simultaneous employers, unless that employer's share of the average final compensation exceeds one hundred thousand dollars (\$100,000), as provided and indexed under G.S. 135-5(a3).

Under such rules as the Board of Trustees shall adopt, the Retirement System shall report monthly to each employer a list of those members for whom the employer made a contribution to the Retirement System in the preceding month that are most likely to require an additional employer contribution should they elect to retire in the following 12 months, if applicable. Reports received under this section shall not be public records. Employers or former employers in receipt of a report under this section shall treat the

report, and the information contained within that report, as confidential and as though it were still held by the Retirement System under G.S. 135-6.1.

- (3) In the event the employee or employer contributions required under this section are not received by the date set by the Board of Trustees and provided that a one-time exception has not been agreed upon in advance due to exigent circumstances, the Board shall assess the employer with a penalty, in lieu of interest, of 1% per month with a minimum penalty of twenty-five dollars (\$25.00). The Board may waive one penalty per employer every five years if the Board finds that the employer has consistently demonstrated good-faith efforts to comply with the set deadline. If within 90 days after request therefor by the Board any employer shall not have provided the System with the records and other information required hereunder or if the full accrued amount of the contributions provided for under this section due from members employed by an employer or from an employer other than the State shall not have been received by the System from the chief fiscal officer of such employer within 30 days after the last due date as herein provided, then, notwithstanding anything herein or in the provisions of any other law to the contrary, upon notification by the Board to the State Treasurer as to the default of such employer as herein provided, any distributions which might otherwise be made to such employer from any funds of the State shall be withheld from such employer until notice from the Board to the State Treasurer that such employer is no longer in default.

In the event that an employer fails to submit payment of any required contributions or payments to the Retirement Systems Division, other than the one percent (1%) payment provided for in the first paragraph of this subdivision, within 90 days after the date set by the Board of Trustees, the Board shall notify the State Treasurer of its intent to collect the delinquent contributions and other payments due to the Retirement Systems Division and request an interception of State appropriations due to the participating employer.

Except as provided in this subdivision, upon notification by the Board of Trustees to the State Treasurer and the Office of State Budget and Management as to the default of the employer, the Office of State Budget and Management shall withhold from any State appropriation due to that employer an amount equal to the sum of all delinquent contributions and other debts due to the Retirement Systems Division and shall transmit that amount to the

Retirement Systems Division. For the purposes of this subsection, the date set by the Board of Trustees for payment of the contribution-based benefit cap liability shall be 12 months after the member's effective date of retirement, or the first day of the month coincident with or next following six months after the date of the invoice, whichever is later.

- (4) In conjunction with the employee and employer contributions required under this section, the Board of Trustees shall direct employers to submit such information on a monthly basis as is necessary for proper administration of the Retirement System, actuarial valuation, and reporting under accounting standards set forth by the Governmental Accounting Standards Board of the Financial Accounting Foundation. Submission of such information by an employer to the Retirement System constitutes a certification of its accuracy.
- (5) Notwithstanding Chapter 150B of the General Statutes, as of the beginning of the fiscal year following 90 days after the assessment of a contribution-based benefit cap liability that is not paid as a lump sum payment, the required employer contribution rate for an employer shall be adjusted to include an additional contribution amount equal to a rate per centum that is estimated to extinguish the contribution-based benefit cap liability on an amortization schedule selected by the Board that has been applied to unfunded liabilities in the most recent actuarial valuation.

(f1) Felony Forfeiture Impact on Contribution-Based Benefit Cap. — If an employer made contributions on account of a retiree subject to the contribution-based benefit cap under G.S. 135-8(f)(2)f. and that retiree later forfeits retirement benefits under G.S. 128-38.4, 128-38.3A, 135-18.10A, 135-18.30, 135-75.1, or 135-75.1A, then the Retirement Systems Division may provide a credit to the employer. This credit shall be calculated in an amount reflecting the impact of the forfeiture on the amount due under G.S. 135-4(jj).

(g) Merger of Annuity Reserve Fund and Pension Reserve Fund into Pension Accumulation Fund. — Notwithstanding the foregoing, effective at such date not later than December 31, 1959, as the Board of Trustees may determine, the annuity reserve fund and the pension reserve fund shall be merged into and become a part of the pension accumulation fund, provided that such merger shall in no way adversely affect the rights of any members or retired members of the System and further provided the Board of Trustees shall be and hereby is authorized to make such changes in the accounting methods and procedures of the System from time to time as, in its opinion, are in the interest of sound and proper administration of the System.

(h) Repealed by Session Laws 1965, c. 780, s. 1.

(i) **Procedure and Payment to Cease Participation.** — Any employing unit that is allowed to cease participation in the Retirement System by the General Assembly; by sale, dissolution, or otherwise changing to a business or legal form not eligible for participation as an employer in the Retirement System under federal law; or as otherwise provided in this Chapter, through its governing body, may declare its intent to withdraw completely from the Retirement System as follows:

- (1) The employer shall notify its employees and the Board of Trustees, in writing, of its action. An employer shall automatically be considered to have requested a complete withdrawal from the Retirement System the date the employer permanently ceases to employ active members. A withdrawing employer shall be required to make a lump-sum withdrawal liability payment to the Board of Trustees as provided by this section.
- (2) Complete withdrawal by an employer shall be the first day of the month following the date the employer ceases to employ active members or the first day of the month following 60 days from the date the Board of Trustees receives the employer's written request to withdraw. However, the complete withdrawal date shall not occur before the withdrawal liability is determined, as provided in subdivision (5) of this subsection.
- (3) After complete withdrawal, all employees of the withdrawing employer shall be ineligible to accrue future benefits with the Retirement System due to employment with the withdrawing employer. The withdrawing employer shall be ineligible to elect to become a participating employer in the Retirement System, as provided in G.S. 135-5.3, for five years after its complete withdrawal date.
- (4) All active or inactive members of the employer shall be eligible for benefits accrued with the Retirement System up to the complete withdrawal date. However, no retirement allowance or return of accumulated contributions shall be paid until the member actually terminates employment and completely separates from active service with the withdrawing employer, and there is no intent or agreement, express or implied, to return to service with the withdrawing employer.
- (5) On the date of complete withdrawal, the withdrawal liability of an employer is the greater of one thousand dollars (\$1,000) or the amount determined by a. multiplied by the ratio of b. to c., as follows:
 - a. The excess of the actuarial present value of the vested accrued benefits of the Retirement System's members

over the market value of its assets, both as of the date of the last actuarial valuation adopted by the Board of Trustees prior to the complete withdrawal date based on the plan provisions and actuarial assumptions used in the last actuarial valuation adopted by the Board of Trustees prior to the complete withdrawal date, except the interest rate assumption shall be reduced by an amount determined by the consulting actuary to reflect the increased investment, mortality, and other actuarial risk for the exiting agency's participants.

- b. The total present value of accrued benefits of all active members of the withdrawing employer as of the last actuarial valuation adopted by the Board of Trustees prior to the complete withdrawal date.
 - c. The total present value of accrued benefits of all active members of the Retirement System as of the last actuarial valuation adopted by the Board of Trustees prior to the complete withdrawal date.
- (6) The actuarial costs to determine the amount described in subdivision (5) of this subsection shall be paid by the withdrawing employer. An employer that does not pay the lump-sum withdrawal liability payment described in subdivision (5) of this subsection and the actuarial costs to determine this withdrawal liability within 90 days of the complete withdrawal date will continue to be a participating employer. No withdrawal liability payment shall be required if an employer exits before the end of the first year following the date of participation or if the Board of Trustees revokes entry as provided in G.S. 135-5.3(b8).
- (7) Upon the complete withdrawal of the employer, the Retirement System shall have no further legal obligation to the employer or its employees, nor shall the Retirement System be held accountable for the continued future accrual of any retirement benefit rights to which the employees may be entitled beyond the complete withdrawal date. Any litigation regarding the forfeiture of any benefits because of the employer's complete withdrawal from the Retirement System shall be the sole legal responsibility of the withdrawing employer, and the withdrawing employer shall indemnify and hold harmless the Retirement System, its Board of Trustees, its employees, and the State of North Carolina from any claims, losses, costs, damages, expenses, and liabilities, including, without limitation, court costs, and reasonable attorneys' fees asserted by any person or entity as a result of the employer's withdrawal from the Retirement System.
- (j) **Pension Spiking Report.** — Upon receipt of a report from the Retirement System generated pursuant to G.S. 135-8(f)(2)f.,

containing a list of employees for whom the employer made a contribution to the North Carolina Teachers' and State Employees' Retirement System that is likely to require an additional employer contribution should the employee elect to retire in the following 12 months, the employer's chief financial officer shall transmit a copy of the report to the chief executive of the employer, as well as to the governing body of the employer, including any board which exercises financial oversight of the employer, if the employer has a governing body. Reports received under this section shall not be public records. Employers or former employers in receipt of a report under this section shall treat the report, and the information contained within that report, as confidential and as though it were still held by the Retirement System under G.S. 135-6.1.

CASE NOTES

Funding. — Teachers' and State Employees' Retirement System of North Carolina, Consolidated Judicial Retirement System of North Carolina, and Legislative Retirement System are funded by both employee and State, or employer, contributions under G.S. 135-8, 135-68, 135-69, 120-4.19, and 120-4.20; these systems provide for a systematic method of funding of the respective retirement system with employee contributions computed as a set percentage of the employees' salaries, and with systematic employer contributions in accordance with formulas mandated by the retirement statutes, which include calculations by an actuary based on the actuarial valuation of liabilities of the retirement systems. *State Emples. Ass'n of N.C., Inc. v. State*, 154 N.C. App. 207, 573 S.E.2d 525, 2002 N.C. App. LEXIS 1451 (2002), rev'd, 357 N.C. 239, 580 S.E.2d 693, 2003 N.C. LEXIS 599 (2003).

Local Unit Contribution. — Where a local unit assumes the burden of

supplementing State support for the schools, the provision of subdivision (b)(3) of this section that the local unit make its contribution and the taxing authority provide the necessary funds is mandatory. *Bridges v. City of Charlotte*, 221 N.C. 472, 20 S.E.2d 825, 1942 N.C. LEXIS 494 (1942) (holding no vote necessary to tax to meet deficiency in previously authorized tax) .

Penalties Not Required. — Board's practice of waiving penalties under circumstances where employers were not at fault for failing to remit employer contributions to the Retirement System was entirely consistent with the Board's statutory discretion to adopt rules to prevent injustices under G.S. 135-6(f). Accordingly, the Treasurer and the Board were not required by G.S. 135-8(f)(3) to punish those employers whose employer contributions were not deposited in the Retirement System. *Stone v. State*, 191 N.C. App. 402, 664 S.E.2d 32, 2008 N.C. App. LEXIS 1485 (2008).

§ 135-9. Exemption from garnishment, attachment, etc.; employing unit to offset amount owed by member or beneficiary.

(a) Except for the applications of the provisions of G.S. 110-136, and G.S. 110-136.3 et seq., and in connection with a court-ordered equitable distribution under G.S. 50-20, the right of a person to a pension, or annuity, or a retirement allowance, to the return of contributions, the pension, annuity or retirement allowance itself, any optional benefit or any other right accrued or accruing to any

person under the provisions of this Chapter, and the moneys in the various funds created by this Chapter, are exempt from levy and sale, garnishment, attachment, or any other process whatsoever, and shall be unassignable except as in this Chapter specifically otherwise provided. Notwithstanding any provisions to the contrary, application for System approval of a domestic relations order dividing a person's interest under the Retirement System shall be accompanied by an order consistent with the system-designed template order provided on the System's Web site. Notwithstanding any provisions to the contrary, the Retirement System shall only make payment of a share of the member's retirement benefits to the member's former spouse based upon a domestic relations order, and the former spouse shall not be permitted to receive a share of the member's retirement benefits until the member begins to receive the benefits, consistent with the system-designed template order. Notwithstanding any provisions to the contrary, the former spouse shall not be entitled to any type or form of benefit or any option not otherwise available to the member. Notwithstanding any provisions to the contrary, for orders entered on or after January 1, 2015, payment to a member's former spouse pursuant to any such domestic relations order shall be limited to the lifetime of that former spouse and, upon the death of that former spouse, the former spouse's share shall revert to the member.

(b) Notwithstanding any provisions to the contrary, any overpayment of benefits or erroneous payments to a member in a State-administered retirement system or the former Disability Salary Continuation Plan or the Disability Income Plan of North Carolina, including any benefits paid to, or State Health Plan premiums or claims paid on behalf of, any member or beneficiary who is later determined to have been ineligible for those benefits or unentitled to those amounts, may be offset against any retirement allowance, return of contributions or any other right accruing under this Chapter to the same person, the person's estate, or designated beneficiary.

(c) Notwithstanding any provisions to the contrary, if a member or beneficiary is employed by the State or any political subdivision of the State, then any overpayment of benefits or erroneous payments to, or on behalf of, the member or beneficiary shall be offset against the net wages of the member or beneficiary. If a member or beneficiary owes an amount to the Retirement System, has been notified of this amount in writing, and has not entered into a payment plan acceptable to the Retirement System, then the Retirement System shall notify the member or beneficiary's employer of the amount owed. Upon receipt of this notice from the Retirement System, the employer shall offset the amount owed against not less than ten percent (10%) of the net wages of the member or beneficiary until the Retirement System notifies the

employer that the amount has been paid in full. The Retirement System's notice shall be prima facie evidence that the debt is valid and, notwithstanding any other provision of law to the contrary, the employer has no obligation to verify the amount owed. The employer shall provide no more than 30 days' but not less than 14 days' written notice to the member or beneficiary prior to beginning the offset. The employer shall remit all amounts offset under this subsection to the Retirement System in intervals corresponding with its regular pay periods. If an employer fails to adhere to the provisions of this section, then the Retirement System shall, after notice to the employer of its failure to cooperate, be entitled to seek recovery of any amounts due directly from the employer.

(d) Nothing in this section shall be construed to limit the Retirement System's ability to pursue alternative judicial remedies against a member or a beneficiary, including the pursuit of a judgment and lien against real property.

Session Laws 2018-52 provides in its preamble: "Whereas, the employee benefit programs operated by the Department of State Treasurer are an intergenerational partnership between public employees and taxpayers of the State, it is incumbent upon the administrators of those programs to provide for Financial Accountability, Integrity, and Recovery of assets (FAIRness); and

"Whereas, taxpayers should expect FAIRness in these employee benefit programs, and the Department of State Treasurer should be provided all tools necessary to promote that goal; and

"Whereas, public employees who are participants in these employee benefit programs by virtue of deductions from compensation should also expect FAIRness as a baseline in the operation of these programs; and

"Whereas, future generations of North Carolinians benefit from fiscally responsible management provided by FAIRness of these employee benefit programs by the current generation; Now, therefore,"

Session Laws 2018-52, s. 1, provides: "This act shall be known and cited as the 'Financial Accountability, Integrity, and Recovery Act of 2018'."

Session Laws 2018-52, s. 2(d), made subsections (c) and (d) of this section, as added by Session Laws 2018-52, s. 2(b), effective June 25, 2018, and applicable to all amounts owed by a member or beneficiary to the applicable retirement system for which notice is sent on and after that date, regardless of the date the overpayment of benefits or the erroneous payment was made.

CASE NOTES

The language of this section is clear and unequivocal. A person's rights to state employee retirement benefits are not assignable. *Reynolds v. North Carolina State Employees Credit Union*, 31 B.R. 296, 1983 Bankr. LEXIS 5971 (Bankr. E.D.N.C. 1983).

This section and G.S. 50-20(b)(3)

do not require entry of a Qualified Domestic Relations Order to assign a retirement plan; therefore, the plain language of a property settlement agreement incorporated into a consent order served to secure ex-wife's twenty percent interest in her ex-husband's state university retirement plan. *Patterson v.*

Patterson, 137 N.C. App. 653, 529 S.E.2d 484, 2000 N.C. App. LEXIS 505 (2000).

G.S. 1C-1601(c) does not preclude the use of this section by a bankruptcy debtor to claim an exemption in state employee retirement benefits. In re Hare, 32 B.R. 16, 1983 Bankr. LEXIS 5820 (Bankr. E.D.N.C. 1983).

The designation of “retirement” as “other collateral” on loan document was clearly misleading, since the “retirement” account of a state employee is unassignable, and therefore not available as a source of security to a creditor. Petersen v. State Employees Credit Union (In re Kittrell), 115 B.R. 873, 1990 Bankr. LEXIS 1411 (Bankr. M.D.N.C. 1990).

Credit union deceived borrower by purporting to have enforceable security interest in retirement accounts. Practices and actions of credit union in deceiving borrower into thinking that credit union had a valid, enforceable security interest in his retirement account by inserting the word “retirement” in the “other collateral” block on front of loan documents and having debtor sign documents at the

time of making his first loan, which authorized the sending of employee’s retirement checks to the credit union and depositing therein and the filing away of these forms and applying them to all loans made thereafter violated public policy of protecting the retirement accounts of teachers and other state employees. Petersen v. State Employees Credit Union (In re Kittrell), 115 B.R. 873, 1990 Bankr. LEXIS 1411 (Bankr. M.D.N.C. 1990).

Recoupment of overpayments. Plaintiffs’ statutory right to disability benefits also mandated that defendant, the North Carolina Department of State Treasurer, Retirement Systems Division, seek recoupment of overpayments. Plaintiffs’ argument that defendant’s lawful action under the terms of Article 6 Chapter 135 of the North Carolina General Statutes constituted a breach of contract failed because defendant had a duty to pursue the repayment of State funds by all lawful means available. Moss v. N.C. Dep’t of State Treasurer, Ret. Sys. Div., 872 S.E.2d 113, 2022-NCCOA-206, 2022 N.C. App. LEXIS 230 (April 5, 2022).

§ 135-10. Protection against fraud.

Any person who shall knowingly make any false statement or shall falsify or permit to be falsified any record or records of this Retirement System in any attempt to defraud such System as a result of such act shall be guilty of a Class 1 misdemeanor. Should any change or error in the records result in any member or beneficiary receiving from the Retirement System more or less than he would have been entitled to receive had the records been correct, the Board of Trustees shall correct such error, and as far as practicable, shall adjust the payment in such a manner that the actuarial equivalent of the benefit to which such member or beneficiary was correctly entitled shall be paid.

§ 135-10.1. Failure to respond.

If a member fails to respond within 120 days after preliminary option figures and the Form 6-E or Form 7-E are transmitted to the member, or if a member fails to respond within 120 days after the effective date of retirement, whichever is later, the Form 6 or Form 7 shall be null and void; the retirement system shall not be liable for any benefits due on account of the voided application, and a new application must be filed establishing a subsequent effective date of retirement. If an applicant for disability retirement fails to furnish requested additional medical information within 90 days following such request, the application shall be declared null and void under the same conditions outlined above, unless the applicant is eligible for early or service retirement in which case the application shall be processed accordingly, using the same effective date as would have been used had the application for disability retirement been approved. The Director of the Retirement Systems Division, acting on behalf of the Board of Trustees, may extend the 120-day limitation provided for in this section when a member has suffered incapacitation such that a reasonable person would not have expected the member to be able to complete the required paperwork within the regular deadline, or when an omission by the Retirement Systems Division prevents the member from having sufficient time to meet the regular deadline.

(a) Prior to retirement, any person who was a member of the North Carolina Governmental Employees' Retirement System and who becomes a member of this Retirement System shall be entitled to transfer to this Retirement System his or her credits for mem-

bership and prior service in the local system: Provided, the local system agrees to transfer to this Retirement System the amount of reserve held in the local system as a result of previous contributions of the employer on behalf of the transferring employee. For the purposes of this section, the term "local system" means the North Carolina Governmental Employees' Retirement System.

(b) The accumulated contributions withdrawn from the local system and deposited in this Retirement System shall be credited to such member's account in the annuity savings fund of this Retirement System and shall be deemed, for the purpose of computing any benefits subsequently payable from the annuity savings fund, to be regular contributions made on the date of such deposit.

(c) Upon the deposit in this Retirement System of the accumulated contributions previously withdrawn from the local system the Board of Trustees of this Retirement System shall request the Board of Trustees of the local system to certify to the period of membership service credit and the regular accumulated contributions attributable thereto and to the period of prior service credit, if any, and the contributions with interest allowable as a basis for prior service benefits in the local system, as of the date of termination of membership in the local system. Credit shall be allowed in this System for the service so certified in determining the member's credited service and, upon his retirement he shall be entitled, in addition to the regular benefits allowable on account of his participation in this Retirement System, to the pension which shall be the actuarial equivalent at age 65 or at retirement, if prior thereto, of the amount of the credit with interest thereon representing contributions attributable to his service credits in the local system.

History.

1987, c. 177, s. 1(a), (b).

Editor's Note.

Session Laws 1987, c. 177, s. 1(c), made this section effective upon the first day of the calendar month following the State's receipt of a favorable letter of

determination or ruling from the Internal Revenue Service, United States Department of Treasury, that the Retirement Systems were qualified trusts under Section 401(a) of the Internal Revenue Code of 1954 as amended. A favorable letter was received prior to the enactment of c. 177.

§ 135-18.7. Internal Revenue Code compliance.

(a) Notwithstanding any other provisions of law to the contrary, compensation for any calendar year after 1988 in which employee or employer contributions are made and for which annual compensation is used for computing any benefit under this Article shall not exceed the higher of two hundred thousand dollars (\$200,000) or the amount determined by the Commissioner of Internal Revenue as the limitation for calendar years after 1989; provided the imposition of the limitation shall not reduce a member's benefit below the amount determined as of December 31, 1988.

Effective January 1, 1996, the annual compensation of a member taken into account for determining all benefits provided under this Article shall not exceed one hundred fifty thousand dollars (\$150,000), as adjusted pursuant to section 401(a)(17)(B) of the Internal Revenue Code and any regulations issued under the Code. However, with respect to a person who became a member of the Retirement System prior to January 1, 1996, the imposition of this limitation on compensation shall not reduce the amount of compensation which may be taken into account for determining the benefits of that member under this Article below the amount of compensation which would have been recognized under the provisions of this Article in effect on July 1, 1993.

Effective January 1, 2002, the annual compensation of a person, who became a member of the Retirement System on or after January 1, 1996, taken into account for determining all benefits accruing under this Article for any plan year after December 31, 2001, shall not exceed two hundred thousand dollars (\$200,000) or the amount otherwise set by the Internal Revenue Code or determined by the Commissioner of Internal Revenue as the limitation for calendar years after 2002.

All the provisions in this subsection have been enacted to make clear that the Plan shall not base contributions or Plan benefits on annual compensation in excess of the limits prescribed by Section 401(a)(17) of the Internal Revenue Code, as adjusted from time to time, subject to certain federal grandfathering rules.

(b) Notwithstanding any other provisions of law to the contrary, the annual benefit payable on behalf of a member shall, if necessary, be reduced to the extent required by Section 415(b) and with respect to calendar years commencing prior to January 1, 2000, Section 415(e) of the Internal Revenue Code, as adjusted by the Secretary of

the Treasury or his delegate pursuant to Section 415(d) of the Code. If a member is a participant under any qualified defined contributions plan that is required to be taken into account for the purposes of the limitation contained in Section 415 of the Internal Revenue Code, the annual benefit payable under this Article shall be reduced to the extent required by Section 415(e) prior to making any reduction under the defined contribution plan provided by the employer. However, with respect to a member who has benefits accrued under this Article but whose benefit had not commenced as of December 31, 1999, the combined plan limitation contained in Section 415(e) of the Internal Revenue Code shall not be applied to such member for calendar years commencing on or after January 1, 2000.

(c) On and after September 8, 2009, and for all Plan years to which the minimum distribution rules of the Internal Revenue Code are applicable, with respect to any member who has terminated employment, the Plan shall comply with federal income tax minimum distribution rules by applying a reasonable and good faith interpretation to Section 401(a)(9) of the Internal Revenue Code.

(d) This subsection applies to distributions and rollovers from the Plan. The Plan does not have mandatory distributions within the meaning of Section 401(a)(31) of the Internal Revenue Code. With respect to distributions from the Plan and notwithstanding any other provision of the Plan to the contrary that would otherwise limit a distributee's election under this Article, a distributee (including, after December 31, 2006, a non-spouse beneficiary if that non-spouse beneficiary elects a direct rollover only to an inherited traditional or Roth IRA as permitted under applicable federal law) may elect, at the time and in the manner prescribed by the Plan administrator, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover. As used in this subsection, an "eligible retirement plan" means an individual retirement account described in Section 408(a) of the Code, an individual retirement annuity described in Section 408(b) of the Code, an annuity plan described in Section 403(a) of the Code, on and after January 1, 2009, a Roth IRA, or a qualified trust described in Section 401(a) of the Code, that accepts the distributee's eligible rollover distribution. Effective on and after January 1, 2002, an eligible retirement plan also means an annuity contract described in Section 403(b) of the Code and an eligible plan under Section 457(b) of the Code that is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into that plan from this Plan. As used in this subsection, a "direct rollover" is a payment by the Plan to the eligible retirement plan specified by the distributee. Provided, an eligible rollover distribution is any distribution of

all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution shall not include: any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee's designated beneficiary, or for a specified period of 10 years or more; any distribution to the extent such distribution is required under section 401(a)(9) of the Code; and the portion of any distribution that is not includible in gross income (determined without regard to the exclusion for net realized appreciation with respect to employer securities). Effective as of January 1, 2002, and notwithstanding the exclusion of any after-tax portion from such a rollover distribution in the preceding sentence, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includible in gross income. That portion may be transferred, pursuant to applicable federal law, to an individual retirement account or annuity described in Section 408(a) or (b) of the Code, to a qualified defined benefit plan, or to a qualified defined contribution plan described in Section 401(a), 403(a), or 403(b) of the Code that agrees to separately account for amounts so transferred, including separately accounting for the portion of such distribution which is includible in gross income and the portion of such distribution which is not so includible. The definition of eligible retirement plan shall also apply in the case of a distribution to surviving spouse, or to a spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code, or a court-ordered equitable distribution of marital property, as provided under G.S. 50-20.1. Effective on and after January 1, 2007, notwithstanding any other provision of this subsection, a nonspouse beneficiary of a deceased member may elect, at the time and in the manner prescribed by the administrator of the Board of Trustees of this Retirement System, to directly roll over any portion of the beneficiary's distribution from the Retirement System; however, such rollover shall conform with the provisions of section 402(c)(11) of the Code.

§ 135-18.8. Deduction for payments allowed.

(a) Any beneficiary who is a member of a domiciled employees' or retirees' association that has at least 2,000 members, the majority of whom are active or retired employees of the State or public school employees, may authorize, in writing, the periodic deduction from the beneficiary's retirement benefits a designated lump sum to be

paid to the employees' or retirees' association. The authorization shall remain in effect until revoked by the beneficiary. A plan of deductions pursuant to this section shall become void if the employees' or retirees' association engages in collective bargaining with the State, any political subdivision of the State, or any local school administrative unit.

(b) Any beneficiary may also authorize, in writing, the monthly deduction from the beneficiary's retirement benefits of a designated lump sum to be paid to the State Health Plan for any dependent whom the beneficiary wishes to cover under the State Health Plan. In the event that the beneficiary's own State Health Plan coverage is contributory, in whole or in part, the beneficiary may also authorize a designated lump sum to be paid to the State Health Plan on behalf of the beneficiary. In addition, a beneficiary may similarly authorize the deduction for supplemental voluntary insurance benefits, provided that the deduction is authorized by the Department of State Treasurer and is payable to a company with which the Department of State Treasurer has or had an exclusive contractual relationship. Any such authorization shall remain in effect until revoked by the beneficiary.

Such agreement may contain such provisions relating to coverage, benefits, contributions, effective date, modification and termination of the agreement, administration, and other appropriate provisions as the State agency and Secretary of Health, Education and Welfare shall agree upon, but, except as may be otherwise required by or under the Social Security Act as to the services to be covered, such agreement shall provide in effect that —

- (1) Benefits will be provided for employees whose services are covered by the agreement (and their dependents and sur-

- (2) The State will pay to the Secretary of the Treasury, at such time or times as may be prescribed under the Social Security Act, contributions with respect to wages (as defined in G.S. 135-20), equal to the sum of the taxes which would be imposed by the Federal Insurance Contributions Act if the services covered by the agreement constituted employment within the meaning of that act.
 - (3) Such agreement shall be effective with respect to services in employment covered by the agreement performed after a date specified therein but shall in no event cover any such services performed prior to January 1, 1951.

 - (7) As modified, the agreement shall include all services described in either subdivision (4) or subdivision (5) of this subsection and performed by individuals in positions covered by a retirement system with respect to which the Governor has issued a certificate to the Secretary of Health, Education and Welfare pursuant to G.S. 135-29.
- (b) Any instrumentality jointly created by this State and any other state or states is hereby authorized, upon the granting of like authority by such other state or states,

 - (2) To require its employees to pay (and for that purpose to deduct from their wages) contributions equal to the amounts which they would be required to pay under G.S.

§ 135-22. Contributions by State employees.

(a) Every employee of the State whose services are covered by an agreement entered into under G.S. 135-21 shall be required to pay for the period of such coverage, into the contribution fund established by G.S. 135-24, contributions, with respect to wages (as defined in G.S. 135-20), equal to the amount of the employee tax which would be imposed by the Federal Insurance Contributions Act if such services constituted employment within the meaning of that act. Such liability shall arise in consideration of the employee's retention in the service of the State, or his entry upon such service, after the enactment of this Article.

(b) The contribution imposed by this section shall be collected by deducting the amount of the contribution from wages as and when paid, but failure to make such deduction shall not relieve the employee from liability for such contribution.

§ 135-23. Plans for coverage of employees of political subdivisions.

(a) Each political subdivision of the State is hereby authorized to submit for approval by the State agency a plan for extending the benefits of Title II of the Social Security Act, in conformity with applicable provisions of such act, to employees of such political subdivisions. Each such plan and any amendment thereof shall be approved by the State agency if it finds that such plan or such plan as amended, is in conformity with such requirements as are provided in regulations of the State agency, except that no such plan shall be approved unless —

- (1) It is in conformity with the requirements of the Social Security Act and with the agreement entered into under G.S. 135-21.
 - (2) It provides that all services which constitute employment as defined in G.S. 135-20 and are performed in the employ of the political subdivision by employees thereof, shall be covered by the plan, except that it may exclude services performed by individuals to whom section 218(c)(3)(C) of the Social Security Act is applicable.
 - (3) It specifies the source or sources from which the funds necessary to make the payments required by subdivision (1) of subsection (c) and by subsection (d) are expected to be derived and contains reasonable assurance that such sources will be adequate for such purpose.
 - (4) It provides for such methods of administration of the plan by the political subdivision as are found by the State agency to be necessary for the proper and efficient administration of the plan.
 - (5) It provides that the political subdivision will make such reports, in such form and containing such information, as the State agency may from time to time require, and comply with such provisions as the State agency or the Secretary of Health, Education and Welfare may from time to time find necessary to assure the correctness and verification of such reports.
 - (6) It authorizes the State agency to terminate the plan in its entirety, in the discretion of the State agency, if it finds that there has been a failure to comply substantially with any provision contained in such plan, such termination to take effect at the expiration of such notice and on such conditions as may be provided by regulations of the State agency and may be consistent with the provisions of the Social Security Act.
- (b) The State agency shall not finally refuse to approve a plan submitted by a political subdivision under subsection (a), and shall

not terminate an approved plan, without reasonable notice and opportunity for hearing to the political subdivision affected thereby.

(c)(1) Each political subdivision as to which a plan has been approved under this section shall pay into the contribution fund, with respect to wages (as defined in G.S. 135-20), at such time or times as the State agency may by regulation prescribe, contributions in the amounts and at the rates specified in the applicable agreement entered into by the State agency under G.S. 135-21.

Contributions so collected shall be paid into the contribution fund in partial discharge of the liability of such political subdivision or instrumentality under subdivision (1) of this subsection. Failure to deduct such contribution shall not relieve the employee or employer of liability therefor.

(d) Delinquent payments due under subdivision (1) of subsection (c), may, with interest at the rate of six per centum (6%) per annum, be recovered by action in the Superior Court of Wake County against the political subdivision liable therefor or may, at the request of the State agency, be deducted from any other moneys payable to such subdivision by any department or agency of the State.

This subsection shall be effective retroactively as well as prospectively.

(b) Any such member shall retain all the rights, credits and benefits obtaining to him under this Retirement System at the time of such transfer while he is a member of the local system and does not withdraw his contributions hereunder and in addition, he shall be granted membership service credits under this Retirement System on account of the period of his membership in the local system for the purpose of increasing his years of creditable service hereunder in order to meet any service requirements of any retirement benefit under this Retirement System and, if he is a member in service under the local system, he shall be deemed to be a member in service under this Retirement System if so required by such benefit: Provided, however, that in lieu of transfer of funds from one retirement system to another, such member who is eligible for

§ 135-28.1. Transfer of members to employment covered by the Uniform Judicial Retirement System.

(a) Any member whose service as a teacher or State employee is terminated other than by retirement or death and, who, while still a member of this Retirement System, becomes a judge participating in the Uniform Judicial Retirement System, may elect to retain his membership in this Retirement System by not withdrawing his accumulated contributions hereunder. Any such member shall retain all the rights, credits and benefits obtaining to him under this Retirement System at the time of such termination of service hereunder while he is a member of the other system and does not withdraw his contributions hereunder.

(b) The provisions of the preceding subsection to the contrary notwithstanding, with respect to each judge or former judge of the district court division of the General Court of Justice who was a member of this Retirement System immediately prior to January 1, 1974, and who becomes a member of the Uniform Judicial Retirement System on or after January 1, 1974, upon his commencement of membership in the other system there shall be paid in a lump sum to his account in the annuity savings fund of the other system the amount of his accumulated contributions under this System that are attributable to contributions made by him hereunder while a judge of said district court division. Upon such payment, the member's accumulated contributions hereunder shall be reduced by the amount of such payment and his period of creditable membership service shall be reduced by the period of service during which such repaid contributions were originally made.

Any member for whom the payment of his accumulated contributions as herein provided reduces the balance of his account in the

annuity savings fund to zero and cancels his entire period of creditable service shall no longer be a member of this Retirement System.

In the case of any member who retains his membership in this Retirement System after the payment hereinabove provided and who subsequently becomes eligible for retirement benefits under this Retirement System or whose death results in benefit payments to another beneficiary, the average final compensation used in the computation of the amount of any such benefits shall be computed as of the date of commencement of his membership in the other system on the same basis as if his retirement or death had occurred as of such date of commencement. Moreover, for the sole purpose of increasing his creditable service hereunder in order to meet any applicable service requirements for benefits hereunder, any such member shall be granted membership service credits under this Retirement System on account of (i) the period of membership service cancelled under the first paragraph of this subsection and (ii) the period of his membership in the other system so long as he remains a member hereunder and, if he is a member in service under the other system, he shall be deemed to be a member in service under this Retirement System if so required for any benefit hereunder.

(c) Any member who becomes eligible for benefits under both this Retirement System and the Uniform Judicial Retirement System may file application therefor with each retirement system to the end that each retirement system shall pay appropriate benefits without transfer of funds between the systems except as otherwise provided in subsection (b) above.

(d) The Board of Trustees shall effect such rules as it may deem necessary to administer the provisions of the preceding subsections of this section and to prevent any duplication of service credits or benefits that might otherwise occur.

(e) When any judge of a district court division of the General Court of Justice shall have made application for disability retirement prior to January 1, 1974, while a member of this Retirement System to become effective after January 1, 1974, and such judge died before January 1, 1974, and there was filed with the application for disability retirement a statement by a physician that such judge was permanently and totally disabled, such person shall be deemed to have complied with all provisions of this Retirement System as of the date of application for disability retirement and no action of the medical board shall be necessary. He shall be presumed to have chosen Option 2 as to retirement benefits and survivor's benefits shall commence immediately and shall also be paid retroactively to the first day of the calendar month following such judge's death.

(f) Notwithstanding the provisions of subsections (a), (b), (c), (d), and (e) of this section, the accumulated contributions and creditable

service of any member whose service as a teacher or employee has been or is terminated other than by retirement or death and who, while still a member of this Retirement System, became or becomes a member, as defined in G.S. 135-53(11), of the Consolidated Judicial Retirement System for a period of five or more years may, upon application of the member, be transferred from this Retirement System to the Consolidated Judicial Retirement System. In order to effect the transfer of a member's creditable service from the Teachers' and State Employees' Retirement System to the Consolidated Judicial Retirement System, there shall be transferred from the Teachers' and State Employees' Retirement System to the Consolidated Judicial Retirement System the sum of (i) the accumulated contributions of the member credited in the annuity savings fund and (ii) the amount of reserve held in the Teachers' and State Employees' Retirement System as a result of previous contributions by the employer on behalf of the transferring member.

2009 Health Benefit Changes.

Session Laws 2009-16, s. 2(a), provides: “Eliminate PPO Plus Option. — Effective July 1, 2009, the PPO Plus option (90/10 in-network coverage) under the State Health Plan for Teachers and State Employees (‘Plan’) is eliminated. The Executive Administrator shall provide notice to all members of the

Plan that this option will no longer be available as of July 1, 2009. Employees enrolled in the Plan's Plus option shall have the choice of enrolling in the Basic or Standard Plan options for the 2009-2010 benefit year."

Session Laws 2009-16, s. 2(h), provides: "Pharmacy Benefit Savings. — The Plan shall direct its pharmacy benefit manager (PBM), within the terms of the Plan's PBM contract, to achieve the sum of eighteen million dollars (\$18,000,000) in savings in pharmacy benefit costs in the 2009-2010 fiscal year, and the sum of twenty million dollars (\$20,000,000) in savings in pharmacy benefit costs in the 2010-2011 fiscal year through reduced reimbursements paid to pharmacies for prescription drugs. If the savings achieved in each six-month period of the fiscal year do not exceed one hundred five percent (105%) of the savings amount specified in this section for that fiscal year, there shall be no further adjustment to reimbursements paid to pharmacies for that six-month period. If the total savings achieved, by fiscal year, exceeds one hundred five percent (105%) of the specified savings amount in each six-month period of the fiscal year, the Plan shall adjust pharmacy reimbursement reductions accordingly. The Plan shall review savings achieved twice annually to ensure compliance with this section. The Plan shall calculate the savings to be achieved based on Plan enrollment and estimated cost and utilization trends incorporated in the Plan's Financial Projections as of March 20, 2009. The total savings by fiscal year achieved in this section may be increased or decreased without adjustment based on a change in total enrollment provided that the rate of savings achieved on a per-member per-month basis remains constant. Not later than 60 days immediately following each six-month period, the Plan shall report the amount of savings achieved and any adjustments made for that period to the Committee on Employee Hospital and Medical Benefits."

Editor's Note.

Session Laws 2011-85, s. 2.6(b), effective January 1, 2012, recodified former G.S. 135-45.1 as G.S. 135-48.1. Former G.S. 135-45.1 itself was formerly codified as G.S. 135-39.13 under Part 3A of Article 3A of Chapter 135 by Session Laws 2008-168, s. 3(e), effective July 1, 2008, but was renumbered as G.S. 135-45.1 at the direction of the Revisor of Statutes.

Session Laws 2010-3, s. 2, provides: "The Executive Administrator of the State Health Plan for Teachers and State Employees shall consult with the Committee on Employee and Hospital Medical Benefits prior to implementing any program to verify tobacco usage by members of the Plan."

Session Laws 2011-85, s. 2.2, provides: "The North Carolina State Health Plan for Teachers and State Employees is transferred to the Department of State Treasurer. This transfer shall have all the elements of a Type II transfer, as defined by G.S. 143A-6."

Session Laws 2011-85, ss. 2.3 through 2.8, effective January 1, 2011, recodified former Article 3A (§§ 135-43 through 135-47.3) of Chapter 135 as Article 3B of Chapter 135 containing §§ 135-48.1 through 135-48.62. Where appropriate, the historical citations to former sections have been added to corresponding new sections. At the end of Article 3A are tables showing comparable sections of Article 3A and their disposition in Article 3B.

Session Laws 2011-85, s. 2.12, provides: "In repealing a specific, detailed provision of Article 3A of Chapter 135 of the General Statutes and not placing that detailed provision into Article 3B of Chapter 135 of the General Statutes, it is not necessarily the intent of the General Assembly to prohibit the State Treasurer or the State Health Plan from having that authority."

Session Laws 2011-85, s. 2.13(a), provides: "Rules and policies adopted by the Executive Administrator and the Board of Trustees prior to the effective date of this section shall continue to be in effect unless the rule or policy directly conflicts with a provision of Article 3B of Chapter 135 of the General Statutes or until the State Treasurer changes the rule or policy."

Session Laws 2011-85, s. 3.1(a), provides: "The State Treasurer and the Board of Trustees of the State Health Plan for Teachers and State Employees shall do the following:

"(1) Examine the issue of moving to a calendar year, including the costs and mechanics of doing so.

"(2) Find savings through wellness programs, Medicare Advantage plans, alternative plan designs, or other resources and use those savings to offer a premium-free plan option no later than July 1, 2013.

"(3) Strive to keep all premiums low by finding savings through wellness pro-

grams, Medicare Advantage plans, alternative plan designs, or other resources.”

Session Laws 2011-85, s. 3.1(b), provides: “The State Health Plan for Teachers and State Employees shall issue a Request for Proposals for a Medicare Advantage Plan no later than June 30, 2012.”

Session Laws 2011-96, s. 3(a), which amended this section, was contingent on Senate Bill 323, 2011 Regular Session becoming law. Senate Bill 323, 2011 Regular Session, was enacted as Session Laws 2011-85.

Former G.S. 135-45.1 was amended by Session Laws 2011-183, s. 102, effective June 20, 2011, by deleting “Army and Air” and three times inserting “North Carolina” before “National Guard.” Pursuant to Session Laws 2011-326, s. 19.3, the amendment to this section by Session Laws 2011-183, s. 102 was repealed effective June 27, 2011.

In this section as amended by Session Laws 2011-85, s. 2.10, the reference in subdivision (14) to “153-48.2” should probably be to “135-48.2.” The bracketed reference was added at the direction of the Revisor of Statutes. Also, subdivisions (4) and (5) were renumbered as subdivisions (5) and (4), respectively, at the direction of the Revisor of Statutes to maintain alphabetical order.

Session Laws 2012-173, s. 3(a), effective January 1, 2013, rewrote the Article heading, which formerly read: “State Health Plan for Teachers and State Employees; Long-Term Care Benefits.”

Session Laws 2013-382, s. 10.2, provides: “The State Health Plan for Teachers and State Employees shall establish a workgroup to examine the best way to provide teachers and State employees greater transparency in the costs of health services provided under the State Health Plan. The State Health Plan for Teachers and State Employees shall report the findings and recommendations of the workgroup to the Joint Legislative Oversight Committee on Health and Human Services and the Joint Committee on Governmental Operations on or before December 31, 2013, and annually thereafter through December 31, 2016.” For transparency in health care costs generally, see Article 11B of Chapter 131E (G.S. 131E-214.11 through 131E-214.14).

Session Laws 2014-101, s. 8, provides, in part: “Except as otherwise provided, this act is effective when it becomes law [August 6, 2014] and applies beginning with the 2014-2015 school year.”

Session Laws 2016-104, s. 9, made subdivisions (2a) and (2b) of this section, as added by Session Laws 2016-104, s. 1, applicable to contracts entered into on or after July 22, 2016.

Session Laws 2016-106, s. 1, effective July 22, 2016, provides: “Notwithstanding the time limitation contained in G.S. 135-48.54, the Board of Directors of Longleaf School of the Arts, a charter school located in Raleigh, may elect to become a participating employing unit in the State Health Plan for Teachers and State Employees in accordance with Article 3B of Chapter 135 of the General Statutes. The election authorized by this act shall be made no later than 30 days after the effective date of this act and shall be made in accordance with all other requirements of G.S. 135-48.54.”

Session Laws 2017-57, s. 1.1, provides: “This act shall be known as the ‘Current Operations Appropriations Act of 2017.’”

Session Laws 2017-57, s. 39.6, is a severability clause.

Session Laws 2017-128, s. 7, provides: “The Executive Administrator and the Board of Trustees of the State Health Plan (Plan) shall not approve resolutions electing to cover retirees under the Plan for local government entities that were authorized under S.L. 2004-124, S.L. 2006-7, S.L. 2005-276, and S.L. 2006-249 to participate in the Plan but that did not opt to cover retirees before January 1, 2017.”

Session Laws 2017-128, s. 9, is a severability clause.

Effect of Amendments.

Session Laws 2017-57, s. 35.21(c), effective January 1, 2021, rewrote subdivision (18), which read: “Retired employee (retiree). — Retired teachers, State employees, and members of the General Assembly who are receiving monthly retirement benefits from any retirement system supported in whole or in part by contributions of the State of North Carolina, so long as the retiree is enrolled.”

Session Laws 2021-125, s. 5, effective August 30, 2021, substituted “G.S. 135-48.2” for “G.S. 153-48.2” in subdivision (14).

CASE NOTES

No Contract Clause Claim. — Retired state employees were not entitled to summary judgment on a claim that statutory changes to the employees' health care coverage violated the U.S. Constitution's contracts clause because relevant statutes created no contractual obligation, as the State reserved the right to amend those statutes and exer-

cised that right often, so, unlike state pensions, these benefits were not vested. *Lake v. State Health Plan for Teachers & State Empl.*, 264 N.C. App. 174, 825 S.E.2d 645, 2019 N.C. § 135-48.2. Undertaking.

(a) The State of North Carolina undertakes to make available a State Health Plan (hereinafter called the "Plan") exclusively for the benefit of eligible employees, eligible retired employees, and certain of their eligible dependents, which will pay benefits in accordance with the terms of this Article. The Plan shall have all the powers and privileges of a corporation and shall be known as the State Health Plan for Teachers and State Employees. The State Treasurer, Executive Administrator, and Board of Trustees shall carry out their duties and responsibilities as fiduciaries for the Plan. The Plan shall administer one or more group health plans that are comprehensive in coverage. The State Treasurer may operate group plans as a preferred provider option, or health maintenance, point-of-service, or other organizational arrangement.

(b) Payroll deduction shall be available for coverage under the Plan for subscribers able to meet the Plan's requirements for payroll deduction.

OPINIONS OF ATTORNEY GENERAL

The medical child support enforcement provisions of House Bill 1563, 1993 (Reg. Sess. 1994) N.C. Session Laws c. 644, are inapplicable to the North Carolina Teachers' and State Employees' Comprehensive Major Medical Plan (now State Health Plan for Teachers and State Employees) and the governmental entities whose employees and retirees, along with their dependents, are eligible for coverage under the Plan or its HMO option. Medical child support orders

nonetheless may be enforced directly against State employees and retirees who fail to enroll, or maintain coverage for, their eligible dependent children under the State Health Plan in accordance with the provisions of G.S. 50-13.4(f), 50-13.9 and 50-13.11. See opinion of Attorney General to Patricia Crawford, Associate General Counsel, University of North Carolina at Chapel Hill, — N.C.A.G. — (August 10, 1995).

The audit shall encompass Plan years beginning in 2005, or earlier, through 2008 and shall look at claims administration and payment under the former Indemnity Plan as compared to the present PPO Plan. In developing the RFP, the Executive Administrator shall consult with the Fiscal Research Division staff and the Director of the Program Evaluation Division of the General Assembly to ensure that all of the following are addressed by the independent audit.

The following shall apply to decisions made under this subsection:

- (1) The Executive Administrator shall inform the aggrieved person and the aggrieved person’s provider of the decision and shall provide the aggrieved person notice of the aggrieved person’s right to appeal that decision as provided in this subsection.

CASE NOTES

Language in this section that Board of Trustees "may make a binding decision" concerning a dispute between an aggrieved individual and a claims administrator of a medical plan is not an express and unequivocal exemption of the Board from the requirements of the Administrative Procedure Act; instead, the use of the term "binding" in the statute was intended to mean only that the Board's decision would be binding upon the parties absent further review according to law. *Vass v. Board of*

Trustees, 324 N.C. 402, 379 S.E.2d 26, 1989 N.C. LEXIS 247 (1989).

Case Commenced Prior to 1986 Governed by Chapter 150A. — A contested case commences when the dispute is presented to the board; therefore, where a contested case was commenced prior to Jan. 1, 1986, the dispute was governed by Chapter 150A and it was error to resolve this dispute according to Chapter 150B. *Vass v. Board of Trustees*, 108 N.C. App. 251, 423 S.E.2d 796, 1992 N.C. App. LEXIS 885 (1992).

Rules of the Board of Trustees shall remain in effect until amended or repealed by the State Treasurer. The State Treasurer shall provide a written description of the rules adopted under this section to all employing units, all health benefit representatives, all relevant health care providers affected by a rule, and to any other persons requesting a written description and approved by the State Treasurer on a timely

The Plan may not disclose Claim Payment Data to any third party without first entering into a contract with the third party that contains restrictions on the use and disclosure of the Claim Payment Data by the third party that are at least as restrictive as the provisions of this section.

(g) A Claims Processor who discloses Claim Payment Data in accordance with this section shall not incur any civil liability and shall not be subject to equitable relief in connection for the disclosure.

2009 Health Benefit Changes.

Session Laws 2009-16, s. 2(a), provides: “Eliminate PPO Plus Option. — Effective July 1, 2009, the PPO Plus option (90/10 in-network coverage) under the State Health Plan for Teachers and State Employees (‘Plan’) is eliminated. The Executive Administrator shall provide notice to all members of the Plan that this option will no longer be available as of July 1, 2009. Employees enrolled in the Plan’s Plus option shall have the choice of enrolling in the Basic or Standard Plan options for the 2009-2010 benefit year.”

Session Laws 2009-16, s. 2(h), provides: “Pharmacy Benefit Savings. — The Plan shall direct its pharmacy benefit manager (PBM), within the terms of the Plan’s PBM contract, to achieve the sum of eighteen million dollars (\$18,000,000) in savings in pharmacy benefit costs in the 2009-2010 fiscal year, and the sum of twenty million dollars (\$20,000,000) in savings in pharmacy benefit costs in the 2010-2011 fiscal year through reduced reimbursements paid to pharmacies for prescription drugs. If the savings achieved in each six-month period of the fiscal year do not exceed one hundred five percent (105%) of the savings amount specified in this section for that fiscal year, there shall be no further adjustment to reimbursements paid to pharmacies for that six-month period. If the total savings achieved, by fiscal year, exceeds one hundred five percent (105%) of the specified savings amount in each six-month period of the fiscal year, the Plan shall adjust pharmacy reimbursement reductions accordingly. The Plan shall review savings achieved twice annually to ensure compliance with this section. The Plan shall calculate the savings to be achieved based on Plan enrollment and estimated cost and utilization trends incorporated in the Plan’s Financial Projections as of March 20, 2009. The total savings by fiscal year achieved in this section may be increased or decreased without adjustment based on a change in total enrollment provided that the rate of savings achieved on a per-member per-month basis remains constant. Not later than 60 days immediately following each six-month period, the Plan shall report the amount of sav-

ings achieved and any adjustments made for that period to the Committee on Employee Hospital and Medical Benefits.”

Session Laws 2009-16, s. 7(a)-(f), as amended by Session Laws 2009-571, s. 1, as amended by Session Laws 2011-266, s. 1.33(a), provides: “(a) State Health Plan Blue Ribbon Task Force. — There is established the Blue Ribbon Task Force on the State Health Plan for Teachers and State Employees (Task Force). The purpose of the Task Force is to review the governance of the State Health Plan for Teachers and State Employees (Plan) and to make recommendations for changes that will ensure the ongoing financial stability of the Plan, increase and maintain high participation rates for dependent coverage under the Plan, study and compare coverage and costs of the Plan to coverage and costs of other State health plans in the region, and address issues of cost, quality, and access to health care coverage under the Plan. In conducting its review of the Plan the Task Force shall consider all of the following:

“(1) The feasibility of transferring the ongoing day-to-day oversight of the Plan to an independent board or to a State agency.

“(2) Tiered premium rates for member-only coverage for employees and future retirees based on income or ability to pay.

“(3) Ways to increase participation in dependent coverage including supplements from the State or other methods for reducing dependent premiums.

“(4) The benefits of implementing a closed prescription drug formulary.

“(5) Whether it is advisable to move the Plan to a calendar year, the costs involved in the move, and the benefits that accrue to the Plan and the members as a result of moving to a calendar year.

“(4) The chair of the Board of Trustees of the State Health Plan or the chair’s designee.

“(5) The Commissioner of Insurance or the Commissioner’s designee.

“(c) The cochairs of the Task Force shall convene the first meeting as soon as possible after appointments have been made. The Task Force may engage the services of a consultant to provide independent analysis of Plan costs and recommendations on how to strengthen the Plan’s financial stability, benefit structure and coverage, and the most effective and efficient location for Plan administration.

“(d) The Task force shall terminate on or before July 1, 2011.

“(e) A majority of the Task Force members shall constitute a quorum for the transaction of business. The Speaker of the House of Representatives and the President Pro Tempore of the Senate shall each appoint one Task Force member as chair. Appointments shall be made

§ 135-48.36.

Reserved for future codification purposes.

§ 135-48.37. Liability of third person; right of subrogation; right of first recovery.

(a) The Plan shall have the right of subrogation upon all of the Plan member's right to recover from a liable third party for payment made under the Plan, for all medical expenses, including provider, hospital, surgical, or prescription drug expenses, to the extent those payments are related to an injury caused by a liable third party. The Plan member shall do nothing to prejudice these rights. The Plan has the right to first recovery on any amounts so recovered, whether by the Plan or the Plan member, and whether recovered by litigation, arbitration, mediation, settlement, or otherwise. Notwithstanding any other provision of law to the contrary, the recovery limitation set forth in G.S. 28A-18-2 shall not apply to the Plan's right of subrogation of Plan members.

(b) If the Plan is precluded from exercising its right of subrogation, it may exercise its rights of recovery against any third party who was overpaid. If the Plan recovers damages from a liable third party in excess of the claims paid, any excess will be paid to the member, less a proportionate share of the costs of collection.

(c) In the event a Plan member recovers any amounts from a liable third party to which the Plan is entitled under this section, the Plan may recover the amounts directly from the Plan member. If, prior to the Plan exercising its rights under this section, a Plan member utilizes or otherwise disposes of any amounts that were recovered from a liable third party to which the Plan is entitled under this section, then the Plan may pursue alternative judicial remedies against the Plan member to recover the amount to which the Plan is entitled, including the pursuit of a judgment and lien against real property.

(c1) The Plan has a lien, for not more than the value of claims paid related to the liability of the third party, on any damages subsequently recovered by a Plan member against any liable third party. If the Plan member fails to pursue the remedy against a liable third party, the Plan is subrogated to the rights of the Plan member and is entitled to enforce liability in the Plan's own name or in the name of the Plan member for the amount paid by the Plan.

(d) In no event shall the Plan's lien exceed fifty percent (50%) of the total damages recovered by the Plan member, exclusive of the Plan member's reasonable costs of collection as determined by the Plan in the Plan's sole discretion. The decision by the Plan as to the reasonable cost of collection is conclusive and is not a "final agency decision" for purposes of a contested case under Chapter 150B of the General Statutes. Notice of the Plan's lien or right to recovery shall be presumed when a Plan member is represented by an attorney, and the attorney shall disburse proceeds pursuant to this section.

(e) The priority of any lien held by the State Health Plan for Teachers and State Employees shall be superior to all nongovern-

mental liens and rights, whether such liens and rights are prior or subsequent to the lien.

Session Laws 2006-264, s. 66(a), which rewrote this section, was effective August 27, 2006, and applicable to payments made by the Plan after July 20, 2004, for which reimbursement is sought on or after August 27, 2006.

Accountability, Integrity, and Recovery of assets (FAIRness); and

"Whereas, taxpayers should expect FAIRness in these employee benefit programs, and the Department of State Treasurer should be provided all tools necessary to promote that goal; and

"Whereas, public employees who are participants in these employee benefit programs by virtue of deductions from compensation should also expect FAIRness as a baseline in the operation of these programs; and

"Whereas, future generations of North Carolinians benefit from fiscally responsible management provided by FAIRness of these employee benefit programs by the current generation; Now, therefore,"

Session Laws 2018-52, s. 1, provides: "This act shall be known and cited as the 'Financial Accountability, Integrity, and Recovery Act of 2018'."

Session Laws 2018-52, s. 5(e), provides, in part: "Priority of the State Health Plan for Teachers and State Employees' lien over nongovernmental liens and rights created under this section shall apply only to nongovernmental liens and rights that have attached to the applicable property on or after the effective date of this act [June 25, 2018]."

CASE NOTES

Subject-Matter Jurisdiction. — Trial court properly denied a motion filed by a minor child, his GAL, and parents (the plaintiffs) to reduce a lien filed by the State Health Plan (SHP) for lack of subject-matter jurisdiction because they did not point to any constitutional provision or general statute conferring jurisdiction on the court to reduce the monetary amount of SHP liens imposed upon a settlement, and the plaintiffs' proper recourse was with the General Assembly. *Quaicoe v. Moses H. Cone Mem. Hosp. Operating Corp.*, 274 N.C. App. 306, 852 S.E.2d 399, 2020 N.C. App. LEXIS 800 (2020).

Recovery Against Plan Member's Attorney. — Summary judgment for plaintiff on its former G.S. 135-45.15 (now codified at G.S. 135-48.37) claim was affirmed since: (1) plaintiff had the right to first recovery of up to 50 percent of any amounts recovered by a member for injuries that were inflicted by a third party and for which plaintiff provided

treatment benefits; (2) G.S. 135-45.15 placed an affirmative duty on defendant, who represented the member, to use any settlement proceeds to first satisfy plaintiff's lien; and (3) defendant's failure to comply with the statute subjected him to liability for the amount of the lien. *State Health Plan for Teachers & State Emples. v. Ellison*, 227 N.C. App. 114, 744 S.E.2d 473, 2013 N.C. App. LEXIS 468 (2013).

Plain language of former G.S. 135-45.15 (now codified at G.S. 135-48.37) similarly to G.S. 44-50, places a duty upon an injured party's attorney to direct settlement funds recovered by an injured The State Health Plan for Teachers and State Employees (State Health Plan) member to the State Health Plan in satisfaction of its statutory lien; by establishing this duty, the statute necessarily also creates a cause of action by which the State Health Plan may enforce its lien under the statute against an attorney who violates its requirements

by failing to disburse his client's settlement proceeds in accordance with the statute. State Health Plan for Teachers & State Emples. v. Ellison, 227 N.C. App. 114, 744 S.E.2d 473, 2013 N.C. App. LEXIS 468 (2013).

§ 135-48.37A. Employing unit cooperation in collection of amounts owed to Plan.

(a) Any payment of benefits or other amount to, or premiums or claims paid on behalf of, any Plan member that is later determined to be an overpayment, an erroneous payment, or a benefit or amount for which the Plan member was ineligible shall be repaid by the Plan member to the Plan. If the Plan member is an employee of an employing unit, then any amounts to be recouped under this subsection shall be offset against the net wages of the Plan member.

(b) If a Plan member owes an amount to the Plan under this section, has been notified of this amount owed by the Plan member in writing, and has not entered into a payment plan acceptable to the Plan within 30 days after the written notice, then the Plan shall notify the Plan member's employer of the amount owed. Upon receipt of this notice from the Plan, an employing unit shall offset the amount owed against not less than ten percent (10%) of the net wages of the Plan member until the Plan notifies the employing unit that the amount owed has been paid in full. The Plan's notice to the employing unit shall be prima facie evidence that the amount owed is valid and, notwithstanding any other provision of law to the contrary, the employing unit has no obligation to verify the amount owed. The employing unit shall provide no more than 30 days' but not less than 14 days' written notice to the Plan member prior to beginning the offset. The employing unit shall remit all amounts offset under this subsection to the Plan in intervals corresponding with the employing unit's regular pay periods.

(c) If an employing unit fails to adhere to the provisions of this section, the Plan shall, after notice to the employing unit of its failure to cooperate, be entitled to seek recovery of any amounts due directly from the employing unit.

(d) No amount due under this section may be forgiven by the Board, the Plan, the Executive Administrator, the State Treasurer, or an employing unit. The Plan and the employing unit shall have a duty to pursue the repayment in full of these funds by all lawful means available, including the filing of a civil action in the General Court of Justice.

(e) Nothing in this section shall be construed to limit the Plan's ability to pursue alternative judicial remedies against a Plan member or a former Plan member, including the pursuit of a judgment and lien against real property.

“Whereas, taxpayers should expect FAIRness in these employee benefit programs, and the Department of State Treasurer should be provided all tools necessary to promote that goal; and

Session Laws 2018-52, s. 1, provides: “This act shall be known and cited as the ‘Financial Accountability, Integrity, and Recovery Act of 2018’.”

Session Laws 2018-52, s. 2(d), made this section effective June 25, 2018, and applicable to to all amounts owed by a Plan member for which notice is sent on and after that date, regardless of the date the benefit, claim, or premium amount which the Plan member was ineligible, the overpayment, or the erroneous payment was made.

§ 135-48.38. Persons eligible for Medicare; optional participation in other Medicare products.

(a) Benefits payable for covered expenses under this Plan will be reduced by any benefits payable for the same covered expenses under Medicare, so that Medicare will be the primary carrier except where compliance with federal law specifies otherwise.

(b) For those participants eligible for Medicare, the Plan will be administered on a “carve out” basis. The provisions of the Plan are applied to the charges not paid by Medicare (Parts A & B). In other words, those charges not paid by Medicare would be subject to the deductible and coinsurance of the Plan just as if the charges not paid by Medicare were the total bill.

(c) For those individuals eligible for Part A (at no cost to them), benefits under this program will be reduced by the amounts to which the covered individuals would be entitled to under Parts A and B of Medicare, even if they choose not to enroll for Part B.

(d) Notwithstanding the foregoing provisions of this section or any other provisions of the Plan, the State Treasurer may enter into negotiations with the Centers for Medicare and Medicaid Services, U.S. Department of Health and Human Services, in order to secure a more favorable coordination of the Plan’s benefits with those provided by Medicare, including but not limited to, measures by which the Plan would provide Medicare benefits for all of its Medicare-eligible members in return for adequate payments from the federal government in providing such benefits. Should such negotiations result in an agreement favorable to the Plan and its Medicare-eligible members, the State Treasurer may, after consultation with the Board of Trustees, implement such an agreement which shall supersede all other provisions of the Plan to the contrary related to its payment of claims for Medicare-eligible members.

(e) Notwithstanding subsections (a), (b), and (c) of this section, the State Treasurer may contract for coverage in lieu of current Plan medical and prescription drug benefits for Medicare retirees or to supplement Medicare benefits and may, after consultation with the Board of Trustees, implement such an agreement, which shall supersede all other provisions of the Plan to the contrary related to its payment of claims for Medicare-eligible members.

§ 135-48.39. Operations during state of disaster or emergency.

(a) For the purposes of this section, the term “state of disaster” shall mean that one of the following has occurred:

- (1) The Governor or legislature has declared a state of emergency under G.S. 166A-19.20.
- (2) The Governor has issued a disaster declaration under G.S. 116A-19.21.
- (3) The President of the United States has issued a major disaster declaration under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. § 5121, et seq., as amended, for this State, for an area within this State, or for an area in which a member or an employing unit is located.
- (4) The Governor, legislature, or other governing body has declared a state of emergency or disaster, or the equivalent, for an area in which a member or employing unit is located.

(b) Subject to approval by the Board of Trustees, when there is a state of disaster, the State Treasurer may order that members, employing units, or both adversely affected by the state of disaster shall have the option of deferring premium or debt payments that are due during the time period in which there is a state of disaster. The State Treasurer may order the expiration of the option to defer premium or debt payments prior to the end of the time period in which there is a state of disaster but may not extend the option beyond that period.

(c) Any option to defer premium or debt payments offered under this section shall be made for a period of 30 days from the last day the premium or debt payment may have been made under the terms of the Plan, policy, contract, or agreement. This 30-day deferral period may also be applied to any statute, rule, or other policy or

contract provision that imposes a time limit on the Plan or a member to perform any act related to the Plan during the time period in which there is a state of disaster. This 30-day deferral period may be extended by the State Treasurer in 30-day increments, subject to approval by the Board of Trustees. A deferral period shall not last beyond 90 days from the last day of the time period in which there is a state of disaster.

(d) An option to defer premium or debt payments offered under this section may be limited to a specific category of members or employing units, as the state of disaster necessitates and as determined by the State Treasurer.

(e) Nothing in this section shall be construed as to authorize the nonpayment of premiums or debt. All premium payments in arrears shall be paid to the Plan. If premiums in arrears are not paid, coverage shall lapse as of the last day of the month for which premiums were paid in full. The member shall be responsible for all medical expenses incurred since the effective date of the lapse in coverage.

Editor's Note.

Session Laws 2011-85, s. 2.6(c), effective January 1, 2012, recodified former subsections (a), (a1), (b), and (c) of G.S. 135-45.2 as subsections (a)-(d) of G.S. 135-48.40, respectively. The remainder of G.S. 135-45.2 was recodified as G.S. 135-48.41. Former G.S. 135-45.2 itself was formerly codified as G.S. 135-40.2. It was recodified as G.S. 135-39.14 under Part 3A of Article 3A of Chapter 135 by Session Laws 2008-168, s. 3(f), effective July 1, 2008, but was renumbered as G.S. 135-45.2 at the direction of the Revisor of Statutes.

In subdivision (d)(10), as amended by Session Laws 2011-85, s. 2.10, the bracketed reference was added at the direction of the Revisor of Statutes.

Session Laws 2013-324, s. 7, made the amendment to subdivision (b)(1) by Session Laws 2013-324, s. 1, applicable to plan years beginning on or after January 1, 2015.

Session Laws 2014-100, s. 35.16(a), repealed Session Laws 2013-324, s. 1, which amended subdivision (b)(1) of this section, effective January 1, 2015. Since the amendment by Session Laws 2013-324 was effective January 1, 2015, that amendment never took effect.

Session Laws 2014-100, s. 35.16(e), made subsection (e) of this section, as added by Session Laws 2014-100, s. 35.16(c), effective January 1, 2015, and applicable to plan years beginning on or after that date.

Session Laws 2014-100, s. 1.1, provides: "This act shall be known as 'The Current Operations and Capital Improvements Appropriations Act of 2014.'"

Session Laws 2014-100, s. 38.7, is a severability clause.

Session Laws 2017-57, s. 1.1, provides: “This act shall be known as the ‘Current Operations Appropriations Act of 2017.’ ”

Session Laws 2017-57, s. 39.6, is a severability clause.

Session Laws 2019-110, s. 5, as amended by Session Laws 2019-212, s. 7(c), provides: “(a) The State Treasurer shall seek a private letter ruling from the Internal Revenue Service to determine if the provisions of this act relating to the computation of postretirement earnings of retired teachers jeopardize the status of the Teachers’ and State Employees’ Retirement System.

“(b) If the Internal Revenue Service determines that the provisions of G.S. 135-3(8)g., as enacted by this act, relating to the computation of postretirement earnings of retired teachers jeopardize the status of the Teachers’ and State Employees’ Retirement System of North Carolina under the Internal Revenue Code, then this act is repealed on the last day of the month following the month of receipt of that determination by the State Treasurer. Upon receipt of that determination, the State Treasurer shall notify the Revisor of Statutes of the determination and the date of receipt. Within three business days of receipt of the determination, the State Treasurer shall notify all local school administrative units of the repeal of this act and shall publicly notice the receipt of this information on the Department of State Treasurer’s Web site. Within three business days of receipt of the notice from the State Treasurer, a local school administrative unit shall notify all high-need retired teachers employed by its local board of education of the repeal of this act.

“(c) Notwithstanding any other provision of law to the contrary, in order to pay costs associated with the administration of the provisions of this act, the Retirement Systems Division of the Department of State Treasurer may in-

crease receipts from the retirement assets of the Teachers’ and State Employees’ Retirement System or pay costs associated with the administration directly from the retirement assets. Costs associated with the administration of the provisions of this act shall not exceed fifty thousand dollars (\$50,000) to obtain the private letter ruling from the Internal Revenue Service required under subsection (a) of this section.

“(d) Any beneficiary that is employed to teach by a local board of education as a high-need retired teacher, as defined in G.S. 115C-302.4(a)(1), shall not be eligible to elect into a position that would lead him or her to be eligible to accrue any additional benefits under G.S. 135-3(8). Any failure of a local board of education or a beneficiary to comply with the foregoing shall be corrected by the Retirement System as it determines may be appropriate under State and federal law. Any costs of the correction, as determined by the Retirement System, shall be the sole responsibility of the local board of education and shall be transferred to the Pension Accumulation Fund under G.S. 135-8, under rules adopted by the Board of Trustees.”

Session Laws 2019-212, s. 7(d), provides: “If S.L. 2019-110 is repealed pursuant to the requirements of Section 5 of that act, this section is repealed on the same date as the repeal of S.L. 2019-110.”

Session Laws 2020-48, s. 6.1, is a severability clause.

Effect of Amendments.

Session Laws 2017-57, s. 35.21(d), effective January 1, 2021, substituted “Retired employees, as defined in G.S. 135-48.1(18)” for “Retired teachers, State employees, members of the General Assembly” or variants in subdivisions (a)(1), (b)(3), (c)(2), and (d)(11).

Session Laws 2020-48, s. 1.5(b), effective June 26, 2020, in subdivision (d)(13), deleted “group” preceding “health” throughout, and added the last sentence in the concluding paragraph.

§ 135-48.41. Additional eligibility provisions.

(a) A foster child is covered as a dependent child (i) if living in a regular parent-child relationship with the expectation that the employee will continue to rear the child into adulthood, (ii) if at the time of enrollment, or at the time a foster child relationship is established, whichever occurs first, the employee applies for coverage for such child and submits evidence of a bona fide foster child

relationship, identifying the foster child by name and setting forth all relevant aspects of the relationship, (iii) if the claims processor accepts the foster child as a participant through a separate written document identifying the foster child by name and specifically recognizing the foster child relationship, and (iv) if at the time a claim is incurred, the foster child relationship, as identified by the employee, continues to exist. Children placed in a home by a welfare agency which obtains control of, and provides for maintenance of the child, are not eligible participants.

(b) Notwithstanding the age requirement under G.S. 135-48.1(9), coverage of a dependent child may be continued beyond the dependent child's 26th birthday if the dependent child is disabled and if the dependent was covered by the Plan on the dependent child's 26th birthday. (d) Former employees who are receiving disability retirement benefits or disability income benefits pursuant to Article 6 of Chapter 135 of the General Statutes or who are approved for those benefits but not in receipt of the benefits due to lump-sum payouts of vacation, bonus, and sick leave, provided the former employee has at least five years of contributory retirement service with an employing unit of a State-supported retirement system, shall be eligible for the benefit provisions of this Plan, as set forth in this Part, on a noncontributory or partially contributory basis. Such coverage shall terminate as of the end of the month in which such former employee is no longer eligible for disability retirement benefits or disability income benefits pursuant to Article 6 of this Chapter.

(e) Employees on official leave of absence without pay may elect to continue this group coverage at group cost provided that they pay the full employee and employer contribution through the employing unit during the leave period.

(f) For the support of the benefits made available to any member vested at the time of retirement, their spouses or surviving spouses, and the surviving spouses of employees who are receiving a survivor's alternate benefit under G.S. 135-5(m) of those associations listed in G.S. 135-27(a), licensing and examining boards under G.S. 135-1.1, the North Carolina State Art Society, Inc., and the North Carolina Symphony Society, Inc., each association, organization or board shall pay to the Plan the full cost of providing these benefits

In addition, each association, organization or board shall pay to the Plan an amount equal to the cost of the benefits provided under this section to presently retired members of each association, organization or board since such benefits became available at no cost to the retired member. This subsection applies only to those individuals employed prior to July 1, 1983, as provided in G.S. 135-27(d).

(g) An eligible surviving spouse and any eligible surviving dependent child of a deceased retiree, teacher, State employee, member of the General Assembly, former member of the General Assembly, or Disability Income Plan beneficiary shall be eligible for group benefits under this section provided coverage is elected within 90 days after the death of the former plan member. Coverage may be elected at a later time during an annual enrollment period.

(h) No person shall be eligible for coverage as an employee or retired employee or as a dependent of an employee or retired employee upon a finding by the State Treasurer or by a court of competent jurisdiction that the employee or dependent knowingly and willfully made or caused to be made a false statement or false representation of a material fact in a claim for reimbursement of medical services under the Plan or in any representation or attestation to the Plan.

The State Treasurer may make an exception to the provisions of this subsection when persons subject to this subsection have had a cessation of coverage for a period of five years and have made a full and complete restitution to the Plan for all fraudulent claim amounts. Nothing in this subsection shall be construed to obligate the State Treasurer to make an exception as allowed for under this subsection.

(i) Any employee receiving benefits pursuant to Article 6 of this Chapter when the employee has less than five years of retirement membership service, or an employee on leave without pay due to illness or injury for up to 12 months, is entitled to continued coverage under the Plan for the employee and any eligible dependents by paying one hundred percent (100%) of the cost.

(j) If a retiree has been hired by an employing unit and is eligible for coverage under subdivision (1), (1a), (5), (6), (7), (8), (9), or (10) of G.S. 135-48.40(b) or under G.S. 135-48.40(e), then the hired retiree shall not, during the time of employment, be eligible for retiree coverage under G.S. 135-48.40(a)(1), G.S. 135-48.40(b)(3), G.S. 135-48.40(c)(2), or G.S. 135-48.40(d)(11).

(k) If a retiree is a prisoner serving an active sentence in the State prison system and covered under G.S. 148-19, then the incarcerated retiree shall not, during the time of incarceration, be eligible for retiree coverage under G.S. 135-48.40(a)(1), 135-48.40(b)(3), 135-48.40(c)(2), or 135-48.40(d)(11).

Editor's Note.

Session Laws 2011-85, s. 2.6(c), effective January 1, 2012, recodified former subsections (d)-(k) of G.S. 135-45.2 as subsections (a) and (c)-(i) of G.S. 135-48.41, respectively. The remainder of G.S. 135-45.2 was recodified as G.S. 135-48.40. Former G.S. 135-45.2 itself was formerly codified as G.S. 135-40.2. It was recodified as G.S. 135-39.14 under Part 3A of Article 3A of Chapter 135 by Session Laws 2008-168, s. 3(f), effective July 1, 2008, but was renumbered as G.S. 135-45.2 at the direction of the Revisor of Statutes.

Session Laws 2004-124, s. 33.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2004-2005 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2004-2005 fiscal year."

Session Laws 2009-16, s. 3(e), provides: "Eligibility Audit. — The Executive Administrator shall provide for an audit of dependent eligibility under the Plan. The audit shall be designed to determine whether all dependents currently covered under the Plan are eligible for coverage under current law. Upon identification of an individual who is enrolled as a dependent but not eligible, the Plan shall disenroll the ineligible dependent effective within 10 days of sending written termination notice to

the employee. The notice shall state the date upon which disenrollment will become effective and the basis on which the determination of dependent ineligibility is made. Notwithstanding any other provision of law, the Executive Administrator may waive requirements to collect from the member reimbursement for claims paid for the ineligible covered individual."

Session Laws 2010-3, s. 1, effective June 1, 2010, and repealed effective July 1, 2011, provides: "Notwithstanding the requirement in G.S. 135-45.2(d)(1) that a dependent child less than 26 years of age be a full-time student to be eligible for coverage, a dependent child enrolled in the North Carolina State Health Plan for Teachers and State Employees as of May 1, 2010, may remain on the Plan through the end of the month following the dependent child's 26th birthday, regardless of the dependent child's status as a full-time student, provided that the dependent child is not eligible for other employer sponsored health benefit coverage as a primary beneficiary or spousal dependent."

Session Laws 2011-96, s. 3(b), which amended this section, was contingent on Senate Bill 323, 2011 Regular Session becoming law. Senate Bill 323, 2011 Regular Session was enacted as Session Laws 2011-85.

Session Laws 2017-128, s. 9, is a severability clause.

Effect of Amendments.

Session Laws 2021-125, s. 2, effective

August 30, 2021, rewrote subsection (b); “basis” at the end of the first sentence of and substituted “basis or when the per- subsection (c). son is a disabled dependent child” for

§ 135-48.42. Enrollment.

(a) Except as otherwise required by applicable federal law, new employees must be given the opportunity to enroll or decline enrollment for themselves and their dependents within 30 days from the date of employment or from first becoming eligible on a partially contributory or other contributory basis. Coverage may become effective on the first day of the month following date of entry on payroll or on the first day of the following month. New employees age 19 and older not enrolling themselves and their dependents age 19 and older within 30 days, or not adding dependents when first eligible as provided herein may enroll during annual enrollment, but may be subject to a 12-month waiting period for preexisting health conditions, except for employees who elect to change their coverage in accordance with rules established by the State Treasurer for optional or alternative plans available under the Plan. Children born to covered employees shall be covered at the time of birth so long as the Plan receives notification within 30 days of the date of birth and the employee pays any additional premium required by the coverage type selected retroactive to the first day of the month in which the child was born.

(b) Except as otherwise required by applicable federal law, newly acquired dependents (spouse/child) age 19 and older enrolled within 30 days of becoming an eligible dependent will not be subject to the 12-month waiting period for preexisting conditions. A dependent can become first eligible due to marriage, adoption, legal guardianship, entering a foster child relationship, and at the beginning of each legislative session (applies only to enrolled legislators). Effective date for newly acquired dependents if application was made within the 30 days can be the first day of the following month. Effective date for an adopted child can be date of adoption, or date of placement in the adoptive parents’ home, or the first of the month following the date of adoption or placement. Firefighters, rescue squad workers, and members of the National Guard, and their eligible dependents, are subject to the same terms and conditions as are new employees and their dependents covered by this subdivision. Enrollments in these circumstances must occur within 30 days of eligibility to enroll.

(c) Eligible employees younger than age 19 and dependents younger than age 19 may be enrolled during annual enrollment and shall not be subject to any waiting period for a preexisting condition.

(d) When an eligible or enrolled member applies to enroll the member’s eligible dependent child or spouse, the member shall provide the documentation required by the Plan to verify the dependent’s eligibility for coverage.

(e) Eligible employees and retirees may only change their elections, including adding or removing dependents, during the Plan year due to a qualifying event as defined under federal law. Notwithstanding the preceding sentence, retirees and surviving spouses may disenroll from the Plan during the Plan year without a qualifying event. Retirees and surviving spouses may also disenroll their dependents from the Plan during the Plan year without a qualifying event.

§ 135-48.43. Effective dates of coverage.

(a) **Eligible Employees and Retired Employees.** — Employees and retirees who otherwise satisfy the eligibility requirements set forth in G.S. 135-48.40 will be offered coverage with the following effective dates:

- (1) Employees and retired employees covered under the Predecessor Plan will continue to be covered, subject to the terms hereof.
- (2) New employees may apply for coverage to be effective on the first day of the month following employment, or on a like date the following month if the employee has enrolled, except that the effective date of coverage for employees who become eligible in accordance with G.S. 135-48.40(e) will be determined by the employing unit in a manner that is consistent with section 4980H of the Internal Revenue Code and the applicable regulations, as amended.
- (3) Employees not enrolling or adding dependents when first eligible in accordance with G.S. 135-48.42 may enroll later during annual enrollment, except employees who elect to change their coverage in accordance with rules adopted by the State Treasurer for optional alternative plans offered under the Plan.
- (4) Members of the General Assembly, beginning with the 1985 Session, shall become first eligible with the convening of

each Session of the General Assembly, regardless of a Member's service during previous Sessions. Members and their dependents enrolled when first eligible after the convening of each Session of the General Assembly will not be subject to any waiting periods for preexisting health conditions. Members of the 1983 Session of the General Assembly, not already enrolled, shall be eligible to enroll themselves and their dependents on or before October 1, 1983, without being subject to any waiting periods for preexisting health conditions.

(b) Waiting Periods and Preexisting Conditions. —

- (1) New employees and dependents age 19 and older enrolling when first eligible are subject to no waiting period for preexisting conditions under the Plan.
- (2) Employees age 19 and older not enrolling or not adding dependents age 19 and older when first eligible may enroll later during annual enrollment, but enrollees age 19 or older may be subject to a twelve-month waiting period for preexisting conditions except as provided in subdivision (a)(3) of this section. The waiting period under this subdivision is subject to applicable federal law.
- (3) Retiring employees and dependents enrolled when first eligible after an employee's retirement are subject to no waiting period for preexisting conditions under the Plan. Retiring employees not enrolled or not adding dependents age 19 and older when first eligible after an employee's retirement may enroll at a later time during annual enrollment, but may be subject to a 12-month waiting period for preexisting conditions except as provided in subdivision (a)(3) of this section.
- (4) Employees and dependents enrolling or reenrolling within 12 months after a termination of enrollment or employment that were not enrolled at the time of this previous termination, regardless of the employing units involved, shall not be considered as newly-eligible employees or dependents for the purposes of waiting periods and preexisting conditions. Employees and dependents transferring from optional prepaid alternative plans available under the Plan; employees and dependents immediately returning to service from an employing unit's approved periods of leave without pay for illness, injury, educational improvement, workers' compensation, parental duties, or for military reasons; employees and dependents immediately returning to service from a reduction in an employing unit's work force; retiring employees and dependents reenrolled in accordance with subdivision (3) of this subsection; formerly-enrolled dependents reenrolling as eligible employ-

Furthermore, employees accepting permanent, full-time appointments who had previously worked in a part-time or temporary position and their qualified dependents shall not be covered by waiting periods and preexisting conditions under this division provided enrollment as a permanent, full-time employee is made when the employee and his dependents are first eligible to enroll.

- (5) To administer the 12-month waiting period for preexisting conditions for employees age 19 and older and dependents age 19 and older under this Article, the Plan must give credit against the 12-month period for the time a person was covered under a previous plan if the previous plan's coverage was continuous to a date not more than 63 days before the effective date of coverage. As used in this subdivision, a "previous plan" means any policy, certificate, contract, or any other arrangement provided by any accident and health insurer, any hospital or medical service corporation, any health maintenance organization, any preferred provider organization, any multiple employer welfare arrangement, any self-insured health benefit arrangement, any governmental health benefit or health care plan or program, or any other health benefit arrangement. Waiting periods for preexisting conditions administered under this Article are subject to applicable federal law.

- (3) Employees and retired employees may change from one category of coverage to a different category of coverage without a waiting period for preexisting conditions, and, as applicable, dependents will be covered under the Plan the first of the month or the first of the second month following the dependent's eligibility for coverage, provided written application is submitted to the Health Benefits Representative within 30 days of becoming eligible.

- (4) Employees or retired employees who wish to change to employee only coverage shall give written notice to their Health Benefits Representative within 30 days after any change in the status of dependents, (resulting from death, divorce, etc.) that requires a change in contract category. The effective date will be the first of the month following the dependent's ineligibility event. If notification was not made within the 30 days following the dependent's ineligibility event, the dependent will be retroactively removed the first of the month following the dependent's ineligibility event, and the coverage category change will be the first of the month following written notification, except in cases of death, in which case the coverage category change will be made retroactive to the first of the month following the death.
 - (5) Employees not adding dependents age 19 and older when first eligible may enroll later during annual enrollment, but dependents may be subject to a 12-month waiting period for preexisting health conditions except as provided in subdivision (a)(3) of this section.
 - (6) Employees or retired employees who wish to change to employee only coverage even though their dependents continue to be eligible, shall give written notification to their Health Benefits Representative. Except as otherwise required by applicable federal law, the date of this category change will be the first of the month following written notification or any first of the month thereafter as desired by the employee.
 - (7) The effective date for newborns or adopted children will be date of birth, date of adoption, or placement with adoptive parent provided member is currently covered under employee and family or employee and child coverage. Session Laws 2011-85, s. 2.6(e), effective January 1, 2012, recodified former

G.S. 135-45.4 as G.S. 135-48.43. Former G.S. 135-45.4 itself was formerly codified as G.S. 135-40.3. It was recodified as G.S. 135-39.16 under Part 3A of Article 3A of Chapter 135 by Session Laws 2008-168, s. 3(h), effective July 1, 2008, but was renumbered as G.S. 135-45.4 at the direction of the Revisor of Statutes.

This section was amended by Session Laws 2008-168, s. 3(h), in the coded bill drafting format provided by G.S. 120-20.1. In the second sentence of subdivision (b)(4) the word "prepaid" following "transferring from optional" was not struck through. Subdivision (b)(4) has been set out in the form above at the direction of the Revisor of Statutes.

Session Laws 2011-96, s. 3(d), which amended this section, was contingent on Senate Bill 323, 2011 Regular Session becoming law. Senate Bill 323, 2011 Regular Session was enacted as Session Laws 2011-85.

Session Laws 2013-324, s. 7, made the amendment to subdivision (a)(2) by Session Laws 2013-324, s. 4, applicable to plan years beginning on or after January 1, 2015, and made the amendments to the rest of the section by s. 4 applicable to plan years beginning on or after January 1, 2014.

Session Laws 2014-100, s. 35.16(a), repealed the amendment to subdivision (a)(2) of this section by Session Laws 2013-324, s. 4, effective August 7, 2014. Since the amendment by Session Laws 2013-324 was effective January 1, 2015, that amendment never took effect.

Session Laws 2014-100, s. 35.16(e), made the amendment to subdivision (a)(2) by Session Laws 2014-100, s. 35.16(d), effective January 1, 2015, and applicable to plan years beginning on or after that date.

Session Laws 2014-100, s. 1.1, provides: "This act shall be known as 'The Current Operations and Capital Improvements Appropriations Act of 2014.'"

Session Laws 2014-100, s. 38.7, is a severability clause.

§ 135-48.44. Cessation of coverage.

(a) Coverage under this Plan of an employee and his or her surviving spouse or eligible dependent children or of a retired employee and his or her surviving spouse or eligible dependent children shall cease on the earliest of the following dates:

- (1) The last day of the month in which an employee or retired employee dies. Provided such surviving spouse or eligible dependent children were covered under the Plan at the time of death of the former employee or retired employee, or were covered on September 30, 1986, any such surviving spouse or eligible dependent children may then elect to continue coverage under the Plan by submitting written application to the Claims Processor and by paying the cost for such coverage when due at the applicable fees. Such coverage shall cease on the last day of the month in which such surviving spouse or eligible dependent children die, except as provided by this Article.
- (2) The last day of the month in which an employee's employment with the State is terminated as provided in subsection (d) of this section.
- (3) The last day of the month in which a divorce becomes final.
- (4) The last day of the month, or as soon thereafter as administratively feasible, in which the Plan approves cancellation of coverage for an employee or retired employee.
- (5) The last day of the month in which a covered individual enters active military service.
- (6) The last day of the month in which a covered individual is found to have knowingly and willfully made or caused to be made a false statement or false representation of a material fact regarding eligibility or enrollment information or in a claim for reimbursement of medical services under the Plan. The State Treasurer may make an exception to the provisions of this subdivision when persons subject to this subdivision have had a cessation of coverage for a period of five years and have made a full and complete restitution to the Plan for all fraudulent claim amounts. Nothing in this subdivision shall be construed to obligate the State Treasurer to make an exception as allowed for under this subdivision.
- (7) The last day of the month in which an employee who is Medicare-eligible selects Medicare to be the primary payer of medical benefits. Coverage for a Medicare-eligible spouse

of an employee shall also cease the last day of the month in which Medicare is selected to be the primary payer of medical benefits for the Medicare-eligible spouse. Such members are eligible to apply for conversion coverage.

(8) The last day of the month in which a covered individual is found to be ineligible for coverage.

(9) The last day of the month for which a premium is paid in full.

(b) Coverage under this Plan as a dependent child ceases when the child ceases to be a dependent child as defined by G.S. 135-48.1 except, coverage may continue under this Plan for a period of not more than 36 months after loss of dependent status on a fully contributory basis provided the dependent child was covered under the Plan at the time of loss of dependent status.

(c) Coverage under the Plan as a surviving dependent child whether covered as a dependent of a surviving spouse, or as an individual member (no living parent), ceases when the child ceases to be a dependent child as defined by G.S. 135-48.1, except coverage may continue under the Plan on a fully contributory basis for a period of not more than 36 months after loss of dependent status.

(d) Termination of employment shall mean termination for any reason, including layoff and leave of absence, except as provided in subdivisions (a)(1) and (2) of this section, but shall not, for purposes of this Plan, include retirement upon which the employee is granted an immediate service or disability pension under and pursuant to a State-supported Retirement System.

(1) In the event of termination for any reason other than death, coverage under the Plan for an employee and his or her eligible spouse or dependent children, provided the eligible spouse or dependent children were covered under the Plan at termination of employment may be continued for a period of not more than 18 months following termination of employment on a fully contributory basis. Employees who were covered under the Plan at termination of employment may be continued for a period of not more than 18 months or 29 months if determined to be disabled under the Social Security Act, Title II, OASDI or Title XVI, SSI.

(2) In the event of approved leave of absence without pay, other than for active duty in the Armed Forces of the United States, coverage under this Plan for an employee and his or her dependents may be continued during the period of such leave of absence by the employee's paying one hundred percent (100%) of the cost.

(3) If employment is terminated in the second half of a calendar month and the covered individual has made the required contribution for any coverage in the following month, that coverage will be continued to the end of the calendar month following the month in which employment was terminated.

- (4) Employees paid for less than 12 months in a year, who are terminated at the end of the work year and who have made contributions for the non-work months, will continue to be covered to the end of the period for which they have made contributions, with the understanding that if they are not employed by another State-covered employer under this Plan at the beginning of the next work year, the employee will refund to the ex-employer the amount of the employer's cost paid for them during the non-paycheck months.
- (5) Any employee receiving benefits pursuant to Article 6 of this Chapter when the employee has less than five years of retirement membership service, or an employee on leave of absence without pay due to illness or injury for up to 12 months, is entitled to continued coverage under the Plan for the employee and any eligible dependents by the employee's paying one hundred percent (100%) of the cost.
 - (e) A legally divorced spouse and any eligible dependent children of a covered employee or retired employee may continue coverage under this Plan for a period of not more than 36 months following the first of the month after a divorce becomes final on a fully contributory basis, provided the former spouse and any eligible dependent children were covered under the Plan at the time a divorce became final.
 - (f) A legally separated spouse of a covered employee or retired employee may continue coverage under this Plan for a period not to exceed 36 months from the separation date on a fully contributory basis, provided the separated spouse was covered under the Plan at the time of separation and provided the covered employee's or retired employee's actions result in the loss of coverage for the separated spouse. Eligible dependent children may also continue coverage if covered under the Plan at time of separation, provided the employee's or retired employee's actions result in the loss of coverage for the dependent children.
 - (g) Whenever this section gives a right to continuation coverage, such coverage must be elected within the time allowed by applicable federal law.
 - (h) Continuation coverage under this Plan shall not be continued past the occurrence of any one of the following events:
 - (1) The termination of the Plan.
 - (2) Failure of a Plan member to pay monthly in advance any required premiums.
 - (3) A person becomes a covered employee or a dependent of a covered employee under any group health plan and that group health plan has no restrictions or limitations on benefits.
 - (4) A person becomes eligible for Medicare benefits on or after the effective date of the continuation coverage.

- (5) The person was determined to be no longer disabled, provided the 18-month coverage was extended to 29 months due to having been determined to be disabled under the Social Security Act, Title II, OASDI or Title XVI, SSI.
- (6) The person reaches the maximum applicable continuation period of 18, 29, or 36 months.
 - (i) Notice requirements concerning continuation coverage shall be developed by the Plan.
 - (j) The spouse and any eligible dependent children of a covered employee may continue coverage under the Plan on a fully contributory basis for a period not to exceed 36 months from the date the employee becomes eligible for Medicare benefits which results in a loss of coverage under the Plan, provided that the spouse and eligible dependent children were covered under the Plan at the time the employee became eligible for Medicare benefits which results in a loss of coverage under the Plan.

§ 135-48.47. Participation in State Health Plan by local government employees and dependents.

(a) **Eligibility.** — The employees and dependents of employees of local government units are eligible to participate in the State Health Plan, as provided in this section. This section does not apply to employees of a charter school operated by a municipality.

Employees and dependents participating under this section are not guaranteed participation in the Plan, and participation is contingent on their respective local government units (i) electing to participate in the Plan and (ii) complying with the provisions of this section and this Article, as well as any policies adopted by the Plan.

(b) **Participation Requirements.** — A local government unit may elect to participate in the State Health Plan. Participation shall be governed by the following:

- (1) In order to participate, a local government unit must do the following:
 - a. Pass a valid resolution expressing the local government's desire to participate in the Plan.
 - b. Enter into a memorandum of understanding with the Plan that acknowledges the conditions of this section and this Article.
 - c. Provide at least 90 days' notice to the Plan prior to entry and complete the requirements of this subdivision at least 60 days prior to entry.
- (2) In order to participate, a local government unit and its employees must meet the federal requirements to participate in a governmental plan. The Plan may refuse participation to persons who would jeopardize the Plan's qualification as a governmental plan under federal law.
- (2a) The Plan shall admit any local government unit that meets the administrative and legal requirements of this section, regardless of the claims experience of the local government unit group or the financial impact on the Plan.
- (3) A local government unit shall determine the eligibility of its employees and employees' dependents.
- (3a) The premiums employees pay to the local government unit for their own coverage shall conform to the premiums in the structure set by the Plan. The premiums employees pay to the local government unit for coverage of their dependents may be determined by the local government unit but may not exceed the premiums set by the Plan.
- (4) Premiums for coverage and Plan options shall be the same as those offered to State employees and dependents on a fully contributory basis.
- (5) The local government unit shall pay all premiums for all covered individuals directly to the Plan or the Plan's designee.

(c) **Enrollment Limitation.** — Local governments may elect to participate until the number of employees and dependents of employees of local governments enrolled in the Plan reaches 16,000, after which time no additional local governments may join the Plan. Any local government electing to participate must have less than 1,000 employees and dependents enrolled in health coverage at the time the local government provides notice to the Plan of its desire to participate.

(d) Local governments participating in the Plan as of April 1, 2016, may elect to withdraw from participating in the Plan effective January 1, 2017. Notice of withdrawal must be given by the local government to the Plan no later than September 15, 2016.

(e) Except as permitted under subsection (d) of this section, a local government unit's election to participate in the Plan is irrevocable.

PART 5.

**COVERAGE MANDATES AND EXCLUSIONS;
OTHER MANDATES.**

§ 135-48.50. Coverage mandates.

The Plan shall provide coverage subject to the following coverage mandates:

- (1) **Abortion coverage.** — The Plan shall not provide coverage for abortions for which State funds could not be used under G.S. 143C-6-5.5. The Plan shall, however, provide coverage for subsequent complications or related charges arising from an abortion not covered under this subdivision.
- (2) **Immunizations.** — The Plan shall pay one hundred percent (100%) of allowable medical charges for immunizations for the prevention of contagious diseases as generally accepted medical practices would dictate when directed by a credentialed provider as determined by the claims processor.
- (3) **Insulin.** — Prescription benefits shall be provided for insulin even though a prescription is not required.
- (4) **Mental health parity.** — Benefits for the treatment of

mental illness and chemical dependency are covered by the Plan and shall be subject to the same deductibles, durational limits, and coinsurance factors as are benefits for physical illness generally. Nothing in this subdivision, however, shall prohibit the Plan from requiring the most cost-effective treatment setting to be utilized by a person undergoing necessary care and treatment for chemical dependency.

(5) [Reserved.]

(6) **Permissive coverage extension.** — If a covered service becomes excluded from coverage under the Plan, the Executive Administrator and Claims Processor may, in the event of exceptional situations creating undue hardships or adverse medical conditions, allow persons enrolled in the Plan to remain covered by the Plan's previous coverage for up to three months after the effective date of the change in coverage, provided the persons so enrolled had been undergoing a continuous plan of specific treatment initiated within three months prior to the effective date of the change in coverage.

(7) **Reconstructive surgery.** — Charges for cosmetic surgery or treatment required for correction of damage caused by accidental injury sustained by the covered individual while coverage under this plan is in force on his or her account or to correct congenital deformities or anomalies shall not be excluded if they otherwise qualify as covered medical expenses. Reconstructive breast surgery following mastectomy, as those terms are defined in G.S. 58-51-62, shall be covered.

History.

2011-85, s. 2.10; 2011-145, s. 29.23(c); 2012-194, s. 32.

Editor's Note.

Session Laws 2011-85, s. 2.10 enacted G.S. 135-48.50 in the coded bill drafting format provided by G.S. 120-20.1, with two subdivisions reserved. In both locations, the word "reserved" was underlined. Later during the 2011 Regular Session, Session Laws 2011-145, s. 29.23(c), inserted the current language in subdivision (1), but the word "reserved" was not lined out, resulting in superfluous language. Session Laws 2012-194, s. 32, removed the superfluous language "Reserved."

Session Laws 2011-145, s. 29.23(b), provides: "Effective until January 1, 2012, the provisions of G.S. 135-45.8(21) and (22) do not apply to complications or related charges from an abortion not

covered under G.S. 143C-6-5.5, as enacted by subsection (a) of this section."

Session Laws 2011-145, s. 1.1, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2011.'"

Session Laws 2011-145, s. 32.2, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2011-2013 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2011-2013 fiscal biennium."

Session Laws 2011-145, s. 32.5, is a severability clause.

Subdivision (5) has been set out as [Reserved] at the direction of the Revisor of Statutes. The word "Reserved" was in subdivisions (1) and (5) of this section as enacted, but were removed by the 2012 amendment to correct that error.

The Plan shall not provide coverage for or pay any benefits for any of the following:

- (1) Charges to the extent paid, or which the individual is entitled to have paid, or to obtain without cost, in accordance with any government laws or regulations except Medicare. If a charge is made to any such person which he or she is legally required to pay, any benefits under this Plan will be computed in accordance with its provisions, taking into account only such charge. "Any government" includes the federal, State, provincial, or local government, or any political subdivision thereof, of the United States, Canada, or any other country.
- (2) Charges for services rendered in connection with any occupational injury or disease arising out of and in the course of employment with any employer, if (i) the employer furnishes, pays for or provides reimbursement for such charges, or (ii) the employer makes a settlement payment for such charges, or (iii) the person incurring such charges waives or fails to assert his or her rights respecting such charges.

(a) Repealed by Session Laws 2018-84, s. 11(a), effective June 25, 2018.

(b) No later than two years after both parties have signed the written charter under G.S. 115C-218.15, the board of directors of a charter school operated by a private nonprofit corporation or a charter school operated by a municipality shall elect whether to become a participating employer in the Plan in accordance with this Article. This election shall be in writing and filed with the Plan and the State Board of Education. This election is effective for each charter school employee as of the date of that employee's entry into eligible service.

(b1) A charter school making an election to become a participating employing unit in the Plan under this section shall provide notice of the intent to make that election six months prior to making the election; provided that the Plan shall not prohibit a charter school from becoming a participating employing unit solely because that charter school did not provide this notice.

(c) A board's election to become a participating employer in the Plan under this section is irrevocable and shall require all eligible employees of the charter school to participate.

(d) If a charter school's board of directors does not elect to become a participating employer in the Plan under this section, that school's employees and the dependents of those employees are not eligible for any benefits under the Plan on account of employment with a charter school.

This notification shall be in writing and shall be provided within 30 days of the board's election or at the time an initial offer for employment is made, whichever occurs last. If the board did not elect to become a participating employer in the Plan, the notice shall include a statement that the employee shall have no legal recourse against the board or the State for any possible benefit under the Plan. The employee shall provide written acknowledgment of the employee's receipt of the notification under this subsection.

Editor's Note.

Session Laws 2005-345, s. 42, repealed Session Laws 2005-276, s. 29.30A(c), which had proposed to amend this section by inserting references to Utilities Commissioners in subdivisions (5), (12) and (13) of this section and by adding subdivision (14a), a definition of "Utilities Commissioner."

This section was amended by Session Laws 2007-323, s. 28.21B(c), in the coded bill drafting format provided by G.S. 120-20.1. In subdivision (13), the word “and” before “clerk of superior court” was omitted, not stricken through, and an additional word “and” was inserted, underlined, resulting in the word “and” appearing twice. In Session Laws 2008-107, s. 26.24(c), subdivision (13) was again amended in the coded bill drafting format and the extra “and” was omitted, but not stricken through. Subdivision (13) has been set out in the form above at the direction of the Revisor of Statutes.

Session Laws 2007-323, s. 1.2, provides: “This act shall be known as the ‘Current Operations and Capital Improvements Appropriations Act of 2007.’”

Subdivision (6b), as enacted by Session Laws 2008-107, s. 26.24(c), was redesignated as subdivision (6a), and former subdivision (6a) was redesignated as present subdivision (6b), at the direction of the Revisor of Statutes.

from the General Fund and Highway Fund to the Compensation Bonus Reserves, nonrecurring funds for the 2016-2017 fiscal year are authorized generally to provide employing agencies with funds to award one-time merit-based bonuses to State-funded personnel in accordance with eligibility policies adopted by the employing agencies. The eligibility policy shall not provide an across-the-board bonus for this purpose. Notwithstanding G.S. 135-1(7a) and G.S. 135-53(5), merit-based bonuses awarded under this Part are not compensation under Chapter 135 of the General Statutes.”

Session Laws 2016-94, s. 1.2, provides: “This act shall be known as the ‘Current Operations and Capital Improvements Appropriations Act of 2016.’”

Session Laws 2016-94, s. 39.4, provides: “Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2016-2017 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2016-2017 fiscal year.”

CASE NOTES

Retiree Not Entitled to Tax-Free Pension. — Retiree was not entitled to a tax free pension because he withdrew his contributions to the Consolidated Judicial Retirement System and the Teachers’ and State Employees Retirement System and left public employment before August 12, 1989, and thus he was not vested on that date; although the retiree later returned to public employment, became vested, and repaid the money he had previously withdrawn,

when read together, G.S. 135-4 and G.S. 135-5 made clear that a member who left state service and withdrew contributions in the retirement system had no rights to any benefits within the system except for the right to repay previously withdrawn contributions as provided in G.S. 135-4. The repayment served only to increase the retiree’s years of service creditable. *Cashwell v. Dep’t of State Treasurer, Ret. Sys. Div.*, 196 N.C. App. 80, 675 S.E.2d 73, 2009 N.C. App. LEXIS 452 (2009).

§ 135-54. Name and date of establishment.

A Retirement System is hereby established and placed under the management of the Board of Trustees for the purpose of providing retirement allowances and other benefits under the provisions of this Article for justices and judges, district attorneys, public defenders, the Director of Indigent Defense Services, and clerks of superior court of the General Court of Justice of North Carolina, and their survivors. This Retirement System is a governmental plan, within the meaning of Section 414(d) of the Internal Revenue Code. Therefore, the nondiscrimination rules of Sections 401(a)(5) and

401(a)(26) of the Code do not apply. The Retirement System so created shall be established as of January 1, 1974.

The Retirement System shall have the power and privileges of a corporation and shall be known as the “Consolidated Judicial Retirement System of North Carolina,” and by such name all of its business shall be transacted.

Consistent with Section 401(a)(1) of the Internal Revenue Code, all contributions from participating employers and participating employees to this Retirement System shall be made to funds held in trust through trust instruments that have the purposes of distributing trust principal and income to retired members and their beneficiaries and of paying other definitely determinable benefits under this Chapter, after meeting the necessary expenses of administering this Retirement System. Neither the trust corpus nor income from this trust can be used for purposes other than the exclusive benefit of members or their beneficiaries, except that employer contributions made to the trust under a good faith mistake of fact may be returned to an employer, where the refund can occur within less than one year after the mistaken contribution was made, consistent with the rule adopted by the Board of Trustees. The Retirement System shall have a consolidated Plan document, consisting of relevant statutory provisions in this Chapter, associated regulations in the North Carolina Administrative Code, substantive and procedural information on the official forms used by the Retirement System, and policies and minutes of the Board of Trustees.

Editor's Note.

Session Laws 2005-345, s. 42, repealed

(b)(1).

§ 135-56. (Effective until January 1, 2022) Creditable service.

(a) Subject to such rules and regulations as the Board of Trustees shall adopt with regard to the verification of a judge's prior service, the prior service of a judge shall consist of his service rendered prior to January 1, 1974, as a justice of the Supreme Court, judge of the Court of Appeals, judge of the superior court, judge of the district court division of the General Court of Justice, as administrative officer of the courts, or as a solicitor or district attorney.

(b) On or before December 31, 2021, when membership ceases as a result of a member's withdrawal of his or her accumulated contributions, the prior service and previous membership service of the member shall no longer be considered to be creditable service; provided, however, that if a member whose creditable service has been cancelled in accordance with this subsection subsequently returns to membership for a period of five years, the member may thereafter repay in a lump sum the amount withdrawn plus regular

interest thereon from the date of withdrawal through the date of repayment and thereby increase his or her creditable service by the amount of creditable service lost when the member withdrew his or her accumulated contributions.

(b1) On and after January 1, 2022, when membership ceases as a result of a member's withdrawal of his or her accumulated contributions, the prior service and previous membership service of the member shall no longer be creditable service. If a member whose creditable service has been cancelled in accordance with this subsection subsequently returns to membership service and completes five years of membership service upon that return, then the member may purchase an amount of creditable service corresponding to the total of the membership service associated with the withdrawn contributions, provided that the total amount of creditable service purchased under this subsection may not exceed five years. The member shall purchase this service by paying a lump sum amount to the Annuity Savings Fund equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees upon the advice of the consulting actuary. The increases as set by the Board of Trustees upon the advice of the consulting actuary shall also include an administrative fee to be set by the Board.

Subject to the requirements of this subsection, an employer may pay all or part of the cost of a service purchase of a member in service. To the extent that the purchase is paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund. To the extent that the purchase is paid by the member, the cost paid by the member shall be credited to the member's annuity savings account.

(c) On and after January 1, 1984, the creditable service of a member who was a member of the former Uniform Solicitorial or Uniform Clerks of Superior Court Retirement Systems at the time of merger of those Systems into this Consolidated Judicial Retirement System and whose accumulated contributions are transferred from those Systems to this System, includes service that was creditable in the Uniform Solicitorial and Uniform Clerks of Superior Court Retirement Systems; and membership service with those Retirement Systems is membership service with this Retirement System.

(d) Any member may purchase creditable service for service as a judge, district attorney, or clerk of superior court, when not otherwise provided for in this section, and as a judge of any lawfully constituted court of this State inferior to the superior court, not to

include service as a magistrate, justice of the peace or mayor's court judge. The member, after the transfer of any accumulated contributions from the Teachers' and State Employees' Retirement System or Local Governmental Employees' Retirement System, shall pay an amount equal to the full cost of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the System's liabilities, taking into account the additional retirement allowance arising on account of the additional service credit commencing at the earliest age at which the member could retire with an unreduced retirement allowance as determined by the Board of Trustees upon the advice of the consulting actuary. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

(e) Any member may purchase creditable service for service as a member of the General Assembly not otherwise creditable under this section, provided the service is not credited in the Legislative Retirement Fund nor the Legislative Retirement System, and further provided the member pays a lump sum amount equal to the full cost of the additional service credits calculated on the basis of the assumptions used for the purposes of the actuarial valuation of the System's liabilities, taking into account the additional retirement allowance arising on account of the additional service credits commencing at the earliest age at which a member could retire on an unreduced retirement allowance as determined by the Board of Trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the Board of Trustees. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

(f) The creditable service of a member who was a member of the Local Governmental Employees' Retirement System, the Teachers' and State Employees' Retirement System, or the Legislative Retirement System and whose accumulated contributions and reserves are transferred from that System to this System, includes service that was creditable in the Local Governmental Employees' Retirement System, the Teachers' and State Employees' Retirement System, or the Legislative Retirement System, and membership service with those Retirement Systems is membership service with this Retirement System.

(g) If a member who has not vested in this System on July 1, 2007, is convicted of an offense listed in G.S. 135-75.1 for acts committed

after July 1, 2007, then that member shall forfeit all benefits under this System. If a member who has vested in this System on July 1, 2007, is convicted of an offense listed in G.S. 135-75.1 for acts committed after July 1, 2007, then that member is not entitled to any creditable service that accrued after July 1, 2007, regardless of whether that creditable service was earned by virtue of membership in the System, accrued by conversion of sick leave at the point of the member's retirement, accrued by transfer of service from another retirement system, purchased by the member in accordance with this Chapter, or accrued by any other means. No member shall forfeit any benefit or creditable service earned from a position not as a justice, judge, district attorney, or clerk of superior court. For purposes of this subsection, creditable service attributable to the conversion of sick leave accrues in this System on the date of retirement, service transferred to this System from another system accrues in this System on the effective date of the transfer, and purchased service accrues in this System on the date of the purchase.

(h) On and after July 1, 2007, the creditable service of a member who was a public defender and a member of the Teachers' and State Employees' Retirement System at the time of transfer of membership from the previous system to this System shall include service as a public defender that was creditable in the previous system immediately prior to July 1, 2007. The accumulated contributions, creditable service, and reserves, if any, of a member as a public defender shall be transferred from the previous system to this System in the same manner as prescribed under G.S. 135-28.1 as it pertained to judges of the district court division of the General Court of Justice.

(i) On and after July 1, 2008, the creditable service of a member who is the Director of Indigent Defense Services and a member of the Teachers' and State Employees' Retirement System at the time of transfer of membership from the previous system to this System shall include service as the Director of Indigent Defense Services beginning July 1, 2004, that was creditable in the previous system immediately prior to July 1, 2008. The accumulated contributions, creditable service, and reserves, if any, of a member as the Director of Indigent Defense Services beginning July 1, 2004, shall be transferred from the previous system to this System in the same manner as prescribed under G.S. 135-28.1 as it pertained to judges of the district court division of the General Court of Justice.

(j) If a member who is in service and has not vested in this System on December 1, 2012, is convicted of an offense listed in G.S. 135-75.1A for acts committed after December 1, 2012, then that member shall forfeit all benefits under this System, except for a return of member contributions plus interest. If a member who is in service and has vested in this System on December 1, 2012, is

convicted of an offense listed in G.S. 135-75.1A for acts committed after December 1, 2012, then that member is not entitled to any creditable service that accrued after December 1, 2012, regardless of whether that creditable service was earned by virtue of membership in the System, accrued by conversion of sick leave at the point of the member's retirement, accrued by transfer of service from another retirement system, purchased by the member in accordance with this Chapter, or accrued by any other means. For purposes of this subsection, creditable service attributable to the conversion of sick leave accrues in this System on the date of retirement, service transferred to this System from another system accrues in this System on the effective date of the transfer, and purchased service accrues in this System on the date of the purchase.

§ 135-56. Creditable service.

(a) Subject to such rules and regulations as the Board of Trustees shall adopt with regard to the verification of a judge's prior service, the prior service of a judge shall consist of his service rendered prior to January 1, 1974, as a justice of the Supreme Court, judge of the Court of Appeals, judge of the superior court, judge of the district court division of the General Court of Justice, as administrative officer of the courts, or as a solicitor or district attorney.

(b) On or before December 31, 2021, when membership ceases as a result of a member's withdrawal of his or her accumulated contributions, the prior service and previous membership service of the member shall no longer be considered to be creditable service; provided, however, that if a member whose creditable service has

been cancelled in accordance with this subsection subsequently returns to membership for a period of five years, the member may thereafter repay in a lump sum the amount withdrawn plus regular interest thereon from the date of withdrawal through the date of repayment and thereby increase his or her creditable service by the amount of creditable service lost when the member withdrew his or her accumulated contributions.

(b1) On and after January 1, 2022, when membership ceases as a result of a member's withdrawal of his or her accumulated contributions, the prior service and previous membership service of the member shall no longer be creditable service. If a member whose creditable service has been cancelled in accordance with this subsection subsequently returns to membership service and completes five years of membership service upon that return, then the member may purchase an amount of creditable service corresponding to the total of the membership service associated with the withdrawn contributions, provided that the total amount of creditable service purchased under this subsection may not exceed five years. The member shall purchase this service by paying a lump sum amount to the Annuity Savings Fund equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees upon the advice of the consulting actuary. The increases as set by the Board of Trustees upon the advice of the consulting actuary shall also include an administrative fee to be set by the Board.

Subject to the requirements of this subsection, an employer may pay all or part of the cost of a service purchase of a member in service. To the extent that the purchase is paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund. To the extent that the purchase is paid by the member, the cost paid by the member shall be credited to the member's annuity savings account.

(c) On and after January 1, 1984, the creditable service of a member who was a member of the former Uniform Solicitorial or Uniform Clerks of Superior Court Retirement Systems at the time of merger of those Systems into this Consolidated Judicial Retirement System and whose accumulated contributions are transferred from those Systems to this System, includes service that was creditable in the Uniform Solicitorial and Uniform Clerks of Superior Court Retirement Systems; and membership service with those Retirement Systems is membership service with this Retirement System.

(d) Prior to January 1, 2023, any member may purchase creditable service for service as a judge, district attorney, or clerk of

superior court, when not otherwise provided for in this section, and as a judge of any lawfully constituted court of this State inferior to the superior court, not to include service as a magistrate, justice of the peace or mayor's court judge. The member, after the transfer of any accumulated contributions from the Teachers' and State Employees' Retirement System or Local Governmental Employees' Retirement System, shall pay an amount equal to the full cost of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the System's liabilities, taking into account the additional retirement allowance arising on account of the additional service credit commencing at the earliest age at which the member could retire with an unreduced retirement allowance as determined by the Board of Trustees upon the advice of the consulting actuary. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

(d1) Notwithstanding any provision of this Chapter to the contrary, on and after January 1, 2023, any member may purchase creditable service for service as a judge, district attorney, or clerk of superior court, when not otherwise provided for in this section, and as a judge of any lawfully constituted court of this State inferior to the superior court, not to include service as a magistrate, justice of the peace, or mayor's court judge. The member, after the transfer of any accumulated contributions from the Teachers' and State Employees' Retirement System or Local Governmental Employees' Retirement System, shall pay an amount equal to the full cost of the additional service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the System's liabilities, taking into account the additional retirement allowance arising on account of the additional service credit commencing at the earliest age at which the member could retire with an unreduced retirement allowance as determined by the Board of Trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the Board of Trustees. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual postretirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

(e) Prior to January 1, 2023, any member may purchase creditable service for service as a member of the General Assembly not otherwise creditable under this section, provided the service is not credited in the Legislative Retirement Fund nor the Legislative Retirement System, and further provided the member pays a lump

sum amount equal to the full cost of the additional service credits calculated on the basis of the assumptions used for the purposes of the actuarial valuation of the System's liabilities, taking into account the additional retirement allowance arising on account of the additional service credits commencing at the earliest age at which a member could retire on an unreduced retirement allowance as determined by the Board of Trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the Board of Trustees. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

(e) Notwithstanding any provision of this Chapter to the contrary, on and after January 1, 2023, any member in service with five or more years of membership service may purchase creditable service for service as a member of the General Assembly not otherwise creditable under this section, provided the service is not credited in the Legislative Retirement Fund nor the Legislative Retirement System, by paying a total lump sum payment. The amount of creditable service purchased under this subsection may not exceed a total of five years. The member shall purchase this service by paying a lump sum amount to the Annuity Savings Fund equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees upon the advice of the consulting actuary. Subject to the requirements of this subsection, an employer may pay all or part of the cost of a service purchase of a member in service. To the extent that the purchase is paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund. To the extent that the purchase is paid by the member, the cost paid by the member shall be credited to the member's annuity savings account.

(f) The creditable service of a member who was a member of the Local Governmental Employees' Retirement System, the Teachers' and State Employees' Retirement System, or the Legislative Retirement System and whose accumulated contributions and reserves are transferred from that System to this System, includes service that was creditable in the Local Governmental Employees' Retirement System, the Teachers' and State Employees' Retirement System, or the Legislative Retirement System, and membership service

with those Retirement Systems is membership service with this Retirement System.

(g) If a member who has not vested in this System on July 1, 2007, is convicted of an offense listed in G.S. 135-75.1 for acts committed after July 1, 2007, then that member shall forfeit all benefits under this System. If a member who has vested in this System on July 1, 2007, is convicted of an offense listed in G.S. 135-75.1 for acts committed after July 1, 2007, then that member is not entitled to any creditable service that accrued after July 1, 2007, regardless of whether that creditable service was earned by virtue of membership in the System, accrued by conversion of sick leave at the point of the member's retirement, accrued by transfer of service from another retirement system, purchased by the member in accordance with this Chapter, or accrued by any other means. No member shall forfeit any benefit or creditable service earned from a position not as a justice, judge, district attorney, or clerk of superior court. For purposes of this subsection, creditable service attributable to the conversion of sick leave accrues in this System on the date of retirement, service transferred to this System from another system accrues in this System on the effective date of the transfer, and purchased service accrues in this System on the date of the purchase.

(h) On and after July 1, 2007, the creditable service of a member who was a public defender and a member of the Teachers' and State Employees' Retirement System at the time of transfer of membership from the previous system to this System shall include service as a public defender that was creditable in the previous system immediately prior to July 1, 2007. The accumulated contributions, creditable service, and reserves, if any, of a member as a public defender shall be transferred from the previous system to this System in the same manner as prescribed under G.S. 135-28.1 as it pertained to judges of the district court division of the General Court of Justice.

(i) On and after July 1, 2008, the creditable service of a member who is the Director of Indigent Defense Services and a member of the Teachers' and State Employees' Retirement System at the time of transfer of membership from the previous system to this System shall include service as the Director of Indigent Defense Services beginning July 1, 2004, that was creditable in the previous system immediately prior to July 1, 2008. The accumulated contributions, creditable service, and reserves, if any, of a member as the Director of Indigent Defense Services beginning July 1, 2004, shall be transferred from the previous system to this System in the same manner as prescribed under G.S. 135-28.1 as it pertained to judges of the district court division of the General Court of Justice.

(j) If a member who is in service and has not vested in this System on December 1, 2012, is convicted of an offense listed in G.S.

135-75.1A for acts committed after December 1, 2012, then that member shall forfeit all benefits under this System, except for a return of member contributions plus interest. If a member who is in service and has vested in this System on December 1, 2012, is convicted of an offense listed in G.S. 135-75.1A for acts committed after December 1, 2012, then that member is not entitled to any creditable service that accrued after December 1, 2012, regardless of whether that creditable service was earned by virtue of membership in the System, accrued by conversion of sick leave at the point of the member's retirement, accrued by transfer of service from another retirement system, purchased by the member in accordance with this Chapter, or accrued by any other means. For purposes of this subsection, creditable service attributable to the conversion of sick leave accrues in this System on the date of retirement, service transferred to this System from another system accrues in this System on the effective date of the transfer, and purchased service accrues in this System on the date of the purchase.

§ 135-56.01. Reciprocity of creditable service with other State-administered retirement systems.

(a) Only for the purpose of determining eligibility for benefits accruing under this Article, creditable service standing to the credit of a member of the Legislative Retirement System, Teachers' and

State Employees' Retirement System, or the Local Governmental Employees' Retirement System shall be added to the creditable service standing to the credit of a member of this System; provided, that in the event a person is a retired member of any of the foregoing retirement systems, such creditable service standing to the credit of the retired member prior to retirement shall be likewise counted. In no instance shall service credits maintained in the aforementioned retirement systems be added to the creditable service in this System for application of this System's benefit accrual rate in computing a service retirement benefit unless specifically authorized by this Article.

(b) A person who was a former member of this System and who has forfeited his creditable service in this System by receiving a return of contributions and who has creditable service in the Legislative Retirement System, Teachers' and State Employees' Retirement System, or the Local Government Employees' Retirement System may count such creditable service for the purpose of restoring the creditable service forfeited in this System under the terms and conditions as set forth in this Article and reestablish membership in this System.

(c) Creditable service under this section shall not be counted twice for the same period of time whether earned as a member, purchased, or granted as prior service credits.

§ 135-56.1. (Repealed)

Repealed by Session Laws 1983 (Regular Session, 1984), c. 1031, s. 16.

§ 135-56.2. (Effective until January 1, 2022) Creditable service for other employment.

Any member may purchase creditable service for service as a State teacher or employee, as defined under G.S. 135-1(10) and (25), and for service as an employee of local government, as defined under G.S. 128-21(10). A member, upon the completion of 10 years of membership service, may also purchase creditable service for periods of federal employment, provided that the member is not receiving any retirement benefits resulting from this federal employment, and provided that the member is not vested in the particular federal retirement system to which the member may have belonged while a federal employee. The member, after the transfer of any accumu-

lated contributions from the Teachers' and State Employees' Retirement System or Local Governmental Employees' Retirement System, shall pay an amount equal to the full cost of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the Retirement System's liabilities, taking into account the additional retirement allowance arising on account of the additional service credits commencing at the earliest age at which the member could retire with an unreduced retirement allowance as determined by the Board of Trustees upon the advice of the consulting actuary, plus an administrative fee as set by the Board of Trustees. As an alternative to transferring any accumulated contributions from the Teachers' and State Employees' Retirement System or the Local Governmental Employees' Retirement System to the Consolidated Judicial Retirement System, a member may irrevocably elect to transfer these contributions to the Supplemental Retirement Income Plan of North Carolina as determined by the Plan's Board of Trustees and the Department of State Treasurer in accordance with the provisions of G.S. 135-94(a)(4). Notwithstanding the foregoing provisions of this section that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

A member, upon the completion of 10 years of membership service, may also purchase creditable service for periods of federal employment, provided that the member is not receiving any retirement benefits resulting from this federal employment, and provided that the member is not vested in the particular federal retirement system to which the member may have belonged while a federal employee. The member, after the transfer of any accumulated contributions from the Teachers' and State Employees' Retirement System or Local Governmental Employees' Retirement System, shall purchase this service by paying a lump sum amount to the annuity savings fund equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced

retirement allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees upon the advice of the consulting actuary. Subject to the requirements of this subsection, an employer may pay all or part of the cost of a service purchase of a member in service. To the extent that the purchase is paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund. As an alternative to transferring any accumulated contributions from the Teachers' and State Employees' Retirement System or the Local Governmental Employees' Retirement System to the Consolidated Judicial Retirement System, a member may irrevocably elect to transfer these contributions to the Supplemental Retirement Income Plan of North Carolina as determined by the Plan's Board of Trustees and the Department of State Treasurer in accordance with the provisions of G.S. 135-94(a)(4). Notwithstanding the foregoing provisions of this section that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual postretirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

Notwithstanding the foregoing, the Retirement System shall not accept any amount as a rollover contribution unless such amount is eligible to be rolled over to a qualified trust in accordance with applicable law and the member provides evidence satisfactory to the Retirement System that such amount qualifies for rollover treatment. Unless received by the Retirement System in the form of a direct rollover, the rollover contribution must be paid to the Retirement System on or before the 60th day after the date it was received by the member.

(b) **Purchase of Service Credits Through Plan-to-Plan Transfers.** — Notwithstanding any other provision of this Article, and without regard to any limitations on contributions otherwise set forth in this Article, a member, who is eligible to restore or purchase membership or creditable service pursuant to the provisions of this Article, may, subject to such rules and regulations established by the Board of Trustees, purchase such service credits through a direct transfer to the Annuity Savings Fund of funds from (i) the Supplemental Retirement Income Plans A, B, or C of North Carolina or (ii) any other defined contribution plan qualified under Section 401(a) of the Internal Revenue Code which is maintained by the State of North Carolina, a political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state.

comes effective the later of January 1, 2003, or the date upon which the Department of State Treasurer receives a ruling from the Internal Revenue Service approving the direct transfers provided for in that subsection. The Revisor of Statutes is informed that a favorable letter of determination has been received.

§ 135-57. Service retirement.

(a) Any member on or after January 1, 1974, who has attained his fiftieth birthday and five years of membership service may retire upon electronic submission or written application to the board of trustees setting forth at what time, as of the first day of a calendar

(c) Any member who terminates service on or after January 1, 1974, having accumulated five or more years of creditable service may retire under the provisions of subsection (a) above, provided that he shall not have withdrawn his accumulated contributions prior to the effective date of his retirement, and the requirement of subsection (a) that the member be in service shall not apply.

(c1) Repealed by Session Laws 2014-88, s. 3(h), effective July 30, 2014.

- (b) Any member who retires under the provisions of subsection (a) or subsection (c) of G.S. 135-57 before he either has attained his sixty-fifth birthday or has completed 24 years of creditable service shall receive an annual retirement allowance, payable monthly, which shall commence on the effective date of his retirement and shall be continued on the first day of each month thereafter during his lifetime, the amount of which shall be determined in the same manner and be subject to the same maximum limitation as provided for in subsection (a) above except that the allowance so computed

shall be reduced by one quarter of one percent ($\frac{1}{4}$ of 1%) thereof for each month by which the member's retirement date precedes the first day of the month coincident with or next following the earlier of

- (1) The member's sixty-fifth birthday or
- (2) The date the member would have completed 24 years of creditable service if he had been in membership service from his retirement date until such date.

For the sole purpose of determining whether a member has completed the required 24 years of creditable service referred to in this subsection (b) or the date on which he would have completed such period of creditable service if he had remained in membership service, in the case of a member of the Teachers' and State Employees' Retirement System who became a member of this Retirement System under circumstances described in G.S. 135-28.1, and who at the time of his retirement hereunder is in service and has retained his membership in the Teachers' and State Employees' Retirement System as provided for in G.S. 135-28.1, his creditable service shall be taken as the sum of his creditable service hereunder plus the amount of creditable service remaining to his credit in such other system as provided for in G.S. 135-28.1.

(c) The foregoing subsections of this section to the contrary notwithstanding, in no event will the retirement allowance payable at any time to a retired member who was a member of a previous system immediately prior to January 1, 1974, prior to any reduction of such allowance in accordance with G.S. 135-61, be less than the retirement allowance to which he would have been entitled under the terms of such previous system if this Article had not been enacted.

(d) Commencing with the payment for the month of January 1974, the retirement allowance of each retired member of a previous system who was in receipt of a retirement allowance thereunder as of January 1, 1974, shall be paid from the assets of the Retirement System in the same amount as would have been applicable for January 1974, if this Article had not been enacted.

(e) Notwithstanding any other provision to the contrary, in no event will the retirement allowance payable at any time to a retired member who was a member of a previous system immediately prior to January 1, 1974, prior to any reduction of such allowance in accordance with G.S. 135-61, be greater than the retirement allowance to which he would have been entitled under the terms of such previous system if this Article had not been enacted or than the retirement allowance to which he would have been entitled under this Article if he had not been entitled to benefits under the terms of such previous system, whichever is larger.

CASE NOTES

Differential in percentages used to calculate retirement benefits does not violate the equal protection clause of U.S. Const., Amend. XIV. The objectives sought by the legislature to be obtained from the present retirement

system are valid, and the method chosen is reasonably calculated to achieve that end. *Gentry v. Uniform Judicial Retirement Sys.*, 378 F. Supp. 1, 1974 U.S. Dist. LEXIS 7413 (M.D.N.C. 1974).

§ 135-59. Disability retirement.

(a) Upon application by or on behalf of the member, any member in service who has completed five or more years of creditable service and who has not attained his sixty-fifth birthday may be retired by the Board of Trustees, on the first day of any calendar month, not less than one day nor more than 120 days next following the date of filing such application, on a disability retirement allowance; provided, that the medical board, after a medical examination of such member, shall certify that such member is mentally or physically incapacitated for the further performance of duty, that such incapacity was incurred at the time of active employment and has been continuous thereafter, that such incapacity is likely to be permanent, and that such member should be retired; and, provided further, that if a member is removed by the Supreme Court for mental or physical incapacity under the provisions of G.S. 7A-376, no action is required by the medical board under this section and, provided further, the medical board shall determine if the member is able to engage in gainful employment and, if so, the member shall still be retired and the disability retirement allowance as a result thereof shall be reduced as in G.S. 135-60(d). Provided further, that the medical board shall not certify any member as disabled who:

- (1) Applies for disability retirement based upon a mental or physical incapacity which existed when the member first established membership in the system; or
- (2) Is in receipt of any payments on account of the same disability which existed when the member first established membership in the system.

The Board of Trustees shall require each employee upon enrolling in the Retirement System to provide information on the membership application concerning any mental or physical incapacities existing at the time the member enrolls.

Notwithstanding the foregoing to the contrary, any beneficiary who commenced retirement with an early or service retirement benefit has the right, within three years of this retirement, to convert to an allowance with disability retirement benefits without modification of any election of optional allowance previously made; provided, the beneficiary presents clear and convincing evidence that the beneficiary would have met all applicable requirements for disability retirement benefits while still in service as a member. The allowance on account of disability retirement benefits to the beneficiary shall be retroactive to the effective date of early or service retirement.

(b) Notwithstanding the foregoing, the surviving spouse of a deceased member who has met all other requirements for disability retirement benefits, except whose death occurred before the first day of the calendar month in which the member's disability retirement allowance was due and payable, and who was the designated beneficiary for a return of accumulated contributions and the final compensation death benefit as provided in G.S. 135-63, shall be paid in lieu of the return of accumulated contributions and the final compensation death benefit a monthly allowance equal to a reduced retirement allowance provided by a fifty percent (50%) joint and survivorship option, plus the allowance payable to a former member's surviving spouse, in the manner prescribed under G.S. 135-64 as though the former member had commenced retirement the first day of the month following his death.

§ 135-60. Disability retirement benefits.

(a) Upon retirement for disability in accordance with G.S. 135-59, a member shall receive a disability retirement allowance computed and payable as provided for service retirement in subsection (a6) of G.S. 135-58, except that the member's creditable service shall be taken as the creditable service the member would have had if the member had continued in service to the earliest date the member could have retired on an unreduced service retirement allowance as

a member in the same division of the General Court of Justice in which the member was serving on the member's disability retirement date.

(b) Once each year during the first five years following retirement of a member on a disability retirement allowance, and once in every three-year period thereafter, the Board of Trustees may, and upon his application shall, require any disability beneficiary who has not yet attained his sixtieth birthday to undergo a medical examination, such examination to be made at the place of residence of the beneficiary or other place mutually agreed upon, by a physician or physicians designated by the Board of Trustees. Should any disability beneficiary who has not yet attained his sixtieth birthday refuse to submit to at least one medical examination in any such year by a physician or physicians designated by the Board of Trustees, his allowance may be discontinued until his withdrawal of such refusal, and should his refusal continue for one year, it shall be assumed that he is no longer disabled.

(c) Should the medical board certify to the Board of Trustees that a disability beneficiary prior to his sixty-fifth birthday has recovered to the extent that he would not satisfy the requirements for disability retirement if he were an active member of the Retirement System, or if his disability shall be assumed to have terminated in accordance with subsection (b) above, his disability retirement allowance shall thereupon cease, he shall be restored as a member of the Retirement System, and the period during which he was in receipt of a disability retirement allowance shall not be included in his creditable service.

(d) The Board of Trustees shall determine whether a disability beneficiary is engaged in or is able to engage in a gainful occupation paying more than the difference, as hereinafter indexed, between his disability retirement allowance and the gross compensation earned as an employee during the 12 consecutive months in the final 48 months of service prior to retirement producing the highest gross compensation excluding any compensation received on account of termination. If the disability beneficiary is earning or is able to earn more than the difference, the portion of his disability retirement allowance not provided by his contributions shall be reduced to an amount which, together with the portion of the disability retirement allowance provided by his contributions and the amount earnable by him shall equal the amount of his gross compensation prior to retirement. This difference shall be increased on January 1 of each year by the percentage change between the December Consumer Price Index in the year prior to retirement and the December Consumer Price Index in the year most recently ended, calculated to the nearest tenth of one percent ($\frac{1}{10}$ of 1%), provided that this percentage change is positive. Should the earning capacity of the disability beneficiary later change, the portion of his disability

retirement allowance not provided by his contributions may be further modified. In lieu of the reductions on account of a disability beneficiary earning more than the aforesaid difference, he may elect to convert his disability retirement allowance to a service retirement allowance calculated on the basis of his final compensation and creditable service at the time of disability retirement and his age at the time of conversion to service retirement. This election is irrevocable.

CASE NOTES

Recovery of Contributions Following Removal for Cause. — Loss of retirement benefits as the result of the removal of a judge from office for cause other than mental or physical incapacity does not mean that the judge forfeits his

right to recover the contributions which he paid into the fund. In re Peoples, 296 N.C. 109, 250 S.E.2d 890, 1978 N.C. LEXIS 938 (1978), cert. denied, 442 U.S. 929, 99 S. Ct. 2859, 61 L. Ed. 2d 297, 1979 U.S. LEXIS 2066 (1979).

§ 135-63. Benefits on death before retirement.

(a) Upon receipt of proof, satisfactory to the Board of Trustees, of the death of a member in service, there shall be paid in a lump sum to such person as the member shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person is living at the time of the member's death, otherwise to the member's legal representatives, a death benefit equal to the sum of (i) the member's accumulated contributions, plus (ii) the member's final compensation; provided, however, that if the member has attained his or her fiftieth birthday with at least five years of membership service at the member's date of death, and if the designated recipient of the death benefits is the member's spouse who survives him or her, and if the spouse so elects, then the lump-sum death benefit provided for herein shall consist only of a payment equal to the member's final compensation and there shall be paid to the surviving spouse an annual retirement allowance, payable monthly, which shall commence on the first day of the calendar month coinciding with or next following the death of the member and shall be continued on the first day of each month thereafter until the remarriage or death of the spouse. The amount of any such retirement allowance shall be equal to one half of the amount of the retirement allowance to which the member would have been entitled had the member retired under the provisions of G.S. 135-57(a) on the first day of the calendar month coinciding with or next following the member's date of death, reduced by two percent (2%) thereof for each full year, if any, by which the age of the member at his or her date of death exceeds that of the member's spouse. If the retirement allowance to the spouse shall terminate on the remarriage or death of the spouse before the total of the retirement allowance payments made equals the amount of the member's accumulated contributions at date of death, the excess of such accumulated contributions over the total of the retirement allowances paid to the spouse shall be paid in a lump sum to such person as the member shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person is living at the time such payment falls due, otherwise to the former member's legal representatives.

(b) There shall be paid to the surviving unremarried spouse of any former judge who died in service prior to January 1, 1974, and after his forty-ninth birthday an annual retirement allowance which shall commence on January 1, 1974, and shall be continued on the first day of each month thereafter until the remarriage or death of the spouse. The amount of any such retirement allowance shall be computed in accordance with the provisions of subsection (a) above as if the provisions of this Article had been in effect on the date of death of the former judge, and the final compensation of such former judge had been equal to the rate of annual compensation in effect on December 31, 1973, for the office held by the former judge at the time of his death.

(c) Upon receipt of proof, satisfactory to the Board of Trustees, of the death of a member not in service, there shall be paid in a lump sum to such person as the member shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person is living at the time of the member's death, otherwise to the member's legal representatives, a death benefit equal to the member's accumulated contributions.

(d) Notwithstanding the provisions of G.S. 7A-376, there shall be paid to the surviving spouse of any former judge whose death occurred prior to July 1, 1983, who had not withdrawn his contributions pursuant to G.S. 135-62, an annual retirement allowance which shall commence on July 1, 1983, and shall be continued on the first day of each month thereafter until the death or remarriage of the spouse. If the spouse dies or remarries before the total of the retirement allowance paid equals the amount of the former judge's accumulated contributions, the excess of the accumulated contributions over the total of the retirement allowance paid to the spouse shall be paid in a lump sum to the person the spouse has nominated by written designation duly acknowledged and filed with the Board of Trustees, if the person is living at the time the payment falls due, otherwise to the spouse's legal representative. The amount of any such retirement allowance shall be computed in accordance with the provisions of subsection (a) above. This subsection does not authorize allowances to surviving spouses of former judges convicted of crimes related to the performance of their judicial duties.

(e) For purposes of this subsection, a participant whose employment is interrupted by reason of service in the Uniformed Services, as that term is defined in section 4303(16) of the Uniformed Services Employment and Reemployment Rights Act, Public Law 103-353, shall be deemed to be "in service" until the last day of such service in the Uniformed Services. If the participant does not return immediately after that service to employment with a covered employer in this System, then the participant shall be deemed "in service" until the date on which the participant was first eligible to

be separated or released from his or her involuntary military service.

§ 135-74. Internal Revenue Code compliance.

(a) Notwithstanding any other provisions of law to the contrary, compensation for any calendar year after 1988 in which employee or employer contributions are made and for which annual compensation is used for computing any benefit under this Article shall not exceed the higher of two hundred thousand dollars (\$200,000) or the amount determined by the Commissioner of Internal Revenue as the limitation for calendar years after 1989; provided the imposition of the limitation shall not reduce a member's benefit below the amount determined as of December 31, 1988.

All the provisions in this subsection have been enacted to make clear that the Plan shall not base contributions or Plan benefits on annual compensation in excess of the limits prescribed by Section 401(a)(17) of the Internal Revenue Code, as adjusted from time to time, subject to certain federal grandfathering rules.

Effective January 1, 1996, the annual compensation of a member taken into account for determining all benefits provided under this Article shall not exceed one hundred fifty thousand dollars (\$150,000), as adjusted pursuant to section 401(a)(17)(B) of the Internal Revenue Code and any regulations issued under the Code. However, with respect to a person who became a member of the Retirement System prior to January 1, 1996, the imposition of this

limitation on compensation shall not reduce the amount of compensation which may be taken into account for determining the benefits of that member under this Article below the amount of compensation which would have been recognized under the provisions of this Article in effect on July 1, 1993.

Effective January 1, 2002, the annual compensation of a person, who became a member of the Retirement System on or after January 1, 1996, taken into account for determining all benefits accruing under this Article for any plan year after December 31, 2001, shall not exceed two hundred thousand dollars (\$200,000) or the amount otherwise set by the Internal Revenue Code or determined by the Commissioner of Internal Revenue as the limitation for calendar years after 2002.

(b) Notwithstanding any other provisions of law to the contrary, the annual benefit payable on behalf of a member shall, if necessary, be reduced to the extent required by Section 415(b) and with respect to calendar years commencing prior to January 1, 2000, Section 415(e) of the Internal Revenue Code, as adjusted by the Secretary of the Treasury or his delegate pursuant to Section 415(d) of the Code. If a member is a participant under any qualified defined contributions plan that is required to be taken into account for the purposes of the limitation contained in Section 415 of the Internal Revenue Code, the annual benefit payable under this Article shall be reduced to the extent required by Section 415(e) prior to making any reduction under the defined contribution plan provided by the employer. However, with respect to a member who has benefits accrued under this Article but whose benefit had not commenced as of December 31, 1999, the combined plan limitation contained in Section 415(e) of the Internal Revenue Code shall not be applied to such member for calendar years commencing on or after January 1, 2000.

(c) On and after September 8, 2009, and for all Plan years to which the minimum distribution rules of the Internal Revenue Code are applicable, with respect to any member who has terminated employment, the Plan shall comply with federal income tax minimum distribution rules by applying a reasonable and good faith interpretation to Section 401(a)(9) of the Internal Revenue Code.

(c1) A member who has contributions in this System and is not eligible for a retirement benefit as set forth in G.S. 135-57 shall be paid his or her contributions in a lump sum as provided in G.S. 135-62 by April 1 of the calendar year following the later of the calendar year in which the member (i) attains 72 years of age or (ii) has ceased to be a judge, district attorney, public defender, the Director of Indigent Defense Services, or clerk of superior court as provided in G.S. 135-53, except by death. If the member fails, following reasonable notification, to complete a refund application by the required date, then the requirement that a refund application

be completed shall be waived and the refund shall be paid without a refund application as a single lump-sum payment with applicable required North Carolina and federal income taxes withheld.

A member who has contributions in this System and is eligible for a retirement benefit as set forth in G.S. 135-57 shall begin to receive a monthly benefit no later than April 1 of the calendar year following the later of the calendar year in which the member (i) attains 72 years of age or (ii) has ceased to be a judge, district attorney, public defender, the Director of Indigent Defense Services, or clerk of superior court as provided in G.S. 135-53, except by death. If the member fails, following reasonable notification, to complete the retirement process as set forth under Chapter 135 of the General Statutes by such required beginning date, then the requirement that a retirement application and an election of payment plan form be completed shall be waived and the retirement allowance shall be paid as a single life annuity. The single life annuity shall be calculated and processed in accordance with G.S. 135-58.

For purposes of this subsection, a member shall not be considered to have ceased to be a judge, district attorney, public defender, the Director of Indigent Defense Services, or clerk of superior court as provided in G.S. 135-53 if the member is actively contributing to the Teachers' and State Employees' Retirement System, Local Governmental Employees' Retirement System, or Consolidated Judicial Retirement System. A retirement benefit or lump-sum refund shall not be paid under this subsection if the member is actively contributing to the Teachers' and State Employees' Retirement System, Local Governmental Employees' Retirement System, or Legislative Retirement System.

(d) This subsection applies to distributions and rollovers from the Plan. The Plan does not have mandatory distributions within the meaning of Section 401(a)(31) of the Internal Revenue Code. With respect to distributions from the Plan and notwithstanding any other provision of the Plan to the contrary that would otherwise limit a distributee's election under this Article, a distributee (including, after December 31, 2006, a non-spouse beneficiary if that non-spouse beneficiary elects a direct rollover only to an inherited traditional or Roth IRA as permitted under applicable federal law) may elect, at the time and in the manner prescribed by the Plan administrator, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover. As used in this subsection, an "eligible retirement plan" means an individual retirement account described in Section 408(a) of the Code, an individual retirement annuity described in Section 408(b) of the Code, an annuity plan described in Section 403(a) of the Code, on and after January 1, 2009, a Roth IRA, or a qualified trust described in Section 401(a) of the Code, that accepts the distributee's eligible rollover distribution. Effective on

and after January 1, 2002, an eligible retirement plan also means an annuity contract described in Section 403(b) of the Code and an eligible plan under Section 457(b) of the Code that is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into that plan from this Plan. As used in this subsection, a “direct rollover” is a payment by the Plan to the eligible retirement plan specified by the distributee. Provided, an eligible rollover distribution is any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution shall not include: any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee’s designated beneficiary, or for a specified period of 10 years or more; any distribution to the extent such distribution is required under section 401(a)(9) of the Code; and the portion of any distribution that is not includible in gross income (determined without regard to the exclusion for net realized appreciation with respect to employer securities). Effective as of January 1, 2002, and notwithstanding the exclusion of any after-tax portion from such a rollover distribution in the preceding sentence, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includible in gross income. That portion may be transferred, pursuant to applicable federal law, to an individual retirement account or annuity described in Section 408(a) or (b) of the Code, to a qualified defined benefit plan, or to a qualified defined contribution plan described in Section 401(a), 403(a), or 403(b) of the Code that agrees to separately account for amounts so transferred, including separately accounting for the portion of such distribution which is includible in gross income and the portion of such distribution which is not so includible. The definition of eligible retirement plan shall also apply in the case of a distribution to surviving spouse, or to a spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code, or a court-ordered equitable distribution of marital property, as provided under G.S. 50-20.1. Effective on and after January 1, 2007, notwithstanding any other provision of this subsection, a nonspouse beneficiary of a deceased member may elect, at the time and in the manner prescribed by the administrator of the Board of Trustees of this Retirement System, to directly roll over any portion of the beneficiary’s distribution from the Retirement System; however, such rollover shall conform with the provisions of section 402(c)(11) of the Code.

Effect of Amendments.

Session Laws 2020-48, s. 1.2(c), in subsection (c1), in the first paragraph, substituted "G.S. 135-57" for "G.S. 135-58(a6)" and "72 years" for "70 and one-half years" in the first sentence, and deleted the last two sentences, which read: "For purposes of this subsection, a

member shall not be considered to have ceased to be a judge, district attorney, public defender, the Director of Indigent Defense Services, or clerk of superior court as provided in G.S. 135-53 if the member is actively contributing to the Teachers' and State Employees' Retirement System, Local Governmental Employees' Retirement System, or Consolidated Judicial Retirement System. A lump-sum refund shall not be paid under this subsection if the member is actively contributing to the Teachers' and State Employees' Retirement System, Local Governmental Employees' Retirement System, or Consolidated Judicial Retirement System.", in the second paragraph, substituted "G.S. 135-57" for "G.S. 120-4.21" and "72 years" for "70 and one-half years" in the first sentence, substituted "Chapter 135" for "Chapter 120" in the second sentence, and substituted "G.S. 135-58" for "G.S. 120-4.21" in the last sentence, and in the third paragraph, in the last sentence, added "or lump-sum refund" near the beginning and substituted "Legislative Retirement System" for "Consolidated Judicial Retirement System" at the end; and made minor stylistic changes. For effective date and applicability, see editor's note.

§ 135-75. Deduction for payments allowed.

(a) Any beneficiary who is a member of a domiciled employees' or retirees' association that has at least 2,000 members, the majority of whom are active or retired employees of the State or public school employees, may authorize, in writing, the periodic deduction from the beneficiary's retirement benefits a designated lump sum to be paid to the employees' or retirees' association. The authorization shall remain in effect until revoked by the beneficiary. A plan of deductions pursuant to this section shall become void if the employees' or retirees' association engages in collective bargaining with the State, any political subdivision of the State, or any local school administrative unit.

(b) Any beneficiary eligible for coverage under the State Health Plan may also authorize, in writing, the monthly deduction from the beneficiary's retirement benefits of a designated lump sum to be paid to the State Health Plan for any dependent whom the beneficiary wishes to cover under the State Health Plan. In the event that the beneficiary's own State Health Plan coverage is contributory, in whole or in part, the beneficiary may also authorize a designated lump sum to be paid to the State Health Plan on behalf of the beneficiary. In addition, a beneficiary may similarly authorize the deduction for supplemental voluntary insurance benefits, provided that the deduction is authorized by the Department of State

Treasurer and is payable to a company with which the Department of State Treasurer has or had an exclusive contractual relationship. Any such authorization shall remain in effect until revoked by the beneficiary.

§ 135-91. Administration.

(a) The provisions of this Article shall be administered by the Department of State Treasurer and the Supplemental Retirement Board of Trustees established in G.S. 135-96. The Department of State Treasurer and the Board of Trustees shall create a Supplemental Retirement Income Plan as of January 1, 1985, to be administered under the provisions of this Article.

(b) The Supplemental Retirement Income Plan shall have the power and privileges of a corporation and shall be known as the "Supplemental Retirement Income Plan of North Carolina" and by this name all of its business shall be transacted.

(c) The Department of State Treasurer and the Board of Trustees shall have full power and authority to adopt rules and regulations for the administration of the Plan, provided they are not inconsistent with the provisions of this Article.

(c1) Subject to the limitations specified in this subsection, the Department of State Treasurer and the Board of Trustees may adopt a new or amended rule to impose or change administrative fees under the Plan, provided that the rule is adopted at a public meeting that complies with Article 33C of Chapter 143 of the General Statutes. At least 30 days prior to such public meeting, the Department of State Treasurer shall post a copy of a draft of the rule on the Department of State Treasurer's public website and, subject to the approval of the Department of State Treasurer, send copies of the draft rule to persons requesting a copy. During the 30-day period preceding the public meeting at which the rule is to be adopted, the Department of State Treasurer and the Board of Trustees shall accept comments on the draft rule. Following the adoption or amendment of a rule concerning the imposition of, or a change to, an administrative fee, the Department of State Treasurer shall post the adopted rule to its public website and, subject to the approval of the Department of State Treasurer, provide a link or a copy of the adopted rule to persons requesting a copy. Rules adopted pursuant to this subsection shall remain in effect until amended or repealed by the Department of State Treasurer and the Board of Trustees and are not subject to Article 2A of Chapter 150B of the General Statutes. This subsection applies only to rules regarding administrative fees charged by the Department of State Treasurer and the

Board of Trustees for the Supplemental Retirement Plan of North Carolina, the North Carolina Deferred Compensation Plan, and the North Carolina Public School Teachers' and Professional Educators' Investment Plan. The Department of State Treasurer and the Board of Trustees may not adopt a new or amended rule to impose or change an administrative fee under the Plan that exceeds the following amounts:

- (1) Twenty-five thousandths percent (0.025%) of assets for the Supplemental Retirement Income Plan of North Carolina.
- (2) Twenty-five thousandths percent (0.025%) of assets for the North Carolina Deferred Compensation Plan.
- (3) Five hundredths percent (0.05%) of assets for the North Carolina Public School Teachers' and Professional Educators' Investment Plan.

(c2) The Department of State Treasurer and Board of Trustees may appoint those agents, contractors, employees and committees as they deem advisable to carry out the terms and conditions of the Plan. In order to promote achievement of long-term investment objectives and to retain key public employees with investment functions, the Board of Trustees shall authorize the State Treasurer to establish market-oriented compensation plans, including salaries and performance-related bonuses, for employees possessing specialized skills or knowledge necessary for the proper administration of the Plan, who shall be exempt from the classification and compensation rules established by the Office of State Human Resources. The design and administration of those compensation plans shall be based on compensation studies conducted by a nationally recognized firm specializing in public fund investment compensation. The compensation and other associated employee benefits shall be apportioned directly from the Plan.

(d) The Department of State Treasurer and the Board of Trustees shall be charged with a fiduciary responsibility for managing all aspects of the Plan, including the receipt, maintenance, investment, and disposition of all Plan assets.

The Department of State Treasurer and the Board of Trustees may appoint those agents, contractors, and employees as they deem advisable to carry out the terms and conditions of the Plan.

(d) The Department of State Treasurer and the Board of Trustees shall designate a Medical Board to be composed of not fewer than three nor more than five physicians not eligible for benefits under

the Plan. Other physicians, medical clinics, institutions or agencies may be employed to conduct such medical examinations and tests necessary to provide the Medical Board with clinical evidence as may be needed to determine eligibility for benefits under the Plan. The Medical Board shall investigate the results of medical examinations, clinical evidence, all essential statements and certifications by and on behalf of applicants for benefits and shall report in writing to the Board of Trustees the conclusions and recommendations upon all matters referred to it.

(e) The Department of State Treasurer and the Board of Trustees may provide the benefits according to the terms and conditions of the Plan as provided in this Article either by purchasing a contract or contracts with any insurance company licensed to do business in this State or by establishing a separate trust fund qualified under Section 501(c)(9) of the Internal Revenue Code of 1986.

event if the disabling event occurred on a day other than a normal workday, or the day succeeding at least 365 calendar days after service as a teacher or employee, whichever is later. These 60 continuous calendar days may be considered the waiting period before benefits are payable from the Plan. During this waiting period, a participant may be paid such continuation of salary as provided by an employer through the use of sick leave, vacation leave or any other salary continuation. Any such continuation of salary as provided by an employer shall not include any period a participant or beneficiary is in receipt of Workers' Compensation benefits.

CASE NOTES

Salary Continuation. — Because claimant had submitted an application for long-term disability and requested that he remain on the payroll until his accrued leave was exhausted, his request was sufficient exercise of his right to take salary continuation as a form of long-term disability payments, and because claimant was disabled prior to his termi-

nation, the trial court correctly ordered that claimant be compensated for the additional annual leave he would have accrued had he stayed on salary continuation through the end of his accrued annual leave. *Williams v. North Carolina Dep't of Economic & Community Dev.*, 119 N.C. App. 535, 458 S.E.2d 750, 1995 N.C. App. LEXIS 540 (1995).

§ 135-105. Short-term disability benefits.

(a) Any participant who becomes disabled and is no longer able to perform his or her usual occupation may receive a benefit commencing on the first day succeeding the waiting period provided all of the following conditions are met:

- (1) Application for the benefit occurs at least 365 calendar days succeeding the participant's date of initial employment as a teacher or employee.
- (2) The participant has at least one year of contributing membership service earned within 36 calendar months immediately preceding the date of disability. Salary continuation used during the period as provided in G.S. 135-104 shall count toward this one-year requirement.
- (3) Application for the benefit occurs no later than 365 days following the first day of the waiting period.
- (4) The participant's employer and attending physician certify

that the participant is mentally or physically incapacitated for the further performance of duty.

- (5) The participant's incapacity was incurred at the time of active employment and has been continuous thereafter.

As to the requirement that a participant applying for short term disability benefits have at least one year of contributing membership service within the 36 calendar months immediately preceding the date of disability, a participant who would have qualified for a benefit under this section but for service in the uniformed services shall not be denied a benefit under this section because of that interruption for military service provided all other requirements of this section are met.

Notwithstanding the requirement that the incapacity was incurred at the time of active employment, any participant who becomes disabled while on an employer approved leave of absence and who is eligible for and in receipt of temporary total benefits under The North Carolina Workers' Compensation Act, Article 1 of Chapter 97 of the General Statutes, will be eligible for all benefits provided under this Article.

(b) The benefits as provided for in subsection (a) of this section shall commence on the first day following the waiting period and shall be payable for a period of 365 days as long as the participant continues to meet the definition of disability. However, a disabled participant may elect to receive any salary continuation as provided in G.S. 135-104 in lieu of short-term disability benefits; provided further, such election shall not extend the 365 days duration of short-term payments. An election to receive any salary continuation for any part of a given day shall be in lieu of any short-term benefit otherwise payable for that day, provided further, any lump-sum payout for vacation leave shall be treated as if the beneficiary or participant had exhausted the leave and shall be in lieu of any short-term benefit otherwise payable.

(c) The monthly benefit as provided in subsection (a) of this section shall be equal to fifty percent (50%) of $\frac{1}{12}$ th of the annual base rate of compensation last payable to the participant prior to the beginning of the short-term benefit period as may be adjusted for percentage increases as provided under G.S. 135-108 plus fifty percent (50%) of $\frac{1}{12}$ th of the annual longevity payment to which the participant would be eligible, to a maximum of three thousand dollars (\$3,000) per month reduced by monthly payments for Workers' Compensation to which the participant may be entitled. The monthly benefit shall be further reduced by the amount of any payments from the federal Veterans Administration, any other federal agency, or any payments made under the provisions of G.S. 127A-108, to which the participant or beneficiary may be entitled on account of the same disability. Provided, that should a participant have earnings in an amount greater than the short-term benefit, the

amount of the short-term benefit shall be reduced on a dollar-for-dollar basis by the amount that exceeds the short-term benefit.

(d) For short-term disability benefits that begin before July 1, 2019, the provisions of this section shall be administered by the employer and further, the benefits during the first six months of the short-term disability period shall be the full responsibility of and paid by the employer; Provided, further, that upon the completion of the initial six months of the short-term disability period, the employer will continue to be responsible for the short-term benefits to the participant, however, such employer shall notify the Plan, at the conclusion of the short-term disability period or upon termination of short-term disability benefits, if earlier, of the amount of short-term benefits and State Health Insurance premiums paid by the employer and the Plan shall reimburse the employer the amounts so paid.

(d1) For short-term disability benefits that begin on and after July 1, 2019, the provisions of this section shall be administered by the employer. The benefits during the first 12 months of the short-term disability period, including benefits from a preliminary determination of eligibility for long-term disability under subsection (f) of this section, shall be the full responsibility of and paid by the employer.

(e) During the short-term disability period, a beneficiary may return to service for trial rehabilitation for periods of not greater than 40 continuous days of service. Such return will not cause the beneficiary to become a participant and will not require a new waiting period or short-term disability period to commence unless a different incapacity occurs. The period of rehabilitative employment shall not extend the period of the short-term disability benefits.

(f) A participant or beneficiary of short-term disability benefits or his legal representative or any person deemed by the Board of Trustees to represent the participant or beneficiary, or the employer of the participant or beneficiary, may request the Board of Trustees to have the Medical Board make a determination of eligibility for the short-term disability benefits as provided in this section or to make a preliminary determination of eligibility for the long-term disability benefits as provided in G.S. 135-106. A preliminary determination of eligibility for long-term disability benefits shall not preclude the requirement that the Medical Board make a determination of eligibility for long-term disability benefits.

(g) The Board of Trustees may extend the short-term disability benefits of a beneficiary beyond the benefit period of 365 days for an additional period of not more than 365 days; provided the Medical Board determines that the beneficiary's disability is temporary and likely to end within the extended period of short-term disability benefits. During the extended period of short-term disability benefits, payment of benefits shall be made by the Plan directly to the

beneficiary. This extended period of short-term disability benefits shall be treated in the same manner as long-term disability payments for the purposes of G.S. 135-108.

§ 135-106. Long-term disability benefits.

(a) Upon the application of a beneficiary or participant or of his legal representative or any person deemed by the Board of Trustees to represent the participant or beneficiary, any beneficiary or participant who has had five or more years of membership service may receive long-term disability benefits from the Plan upon approval by the Board of Trustees, commencing on the first day succeeding the conclusion of the short-term disability period provided for in G.S. 135-105, provided the beneficiary or participant makes application for such benefit within 180 days after the short-term disability period ceases, after salary continuation payments cease, or after monthly payments for Workers' Compensation cease, whichever is later; Provided, that the beneficiary or participant withdraws from active service by terminating employment as a teacher or State employee; Provided, that the Medical Board shall certify that such beneficiary or participant is mentally or physically

incapacitated for the further performance of duty, that such incapacity was incurred at the time of active employment and has been continuous thereafter, and that such incapacity is likely to be permanent; Provided further that the Medical Board shall not certify any beneficiary or participant as disabled who is in receipt of any payments on account of the same incapacity which existed when the beneficiary first established membership in the Retirement System. The Board of Trustees may extend this 180-day filing requirement upon receipt of clear and convincing evidence that application was delayed through no fault of the disabled beneficiary or participant and was delayed due to the employers' miscalculation of the end of the 180-day filing period. However, in no instance shall the filing period be extended beyond an additional 180 days.

The Board of Trustees may require each beneficiary who becomes eligible to receive a long-term disability benefit to have an annual medical review or examination for the first five years and thereafter once every three years after the commencement of benefits under this section. However, the Board of Trustees may require more frequent examinations and upon the advice of the Medical Board shall determine which cases require such examination. Should any beneficiary refuse to submit to any examination required by this subsection or by the Medical Board, his long-term disability benefit shall be suspended until he submits to an examination, and should his refusal last for one year, his benefit may be terminated by the Board of Trustees. If the Medical Board finds that a beneficiary is no longer mentally or physically incapacitated for the further performance of duty, the Medical Board shall so certify this finding to the Board of Trustees, and the Board of Trustees may terminate the beneficiary's long-term disability benefits effective on the last day of the month in which the Medical Board certifies that the beneficiary is no longer disabled.

As to the requirement of five years of membership service, any participant or beneficiary who does not have five years of membership service within the 96 calendar months prior to becoming disabled or upon cessation of continuous salary continuation payments, whichever is later, shall not be eligible for long-term disability benefits.

Notwithstanding the requirement that the incapacity was incurred at the time of active employment, any participant who becomes disabled while on an employer approved leave of absence and who is eligible for and in receipt of temporary total benefits under The North Carolina Workers' Compensation Act, Article 1 of Chapter 97 of the General Statutes, will be eligible for all benefits provided under this Article.

(b) After the commencement of benefits under this section, the benefits payable under the terms of this section during the first 36 months of the long-term disability period shall be equal to sixty-five

percent (65%) of 1/12th of the annual base rate of compensation last payable to the participant or beneficiary prior to the beginning of the short-term disability period as may be adjusted for percentage increases as provided under G.S. 135-108, plus sixty-five percent (65%) of 1/12th of the annual longevity payment to which the participant or beneficiary would be eligible, to a maximum of three thousand nine hundred dollars (\$3,900) per month reduced by any primary Social Security disability benefits to which the beneficiary may be entitled, effective as of the first of the month following the month of initial entitlement, and by monthly payments for Workers' Compensation to which the participant or beneficiary may be entitled. When primary Social Security disability benefits are increased by cost-of-living adjustments, the increased reduction shall be applied in the first month following the month in which the member becomes entitled to the increased Social Security benefit. The monthly benefit shall be further reduced by the amount of any monthly payments from the federal Department of Veterans Affairs, any other federal agency or any payments made under the provisions of G.S. 127A-108, to which the participant or beneficiary may be entitled on account of the same disability. Provided, in any event, the benefit payable shall be no less than ten dollars (\$10.00) a month. However, a disabled participant may elect to receive any salary continuation as provided in G.S. 135-104 in lieu of long-term disability benefits; provided such election shall not extend the first 36 consecutive calendar months of the long-term disability period. An election to receive any salary continuation for any part of any given day shall be in lieu of any long-term benefit payable for that day, provided further, any lump-sum payout for vacation leave shall be treated as if the beneficiary or participant had exhausted the leave and shall be in lieu of any long-term benefit otherwise payable. Provided that, in any event, a beneficiary's benefit shall be reduced during the first 36 months of the long-term disability period by an amount, as determined by the Board of Trustees, equal to a primary Social Security retirement benefit to which the beneficiary might be entitled, effective as of the first of the month following the month of initial entitlement.

After 36 months of long-term disability, no further benefits are payable under the terms of this section unless the member has been approved and is in receipt of primary Social Security disability benefits. In that case the benefits payable shall be equal to sixty-five percent (65%) of 1/12th of the annual base rate of compensation last payable to the participant or beneficiary prior to the beginning of the short-term disability period as may be adjusted for percentage increases as provided under G.S. 135-108, plus sixty-five percent (65%) of 1/12th of the annual longevity payment to which the participant or beneficiary would be eligible, to a maximum of three thousand nine hundred dollars (\$3,900) per month reduced by the

primary Social Security disability benefits to which the beneficiary may be entitled, effective as of the first of the month following the month of initial entitlement, and by monthly payments for Workers' Compensation to which the participant or beneficiary may be entitled. When primary Social Security disability benefits are increased by cost-of-living adjustments, the increased reduction shall be applied in the first month following the month in which the member becomes entitled to the increased Social Security benefit. The monthly benefit shall be further reduced by the amount of any monthly payments from the federal Department of Veterans Affairs, for payments from any other federal agency, or for any payments made under the provisions of G.S. 127A-108, to which the participant or beneficiary may be entitled on account of the same disability. Provided, in any event, the benefit payable shall be no less than ten dollars (\$10.00) a month.

Notwithstanding the foregoing, the long-term disability benefit is payable so long as the beneficiary is disabled and is in receipt of a primary Social Security disability benefit until the earliest date at which the beneficiary is eligible for an unreduced service retirement allowance from the Retirement System, at which time the beneficiary would receive a retirement allowance calculated on the basis of the beneficiary's average final compensation at the time of disability as adjusted to reflect compensation increases subsequent to the time of disability and the creditable service accumulated by the beneficiary, including creditable service while in receipt of benefits under the Plan. In the event the beneficiary has not been approved and is not in receipt of a primary Social Security disability benefit, the long-term disability benefit shall cease after the first 36 months of the long-term disability period. When such a long-term disability recipient begins receiving this unreduced service retirement allowance from the System, that recipient shall not be subject to the six-month waiting period set forth in G.S. 135-1(20). However, a beneficiary shall be entitled to a restoration of the long-term disability benefit in the event the Social Security Administration grants a retroactive approval for primary Social Security disability benefits with a benefit effective date within the first 36 months of the long-term disability period. In such event, the long-term disability benefit shall be restored retroactively to the date of cessation.

(c) Notwithstanding the foregoing, a beneficiary in receipt of long-term disability benefits who has earnings during the long-term disability period shall have his long-term disability benefit reduced when the sum of the net long-term disability benefit and the earnings equals one hundred percent (100%) of monthly compensation adjusted as provided under G.S. 135-108. The net long-term benefit shall mean the long-term benefit amount payable as calculated under (b) above, after the reduction for Social Security benefits and Workers' Compensation benefits to which the beneficiary might

be entitled, and after the reduction for any monthly payments from the federal Department of Veterans Affairs, for payments from any other federal agency, or for any payments made under the provisions of G.S. 127A-108, to which the participant or beneficiary may be entitled on account of the same disability. The net long-term disability benefit shall be reduced dollar-for-dollar for the amount of earnings in excess of the one hundred percent (100%) monthly limit. Any beneficiary exceeding the earnings limitations shall notify the Plan by the fifth of the month succeeding the month in which the earnings were received of the amount of earnings in excess of the limitations herein provided. Failure to report excess earnings may result in a suspension or termination of benefits as determined by the Board of Trustees.

(c1) During the long-term disability period, a beneficiary may return to service for trial rehabilitation for periods of not greater than 36 months of continuous service. Such return will not cause the beneficiary to become a participant and will not require a new waiting period or short-term disability period to commence regardless of whether the beneficiary is unable to continue in service due to the same incapacity or a different incapacity.

A beneficiary who, during a period of trial rehabilitation, is unable to continue in service may be entitled to a restoration of the long-term disability benefit provided that the Medical Board certifies that the beneficiary is disabled in accordance with the laws in effect at the time of the Board's original approval for long-term disability benefits, either due to the same or a different incapacity, notwithstanding the requirement the incapacity has been continuous. In the event that the Medical Board determines that the long-term disability benefit should be restored, the restored benefit should be calculated in accordance with G.S. 135-106(b); should include any post-disability benefit adjustments as provided by G.S. 135-108; and shall continue as long as the beneficiary remains disabled until the beneficiary has received a total of 36 long-term disability payments. Continuation of long-term disability benefit payments beyond 36 total payments shall be dependent upon approval for primary Social Security disability benefits as required by G.S. 135-106(b).

A beneficiary who returns to service for a period of trial rehabilitation and who has continued in service for greater than 36 continuous months shall again become a participant, and any subsequent incapacity shall be treated as a new incapacity causing a new waiting period to begin. Such a beneficiary may be entitled to additional long-term disability benefits on account of the new incapacity provided the beneficiary meets all other requirements notwithstanding the requirement of five years of membership service within the 96 calendar months prior to becoming disabled or the cessation of continuous salary continuation payments.

(d) Notwithstanding the foregoing, a participant or beneficiary who has applied for and been approved by the Medical Board for long-term disability benefits may make an irrevocable election, within 90 days from the date of notification of such approval, and prior to receipt of any long-term disability benefit payments, to forfeit all pending and accrued rights to the long-term disability benefit including any ancillary benefits and retire on an early service retirement allowance, effective with the first day of the month following the end of the short-term period, or receive a return of accumulated contributions from the Retirement System.

(e) Notwithstanding any provision of this section to the contrary, for any beneficiary or participant with at least five years of membership service as of July 31, 2007, who has not withdrawn contributions for such service from the Retirement System, the provisions of this section that were in effect on July 31, 2007, shall apply.

Editor's Note.

Previous editions of the General Statutes mistakenly did not reflect the amendment to subsection (a) made by Session Laws 2005-91, s. 6.1. This error has now been corrected.

Session Laws 2003-284, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2003'."

Session Laws 2003-284, s. 30.20(l), effective July 1, 2003, and applicable only to persons who are not vested in the disability plan in question on July 1, 2003, in subsection (a), substituted "unable to perform any occupation for which the beneficiary or participant is reasonably qualified for by training or experience" for "mentally or physically incapacitated for the further performance of duty"; and in the second paragraph, substituted "unable to perform any occupation for which the beneficiary or participant is reasonably qualified for by training or experience, the Department of State Treasurer" for "mentally or physically incapacitated for the further performance of duty, the Medical Board shall so certify this finding to the Board of Trustees."

Session Laws 2003-284, s. 49.5, is a severability clause.

Subsection (a), as amended by Session Laws 2004-78, s. 3, is effective retroactively from and after July 1, 2003.

Session Laws 2007-325, s. 2, which amended this section, was effective August 1, 2007, and applicable only to those persons who have less than five years of membership service as of July 31, 2007.

Session Laws 2022-14, s. 5.1, effective July 1, 2022, added subsection (e).

CASE NOTES

“Primary”. — “Primary” as used in subsection (b) refers to benefits directly received by the disabled person as opposed to “secondary” benefits, which are derivative benefits that may be paid to a disabled worker’s spouse, children, or family under certain circumstances. *Willoughby v. Board of Trustees*, 121 N.C. App. 444, 466 S.E.2d 285, 1996 N.C. App. LEXIS 67 (1996).

“Entitle”. — “Entitle” has acquired no technical meaning, and therefore “entitle” must be given its ordinary meaning. *Willoughby v. Board of Trustees*, 121 N.C. App. 444, 466 S.E.2d 285, 1996 N.C. App. LEXIS 67 (1996).

Offset for Insurance Benefits Under Social Security. — Under G.S. 135-106(b), the amount of the offset should be the net insurance benefits under the Social Security Administration (SSA) after deduction of attorney’s fees and costs associated with obtaining the disability insurance benefits from the SSA. *Willoughby v. Board of Trustees*, 121 N.C. App. 444, 466 S.E.2d 285, 1996 N.C. App. LEXIS 67 (1996).

Entitlement to Attorney Fees. — Since former employee’s attorney has a right superior as against employee to the attorney’s fee and since attorney must claim her fee directly from the Social Security Administration (SSA), employee was not entitled within the meaning of G.S. 135-106(b) to the amount

statutorily reserved for the attorney’s fee. *Willoughby v. Board of Trustees*, 121 N.C. App. 444, 466 S.E.2d 285, 1996 N.C. App. LEXIS 67 (1996).

Salary Continuation as a Form of Long-Term Disability. — Because claimant had submitted an application for long-term disability and requested that he remain on the payroll until his accrued leave was exhausted, his request was sufficient exercise of his right to take salary continuation as a form of long-term disability payments, and because claimant was disabled prior to his termination, the trial court correctly ordered that claimant be compensated for the additional annual leave he would have accrued had he stayed on salary continuation through the end of his accrued annual leave. *Williams v. North Carolina Dep’t of Economic & Community Dev.*, 119 N.C. App. 535, 458 S.E.2d 750, 1995 N.C. App. LEXIS 540 (1995).

Employee was not eligible for long-term disability benefits under G.S. 135-106(a) as unpaid leave the employee took pursuant to a settlement arising from the employee’s discharge from a state agency did not count as membership service. *McCaskill v. Dep’t of State Treasurer, Ret. Sys. Div.*, 204 N.C. App. 373, 695 S.E.2d 108, 2010 N.C. App. LEXIS 1062 (2010), *aff’d* in part, 365 N.C. 69, 706 S.E.2d 226, 2011 N.C. LEXIS 140 (2011).

§ 135-107. Optional Retirement Program.

(a) Any participant of the Optional Retirement Program who becomes a beneficiary under the Plan shall be eligible to receive long-term disability benefits so long as the beneficiary is disabled and is in receipt of a primary Social Security disability benefit until the time the beneficiary would first qualify for an unreduced service retirement benefit had the beneficiary elected to be a member of the Teachers’ and State Employees’ Retirement System, and shall receive no service accruals as otherwise provided members of the Retirement System under the provisions of G.S. 135-4(y). In the event a beneficiary who was a participant in the Optional Retirement Program has not been approved and is not in receipt of a primary Social Security disability benefit, the long-term disability benefit shall cease after the first 36 months of the long-term disability period. However, a beneficiary shall be entitled to a restoration of the long-term disability benefit in the event the Social Security Administration grants a retroactive approval for primary Social Security disability benefits with a benefit effective date

within the first 36 months of the long-term disability period. In such event, the long-term disability benefit shall be restored retroactively to the date of cessation.

(b) If a participant of the Optional Retirement Program owes an overpayment to the Disability Income Plan at the time the beneficiary would first qualify for an unreduced retirement benefit had the member elected to be a member of the Teachers' and State Employees' Retirement System, then the participant shall pay the total overpayment amount due to the Disability Income Plan. If the participant fails to pay the total amount of the overpayment due to the Disability Income Plan within six months after the earliest age at which the member could retire on an unreduced retirement allowance, then the participant shall not be allowed to enroll in a new year of coverage under the North Carolina State Health Plan for Teachers and State Employees until one of the following occurs:

- (1) The Disability Income Plan receives from the participant payment in full of the total overpayment due.
- (2) The participant has made payment arrangements approved by the Executive Director of the Retirement System.

§ 135-110. Funding and management of funds.

(a) It is the intent of the General Assembly that a trust fund be created that provides an irrevocable source of funding to be used, to the extent the fund's assets are sufficient, only for disability benefits to participants and beneficiaries. Accordingly, the following provisions apply to that trust fund:

- (1) A trust fund, the Disability Income Plan of North Carolina Trust Fund, is hereby created to which all receipts, transfers, appropriations, contributions, investment earnings and other income belonging to the Plan shall be deposited, and from which all benefits and expenses against the Plan shall be disbursed. The Board of Trustees shall be the trustee of the Fund.
 - (2) Employer and non-employer contributions to the Disability Income Plan of North Carolina Trust Fund and earnings on those contributions are irrevocable. The assets of the Fund are dedicated to providing benefits to participants and beneficiaries in accordance with the Plan's benefit terms. The assets of the Fund are not subject to the claims of creditors of the employers and non-employers making contributions to the Fund, are not subject to the claims of any creditors of the Fund's trustees and administrators, and are not subject to the claims of participants and beneficiaries.
 - (3) Disability Income Plan of North Carolina Trust Fund assets may be used for reasonable expenses to administer benefits provided by the Fund as approved by the Board of Trustees.
- (b) The Board of Trustees shall on the basis of such economic and

demographic assumptions duly adopted, determine and adopt a uniform percentage of compensation as is defined in Article 1 of this Chapter which would be sufficient to fund the benefits payable under this Article on a term cost method basis as recommended by an actuary engaged by the Board of Trustees. Such uniform percentage of compensation shall not be inconsistent with acts of the General Assembly as may be thereafter adopted.

(c) Each employer shall contribute monthly to the Plan an amount determined by applying the uniform percentage of compensation adopted by the Board of Trustees multiplied by the compensation of teachers and employees reportable to the Retirement System or the Optional Retirement Program. Such monthly contribution shall be paid by the employer from the same source of funds from which the compensation of teachers and employees are paid.

(d) The State Treasurer shall be the custodian of the funds and shall invest the assets of the fund in accordance with the provisions of G.S. 147-69.2 and G.S. 147-69.3.

ARTICLE 7.

QUALIFIED EXCESS BENEFIT ARRANGEMENT.

§ 135-150. Definitions.

The following words and phrases as used in this Article, unless a different meaning is plainly required by the context, have the following meanings:

- (1) "Board of Trustees" means the Board of Trustees established by G.S. 135-6.
- (2) "Internal Revenue Code" means the Internal Revenue Code of 1986, as amended from time to time.
- (3) "Payee" means a retired member, or the survivor beneficiary of a member or retired member.
- (4) "Qualified Excess Benefit Arrangement" means the quali-

fied excess benefit arrangement under section 415(m) of the Internal Revenue Code established under this Article.

- (5) “Retirement System” means the Teachers’ and State Employees’ Retirement System.

History.

2013-405, s. 3(a).

§ 135-151. Qualified Excess Benefit Arrangement.

(a) The Qualified Excess Benefit Arrangement (QEBA) is established effective January 1, 2014, and placed under the management of the Board of Trustees. The purpose of the QEBA is solely to provide the part of a retirement allowance or benefit that would otherwise have been payable by a Retirement System except for the limitations under section 415(b) of the Internal Revenue Code. The QEBA, as set forth in this Article, is intended to constitute a qualified governmental excess benefit arrangement under section 415(m) of the Internal Revenue Code.

(b) **Eligibility to Participate in the QEBA.** — Effective as of January 1, 2014, a payee shall participate in the QEBA for any calendar year, or portion of the calendar year, during which he or she receives a retirement allowance or benefit payment on and after January 1, 2014, from the Teachers’ and State Employees’ Retirement System that is reduced due to the application of the maximum benefit provisions of section 415(b) of the Internal Revenue Code. For purposes of the QEBA, a payee is a retired member or survivor beneficiary of a member or retired member who is receiving monthly retirement benefit payments from a Retirement System.

(c) **Supplemental Benefit Payable Under the QEBA.** — Effective January 1, 2014, a payee shall receive each month, commencing on and after January 1, 2014, a monthly supplemental benefit equal to the difference between the amount of that payee’s monthly retirement benefit paid under the Teachers’ and State Employees’ Retirement System on and after January 1, 2014, and the amount that would have been payable to that payee from the Teachers’ and State Employees’ Retirement System in that month if not for the reduction due to the application of section 415(b) of the Internal Revenue Code. That supplemental benefit shall be computed and payable under the same terms, at the same time, and to the same person as the related benefit payable under the Retirement System. A payee cannot elect to defer the receipt of all or any part of the supplemental payments due under the QEBA. The supplemental benefit paid under this section shall be taxable under North Carolina law in the same manner as the benefit paid under the Teachers’ and State Employees’ Retirement System.

(d) **Funding of the QEBA.** — The QEBA shall be unfunded within the meaning of federal tax laws. No payee contributions or

deferrals, direct or indirect, by election or otherwise shall be made or allowed. The Board of Trustees, upon the recommendation of the actuary engaged by the Board of Trustees, shall determine the employer contributions required to pay the benefits due under the QEBA for each fiscal year. The required contributions shall be paid by all participating employers. The required contributions shall be deposited in a separate fund from the fund into which regular employer contributions are deposited for the Retirement System. The benefit liability for the QEBA shall be determined each fiscal year, and assets shall not be accumulated to pay benefits in future fiscal years.

(d1) The last employer of a payee who retires on or after August 1, 2016, and who receives any supplemental benefit payment under this section shall be required to reimburse the QEBA in the amount of any supplemental benefit payment made to that payee. The reimbursement amount shall be calculated on an annual basis every calendar year. For purposes of calculating the reimbursement amount, the Board of Trustees may include a pro rata share of direct costs attributable to administration of the QEBA. The total amount of reimbursement owed by The University of North Carolina and UNC Health Care shall not exceed five hundred thousand dollars (\$500,000) annually. The Fiscal Research Division of the General Assembly shall be required to review all reimbursement amounts prior to notifying an employer of the reimbursement amount owed.

The employer shall have 60 calendar days from the date of notification of the reimbursement amount owed to pay the amount in full or the employer shall be assessed a penalty, in lieu of interest, of one percent (1%) per month, or fraction thereof, that the payment is made beyond the due date.

(e) **Treatment of Unused Assets.** — Any assets of the QEBA plan not used to pay benefits in the current calendar year shall be used for payment of the administrative expenses of the QEBA for the current or future calendar years or shall be paid to the Retirement System as an additional employer contribution.

(f) **Assets Subject to Claims of Creditors.** — A payee, or a payee's beneficiary or heirs, shall have no right to, and shall have no property interest in, any assets held to support the liabilities created under this Article. To the extent that any person acquires the right to receive benefits under the QEBA, that right shall be no greater than the right of any unsecured general creditor of the State of North Carolina or such other applicable employer under this Article.

(g) **Administration.** — The QEBA shall be administered by the Board of Trustees, which shall compile and maintain all records necessary or appropriate for administration. The Board of Trustees shall have full discretionary authority to interpret, construe, and implement the QEBA and to adopt such rules and regulations as

may be necessary or desirable to implement the provisions of the QEBA in accordance with section 415(m) of the Internal Revenue Code.

(h) **No Assignment.** — Except for the application of the provisions of G.S. 110-136 and G.S. 110-136.3, et seq., or in connection with a court-ordered equitable distribution under G.S. 50-20, any supplemental benefit under this Article shall be exempt from levy and sale, garnishment, attachment, or any other process, and shall be unassignable except as specifically otherwise provided in this Chapter.

(i) **Reservation of Power to Change.** — The General Assembly reserves the right at any time and, from time to time, to modify or amend, in whole or in part, any or all of the provisions of the QEBA. No member of the Retirement System and no beneficiary of such a member shall be deemed to have acquired any vested right to a supplemental payment under this Article.

(j) **Sunset of Eligibility to Participate in the QEBA.** — No member of the Teachers' and State Employees' Retirement System who became a member of the Retirement System on or after January 1, 2015, shall be eligible to participate in the QEBA, and the Retirement System shall not pay any new member more retirement benefits than allowed under the limitations of section 415(b) of the Internal Revenue Code.

The Plan may provide for loans to participants, at reasonable rates of interest to be charged, from participants' individual accounts, and may provide for withdrawal of contributions on account of hardship.

The benefit to a participant in the Plan shall be either a lump-sum distribution or a distribution in periodic installments of the participant's account payable under retirement, disability, or termination of employment. Upon the death of a participant there shall be paid the same lump-sum distribution or periodic installments to the surviving spouse of the participant or otherwise to the participant's estate; provided, should a participant instruct the Board of Trustees in writing that he does not wish these benefits to be paid to his spouse or estate, then the benefits shall be paid to the person or persons as the participant may name for this purpose.

Upon retirement, a participant in the Plan may elect to transfer any portion of his eligible accumulated contributions, not including any Roth after-tax contributions and the earnings thereon, to the Teachers' and State Employees' Retirement System and receive, in addition to his basic service, early or disability retirement allowance a special retirement allowance which shall be based on his eligible accumulated account balance at the date of the transfer of the assets.

(e) State Contributions to the Supplemental Retirement Income Plan. — Under all other restrictions as are herein provided, the State shall contribute monthly to the individual accounts of participants who are employed by the State an amount equal to

five percent (5%) of the compensation of each participant. The contributions so paid shall be in addition to the contributions on account of court cost assessments as hereinafter provided.

Contributions shall be made to the individual accounts of all participants in the Plan on a per capita basis in equal shares, equal to the sum of the one-half dollar (\$0.50) for each cost of court assessed and collected under G.S. 7A-304.

(e1) **Rights of Participants under the Uniformed Services Employment and Reemployment Rights Act.** — A participant whose employment is interrupted by reason of service in the Uniformed Services, as that term is defined in section 4303(16) of the Uniformed Services Employment and Reemployment Rights Act, Public Law 103-353, hereafter referred to as “USERRA”, shall be entitled to all rights and benefits that the participant would have been entitled to under this section had the participant’s employment not been interrupted, provided that the participant returns to service as a law enforcement officer while the participant’s reemployment rights are protected under the provisions of USERRA.

(f) **Administration.** — The provisions of the State Retirement System pertaining to administration and management of funds under G.S. 135-6 and 7 are made applicable to the Plan.

(g) **Exemption from Garnishment and Attachment.** — Except as provided in subsection (g1) of this section, the right of a participant in the Supplemental Retirement Income Plan to the benefits provided under this Article is nonforfeitable and exempt from levy, sale, and garnishment.

(g1) **Forfeiture of Benefits for Certain Felonies.** — Participants in the Supplemental Retirement Income Plan for State Law-Enforcement Officers whose benefits are forfeited under G.S. 135-18.10A shall also forfeit contributions paid on or after December 1, 2012, on behalf of the participant by the State to the Supplemental Retirement Income Plan. Any funds forfeited shall be deposited in the Supplemental Retirement Income Plan.

(h) Notwithstanding any other provisions of law, any pending or inchoate rights of a member of the Law-Enforcement Officers’ Retirement System as of their transfer to the State Retirement System on January 1, 1985, including the rights to a vested deferred retirement allowance and to commence retirement at certain ages with required years of service as a law-enforcement officer, shall in no way be diminished; provided, however, in no event may a member commence retirement and continue membership service with the same Retirement System.

No eligible officer shall be precluded from exercising that officer’s pending or inchoate rights under this section, should the officer elect to make Roth after-tax contributions to the Supplemental Retirement Income Plan, except that these Roth after-tax contributions and the earnings thereon shall not be subsequently transferred to the Teachers’ and State Employees’ Retirement System.

Section 143-166.03, referred to in subdivisions (a)(11) and (a)(12) of this section, was repealed by Session Laws 1985, c. 479, s. 196(t).

Session Laws 2007-384, which, in s. 10.5, added the last paragraph of subsection (d), in s. 11(b), provides: "The Board of Trustees of the Teachers' and State Employees' Retirement System shall adopt straight life annuity factors, for the purpose of determining the special retirement allowance, based upon mortality and such other tables and the interest assumption rate recommended by the actuary based upon the actual experience as reported in the last five year experience study as required by G.S. 135-6(n) and including an assumed annual post-retirement allowance increase of four percent (4%). The Board of Trustees of the Local Governmental Employees' Retirement System shall adopt

straight life annuity factors, for the purpose of determining the special retirement allowance, based upon mortality and such other tables and the interest assumption rate recommended by the actuary based upon the actual experience as reported in the last five year experience study as required by G.S. 128-29(o) and including an assumed annual post-retirement allowance increase of four percent (4%). Sections 10.1 through 10.6 of this act become effective the first of the month following the adoption of those factors by the Boards of Trustees."

Session Laws 2012-193, s. 17, as amended by Session Laws 2013-284, s. 3, provides: "The State Treasurer shall negotiate a memorandum of agreement with the United States Attorneys for the Eastern, Middle, and Western Districts of North Carolina whereby the prosecutors will notify the State Treasurer of convictions under G.S. 135-18.10A(b), 128-38.4A(b), 135-75.1A(b), 120-4.33A(b), 135-5.1(h), 135-5.4(h), and 58-86-100(b)."

Session Laws 2012-193, s. 18, made the amendments to this section by Session Laws 2012-193, s. 13, which amended subsections (d) and (g) and added subsection (g1), applicable to offenses committed on or after December 1, 2012.

OPINIONS OF ATTORNEY GENERAL

Because the current Commissioner of Motor Vehicles appears to meet the definition of a "law-enforcement officer" for purposes of this section, employer contributions to the State 401(k) Plan on behalf of the Commissioner should be ac-

cepted. See opinion of Attorney General to Mr. Michael Williamson, Director, Department of State Treasurer, Retirement Systems Division, 2004 N.C. Op. Att'y Gen. 8 (6/30/04).

ARTICLE 12D.**SEPARATION ALLOWANCES FOR LAW-ENFORCEMENT OFFICERS.****§ 143-166.41. Special separation allowance.**

(a) Notwithstanding any other provision of law, every sworn law-enforcement officer as defined by G.S. 135-1(11c) or G.S. 143-166.30(a)(4) employed by a State department, agency, or institution who qualifies under this section shall receive, beginning in the month in which he retires on a basic service retirement under the provisions of G.S. 135-5(a), an annual separation allowance equal to eighty-five hundredths percent (0.85%) of the annual equivalent of

the base rate of compensation most recently applicable to him for each year of creditable service. The allowance shall be paid in equal installments on the payroll frequency used by the employer. To qualify for the allowance the officer shall:

- (1) Have (i) completed 30 or more years of creditable service or, (ii) have attained 55 years of age and completed five or more years of creditable service; and
- (2) Not have attained 62 years of age; and
- (3) Have completed at least five years of continuous service as a law enforcement officer as herein defined immediately preceding a service retirement. Any break in the continuous service required by this subsection because of disability retirement or disability salary continuation benefits shall not adversely affect an officer's qualification to receive the allowance, provided the officer returns to service within 45 days after the disability benefits cease and is otherwise qualified to receive the allowance.

(a1) Repealed by Session Laws 2014-88, s. 3(j), effective July 30, 2014.

(b) As used in this section, "creditable service" means the service for which credit is allowed under the retirement system of which the officer is a member, provided that at least fifty percent (50%) of the service is as a law enforcement officer as herein defined or as a probation/parole officer as defined in G.S. 135-1(17a).

(c) Payment to a retired officer under the provisions of this section shall cease at the first of:

- (1) The death of the officer;
- (2) The last day of the month in which the officer attains 62 years of age; or
- (3) The first day of reemployment by any State department, agency, or institution, except that this subdivision does not apply to an officer returning to State employment in a position exempt from the North Carolina Human Resources Act in an agency other than the agency from which that officer retired.

(d) This section does not affect the benefits to which an individual may be entitled from State, federal, or private retirement systems. The benefits payable under this section shall not be subject to any increases in salary or retirement allowances that may be authorized by the General Assembly for employees of the State or retired employees of the State.

(e) The head of each State department, agency, or institution shall determine the eligibility of employees for the benefits provided herein.

(f) The Director of the Budget may authorize from time to time the transfer of funds within the budgets of each State department, agency, or institution necessary to carry out the purposes of this

Article. These funds shall be taken from those appropriated to the department, agency, or institution for salaries and related fringe benefits.

(g) The head of each State department, agency, or institution shall make the payments set forth in subsection (a) to those persons certified under subsection (e) from funds available under subsection (f).

"(1) The State Personnel Commission is renamed the 'North Carolina Human Resources Commission.'

"(2) The Office of State Personnel is renamed the 'North Carolina Office of State Human Resources.'

"(3) The State Personnel Director is renamed the 'Director of the North Carolina Office of State Human Resources.'"

Session Laws 2013-382, s. 9.2, provides: "No action or proceeding pending on the effective date of this section, brought by or against the State Personnel Commission, the Director of the Office of State Personnel, or the Office of State Personnel, shall be affected by any provision of this section, but the same may be prosecuted or defended in the new name of the Commission, Director, and Office. In these actions and proceedings, the renamed Commission, Director, or Office shall be substituted as a party upon proper application to the courts or other public bodies."

Session Laws 2013-382, s. 9.3, provides: "Any business or other matter undertaken or commanded by the former State Personnel Commission, State Personnel Director, or Office of State Personnel regarding any State program, office, or contract or pertaining to or connected with their respective functions, powers, obligations, and duties that are pending on the date this act becomes effective may be conducted and completed by the Commission, Director, or Office in the same manner and under the same terms and conditions and with the same effect as if conducted and completed by the formerly named commission, director, or office."

Session Laws 2017-57, s. 1.1, provides: "This act shall be known as the 'Current Operations Appropriations Act of 2017.'"

Session Laws 2017-57, s. 39.6, is a severability clause.

CASE NOTES

Amount of Separation Allowance Mandatory. — This statute permits local governments to determine eligibility and requires them to make payments, but it does not authorize local governments to determine the amount of the separation allowance differently from the mandate of subsection (a). *Bowers v.*

City of High Point, 339 N.C. 413, 451 S.E.2d 284, 1994 N.C. LEXIS 723 (1994).

Eligibility. — Since the initial eligibility requirement for a separation allowance under G.S. 143-166.41 was that police officers retire on a service retirement, police officer was not eligible because he retired on a disability retire-

ment. *Cochrane v. City of Charlotte*, 148 N.C. App. 621, 559 S.E.2d 260, 2002 N.C. App. LEXIS 45 (2002).

Police officer who retired on disability retirement was not eligible for a special separation allowance because he did not retire on a service retirement and was, therefore, not among the class of persons statutorily eligible for a special separation allowance. *Cochrane v. City of Charlotte*, 148 N.C. App. 621, 559 S.E.2d 260, 2002 N.C. App. LEXIS 45 (2002).

Creditable Service. — When a police officer retired on disability retirement, his time spent on disability retirement could not be considered “creditable service” for purposes of determining eligibility for a special separation allowance. *Cochrane v. City of Charlotte*, 148 N.C. App. 621, 559 S.E.2d 260, 2002 N.C. App. LEXIS 45 (2002).

“Base rate of compensation” refers to that portion of compensation which is relatively stable and forms the foundation or groundwork of the employee’s entire compensation scheme; this would generally be the minimum amount of compensation to which the employee is entitled in any given pay period relatively independent of factors other than the employment relationship itself. *Bowers v. City of High Point*, 339 N.C. 413, 451 S.E.2d 284, 1994 N.C. LEXIS 723 (1994).

In this section “base rate of compensation” has a definite meaning not subject to alteration by local governments and does not include overtime pay, longevity pay, or pay for unused accrued vacation. *Bowers v. City of High Point*, 339 N.C. 413, 451 S.E.2d 284, 1994 N.C. LEXIS 723 (1994).

Authority of Municipalities. — This section and G.S. 143-166.42 do not authorize municipalities to make separation allowances based on overtime pay, longevity pay, and accrued vacation. *Bowers v. City of High Point*, 339 N.C. 413, 451 S.E.2d 284, 1994 N.C. LEXIS 723 (1994).

Establishing reemployment by another local government as grounds for cessation of the payment of a separation allowance pursuant to G.S. 143-166.42 is within a city’s authority; G.S. 143-166.42 does not allow the city to determine the

amount of the payment but does permit it to determine a retiree’s eligibility. *Campbell v. City of Laurinburg*, 168 N.C. App. 566, 608 S.E.2d 98, 2005 N.C. App. LEXIS 335 (2005).

Pursuant to the plain and unambiguous language of G.S. 143-166.42, as well as of G.S. 143-166.41 upon which it was based, the actions of a county and a county board of commissioners in entering into a contractual relationship with a retired local law enforcement officer, wherein he was to receive a special separation allowance, were legislatively authorized; accordingly, such was not an ultra vires act on the part of the county entities. *Wiggs v. Edgecombe County*, 361 N.C. 318, 643 S.E.2d 904, 2007 N.C. LEXIS 411 (2007).

Reemployment By Local Government. — Retired city police officer lost his right to receive a separation allowance pursuant to G.S. 143-166.42 when he became reemployed by a county sheriff’s office, which was a local government as defined by G.S. 143-166.41. *Campbell v. City of Laurinburg*, 168 N.C. App. 566, 608 S.E.2d 98, 2005 N.C. App. LEXIS 335 (2005).

Establishing reemployment by another local government as grounds for cessation of the payment of a separation allowance pursuant to G.S. 143-166.42 is within a city’s authority; G.S. 143-166.42 does not allow the city to determine the amount of the payment but does permit it to determine a retiree’s eligibility. *Campbell v. City of Laurinburg*, 168 N.C. App. 566, 608 S.E.2d 98, 2005 N.C. App. LEXIS 335 (2005).

Resolution Restricting Vested Allowance was Improper. — County’s resolution, pursuant to its authority under G.S. 143-166.42, restricting a former officer’s ability to collect a special separation allowance, impaired the obligation of the state’s contract with former officer under the retirement system; because the resolution was enacted after the former officer had retired and his right to receive the special separation had become vested, it was improper. *Wiggs v. Edgecombe County*, 179 N.C. App. 47, 632 S.E.2d 249, 2006 N.C. App. LEXIS 1645 (2006), *aff’d*, 361 N.C. 318, 643 S.E.2d 904, 2007 N.C. LEXIS 411 (2007).

§ 143-166.42. Special separation allowances for local officers.

(a) On and after January 1, 1987, every sworn law enforcement officer as defined by G.S. 128-21(11d) or G.S. 143-166.50(a)(3)

employed by a local government employer who qualifies under this section shall receive, beginning in the month in which the officer retires on a basic service retirement under the provisions of G.S. 128-27(a), an annual separation allowance equal to eighty-five hundredths percent (0.85%) of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The allowance shall be paid in equal installments on the payroll frequency used by the employer. To qualify for the allowance, the officer shall:

- (1) Have (i) completed 30 or more years of creditable service or (ii) have attained 55 years of age and completed five or more years of creditable service; and
- (2) Not have attained 62 years of age; and
- (3) Have completed at least five years of continuous service as a law enforcement officer as herein defined immediately preceding a service retirement. Any break in the continuous service required by this subsection because of disability retirement or disability salary continuation benefits shall not adversely affect an officer's qualification to receive the allowance, provided the officer returns to service within 45 days after the disability benefits cease and is otherwise qualified to receive the allowance.

(b) As used in this section, "creditable service" means the service for which credit is allowed under the retirement system of which the officer is a member, provided that at least fifty percent (50%) of the service is as a law enforcement officer as herein defined.

(c) Payment to a retired officer under the provisions of this section shall cease at the first of:

- (1) The death of the officer;
- (2) The last day of the month in which the officer attains 62 years of age; or
- (3) The first day of reemployment by a local government employer in any capacity.

(c1) Notwithstanding the provisions of subdivision (3) of subsection (c) of this section, payments to a retired officer shall not cease when a local government employer employs a retired officer for any of the following:

- (1) In a public safety position in a capacity not requiring participation in the Local Governmental Employees' Retirement System.
- (2) In service to a county board of elections on an election day in a capacity that complies with G.S. 128-21(19) and does not result in cessation or suspension of the retiree's benefit from the Local Government Employees' Retirement System.

(d) This section does not affect the benefits to which an individual may be entitled from State, local, federal, or private retirement

systems. The benefits payable under this section shall not be subject to any increases in salary or retirement allowances that may be authorized by local government employers or for retired employees of local governments.

(e) The governing body of each local employer shall determine the eligibility of employees for the benefits provided herein.

(f) The governing body of each local employer shall make the payments set forth in subsection (a) of this section to those persons certified under subsection (e) of this section from funds available.

History.

1985 (Reg. Sess., 1986), c. 1019, s. 2; 2009-396, s. 1; 2018-25, s. 1.

Editor's Note.

This section, as rewritten by Session Laws 2009-396, s. 1, effective July 31, 2009, is applicable prospectively to payments required by this act whether the officer retired before, on, or after July 31, 2009.

Session Laws 2009-396, s. 2, provides: "Nothing in this act shall be deemed to (i) entitle a law enforcement officer to retroactive payments of any benefit for the period prior to the effective date of this act for which the officer's employer previously determined that the officer was not entitled; (ii) prospectively deny payment of an annual separation allowance to an officer who was previously deter-

mined by the officer's employer to be eligible for such benefit; (iii) apply to any pending litigation related to the special separation allowance; or (iv) extend the payment beyond the date when payment shall cease pursuant to G.S. 143-166.42(c), as enacted by Section 1 of this act."

At the direction of the Revisor of Statutes, in 2011, the reference to "G.S. 128-21(11b)" near the beginning of subsection (a) was changed to "G.S. 128-21(11c)" to conform to the redesignation of subdivision (11b) as (11c) as a result of changes made to the section by Session Laws 2011-92. In 2012, the reference to "G.S. 128-21(11c)" near the beginning of subsection (a) was changed to "G.S. 128-21(11d)" to conform to the redesignation of G.S. 128-21(11c) as G.S. 128-21(11d) by Session Laws 2012-185.

CASE NOTES

"Creditable Service." — Superior court erred in granting partial summary judgment awarding a sheriff a special separation allowance for 36 years of creditable service through two North Carolina retirement systems, state and local, because the sheriff was not a member of the state system when he retired since, prior to his retirement from the sheriff's department, he began receiving retirement benefits from that system, and the sheriff was only entitled to credit for his 12 years of service under the local system where the county never issued the sheriff a prior service certificate, the sheriff never transferred membership of his state service to the local system, and the county never gave the sheriff credit for prior service. *Lovin v. Cherokee Cnty.*, 248 N.C. App. 527, 789 S.E.2d 869, 2016 N.C. App. LEXIS 818 (2016).

Authority of Municipalities. — Section 143-166.41 and this section do not authorize municipalities to make separation allowances based on overtime pay,

longevity pay, and accrued vacation. *Bowers v. City of High Point*, 339 N.C. 413, 451 S.E.2d 284, 1994 N.C. LEXIS 723 (1994).

Pursuant to the plain and unambiguous language of G.S. 143-166.42, as well as of G.S. 143-166.41 upon which it was based, the actions of a county and a county board of commissioners in entering into a contractual relationship with a retired local law enforcement officer, wherein he was to receive a special separation allowance, were legislatively authorized; accordingly, such was not an ultra vires act on the part of the county entities. *Wiggs v. Edgecombe County*, 361 N.C. 318, 643 S.E.2d 904, 2007 N.C. LEXIS 411 (2007).

Reemployment by Local Government. — Retired city police officer lost his right to receive a separation allowance pursuant to G.S. 143-166.42 when he became reemployed by a county sheriff's office, which was a local government as defined by G.S. 143-166.41. *Campbell*

v. City of Laurinburg, 168 N.C. App. 566, 608 S.E.2d 98, 2005 N.C. App. LEXIS 335 (2005).

Resolution Restricting Vested Allowance was Improper. — County's resolution, pursuant to its authority under G.S. 143-166.42, restricting a former officer's ability to collect a special separation allowance, impaired the obligation of the state's contract with former officer under the retirement system; because the resolution was enacted after the former officer had retired and his right to receive the special separation had become vested, it was improper. *Wiggs v. Edgecombe County*, 179 N.C. App. 47, 632 S.E.2d 249, 2006 N.C. App. LEXIS 1645 (2006), *aff'd*, 361 N.C. 318, 643 S.E.2d 904, 2007 N.C. LEXIS 411 (2007).

Contracts Clause Violated by Retroactive Resolution to Stop Pay-

ments. — County and county board of commissioners' attempt to terminate a retired local law enforcement officer's payments of a special separation allowance under G.S. 143-166.42 was violative of the contracts clause of U.S. Const., Art. I, § 10, as the statute allowed the parties to enter into the payment arrangement without any restrictions and, accordingly, the county entities could not pass a resolution to terminate the payments upon re-employment by the retired officer with another participant in the North Carolina Local Government Employees' Retirement System; such a resolution would have retroactively terminated his contractual right, which would have unconstitutionally impaired the contract. *Wiggs v. Edgecombe County*, 361 N.C. 318, 643 S.E.2d 904, 2007 N.C. LEXIS 411 (2007).

OPINIONS OF ATTORNEY GENERAL

"Creditable service," for purposes of determining a local law enforcement officer's eligibility for the special separation allowance benefit and for calculating the amount of that benefit, is service for which credit is allowed under either retirement system of which the officer is a member. See opinion of Attorney General to Claire McNaught, Public Safety Attorney, City of Winston-Salem, 56 N.C. Op. Att'y Gen. 40 (1986).

A local law enforcement officer's eligibility for the special separation allowance benefit is in all instances determined by the officer's local government employer. See opinion of Attorney General to Claire McNaught, Public Safety Attorney, City of Winston-Salem, 56 N.C. Op. Att'y Gen. 40 (1986).

§ 143-166.43. Separation buyouts for law enforcement officers.

(a) Any State department, agency, or institution, or any local government employer, may, in its discretion, offer a lump sum separation buyout to a law enforcement officer who leaves employment prior to reaching the officer's eligibility for a separation allowance under this Article. The lump sum separation buyout shall be paid from funds available and shall not exceed the total that would otherwise be paid in separation allowance payments under G.S. 143-166.41 or G.S. 143-166.42.

(b) Prior to the transfer by a State department, agency, or institution, or any local government employer, of a lump sum separation buyout described in subsection (a) of this section to the Teachers' and State Employees' Retirement System (TSERS) pursuant to G.S. 135-5(m2) or to the Local Governmental Employees' Retirement System (LGERs) pursuant to G.S. 128-27(m2), the State department, agency, or institution, or the local government employer, shall have in place a written policy duly adopted by the employing unit that does not allow employees to choose between

accepting the lump sum separation buyout as a cash payment or transferring the lump sum separation buyout to TSERS or LGERS.

ment, agency, or institution, or any local government employer.

Session Laws 2021-75, s. 8.1, is a severability clause.

RETIREMENT BENEFITS FOR LOCAL GOVERNMENTAL LAW-ENFORCEMENT OFFICERS.

§ 143-166.50. Retirement benefits for local governmental law-enforcement officers.

(b) **Basic Retirement System.** — On and after January 1, 1986, law-enforcement officers employed by an employer shall be members of the Local Government Employees’ Retirement System, and beneficiaries who were last employed as officers by an employer, or who are surviving beneficiaries of officers last employed by an employer, are beneficiaries of the Local Governmental Employees’ Retirement System and paid in benefit amounts then in effect. All members of the Law-Enforcement Officers’ Retirement System last employed and paid by an employer are members of the Local Retirement System.

(c) **Rights.** — Notwithstanding any other provisions of law, any accrued or inchoate rights of a member of the Law-Enforcement Officers’ Retirement System as of his transfer to the Local Governmental Employees’ Retirement System on January 1, 1986, including the rights to a vested deferred retirement allowance and to commence retirement at certain ages with required years of service as a law-enforcement officer, may in no way be diminished; provided, however, in no event may a member commence retirement and continue membership service with the same Retirement System after January 1, 1986.

No eligible officer shall be precluded from exercising that officer’s pending or inchoate rights under this section, should the officer elect to make Roth after-tax contributions to the Supplemental Retirement Income Plan, except that these Roth after-tax contributions and the earnings thereon shall not be subsequently transferred to the Local Governmental Employees’ Retirement System.

(d) **Court Cost Receipts.** — Of the sum derived from the cost of court provided for in G.S. 7A-304(a)(3), the amount designated for this Article, except for the amount designated for the provisions of G.S. 143-166.50(e), shall be paid over to the pension accumulation fund of the Local Governmental Employees’ Retirement System and shall offset, to the extent of these receipts, the employers’ normal contribution rate required in G.S. 128-30(d)(2) as it pertains to law enforcement officers.

(e) **Supplemental Retirement Income Plan for Local Governmental Law-Enforcement Officers.** — As of January 1, 1986, all law-enforcement officers employed by a local government employer, are participating members of the Supplemental Retirement Income Plan as provided by Article 5 of Chapter 135 of the General Statutes. In addition to the contributions transferred from the Law-Enforcement Officers’ Retirement System, participants may

From July 1, 1987, until July 1, 1988, local government employers of law enforcement officers shall contribute an amount equal to at least two percent (2%) of participating local officers' monthly compensation to the Supplemental Retirement Income Plan to be credited to the designated individual accounts of participating local officers; and on and after July 1, 1988, local government employers of law enforcement officers shall contribute an amount equal to five percent (5%) of participating local officers' monthly compensation to the Supplemental Retirement Income Plan to be credited to the designated individual accounts of participating local officers.

Additional contributions shall also be made to the individual accounts of all participants in the Plan, except for Sheriffs, on a per capita equal-share basis from the sum of one dollar and twenty-five cents (\$1.25) for each cost of court collected under G.S. 7A-304.

Upon retirement, a participant in the Plan may elect to transfer any portion of his eligible accumulated contributions, not including any Roth after-tax contributions and the earnings thereon, to the Local Governmental Employees' Retirement System and receive, in addition to his basic service, early or disability retirement allowance a special retirement allowance which shall be based on his eligible accumulated account balance at the date of the transfer of the assets.

(e1) Rights of Participants under the Uniformed Services Employment and Reemployment Rights Act. — A participant whose employment is interrupted by reason of service in the Uniformed Services, as that term is defined in section 4303(16) of the Uniformed Services Employment and Reemployment Rights Act, Public Law 103-353, hereafter referred to as "USERRA", shall be entitled to all rights and benefits that the participant would have been entitled to under this section had the participant's employment not been interrupted, provided that the participant returns to service as a law enforcement officer while the participant's reemployment rights are protected under the provisions of USERRA.

(e2) Forfeiture of Benefits for Certain Felonies. — Participants in the Supplemental Retirement Income Plan for Local Governmental Law-Enforcement Officers whose benefits are forfeited under G.S. 128-38.4A shall also forfeit contributions paid on or after December 1, 2012, on behalf of the participant by local government employers of law enforcement officers to the Supplemental Retirement Income Plan for Local Governmental Law-Enforcement Officers. Session Laws 2007-384, which, in s. 10.6, added the last paragraph of subsection (e), in s. 11(b), provides: "The Board of Trustees of the Teachers' and State Employees' Retirement System shall adopt straight life annuity factors, for the purpose of determining the special retirement allowance, based upon mortality and such other tables and the interest assumption rate recommended by the actuary based upon the actual

experience as reported in the last five year experience study as required by G.S. 135-6(n) and including an assumed annual post-retirement allowance increase of four percent (4%). The Board of Trustees of the Local Governmental Employees' Retirement System shall adopt straight life annuity factors, for the purpose of determining the special retirement allowance, based upon mortality and such other tables and the interest assumption rate recommended by the actuary based upon the actual experience as reported in the last five year experience study as required by G.S. 128-29(o) and including an assumed annual post-retirement allowance increase of four percent (4%). Sections 10.1 through 10.6 of this act become effective the first of the month following the adoption of those factors by the Boards of Trustees."

Session Laws 2012-193, s. 18, made subsection (e2) effective December 1, 2012, and applicable to offenses committed on or after that date.

"Article 1 of Chapter 17C" has been substituted for "Chapter 17C" in this section at the direction of the Revisor of Statutes.

CASE NOTES

This Section Found Controlling. — Because G.S. 128-23(g) is more specific than G.S. 143-166.50(b), when there is a conflict, G.S. 128-23(g) controls. *Taylor v. City of Lenoir*, 129 N.C. App. 174, 497 S.E.2d 715, 1998 N.C. App. LEXIS 425 (1998).

Town, Not Officers, Must Fund Mandatory Contribution. — A town may increase or decrease the salary of its police officers according to its own discretion, as long as the town and not the officers fund the mandatory two percent contribution; where the contribution is funded from the salary increase of the officers, the ordinance providing for same violates this section. *Abeyounis v. Town of Wrightsville Beach*, 102 N.C. App. 341, 401 S.E.2d 847, 1991 N.C. App. LEXIS 294 (1991).

Sheriff's Department is Local Governmental Entity. — In the injured party's suit against a sheriff and individual detention officers arising out of a five-day episode in the county detention

center where she alleged that they ignored her requests for medical treatment, the trial court properly concluded that the office of North Carolina sheriff was a "person" under 42 U.S.C.S. § 1983 because: (1) the State constitution created the office of sheriff, N.C. Const., Art. VII, § 2, but included that provision within the article governing local governments, along with provisions for counties, cities, towns, and other governmental subdivisions, N.C. Const., Art. VII, § 1; (2) State statutes, including G.S. 17E-1, 160A-288.2, 143-166.50, and 97-2, characterized a sheriff's department as a local governmental entity; (3) there was no contention that the State would be potentially liable for any monetary judgment entered against the sheriff and the detention officers; and (4) the State did not have, with respect to a sheriff, the minimum degree of control required for Eleventh Amendment immunity. *Boyd v. Robeson County*, 169 N.C. App. 460, 621 S.E.2d 1, 2005 N.C. App. LEXIS 2352 (2005).

OPINIONS OF ATTORNEY GENERAL

A local government employer may not use a local law enforcement officer's salary increase, or a portion thereof, to fund the employer's mandated contribution to the Supplemental Retirement Income

Plan. See opinion of Attorney General to Sheriff John H. Baker, Jr., Wake County Sheriff's Department, 57 N.C. Op. Att'y Gen. 24 (1987).

ARTICLE 12F.

SEPARATE INSURANCE BENEFITS PLAN FOR
STATE AND LOCAL GOVERNMENTAL LAW-
ENFORCEMENT OFFICERS.

§ 143-166.60. Separate insurance benefits plan for law-en-
forcement officers.

(a) A Separate Insurance Benefits Plan, hereinafter called the "Plan", is to be an employee welfare benefit plan, established for the benefit of (i) all law enforcement officers, as defined in G.S. 135-1(11c) and G.S. 128-21(11d) employed by the State and local governments and (ii) all former law-enforcement officers previously employed by the State and local governments, who had 20 or more years of service as an officer or are in receipt of a disability retirement allowance from any State-administered retirement system or are in receipt of a benefit from the Disability Income Plan of North Carolina, who shall be participants.

(b) The Boards of Trustees of the Teachers' and State Employees' Retirement System and the Local Governmental Employees' Retirement System shall jointly administer the Plan and shall, under the terms and conditions otherwise appearing in this Article, provide Plan benefits either (i) by establishing a separate trust fund or, (ii) by causing the Plan to affiliate with a master trust, the North Carolina Teachers' and State Employees' Benefits Trust, providing the same benefits for participants. Employer and non-employer contributions to the Benefit Trust and earnings on those contributions are irrevocable. The assets of the Benefit Trust are dedicated to providing benefits to participants, surviving spouses, participants' estates, and persons named by the participant to receive the benefit. The assets of the Benefit Trust are not subject to the claims of creditors of the employees and non-employees making contributions to the Benefit Trust, are not subject to the claims of any creditors of the Benefit Trust's trustees and administrators, and are not subject to the claims of creditors of participants. Benefit Trust assets may be used for reasonable expenses to administer benefits provided by the Fund as approved by the Board of Trustees.

(c) The initial assets of the Plan are the assets of the former Separate Benefit Plan established under G.S. 143-166.04 as it existed prior to January 1, 1986, which shall be transferred to the

Plan on January 1, 1986. The Plan shall be separate and apart from any retirement systems or plans.

(d) The Boards of Trustees shall promulgate rules and regulations as are necessary to establish benefits under the Plan, within the availability of funds, to provide:

- (1) Repealed by Session Laws 2020-48, s. 5.1, effective June 26, 2020.
- (2) A group life insurance benefit for participants employed by an employer at the time of death, not to exceed five thousand dollars (\$5,000);
- (3) A group life insurance benefit for participants who are eligible former officers, not to exceed four thousand dollars (\$4,000); and
- (4) An accidental line-of-duty insurance death benefit not to exceed two thousand one hundred dollars (\$2,100) in total on account of the death of a participant caused by an accident while in the actual performance of duty as an officer.

(d1) In addition to the benefits provided under subsection (d) of this section, the assets of the Plan may be used to pay the employer health insurance contributions and contribution rates on behalf of law enforcement officers, as defined in G.S. 135-1(11c), employed by the State and former law enforcement officers receiving a retirement allowance from the Teachers' and State Employees' Retirement System.

(e) The insurance benefit of the Plan on account of the death of a participant shall be payable to the surviving spouse of the participant or otherwise to the participant's estate; provided, should a participant instruct the Board of Trustees in writing that the participant does not wish these benefits to be paid to his or her spouse or estate, then the benefits shall be paid to the person or persons as the participant may name for this purpose. The life insurance benefits shall be payable only on account of participants in the Plan for six or more months or, if an actively employed officer, at any time after employment if death results from an accident.

(f) Should amounts in the trust fund of the Plan be insufficient at any time to enable the Boards of Trustees to pay benefits due in full, then an equitable graded percentage of the payment shall be made.

(g) The provisions of the State and Local Retirement Systems pertaining to administration and management of funds under G.S. 128-28, G.S. 128-29, G.S. 135-6 and G.S. 135-7 are made applicable to the Plan.

(h) **Exemption from Garnishment and Attachment.** — The right of a participant in the Separate Insurance Benefits Plan to the benefits provided under this Article is nonforfeitable and exempt from levy, sale, and garnishment.

CAROLINA PUBLIC EMPLOYEE DEFERRED
COMPENSATION PLAN.**

**§ 143B-426.24. North Carolina Public Employee Deferred
Compensation Plan.**

(a) The Governor may, by Executive Order, establish a Board of Trustees of the North Carolina Public Employee Deferred Compensation Plan, which when established shall be constituted an agency of the State of North Carolina within the Department of State Treasurer. The Board shall create, establish, implement, coordinate and administer a Deferred Compensation Plan for employees of the State, any county or municipality, the North Carolina Community College System, and any political subdivision of the State. Until so established, the Board heretofore established pursuant to Executive Order XII dated November 12, 1974, shall continue in effect. Likewise, the Plan heretofore established shall continue until a new plan is established. Effective July 1, 2008, the Plan shall be administered by the Supplemental Retirement Board of Trustees established under G.S. 135-96.

(b)-(f) Repealed by Session Laws 2008-132, s. 3, effective July 1, 2009.

(g) It shall be the duty of the Supplemental Retirement Board to review all contracts, agreements or arrangements then in force relating to G.S. 147-9.2 and Executive Order XII to include, but not be limited to, such contracts, agreements or arrangements pertaining to the administrative services and the investment of deferred funds under the Plan for the purpose of recommending continuation of or changes to such contracts, agreements or arrangements.

(h) It shall be the duty of the Supplemental Retirement Board to devise a uniform Deferred Compensation Plan for teachers and

employees, which shall include a reasonable number of options to the teacher or employee, for the investment of deferred funds, among which may be life insurance, fixed or variable annuities and retirement income contracts, regulated investment trusts, pooled investment funds managed by the Board or its designee, or other forms of investment approved by the Board, always in such form as will assure the desired tax treatment of such funds. The Board may alter, revise and modify the Plan from time to time to improve the Plan or to conform to and comply with requirements of State and federal laws and regulations relating to the deferral of compensation of teachers and public employees generally.

(h1) Notwithstanding any other law, an employee of any county or municipality, an employee of the North Carolina Community College System, or an employee of any political subdivision of the State may participate in any 457 Plan adopted by the State, with the consent of the Supplemental Retirement Board and with the consent of the proper governing authority of such county, municipality, community college, or political subdivision of the State where such employee is employed.

(i) The Supplemental Retirement Board is authorized to delegate the performance of such of its administrative duties as it deems appropriate including coordination, administration, and marketing of the Plan to teachers and employees. Prior to entering into any contract with respect to such administrative duties, it shall seek bids, hold public hearings and in general take such steps as are calculated by the Board to obtain competent, efficient and worthy services for the performance of such administrative duties.

(j) The Supplemental Retirement Board may acquire investment vehicles from any company duly authorized to conduct such business in this State or may establish, alter, amend and modify, to the extent it deems necessary or desirable, a trust for the purpose of facilitating the administration, investment and maintenance of assets acquired by the investment of deferred funds. All assets of the Plan, including all deferred amounts, property and rights purchased with deferred amounts, and all income attributed thereto shall be held in trust for the exclusive benefit of the Plan participants and their beneficiaries.

(k), (l) Repealed by Session Laws 2008-132, s. 3, effective July 1, 2009.

(m) Investment of deferred funds shall not be unreasonably delayed, and in no case shall the investment of deferred funds be delayed more than 30 days. The Supplemental Retirement Board

may accumulate such funds pending investment, and the interest earned on such funds pending investment shall be available to and may be spent in the discretion of the Board only for the reasonable and necessary expenses of the Board. The State Treasurer is authorized to prescribe guidelines for the expenditure of such funds by the Board. From time to time as the Board may direct, funds not required for such expenses may be used to defray administrative expenses and fees which would otherwise be required to be borne by teachers and employees who are then participating in the Plan.

(n) Repealed by Session Laws 2008-132, s. 3, effective July 1, 2009.

(o) It is intended that the provisions of this Part shall be liberally construed to accomplish the purposes provided for herein.

CASE NOTES

Construction. — By enacting G.S. 161-50.4(c), which enumerated specific felonies to justify a forfeiture, the General Assembly did not invalidate or repeal the mechanism under G.S. 128-

38.4A for forfeiture. N.C. Dep't of State Treasurer v. Riddick, 274 N.C. App. 183, 852 S.E.2d 376, 2020 N.C. App. LEXIS 776 (2020).

§ 161-50.5. Benefits.

(a) An eligible retired register of deeds shall be entitled to receive an annual pension benefit, payable in equal monthly installments, equal to one share for each full year of eligible service as register of deeds multiplied by his total number of years of eligible service. The amount of each share shall be determined by dividing the total number of years of eligible service for all eligible retired registers of deeds on December 31 of each calendar year into the amount to be disbursed as monthly pension payments in accordance with the provisions of G.S. 161-50.3. In no event, however, shall a monthly pension under this Article exceed an amount which, when added to a retirement allowance under the maximum allowance at retirement from the Local Governmental Employees' Retirement System or an equivalent locally sponsored plan, is greater than seventy-five percent (75%) of a register of deed's equivalent annual salary immediately preceding retirement computed on the latest monthly rate, including any and all supplements, to a maximum amount of one thousand five hundred dollars (\$1,500).

(a1) A register of deeds eligible under G.S. 161-50.4(a2) shall be entitled to receive an annual pension benefit, payable in equal monthly installments as determined under the provisions of subsection (a) of this section, but reduced by an amount equal to the benefit that would be payable from the Local Governmental Employees' Retirement System if the register of deeds had been a member of the Local Governmental Employees' Retirement System and all of the years of local service were creditable to that System.

(b) All monthly pensions payable under this Article shall be paid on the same business day of each month that benefits are paid from the Local Governmental Employees' Retirement System.

(c) Monthly pensions payable under this Article shall cease at the death of the pensioner and no payment will be made to any beneficiaries or to the decedent's estate.

(d) Monthly pensions payable under this Article will cease upon the full-time reemployment of a pensioner with an employer participating in the Local Governmental Employees' Retirement System for as long as the pensioner is so reemployed.

(d1) Monthly pensions payable under this Article will cease upon the ineligibility of a pensioner under G.S. 161-50.4(c) due to the forfeiture of any retirement benefits under G.S. 128-38.4 or G.S. 128-38.4A.

(e) Repealed by Session Laws 1989, c. 792, s. 2.11, effective for taxable years beginning on or after January 1, 1989.

(f) Nothing contained in this Article shall preclude or in any way affect the benefits that a pensioner may be entitled to from any state, federal or private pension, retirement or other deferred compensation plan.

History.

1987, c. 792, s. 1; 1989, c. 792, s. 2.11; 1991, c. 50, s. 1; c. 443, s. 2; 1998-147, s. 2; 2007-245, s. 3; 2009-576, s. 1; 2018-84, s. 2(d).

Editor's Note.

Session Laws 2009-576, s. 2, provides that amendments made to G.S. 161-50.5 by Section 1 of the act [which substituted "exceed an amount which, when added to a retirement allowance under the maximum allowance at retirement from the Local Governmental Employees' Retirement System or an equivalent locally sponsored plan, is greater than seventy-

five percent (75%)" for "exceed seventy-five percent (75%)" in the last sentence of subsection (a)] shall not apply to any retiree of the Register of Deeds' Supplemental Pension Fund. Section 1 of the act shall not apply to any register of deeds who is serving as of the effective date of this bill (September 10, 2009).

Session Laws 2018-84, s. 2(e), made subsection (d1) of this section, as added by Session Laws 2018-84, s. 2(d), effective June 25, 2018, and applicable to the forfeiture of any retirement benefits under G.S. 128-38.4 or G.S. 128-38.4A occurring on or after that date.
